Entered as second-class matter October 6, 1905, at the post office at Lexington, Oregon, under the Act of Congress of March 3, 1879.

THURSDAY SEPTEMBER 27, 1906.

The following is a copy of Senate Resolution of March 19, 1906:

Resolved, That the Secretary of the Interior be, and he is hereby, directed to furnish to the Senate, on the first Monday in December, 1906, the names of the persons, firms and corporations who conveyed or relinquished to the Government of the United States lands within the limits of Government forest reserves, and who duly recorded the same in the proper county prior to the Act of March 2, 1905, and who prior to said Act failed to select other public lands in lieu of the lands so conveyed or relinquished, or who have failed, through no fault of their own, to obtain patents to lands selected by them in lieu of lands so conveyed or relinquished, as provided by the Act of June 4, 1897, and who can not on account of said Act of March 3, 1905, make such selection, and also report the number of acres so conveyed or relinquished.

That in order to procure such information the Secretary of the Interior is hereby authorized and directed to require all such persons, firms, and corporations to file in the Land Department, within a time to be by him designated, such proofs of their conveyance or relinquishment as he may prescribe; and he is further authorized and directed to make such further orders, rules, and regulations as may be necessary to procure the information hereby required.

Pursuant to the above resolution all persons, firms, and corporations are directed to file in the office of the General Land Office on or before October 1, 1906, an instrument in writing describing the land relinquished to the Government prior to March 3, 1905.

C. S. VanAuker, ex-cashier of the Rainier Bank, accused of being a defaulter, who is now in jail, is said to have led a dual existence. While at home he was affiliated with the church element, opposed to saloons and gambling, yet he is known to have lost heavily at faro, in Astoria and other points, where gambling is permitted. Such cases as this should be a lasting lesson to young men. You may fool part of the people all of the time, all of the people part of the time, but you can't fool all the people all the time.

ESTIMATED

The Dalles has a school attendance of 653, which if multiplied by 1000 will give an "estimated" city population large enough to make Salem and Astoria think they have symptoms of municipal appendicitis.—Oregonian.

Portland has a school attendance of 15453, which by the same rule would cause Liverpool, London and New York to have a few symptoms.

We have accepted the agency for the Columbia Phonograph Co. and have a stock of Disc and cylinder records on hand. Parties desiring Columbia Phonographs, any style, can secure them from us at the same price they would have to pay in Portland. We pay the freight.

A LIVELY TUSSELE

with that old enemy of the race, constipation, often ends in Appendicitis. To avoid all serious trouble with the Stomach, Liver and Bowels, take Dr. King's New Life Pills. They perfectly regulate these organs, without pain or discomfort. 25c at W. P. McMillan's

SCHOOL NEWS

This is the last week of the first month of school. Examinations are the chief topics now.

Marshall McAlister is out of school for a few days, making a trip to Idaho.

Several pupils in school have received nice long letters from their "Uncle Will" but he evidently missed Lexington on his journeys, for if he had come here he certainly would have chosen this place instead of the place he decided to locate at, and Bessie would be attending school here.

Monte Hunter has been absent from school a few days. He is visiting his brother in Portland.

We have heard of some comment in regard to the teachers review class and we would be glad to hear from those interested for if enough wish to undertake that work we would like to know it at once.

The Directors have been very thoughtful of the Primary students, so rearranged the desks so the feet of the students might rest on the floor, where heretofore they dangled in the air.

The slates are all nicely ruled, so the vertical writing may be carried on to a greater advantage.

The little ones appreciate the long table furnished by the school board. Here they may use the gun-wads and imagine they are dealing with their fellow men and thereby gain a knowledge of the multiplication table and forty five combinations, without the learner knowing the aim of the instructor.

LEAD TO BRIDES.

At the recent convention in Hamburg of the Coal Dealers' association of Germany a number of delegates spoke on the practice of tipping and bribing. They complained that stokers and others having to do with coal used in manufacturing works and large establishments of any kind must be given bribe money or have their influence used against the coal dealers to prevent the securing of new orders. The delegates urged the necessity of taking measures to abolish the nefarious practice. Americans traveling in Europe find the tipping abuse very annoying. The tipping evil has undoubtedly led to the bribery method which now has become so vexatious to business people.—Brooklyn Eagle.

Homemade Tops.

Take big, empty cotton spools and paint them in bright colors; then pound into them stumps of lead pencils or round sticks, leaving about half an inch at the bottom. Sharpen this into a point, and you have a fine top. If you wish, you can put short, fluffy skirts on the spool and make a tiny hat or bonnet for the part of the pencil that sticks out above, and you will have a ballet dancing top.

Hospital Cars on Prussian Railways.

The Prussian ministry for railways has placed at every important railway center throughout the kingdom a magnificently built and appointed car for the transport of sick persons. These cars have been specially fitted up from plans supplied by sanitary authorities. Spring beds and every medical device for the alleviation of suffering during transit have been utilized. There are ice safes, gas stoves for cooking, rooms for attendants and ingenious devices for muffling the sound caused by the motion of the train. It is not intended to make these carriages pay. They have been instituted chiefly on the ground of humanity.

Pain from a Burn Promptly Relieved by Chamberlain's Pain Balm

A little child of Miceael Strauss, of Vernon, Conn., was recently in great pain from a burn on the hand, and as cold applications only increased the inflammation, Mr. Strauss came to Mr. James N. Nichols, a local merchant, for something to stop the pain. Mr. Nichols says: "I advised him to use Chamberlain's Pain Balm, and the first application drew out the inflammation and gave immediate relief. I have used this liniment myself and recommended it very often for cuts, burns, strains and lame back, and have never known it to disappoint." For sale by W. P. McMillan Drug Store.

SUMMER WAISTS AND SKIRTS AND WHITE AND COLORED GOODS

We have a few waists and skirts left, also white and colored lawns, which we continue to reduce.

Our stock of wash goods, while not extensive at this time of year, holds some good bargains for you. We want to clear away these for fall goods which will soon arrive.

RESCUE OF A MERCHANT

A prominent merchant of Shono, N. Y., J. A. Johnson, says: "Several years ago I contracted a cough which grew worse and worse, until I was hardly able to move around. I coughed constantly and nothing relieved my terrible suffering until I had tried Dr. King's New Discovery. Before I had taken half a bottle, and in a short time I was entirely cured. I surely believe it saved my life. It will always be my family remedy for colds." Fully guaranteed; 50c and \$1.00 at W. P. McMillan, druggist. Trial bottle free.

Hotel Lexington

Opposite Leach Brothers, store, Mrs. A. E. Beymer, Prop. Good meals served. Newly furnished, refitted with hot and cold water. Strict attention to guests. Rates one dollar per day and upwards.
