**EASTER MARKS THE ADVENT OF SPRING**

It isn't so much WHEN you buy new spring clothing as WHERE you get it. To the man who doesn't know, it seems to make no difference where he buys. But it does. There is as much difference in clothing as is possible to imagine. We're glad we are on the right side of the fence.

If we got started talking about our new showing of spring goods, we would hardly know where to stop—might make the editor print an extra page or two. At the same time you can see more in five minutes with your own eyes than we could tell you on five pages.

Now about WHEN. This is the best time to look over the stock, while the styles are all new and the goods fresh.

**...QUALITY IS OUR SPECIALTY...**

Anybody can make clothes that look stylish—for a short time—but it takes quality like we give you in the "K., N. & F." hand tailored suits to retain their style and wear the way a good suit ought to wear.

**We back up all our talk with facts.**
