Brooks—I think it's "variable as the price of school books in different cities."

Spokane and will be an average reduction under the present rates of about 15 per cent.

The railroads decided to do this instead of fighting the order of the commission in the courts. One of the officials who are attend-

ing said:
"The railroads have decided to try to carry out the principle announced by the commission in the Spokane rate decision, instead of appealing to the courts to prevent such a reduction in

### REWARDS TOTAL \$66,000.

Sleuths Flock to Spokane in Search of Train Robbers.

Spokane, May 18 .- Responding to and the railroad company for the capheld up and plundered a Great Northgathering here from many places. Several arrived from Denver, and the Pinkerton force here has been increas-

nade their way into Spokane and a and a few sticks for warmth. close watch is kept on the saloons and lodging houses. A number of detectives are working on the theory that the desperadoes are hiding in the

mountains back of Colbert. Police and railway men say they do not believe that Charles McDonald, the notorious train robber who broke jail in Helena, Mont., while awaiting trial for holding up a Great Northern train at Rondo, Mont., shared in last Saturday's crime. They say McDonald would not be likely to agiain invade territory in which he is known to so many persons.

## GROWL AGAINST KAISER.

#### Extravagance of His Welcome Angers Austrian Taxpayers.

May 18 .- This city is ing with gossip and comment in connection with the visit of Emperor William. It is agreed that the welcome of the august visitor was out-wardly hearty and that the decorations were on a scale quite disproportionate to the brief and incidental character of the visit. Indeed, the extravagance of the municipal authorities has aroused the indignation of the already overburdened taxpayers.

As to the real inward welcome of the kaiser, there is less certainty. Despite glowing panegyrics of the Viennese newspapers and their asseverations of gratitude for Germany's support in the dark days of the Balkan crisis, coupled with declarations that the future interests of the two empires will be still more closely united, politicians are afraid that Austria has given Germany a heavy mortgage on her future. Austria may be forced to join Germany in any foreign policy the latter chooses to adopt.

# Drives Capital to America.

London, May 18 .- As a result of the proposed increased income tax in the budget submitted by the chancellor of the exchequer, Lloyd-George, the Duke of Bedford, extensive landholder and scientific farmer, is to invest \$2,500,-000 in California, according to a report ton. current here today. The immense Thorney estates in Cambridgeshire were recently sold to the government by Duke of Bedford for a sum in excess farming lands.

# Prosperity at Pittsburg.

Pittsburg, May 18.—Announcement was made here tonight that 35,000 emploves of iron and steel companies havreceive an advance in wages averaging of July. The United States Steel corporation has made no announcement of an increase, but it is said the Jones & Laughlin Steel company, the Republic wages paid prior to the first of last April.

# Prohibit Public Drinking.

Colorado Springs, Colo., May 18 .-An additional precaution to insure the carrying out of the wishes of the"dry" element of Colorado Springs, victorious in the recent local option election was supplied tonight in an ordinance presented to the city council by City Attorney C. W. Dolph. By its provisions by American Ambassador O'Brien and drinking liquor in any public place, including the hotels and restaurants of versation with the emperor for several the city, is a misdemeanor, punishable by a fine of \$100 to \$300.

# Railway Travel Growing Safe.

Chicago, May 18 .- According to a report made public by the Pennsylvania summons from Prince Ito, Japanese could balance mestif standing still, let water level lowers, the open wells belines, the system carried 141,659,543 resident general in Korea, who is now passengers over 23,000 miles of rails in Japan, Viscount Sone, vice presiwithout the loss of life to a single pas-senger train from train accidents dur-Tokio, and for the first time in two ing 1908. # Fair Must Make Room.

Seattle, May 18 .- Unless the officers provide space where the exhibit may be shown to advantage, the display sent by the bureau of American repub-Arrangements were made to place the exhibit in the mines building. Later this space was given to other persons and room was reserved in the gallery of the Oriental building. of \$250,000. The proceeds of this sale, it is said, will be invested in California bureau, declares that the space and the bureau, declares that the space and the location are not in keeping.

Will Signal Mars. Boston, May 18 .- Professor David E. Todd, head of Amherst college observatory, today announced his plan for ing headquarters in this vicinity will picking up messages from Mars by wireless instruments carried up in a 10 per cent the first of June or the first balloon to the edge of the earth's atmosphere. Shut up in an airtight tank, borne aloft in a huge huge balloon, Professor Todd will in September make his first attempt. He says the Iron & Steel company and other inde-pendent concerns could restore the shead of us in knowledge of other ahead of us in knowledge of ether waves, and have doubtless been signal-

#### ing us for years. Welcomed by Japs.

Tokio, May 18.-Rear Admiral Giles B. Harber, commanding the Asaitic squadron of the Pacific fleet, with his staff and the captains of the ships composing the squadron, were granted an audience with the emperor and empress yesterday. The officers were presented Admiral Harber was engaged in conminutes. Admiral Harber made an unusually favorable impression.

Korean Cabinet Controls. Seoul, May 18.—Obeying a sudden

## SERVED ONE FAMILY 59 YEARS.

Philadelphia Boasts Household Em-

ploye with Longest Record. While South River, N. J., boasts : faithful maidservant, whose employers celebrated recently the golden anniversary of her service, Philadelphia has a servant who took her present downtown business section of Chicago, place on the morning of Nov. 4, 1850, and is still active in her duties, a hale octogenarian, says a dispatch to the New York Herald.

Her name is Ellen Hume and, befitting her remarkable record, the famlly she has thus served fifty-nine years is one as old as the city itself, rep resented in this instance by John 'I Morris and his sister, Miss Lydia T. Morris, whose own house is at 820 Pine street.

It was by Mr. and Mrs. Isaac P Morris, parents of her present employ ers, that Ellen Hume was hired as housemaid so long ago. She was rosy-cheeked Irish girl then, just out for tenants to have private elevators side and was the first man from the

"Of course, I did not know then that I was beginning anything any one would ever want to write about," said the old woman in the Morris drawing room recently, "and I don't know why you should write about me now. I've done my work the best I know how

Asked about the servant problem of

to-day, she said: "I think the mistresses themselves are a good deal to blame. You see, upon the people. The Sojaji temple, most young ladies are brought up nowadays without knowing anything about housekeeping. Their mothers want them to have pretty hands and the like and even good servants can't work well under such ladies. They don't

know how to manage. "Then there are so many girls to day who would rather work in stores and factories than in homes. They want to dress fine and they think they can be freer than when they hire out interest in the people you serve it is

"And if you're faithful you won't come to want in old age," she added, with an air of great contentment.

# 22222222222 HE KNEW HOW TO TEACH.

James M. Greenwood, superintendent sas. The principal of a private normal He is the one quiet figure upon school in that vicinity had heard much The skill and celerity with which wood was living and inquired for the

came in sight he found the boy plowing with a mule and a cow.

The mule was balky and more devoted to kicking than to helping the the development of the campaign.
They have not ceased to discuss the details of the Constitutional commander's watched the process. After various attempts to make the animal do its duty. "The army is merely an instrument Greenwood took a rope, and making a of civil power," said General Schefket slip-knot in one end, placed it round the lower jaw of the mule, and tied the other end of the rope to the fetnational assembly. The army is a fin- lock of that leg of the mule with which Then going back to the plow, he gave The general had an hour's talk with the usual signal for the team to start.

The mule, however, did not intend to obey the summons, and immediately began to kick. At once this became too serious an occupation. The slightest come in our progress toward free and motion of the hind leg pulled severely upon the lower jaw, and the kicking

stopped. Then Greenwood took off the rope, returned to the plow-handles, and repeated his command to go ahead. The of the Alaska-Yukon-Pacific exposition team started, and plowed straight onward without any further difficulty.

The schoolmaster could not well avoid the conclusion that a youth who lics will be shipped back to Washing- had the skill thus to conquer a refractory mule would succeed in managing schoolboys. He instroduced himself to Greenwood, talked with him about his arithmetic, and asked him if he would like to come to the normal school and study.

"What do you want to tantalize me for? You know I can't go." "You can't go? For what reason?"

"I can't afford it." "But suppose I should offer you board and tuition for teaching the younger scholars? If you will accept will make the bargain with you."

"If you mean it, I'll come." "When will you commence?" "Next Monday." So the youth left his plow and began his course in the normal school.

# Not Even the First Step

Mr. Morse having bought a new bicycle of the most improved pattern, presented his old one to Dennis Halloran, who did errands and odd jobs for the neighborhood. "You'll find the wheel useful when you're in a hurry, Dennis," he said.

The young Irishman was loud in his thanks, but regarded the wheel doubt-

"I mistrust 'twill be a long while befoor I can ride it." he said. "Why, have you ever tried?" asked Mr. Morse.

"I have," said Dennis gloomily. " "I have," said Dennis gloomily. "A stone's throw of an open well. # Save the Babies.

T NFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twentytwo per cent,, or nearly one-quarter, die before they reach one year; thirtyseven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.

# Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. A. F. Peeler, of St. Louis, Mo., says: "I have prescribed your Castoria in many cases and have always found it an efficient and speedy remedy." Dr. E. Down, of Philadelphia, Pa., says: "I have prescribed your Castoria in my practice for many years with great satisfaction to myself and benefit to my patients."

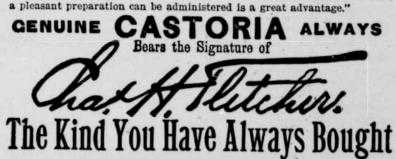

Dr. Edward Parrish, of Brooklyn, N. Y., says: "I have used your Castoria in my own household with good results, and have advised several patients to use it for its mild laxative effect and freedom from harm."

Dr. J. B. Elliott, of New York City, says: "Having during the past six years prescribed your Castoria for infantile stomach disorders, I most heartily commend its use. The formula contains nothing deleterious to the most delicate of children."

Dr. C. G. Sprague, of Omaha, Neb., says: "Your Castoria is an ideal medicine for children, and I frequently prescribe it. While I do not advocate the indiscriminate use of proprietary medicines, yet Castoria is an exception for conditions which arise in the care of children." Dr. J. A. Parker, of Kansas City, Mo., says: "Your Castoria holds the

esteem of the medical profession in a manner held by no other proprietary preparation. It is a sure and reliable medicine for infants and children. In fact, it is the universal household remedy for infantile ailments." Dr. H. F. Merrill, of Augusta, Me., says: "Castoria is one of the very finest and most remarkable remedies for infants and children. In my opinion your Castoria has saved thousands from an early grave. I can furnish hundreds of testimonials from this locality as to its efficiency and merits."

Dr. Norman M. Geer, of Cleveland, Onio, says: "During the last twelve years I have frequently recommended your Castoria as one of the best preparations of the kind, being safe in the hands of parents and very effective in relieving children's disorders, while the ease with which such
