Bean Spray Pumps at Stewart's Buy a Kimball Weeder. See Chown.

Rubber Hose and Sprinklers at Chown's.

Our new line of Oxfords have arrived. Nichol Bros.

Have you subscribed for this paper? If not, why not?

H. F. Bothfur was a Hood River visitor last Monday.

Paul French and wife, of The Dalles, were visitors in Mosier last Sunday.

If you want a good Spray Pump, buy a Bean—for sale by A. STEWART.

What's the matter with a big Fourth of July celebration in Mosier this year?

Messrs Max Vogt and R. H. Weber, of The Dalles, were down last Sunday and spent the day at their ranch.

J. W. Brown was transacting business in town last Wednesday and paid the BULLETIN office a pleasant call.

Don't forget that the Bulletin printery is able to turn out first class job work on short notice at reasonable rates.

Ed L. Howe and wife, of Portland, came up last Saturday, and will spend some time at La Howa, their summer residence.

B. E. Duncan, of Hood River, is receiving congratulations from his Mosier friends over the arrival of a daughter at his home on the 6th inst.

F. W. Clarke and wife came down from The Dalles last Sunday and went out to their ranch on Rock Creek, where they will spend a week or so.

Geo. D. Barton came up from Portland last Saturday and went out to his ranch. He was accompanied by his two daughters, who will spend the summer here.

Peter Dome, of The Dalles, is having his crop of barley harvested this week. The crop is very heavy, and will probably yield in the neighborhood of 50 tons.

W. R. Stokes' family left on the local last Tuesday for Estacada, where they expect to reside. Mr. Stokes left later. These are the kind of people we like to keep with us.

G. E. Townsend, a former resident of Mosier, was a visitor in town on Wednesday last. Mr. Townsend was moving some of his household goods to Condon, where he has located.

Mrs. Mary Thompson, of Baker City, who came down to attend the funeral of Mrs. Blakey, and who has been visiting relatives here this week, left on Wednesday for her home.

Underwood vs Mosier, Sunday, May 23d. Everybody come out and help root. We want a big crowd to go over the river. Many games are won only by the rooters, and this is the game we want.

J. N. Mosier is having the water from his fine spring on the hill west of town piped down to connect with buildings on Main and Washington streets. Messrs. Graham and Francisco are doing the work.

FOR SALE—One span work horses, 8 and 9 years old, weight 1400 each. Also one new 3-1-4 Mitchell farm wagon-half truck; one 3-in wagon in good repair. For particulars, inquire of D. M. Duvall, Mosier, Oregon. 5-14-2t

A bunch of thirteen Odd Fellows journeyed to The Dalles last Monday night, eleven of whom rode the Encampment goat. From their appearance the next morning it looked as if they, or the other Fellows, had a mighty good time.

J. M. Filloon returned from North Yakima yesterday and says orchardists there were hit harder by having fruit trees injured by the January freeze than those of this section were. Many are cutting down their peach trees as they were injured beyond recovery.—The Dalles Chronicle.

Chown has that paint that you need.

Horse collars and Pads at Chown's.

Mrs. E. N. Stroup visited in Hood River last Wednesday.

A. P. Bateham was a Hood River visitor last Wednesday.

Mrs. R. Morrison and little son visited in Hood River last Monday.

Geo. Chamberlain was a business visitor in Portland this week.

Mrs. R. H. Kemp, of Hood River, visited relatives in town the first of the week.

Mrs. S. H. Maddock, of Portland, is visiting Mr. and Mrs. Ed L. Howe, at La Howa.

Dr. Robinson was a passenger on Wednesday's local for Portland, returning last night.

C. S. Vincent this week opened up his new blacksmith shop. His card appears elsewhere.

If you want the best grubbing machine, buy a Swenson.

Alex Stewart. FOR SALE—Good 2-inch Milburn wagon. Inquire at Husband's blacksmith shop. 5-14-1t

J. M. Elliott, Geo. Carroll and Ora Hodge were business visitors at the county seat yesterday.

Mosier has two games of baseball scheduled for the next three weeks. Underwood on the 23d, at that place, and Belmont at Mosier, or if arrangements can be made, the game will be played on the Hood River diamond on or near May 30th. The team is composed of Mosier players, all of whom are strictly amateurs.

The report going the rounds to the effect that Mosier has imported some players from Portland is without foundation. Dr. J. A. Reuter of The Dalles, was called down on Wednesday last to attend Christian Wyss, who has been quite ill at his home on Mosier Creek. The doctor was accompanied by Mrs. Matt Schoren, a daughter of Mr. Wyss. The trip from The Dalles was made in Dr. Reuter's auto in one hour and ten minutes—about 20 miles, in spite of several delays, such as getting stuck in a part of the road, which was being oiled, and having to take down and re-place a fence. We understand that at present Mr. Wyss is somewhat improved.

David Eccles arrived from Salt Lake City Thursday to make a business visit in connection with his interests here. Mr. Eccles, after spending a day at Dee, was taken for an automobile ride over the valley, with the idea, it is stated, of examining into the prospects for an electric road on the west side of the valley, and is said to have been favorably impressed with its wonderful development since he had visited it some years ago. After a short stay here on his return he left for Portland.—Hood River News.

LADIES ORGANIZE AID SOCIETY. About ten of the ladies of the town met at the Baptist Church yesterday afternoon and organized a Ladies' Aid Society. There will be another business meeting of the society held next Wednesday afternoon to complete the organization. Those ladies who could not be present at yesterday's meeting are cordially invited to attend the meeting next Wednesday, and enroll their names as members.

School Notes. Alefora and Leodica Haacke are absent this week. Miss Booth's pupils are taking some final exams.

The eighth grade are battling with the examinations given by the state. Miss Nixon is in charge.

The sixth and seventh grades are at home Thursday and Friday on account of the eighth grade exam. In the meantime they are preparing exhibit work for the A.-Y.-P. Exposition. The pupils of Miss Booth's room have prepared some nice papers. If you visit the Fair at Seattle, do not fail to see the work sent by the Mosier school.

W. W. Winegar spent a pleasant Sunday at the Springs.

Obituary

Nancy Phelps was born in Danville, Illinois, September 8th, 1824. Her parents were Jonathan and Sarah (Gowen) Phelps. She was married to John W. Blakey on September 15th, 1843, and crossed the plains with an ox team in 1852, settling near Monticello, Lewis Co., Ore., now Cowitz Co., Wash. She lived in that vicinity and Rainier, Ore., until August, 1862, then moved to The Dalles, Ore., where she resided until September, 1878, when she moved to her ranch near Mosier, where she has lived ever since.

One Cent Sells for \$11

Money is now at a premium—that is, some money. Our townsman, Sid Nichol, has for some time been wearing as a watch charm, a copper cent of the coinage of 1788, which he says he found. The cent is stamped with "Massachusetts Commonwealth" on one side and an Indian head with bow and arrows on the other. A traveling man came along the other day and offered Mr. Nichol \$11 for the coin, and he took it. Soon another traveling man offered the new owner \$20 for it and still another man, who claimed to know, said the coin was worth \$750.

For Sale

Ten or more acres of good fruit land, 31-2 miles from Mosier Station on the little Mosier Creek. Level road and plenty of good water from creek and springs the whole year. Contains several good springs, one of them having enough force to supply water in a house and for irrigation. This tract of land is one of the best locations in Mosier District. Sheltered from high winds and contains good deep, rich soil, from the creek, which borders the east, the land lies toward the west, with a gradual slope to the foothills. One dozen 3-year-old Spitzenberg trees are growing on it. Will make a very pretty home. Price per acre, \$100, half cash, balance on easy terms.

Come and see it. Owner, CHRISTIAN WYSS, Mosier, Ore.

FIRST NATIONAL TO BUILD

The First National Bank is making arrangements to build this summer on the corner of Oak and Third street which they recently purchased. J. M. Parry & Co. had a lease on the building until November, but they have disposed of their stock of goods to the Paris Fair and surrendered the lease, so that ground will be broken for the new building as soon as the stock can be transferred to the Paris Fair.

While plans for the new building have not been definitely decided upon, it is settled that the new building will be a handsome two story structure, of pressed brick, and the bank will occupy the entire Oak street front and fifty feet deep. The rear fifty feet of the building will be made into store rooms with an entrance on Third street.

A proposition has been made to the Commercial Club to lease the top floor for five years and is now being considered. If the floor is not leased for this purpose it will be made into modern office rooms.

J. M. Parry & Co., having disposed of goods, will retire from this line, but may conclude to put in another line of goods in some other location. Fleming & Taft will seek a new location for their feed store, as will also J. M. Culbertson for his real estate office, as the bank wish to commence building operations as soon as possible, and the present wooden structures will have to be removed the first thing to allow excavating for the basement.—Hood River Glacier.

The base ball game at the Columbia base ball grounds Sunday did not seem to be very interesting to the "fans." A game was played between Hood River and Mosier, with the result of 13 to 3 in favor of Hood River. The Mosier boys are all right if they just had the practice. They have some good players among them, but have not had the opportunity to get in trim, as has our local team.—Glacier.

Notice for Publication

U. S. Land Office at The Dalles, Oregon

April 29, 1909

Notice is hereby given that the Northern Pacific Railway Company, whose post office address is St. Paul, Minnesota, has this 29th day of April, 1909, filed in this office its application to select under the provision of the Act of Congress, approved July 1, 1898 (30 Stat. 597, 620) as extended by the Act of Congress, approved May 17, 1906, the NE 1-4 SE 1-4 Sec. 25 Tp. 2 N., R. 12 East, W. M.

Any and all persons claiming adversely the lands described, or desiring to object because of the mineral character of the land, or for any other reason, to the disposal to applicant, should file their affidavits of protest in this office, on or before the 10th day of June, 1909.
