NOTICE

The best way to build up your own town is to do your trading at home. Patronize your home merchants. If they succeed the chances are you will succeed. When you send a dollar to a mail order house you have the goods and they have the money. Trade at home and we keep both the goods and the money.

THE BIG HOLLER

Once a certain Genius who thought that the Moon was inhabited proposed that at a certain moment on a certain night every man, woman and child on earth should holler just as loud as possible, so that the Man in the Moon might hear the sound and know that he had neighbors.

Everybody said it was a Fine Idea. Everybody agreed to holler with a big H. For a month in advance everybody practiced lung exercises, so as to cultivate the Biggest Holler possible. Everybody was sure that the Moon Man couldn't help but hear the Vast Volume of Vociferation.

The Eventful Night arrived. The Moon Man was looking down through a cloudless sky. Every on earth drew in two large lungfuls of air and got ready for the Big Holler. The Mighty Moment came at last!!!

Silence! Absolute silence! It was the silentest moment since the morning stars first sang together.

When the returns came in it was known that only one man, a negro in Darkest Africa, hollered, and woman in Oshkosh, Wis., who was so excited that she just couldn't help it, let out a faint hysterical shriek.

Everybody else had kept mum in order to hear the Big Holler that all the others were going to make.

But nobody made the holler because they all waited for the other fellows to

do it—all except the African, who had no curiosity, and the Oshkosh lady, who had hysterics.

And the Man in the Moon just laughed!

It was enough to make a comet splutter, for it revealed a very amusing trait in human nature.

You will find lots of people right here in this community who refuse to join in the Big Holler because they want to get the full benefit of the holler when the other people make it. Sometimes by making a Big Holler all at once we might get a new factory located here, but when 999 men stand around, each waiting for all the others to do the hollering, and only one man hollers, the man looking for a factory site doesn't hear any sound.

If it takes a Big Holler to get what we want, every fellow must lend a lung.

This is not a funny story. It is full of philosophy. It ought to set you thinking.

Moral—Now's the time for the Big Holler.

The Lexington Wheatfield displayed considerable patriotism by coming out in national colors in its last weeks issue. It also contained half tone cuts of a number of business houses and residences and thereby showed some enterprise as well as patriotism. The only thing it was lacking in was local news.—Heppner Times.

If Heppner was no larger than Lexington the Times might not have many more locals than The Wheatfield gets. The size of a town sometimes makes a difference.
