## BAND PICNIC AT LEXINGTON NEXT THURSDAY

# LEXINGTON WHEATFIELD

VOL. I

LEXINGTON, OREGON, THURSDAY JUNE 14, 1906

NO. 38

### LOCAL NEWS

Mrs. E. A. Beymer went to The Dalles Tuesday to make proof on her homestead. C. H. Beymer and F. M. Parker accompanied her as witnesses.

Mr. Stull, superintendent of building, of the Hastings Industrial Co., of Chicago, arrived in Lexington Friday and construction work on the new creamery was commenced Monday.

We don't believe there is another town in the state, with Lexington's population, that can show the improvements that Lexington can. A splendid flouring mill, water system and electric lights, in a town of 325 is going some.

Heppner will hold a two days celebration, July 4th and 5th. All other towns in the county are expected to aid in making this the grandest celebration in the history of Morrow county. Don't fail to attend as you will miss it if you miss it.

### COUNTY NEWS.

Ione Proclaimer—

E. L. Padberg returned Saturday from Portland, slightly improved in health.

Luck means rising not later than six o'clock in the morning, living on a dollar a day if you earn two, minding your own business, and not meddling with other people's. Luck means the appointment you have never failed to

keep, the train you have never failed to catch. Luck means trusting in God and your own resources.

Heppner Gazette—

Mr. and Mrs. A. L. Ayers came in from Parker's Mill, Tuesday. Mr. Ayers who recently received a fracture of the ankle is rapidly improving.

Reports from all over Morrow county are to the effect that the wheat crop is making a wonderful growth since the rains have fallen. Wheat that was badly burned from the dry weather is taking on new life and will now make a fairly good crop. In the Eight Mile country there is every indication of a heavy yield, some of the fields giving promise of 30 bushels to the acre. Grass is also making a vigorous growth and there will be plenty of feed for stock.

Heppner Times—

Mose Ashbaugh was in town yesterday, and stated to the Times that the Eight Mile wheat crop is coming out very rapidly.

A big grain crop is assured in Morrow county even if we get no more rain. The ground is thoroughly soaked, and it is believed that the yield will be more than an average crop.

Sheriff Shutt has appointed as his deputy for the next two years Augustus M. Mallory, of Ione, who will take charge of the office work the first Monday in July. Gus is the eldest son of W. L. Mallory, a Morrow county pioneer, and young man of fine ability and

exemplary habits. He is a graduate of the Heppner high school, and spent one year at the Willamette University. Sheriff Shutt is confident that his selection will give good satisfaction to the people of Morrow county.

County Clerk Elect, W. O. Hill has chosen for his deputy for his official term Lorell D. McCall, who is well known in Heppner, having been foreman in the Times office for about three years. Lorell is a young man of good character and habits and is thorough in all his work, has a good business education, is a very swift typewriter, shorthand writer and a good penman. Owing to McCall's splendid clerical ability the Times feels confident that Mr. Hill has made no mistake in choosing him for his deputy.

To give advice after the mischief is done, is like administering medicine after death.

FOR SALE—Cheap. Quarter section land in Sec. 21, Tp. 1 N., R. 25 E. Slope to north and east. All cultivatable land. Now under plow. W. S. Wharton.

### NEW CURE FOR EPILEPSY

J. B. Waterman, of Watertown, O., Rural free delivery, writes: "My daughter, afflicted for years with epilepsy, was cured by Dr. King's New Life Pills. She has not had an attack for over two years." Best body cleansers and life giving tonic pills on earth. 25c at W. P. McMillan's drug store.

### CHAFF FROM THE STRAW STACK

Every little helps some. In the good old summer time. Let 'er rain boys. Don't get the blues.

Watch the small boys during the school vacation.

If you can't mend your ways adopt some new ones.

There are some men who might be worse than they are, but they don't know it.

Blessed is the man who married a good cook. This is the strawberry short cake season.

An editor perpetrated an awful pun last week. Speaking of the hen, he predicted its son would never set. At last reports the editor was up a tree begging for mercy.

The best thing about the elbow sleeves the Lexington girls are wearing this spring is that the girls can go right from the parlor to the kitchen and wash dishes without having to changing their clothes.

### LONG TENNESSEE FIGHT.

For twenty years W. L. Rawls, of Bells, Tenn., fought nasal catarrh. He writes: "The swelling and soreness inside my nose was fearful, till I began applying Bucklen's Arnica Salve to the sore surface; this caused the soreness and swelling to disappear, never to return." Best salve in existence. 25c at W. P. McMillan's drug store.

A thing that costs you nothing usually is worth about what it costs.

There is no way of mixing honesty with dishonesty, fairness with unfairness, or truth with falsehood.

Tact is that wonderful quality that renders its possessor stone deaf or blind in an uncomfortable situation.

Sarah Bernhardt says man's attire is ridiculous. It may be so, but the lady must admit that she can't see through it.

Cultivate a becoming dignity but do not forget the great army of others who may be equal, if not superior to yourself.

The New York World gravely asks "Are pretty teachers best?" Homely old ladies will consider such a question ridiculous.

Lives of laboring men remind us, We may make a pile sublime, If the public does not find us Out and start us doing time.

A New York man has been sentenced to kiss his wife once a day for a year. If the lady has a proper sense of the fitness of things she will carefully refrain from eating onions.
