THE WHEATFIELD

ONE YEAR ONE DOLLAR

As a writer of fiction, the man who gets out the weather reports easily distances all competitors.

Mr. and Mrs. J. V. Grimes returned from Salem last Thursday. Mrs. Grimes father, E. D. Leach, is slowly recovering from the operation performed in June.

Joe Devine and family were in Lexington Saturday purchasing supplies. Mr. Devine informed us that he would like to purchase two more good cows and help furnish cream for the new Creamery.

A years subscription to The Wheatfield will be given to the person leaving the sack of largest potatoes at this office within the next two months. Of course, we do not want very much, but we thought maybe we could get enough potatoes to live on during the winter.

Farmers of Morrow County are contracting wheat early this year. W. S. Wharton reports a number of contracts made through him at a price of sixty cents. He has just purchased the crop of J. B. Carmichael. The farmers consider the opening price for new wheat very good in view of the large wheat crop reported in the United States and Canada. Minnesota the Dakotas and Montana have more than an average crop. Kansas reports a crop from ninety to one hundred million bushels, this is more than double the entire crops of Idaho, Washington and Oregon combined.

The wheat crop of the Inland Empire belt embracing Idaho, Washington and Oregon is now conceded by the best authorities to be fully sixty percent of a full crop. The wheat crop of Canada in its Northwest territory is said to be by far the largest crop of its history. It is estimated that two hundred million of bushels will find its way to the markets of the world from this new field.

WHEAT BOUGHT.

Wharton buys wheat and barley. Market quotations received daily. E. D. Brown will represent me at Lexington. Phone or call on him for prices. Quotations today are:

Blue Stem	60
Club	58
Red wheat	55

Summer Diarrhoea in Children

During the hot weather of the summer months the first unnatural looseness of child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, Pastor of the first M. E. Church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by W. P. McMillan Drug Store.
