THE LIMIT OF LIFE

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60: the proper care of the body during this decade cannot be too strongly urged: carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by W. P. McMillan, Druggist. 50c
