Testimonials received in two years. "Ours is a New England farmer's home, and as we are twenty miles from a large town, we are obliged to depend very largely upon family medicines we keep on hand all the time. "First and Foremost among them is Hood's Sarsaparilla, which we have always found a true friend and helper. When I had suffered dreadfully from dyspepsia, without finding relief, Hood's Sarsaparilla gave me positive help, and when I had used four bottles I was in better health than for many years. I have found Hood's Sarsaparilla. "A Great Spring Medicine to build one up when strength is most needed, to create an appetite, and in short to regulate the whole system. I have lately been taking Sarsatabs, which I find convenient, easy to take, and also very beneficial." Mrs. E. L. Berry, West Troy, Mo. Hood's Sarsaparilla combines the utmost remedial values of more than 20 different ingredients, each greatly strengthened and enriched by this peculiar combination. Begin taking Hood's Sarsaparilla today. Get it in the usual liquid form or in chocolate tablets known as Sarsatabs. 100 Doses One Dollar.

OREGON STATE ITEMS OF INTEREST

NO NEED TO COMPROMISE. LOADS MUST BE HEAVY.

Oregon Already Owns Sand Island, Says Governor Benson.

Salem—Governor M. E. Hay of Washington, has written Governor Benson, of this state, in regard to the boundary question long pending between the two states. It is understood the Washington authorities favor an arbitration commission to consider the entire question.

Governor Benson has acknowledged the receipt of the communication from the governor of Washington and has taken the matter under advisement. While he will say nothing as to the merits of the matter, it is gathered from other sources that the Oregon authorities may not be anxious to hand the matter over to a commission, since the Supreme court of the United States has already rendered a decision in favor of Oregon's contention in the matter.

The principal ground for litigation is Sand Island at the mouth of the Columbia. The Washington people are now making an effort to have the case reopened by the United States Supreme court.

NORMAL GETS LITTLE AID.

Eastern Oregon Indifferent as to Fate of Institution.

Weston—J. O. Russell, physical director and teacher of mathematics at the Weston normal, has returned from an Eastern Oregon trip in the interests of the school. Among the places visited were Hermiston, Arlington, Cove, La Grande and Elgin.

Mr. Russell reports that he met with much popular misconception as to the nature and sphere of normal school work, and the financial encouragement offered was rather slim. For instance, the La Grande subscription toward running the school until the end of the present year, which closes with commencement May 25, was only \$55. In Mr. Russell's view there is no hope for any general assistance throughout Eastern Oregon toward continuing the school until such time as it would be possible to obtain state aid by means of the initiative measure, which it is proposed to submit at the November election in 1910.

Smuggled Oats, Says O. R. & N.

Salem—Complaint is made against the Frank L. Smith Meat company by the Oregon Railroad & Navigation company before the railroad commission for false billing, by which, it is claimed, the meat company smuggled 60 sacks of oats into Portland with a consignment of hams from Hutchinson, Kan. It is the contention of the attorneys for the Oregon Railroad & Navigation company that persons and corporations other than railroad companies may be found guilty of a misdemeanor under the railroad commission act of 1907, and that when the corporation by false billing obtains transportation for less than the published tariff it may be prosecuted, and if found guilty, be subject to a fine of not less than \$50 or more than \$1,000.

Plan Strawberry Day.

Milton—Plans which were started for the celebration of Milton's annual strawberry day, at a meeting of the Progressive association held in Alliance hall, are progressing, and it is thought by the next meeting all of the preliminary work will have been completed. It is proposed this year to celebrate on a more extensive scale than ever before. Besides an excellent literary and musical program, a big horse show will form a part of the festivities. This was last year an important part of the program, but arrangements are being made to make it much better than on last season, horses being entered from all the towns in Umatilla county and many across the line in Washington.

Lebanon Votes for Bonds.

Lebanon—In one of the most bitterly contested elections ever held in Lebanon school district the people by a majority of 27 votes decided to build a \$25,000 high school this summer, and issued bonds for that purpose. Lebanon has now a high school of 12 grades and is badly in need of proper buildings for school purposes. The 400 school children were a vital force in making the election a success for the new building, as they urged all their friends and relatives to vote for bonds and a new building.

Shearing Season Is On.

Pendleton—With the starting of large sheep shearing plants at Arlington and Echo, the shearing season in Eastern Oregon has formally opened. Those shearing are Smythe & Smythe at Arlington, and Stanfield Bros. at Echo. With an exceptionally clean fleece of good quality and prices from two to five cents higher than last year, the season has opened under the most auspicious circumstances for some years.

Improve Drewsey-Burns Road.

Drewsey—A new road is being made this week over the Drewsey mountain, which is crossed by passengers en route to Burns. When completed the road will be greatly improved. Heretofore it has been so steep as to make it difficult for horses to pull even an empty wagon, and the drive down has been very dangerous. The new road is being cut around the mountain.

State Gets Ship's Guns.

Salem—Governor Benson has received a letter from Secretary of the Navy George D. von Meyer, stating that the 13-inch guns of the Oregon have not yet been condemned and consequently cannot be given to the state or to other applicants. It is understood the government will send two of the 6-inch guns to Salem for the statehouse lawn.

Land to Be Thrown Open.

Salem—The desert land board, at its meeting in the statehouse decided to grant the application of the Deschutes Irrigation & Power company and throw open the company's segregation of about 8,000 acres. The land opened is known as list No. 6. The protest of A. M. Drake, of Portland, was thus overruled.

All Who Would Enjoy

good health, with its blessings, must understand, quite clearly, that it involves the question of right living with all the ter-

imples. With proper knowledge of what is best, each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to living aright. Then the use of medicines may be dispensed with to advantage, but under ordinary conditions in many instances simple, wholesome remedy may be invaluable if taken at the proper time and in California Fig Syrup Co. holds that it is alike important to present the subject truthfully and to supply the one perfect laxative to those desiring it.

Consequently, the Company's Syrup of Figs and Elixer of Senna gives general satisfaction. To get its beneficial effects by the genuine, manufactured by the California Fig Syrup Co. only, and for sale by all leading druggists.

Copper Mine Near Rogue.

Roseburg—A valuable mineral find in Southern Oregon has just been reported by G. W. Morris, an old time prospector from California. It consists of a ledge of rich copper ore, carrying \$17.48 in gold to the ton. The mineral crops out of the ground for a distance of 600 feet, and the ledge is from 500 to 600 feet in length. A piece of the ore about a foot square yielded over three ounces of copper. The ledge is situated at the top of a mountain about eight miles south of Roseburg.

New County Up to Voters.

Salem—Advocates of the creation of a county of Nesmith have not given up the fight, but will initiate the measure which failed in the legislature. This became evident when A. B. Wood, of Cottage Grove, called on Attorney General Crawford to secure the latter's opinion as to the legality of an initiative petition prepared for the purpose of appealing the Nesmith county matter to the people of the state at the next election.

Parking Capitol Grounds.

Salem—H. Healy, of the F. Rutledge Seed & Floral company, which has been employed by the state to beautify the statehouse grounds, was in Salem this week and laid the plans for the parking of the grounds. A large force of men have been engaged for the past week in spading the lawn for re-seeding. The work will continue until completed. Word has been received from Washington that probably two of the smaller guns on the battleship Oregon will be presented to the state to decorate the lawn.

Teachers to Meet June 29.

Salem—The 1909 meeting of the State Teachers' association will be held at Albany on June 29 and 30 and July 1 and 2, and the state convention of county superintendents at Salem on June 28 and 29. These dates were fixed at a meeting of the executive committee of the State Teachers' association held in the office of State Superintendent Ackerman.
