Heppner Gazette—

The snake eating contest which was to have been pulled off last Saturday evening, was stopped by Sheriff Shutt.

W. H. French, of Hardman, was in the city today. Mr. French states that he has wheat up now four inches in height and making rapid growth.

Upon complaint of Sheriff Shutt five saloon men of Heppner were fined \$10 each in the recorder's court, Monday, for violation of the Sunday closing ordinance.

O. E. Farnsworth returned Saturday evening from Weiser, Idaho. Mr. Farnsworth while at Weiser closed out his stock interests there by selling 4400 head of sheep to F. C. Oxman. Mr. Farnsworth is now out of the sheep business for the first time in 31 years.

Geo. Vincent was brought in from his Butter creek home Tuesday, for medical attention. Mr. Vincent has been suffering with very poor health for a long time and is now very feeble. At times his mind wanders and it was thought best to travel with him in hopes of benefitting his health. J. L. Howard left with him this morning. Mr. Vincent is one of Morrow county's

well known and highly respected citizens and is a man with many friends who hope to see him soon regain his health.

Heppner Times—

Wayne Howard sold this week his fine stock ranch, consisting of 1000 acres, to H. W. Fell, of Prescott, Wash. The consideration was \$10,000. The ranch is located about fifteen miles south of Heppner and is considered a good buy at the price for which it was sold.

Henry Blackman returned last week from Pendleton and Spokane where he has been attending fairs the past two weeks. He speaks very favorably of the Umatilla-Morrow fair. His principal business at Spokane was to look after some mining properties, taking in the fair as a side attraction.

Alfred L. Ayers was in the latter part of the week to look after the removal of a 100 horse power boiler and

engine to replace the old ones at the Parker mill, south of Hardman. His old machinery became altogether too inadequate to handle his increasing business in the lumber trade, hence the necessity for more powerful machinery.

Frank Roberts was a passenger Monday for Portland, where he went to place his patent car ventilator before prominent railroad officials. Mr. Roberts' ventilator is in the shape of a fan, which is operated by the motion

of the train. It is a very effective contrivance for the purpose it is intended, and no doubt Mr. Roberts will succeed in convincing the railroad people of its usefulness as a car ventilator.

AN AWFUL COUGH CURED

"Two years ago our little girl had a touch of pneumonia, which left her with an awful cough. She had spells of coughing, just like one with the whooping cough and some thought she would not get well at all. We got a bottle of Chamberlain's Cough Remedy which acted like a charm. She stopped coughing and got stout and fat," writes Mrs. Ora Bussard, Brubaker, Ill. This remedy is for sale by W. P. McMillan's Drug Store.
