Business locals will be charged at 5 cents per line for each insertion.

Local advertisements will in all cases be charged to the party ordering them, at legal rates, and paid for before advertising is furnished.

Prune Packing Begins. The packing house of the Mosier Fruit Growers' Association presented a busy sight yesterday morning, when the prune season opened.

The floor space not occupied by the tables was piled high with empty new crates and three or four men were kept busy supplying the packers with them and carrying the full crates to a table where two men are kept busy nailing up the boxes ready to be stamped for shipment.

Most of the packers are old hands at the business, having worked every season for several years. Only a few are inexperienced. However, they "catch on" to the trick very quickly and it is interesting to watch the nimble fingers at work.

The prune packing season will last about three weeks. It was at first thought that the season would be short, but the crop is much better than was anticipated and nearly full time will be put in.

FREAK CHERRY TREE.

We knew that Mosier's soil and climate would produce to perfection anything that grows in the temperate zone; we have also heard of various and peculiar freaks of nature; but in the horticultural line the climax is capped by a cherry tree owned by George Carroll.

The cherries, some of which Mr. Carroll brought into our office, are above the average Duke cherry in size and quite firm.

Roy C. Brock, of Hood River, was in town last Tuesday, trying to buy Mosier's prune crop. We understand that the price offered was not satisfactory to the grow-

ers and they will probably ship a consignment. By doing this they will no doubt realize as much or more than has so far been offered. It is said that the prune crop in Idaho is almost a total failure and that California will yield only half a crop this year.

Indiana Judge Here.

Judge John C. Richter, of La Porte, Ind., was in the city yesterday, dropping off, on his way to Portland, to see a relative, whom he hoped to find in town.

Mr. Richter is judge of the circuit court of La Porte county, Ind. He is making a tour of the Northwest and expressed himself as greatly pleased with the country. While in town he made the BULLETIN office a pleasant call, and incidentally showed us a relic of the famous Guinness murder mystery which was the sensation of two continents so long.

After a pleasant ride into the country around Mosier, the judge boarded the afternoon train for Portland.

CONFIDENCE.

If we had no confidence in the natural resources and the early growth and development of this community; if we did not believe in the business men of this town and the enterprises of this section enough to boost for them, we would buy an excursion ticket to some place that looks better, and sell the return coupon.

Aside from natural resources, this town and community will be just what we make them, and no one should allow himself to put a single obstacle in the way of the success of any one else; rather should he do everything he can consistently to promote the prosperity of his neighbors—first, because it is right that he should do so, and second, because his own prosperity and success are intimately bound up with theirs.

The MOSIER VALLEY BANK is here to help you make a success and to share in the prosperity which is sure to come to the Mosier district.

The officers of the Mosier Valley Bank have been assured that they will get their fixtures within a few days. A new floor will be laid in the bank next week, so there will be no delay in installing the fixtures when they arrive.
