

Buy Hair at Auction?

At any rate, you seem to be getting rid of it on auction-sale principles: "going, going, g-o-n-e!" Stop the auction with Ayer's Hair Vigor. It checks falling hair, and always restores color to gray hair. A splendid dressing also. Sold for over sixty years.

"My hair came out so badly I nearly lost it all. I had heard so much about Ayer's Hair Vigor I thought I would give it a trial. I did so and it completely stopped the falling, and made my hair grow very rapidly."—MARY H. FIELD, Northfield, Mass.

Made by J. C. Ayer Co., Lowell, Mass. Also manufacturers of
Ayer's
SARSAPARILLA,
PILLS,
CHERRY PECTORAL.

No Cases of Opportunity.
Miss Goodun—Think of those poor, neglected children of Mrs. Offenwed! How can you expect them to be well trained?

Miss Tartun—O, I don't know. They have had five or six different stepfathers, some of them quite respectable and well meaning men.

Now They Don't Speak.
Clara—Don't be surprised if Willie Supleigh proposes to you to-night.

Maude—Gracious! Do you think he will?

Clara—Sure I do. When I refused him last night he said he didn't care what became of him.

How's This?
We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.
F. J. CHENEY & CO., Prop., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by their firm.
WEST & TRUAX, Wholesale Druggists, Toledo, O. WALKING, KISSAN & MARVIN, Wholesale Druggists, Toledo, O.
Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Price 75c. per bottle. Sold by all Druggists. Testimonials free. Hall's Family Pills are the best.

Dangerous.
Gunner—"Sh! Don't whistle on this street!"
Guyer—What's the matter? Some one sick?

Gunner—No. But I'm afraid the vibration will knock the city hall down.
—Chicago News.

Different.
Tom—The last time I saw you you were looking for a position where you could keep dressed up all the time. Did you get it?
Dick—No. The only job I could find was one where they keep all the time dressing me down.—Detroit Free Press.

CASTORIA

The Kind You Have Always Bought
Bears the Signature of *W. D. Hoagland*

Properly Resenting It.
"Your husband," said Mrs. Highmus, graciously, "is decidedly interesting and original, even if he does sometimes blow his own horn a little too—"
"It isn't so!" indignantly exclaimed Mrs. Gaswell. "My husband always uses his handkerchief!"—Chicago Tribune.

Previous Training All for Nothing.
Dealer—How does your wife like the sewing machine you bought for her?
Young Husband—She hasn't learned how to operate it yet. She had an idea it worked something like a typewriter.

FITS St. Vitus' Dance and all Nervous Diseases permanently cured by Dr. Kline's Great Nerve Restorer. Send for FREE trial bottle and treatise. Dr. R. H. Kline, Ltd., 931 Arch St., Phila., Pa.

Nothing Accomplished.
"The society papers speak of her as 'a young woman of many accomplishments.' Is she really?"
"Oh, yes. She's a sort of female Jack of all trades; but much good at any one of them."—Philadelphia Press.

BACKACHE IS KIDNEYACHE.

Get at the Cause—Cure the Kidneys.
Don't neglect backache. It warns you of trouble in the kidneys. Avert the danger by curing the kidneys with Doan's Kidney Pills.

J. A. Haywood, a well known resident of Lufkin, Tex., says: "I wrenched my back working in a sawmill, was laid up six weeks and from that time had pain in my back whenever I stooped or lifted. The urine was badly disordered and for a long time I had attacks of gravel. After I began using Doan's Kidney Pills the gravel passed out, and my back got well. I haven't had backache or bladder trouble since."

Sold by all dealers. 50 cents a box Foster-Milburn Co., Buffalo, N. Y.

The Antiquity of an Egg.

A simple method of finding out the age of an egg, says the Agricultural Epitomist, is by means of the air space which is situated toward the broad end of the shell. If the egg is held up between the hands before a light in a dark room the air space can be easily discerned, and by its size the age can be determined. In a perfectly fresh egg the air space is very small, but as age increases it extends, until when the egg is three weeks old the air space occupies about a sixth of the entire contents. With practice the age can be told to within twenty-four hours.

Rhubarb Jelly.

Wash the stalks and cut them into small pieces without peeling them. Cover with cold water and let them simmer or boil slowly until the pieces are soft. Then place the whole in a coarse jelly bag and let the juice drip through. Do not attempt to squeeze it, but use whatever remains for rhubarb jam. Measure the juice, and to every pint allow one pound of white granulated sugar. Put the juice on the fire, placing an asbestos mat under the kettle to prevent burning when it begins to boil; let it boil for about fifteen or twenty minutes.

Preserved Strawberries.

Cap the berries and allow a pound of sugar for each pound of fruit. Put the berries and sugar in alternate layers in the preserving kettle, and set at the side of the range until the sugar melts. Boil hard for twenty-five minutes. Take out the berries with a split spoon or a strainer, lay on platters in the hot sun-dry, and boil the sirup until thick. Strain and skim. Set glass jars that have been well washed in a pan of hot water, put the berries in them, and fill to overflowing with the boiling sirup. Seal immediately.

Tapioca Custard.

Soak three tablespoonfuls of pearl tapioca over night in water. In the morning put one quart of milk in a double boiler, and when it reaches the boiling point stir in the tapioca, which should be well drained. Cook about five minutes. Add yolks of three eggs beaten with one-half cupful of sugar and one-half teaspoonful salt; when it thickens, take from fire and flavor. Beat the whites of the eggs stiff with three tablespoonfuls of sugar, spread over the pudding and brown lightly in oven.

Peach Butter Pudding.

Beat one egg, add one-half cup of milk and one and one-half cups of flour sifted with a saltspoon of salt and two level teaspoonfuls of baking powder; also a level tablespoonful of melted butter. Add last one cup of thinly sliced peaches, turn the dough into a buttered mold. Cover and steam one hour. Put the mold into a kettle, with the boiling water half way up the side of the mold. Add more water as needed, but always use boiling water. Serve with a sauce.

Brown Stew.

A brown stew is made by frizzling the cut-up meat first in a frying pan with an onion, then transferring it to a kettle and stewing it slowly until it is done, after which it should be thickened with browned flour and poured over a platter of hot boiled potatoes. This appetizing dish may be made of a piece of mutton neck, the cost of which is almost nothing.

Rhubarb Tapioca.

To one pint of chopped rhubarb add two dozen cooked prunes, one-fourth cup of prune juice and one-half a cup of sugar. Boil for five or ten minutes, then add one-half cup of any quick-cooking tapioca which has first been soaked for half an hour in three-fourths cup of cold water. Cook until the tapioca looks transparent and serve either hot or cold with sugar and cream.

Method of Candying Cherries.

A new method of candying cherries consists of seeding, candying and coloring the cherries and stems separately, attaching the stems to the cherry afterward by shoving the thicker part of the stem within the stemhole of the cherry and allowing the flesh of the cherry to close and harden around the stem.

Mutton Pie with Tomatoes.

Spread the bottom of a baking dish with crumbs. Fill with alternate layers of cold roast mutton cut in thin slices and tomatoes peeled and sliced. Season each layer with pepper, salt and butter. The last layer should be tomatoes spread with bread crumbs. Bake forty-five minutes. Serve immediately.

Short Suggestions.

Although "hunger is the best sauce," a daintily garnished dish is the next best.

Biscuits require much more heat to bake than bread, so heat your oven accordingly.

SKIN DISEASES

There is nothing more distressing than an itching, burning skin disease, and upon the return of warm weather those who are afflicted with skin troubles find the symptoms appearing and know that they will be tormented through the hot summer months. The blood is heated with humors and acrid matter, and as they are forced to the surface the skin seems to be on fire. The treatment of skin diseases with external applications is all wrong, because they do not reach the trouble which is in the blood. The most such treatment can be expected to do is, allay the itching and burning and cover up the trouble for awhile, but as soon as it is left off the disease returns.

All food taken into the body contains, in some form, the elements necessary to sustain the different parts. One portion is used for the making of blood, another for muscle, one for bone, still another for fat, and so on. After these different properties are extracted from the food there still remains a portion that is useless, or waste matter, which is intended to be disposed of through the natural channels of bodily waste, the Liver, Kidneys and Bowels. At this season of the year, however, these organs become torpid, dull and sluggish, and fail to perform this duty, and these accumulations remain in the system and are absorbed by the blood to ferment and sour, producing burning acids and acrid humors. The blood cannot properly nourish the system while in this impure condition, and begins to throw off these acids through the pores and glands of the skin, producing Acne, Eczema, Tetter, Psoriasis, Salt Rheum and skin diseases of every description.

ECZEMA appears usually with a slight redness of the skin, followed by pustules from which there flows a sticky fluid that dries and forms a crust, and the itching is intense. It is generally on the back, breast, arms, legs and face, though other parts of the body may be afflicted. In **TETTER** the skin dries, cracks and bleeds, and is often very painful. The acid in the blood dries up the natural oils of the skin, causing a dry, feverish, hardened condition and giving it a leathery appearance. **ACNE** makes its appearance on the face in the form of pimples and black-heads, and is particularly disagreeable because of its unsightly appearance, while **PSORIASIS**, a scaly disease, comes in patches on different parts of the body. One of the worst forms of skin disease is **SALT RHEUM**. It discharges a watery fluid, forming sores and producing intense itching. The head and face are the parts usually affected, and sometimes the hair falls out and a mass of sores forms on the scalp.

These and all skin diseases are due to the same cause—burning acids and humors in the blood, and until this vital fluid is cleansed and made pure they will continue. The best treatment for all skin diseases is S. S. S., a remedy that is purely vegetable, being made entirely from roots, herbs and barks, and acts directly on the blood with a cleansing, healing effect. It neutralizes the acids and purifies the blood so that the skin, instead of being blistered and burned by the fiery fluids, is nourished by a supply of cooling, healthy blood. It goes down into the circulation and forces out every particle of waste or foreign matter, builds up the blood and cures all skin diseases promptly and permanently. S. S. S. does not leave the least particle of the poison for future outbreaks, but entirely rids the blood of the cause for all skin diseases.

S. S. S. tones up the system and regulates the Liver, Kidneys and Bowels so that they will carry off the natural waste and refuse matter through the proper channels, instead of leaving it to be absorbed by the blood. Nothing equals S. S. S. in the treatment of these troubles and for building up the general health. Write for our treatise on skin diseases and any medical advice you wish. We make no charge for either.

SSS

THE ITCHING WAS ALMOST UNBEARABLE.

Dear Sirs—My body broke out with a rash or eruption which in spite of all efforts to cure continued to get worse. The itching, especially at night, was simply terrible, it would almost disappear at times, only to return worse than ever. I had tried many highly recommended preparations without benefit, and hearing of S. S. S. determined to give it a fair trial, and was inexpressibly delighted when a few bottles cured me entirely, removing every blemish and pimple from my body. I shall not fail to recommend S. S. S. whenever an opportunity occurs to do so.
Escondido, Cal L. MARNO.

His Knowledge of Weeds.

At a suburban residence near Philadelphia there recently appeared an unkempt-looking individual who asked for employment. It chanced that his application was made to the lady of the house herself, who was superintending the transplanting of plants in the garden.

"Are you a gardener?" asked the lady.

"Ain't had much experience at gardenin'," was the reply.

"Can you plant these bushes?"

"I'd hate to risk spoillin' 'em, mum."

"Then what can you do?"

"Well, mum," responded the unkempt-looking individual, "if you was to hand me one of your husband's cigars I might sit in the greenhouse an' smoke out them insects that's eatin' the leaves of them rose-bushes."—Harper's Weekly.
