**Quakers in Klickitat.**  
Samuel Hill, son-in-law of the railroad magnate James J. Hill, and one of the principal owners of the North Bank road, has purchased 6,000 acres of land near Columbus, in Klickitat county, and will locate a Quaker colony on it. The name of the town is Maryhill, which has family associations, and Mr. Hill has already changed the name of the railroad station at Columbus to Maryhill. Everything is to be established along model lines. Although no dreamer, Mr. Hill believes that perfection is possible. He has done more for the cause of good roads in Washington than any other one man.—Dufur Dispatch.

Bonville's Monthly Magazine invite you to spend the evening at Stroup's Hall, in company with their representatives, Messrs. McHenry and Partlow, in a free stereoscopic entertainment, in an original way of boosting Oregon. They especially invite the Commercial Club and Fruit Growers to be present, as they are here gathering data for an advertising trip throughout the East in a Boosting Oregon Campaign. They will accept any views that you may have to offer them, to be made into slides free of charge, to advertise Mosier and her Fruit, along with the other sections of the country.

If you will raise 200 subscribers in the vicinity to Bonville's Monthly Magazine, it will entitle you to two full pages of reading matter in next month's issue.

Come out and help Mosier advertise her fruit in this campaign, free of charge.

William Baker returned last Monday from Penleton, where he has been working for a couple of months. He will put in the rest of the summer on his ranch endeavoring to make it sufficiently attractive to induce some nice young lady who is looking for a "good home and a kind, loving and good looking" husband, to accept a position as permanent cook in his establishment.

The railroad game that is now being played in Deschutes canyon appears to be three-cornered, tho it is stated by some wise ones that Porter Bros., who are making preparations to do extensive work, and are certainly spending a "right smart" of money, are spending the money, and will build the road, for Hill. Both Harriman and Porter Brothers—or Hill, for short, have several large crews of men at work, contracts have been let and sub-let, and the indications are that both parties intend to begin active and actual railroad construction. A similar move, tho not so extensive, was made by both parties before, but it proved to be only a bluff. Both parties in this railroad squabble may be bluffing now, but it looks as if each bluff would be called. In this event, one of two things would happen. Either one of the parties at interest would have to give way to the other, or they would both hang on, get injunctions, etc., kill time while playing for it, and Eastern and Central Oregon will still be without a railroad.

Oregon fir is becoming a favorite wood for car builders, says A. B. Wastell, secretary of the Oregon and Washington Lumber Manufacturers' Association, who has just returned from the East. Not only is it used for sills and heavy timbers in building passenger equipment but for siding and finishing as well. As a result of Mr. Wastell's visit, the Oregon wood will be more extensively used for this purpose in future.

An Indian went into a store at a remote village and after paying up his account asked for a receipt. The dealer told him there was no need of a receipt. "Me want receipt," said the Indian. "Indian go to heaven and will have to show he pay his debts." The merchant tried to enlighten the Indian on the hereafter and folly of carrying a receipt to the good place, and the red man replied: "Me want receipt. When me get to heaven me have no time to look all o.e. he'll for you." He got the receipt. Ex.

**Married at The Dalles.**

Last Saturday, at The Dalles, Miss Gertrude Davenport and Mr. Ray Sturgess were united in marriage. The ceremony was performed by the Rev. D. V. Poling at the residence of the bride's sister, Mrs. Frank Gunning.

Both the bride and groom are residents of Mosier and are deservedly popular among a large circle of friends.

The happy couple passed thru town on Sunday's local to Portland without saying "howdy" to their many friends, or giving them a chance to congratulate them or "shy" at them the customary old shoes and rice. All the same the BULLETIN wishes them long life, health and happiness.

Mr. and Mrs. Sturgess will reside in Portland, where Ray has a position in the Davenport Bros. Commission House.

H. T. Cummins, of Lents, Oregon, was in town last Friday and went out to see a 20-acre tract of fruit land which he purchased last year but had never seen. The land is a part of the Abbott tract and Mr. Cummins seemed well pleased with it. The fame of Mosier District as a fruit country is becoming so wide-spread that people at a distance, like Mr. Cummins, buy it "sight unseen," knowing that it is good as well as cheap. Several tracts here have been bought in this way and always to the satisfaction of the purchaser.
