

Colds on the Chest

Ask your doctor the medical name for a cold on the chest. He will say, "Bronchitis." Ask him if it is ever serious. Lastly, ask him if he prescribes Ayer's Cherry Pectoral for this disease. Keep in close touch with your family physician.

When you tell your doctor about the bad taste in your mouth, loss of appetite for breakfast, and frequent headaches, and when he sees your coated tongue, he will say, "You are bilious." Ayer's Pills work well in such cases.

There were three at the little table in the cafe, a lady and two men. Suddenly the electric lights went out, and the lady, quickly and noiselessly, drew back.

An instant later there was the smack of a compound kiss. As the electric lights went up each man was seen smiling complacently.

"I thought I heard a kiss," said the lady, "but nobody kissed me."

Then the men suddenly glared at each other and flushed and looked painfully sheepish.—Cleveland Plain Dealer.

British and American physicians and students of tuberculosis are much interested in the claim authoritatively made in London concerning the success of a new treatment for tuberculosis discovered by William Doig, a layman. The nature of the treatment is a poultice containing active and active ingredients to be placed on the body near the affected membrane or bone. In about a week an ulcer is formed, connected by what is called a ray of inflammation with the diseased organ. This forms a duct through which the pus is drawn out. The ulcer needs to be carefully dressed twice a day with a certain salve. The cure of the diseased lungs is said to be effected in from four to six months.

HURRICANE ON GULF

Fierce Storm Does Great Damage in Florida and Cuba.

LOSS MAY REACH TO \$2,000,000

Hundreds of Homes Wrecked—Local Troops in Charge and Martial Declared at Key West.

Key West, Fla., Oct. 12.—As a result of the hurricane which struck the southern coast of Florida today, Key West is a mass of wreckage, and the damage to property is estimated at \$2,000,000.

Martial law was proclaimed, and the Key West guards took charge of the city.

The United States government has been asked to dispatch troops here without delay.

Chaos reigned on every hand, and few people remained in their homes. Hundreds of houses were totally wrecked, and others damaged.

While the hurricane is the worst that Key West has ever experienced, the local weather observer said tonight that the indications are that the entire east coast of Florida would suffer.

One hundred vessels were in the harbor, but five remained at anchor, the others having either gone to sea or been washed upon the beach. Streets along the waterfront are a mass of wreckage.

Brick, as well as frame buildings throughout the city suffered from the hurricane, and many escapes from death have been reported.

Several factories were partly destroyed, including the Havana-American, Martinez, Nichols, Roy Lopez, Manuel Lopez, Floritas Torrey, Cortez and Wolf cigar factories. The top of the First National bank was blown off and the postoffice is damaged.

It is known that many have suffered serious injury, and unconfirmed reports say that several lives have been lost.

The storm reached its height at 1 o'clock today, when the wind had an estimated velocity of 100 miles an hour. This was a hard, steady blow from S. A. M. to 3 P. M., when the gale began to abate, and by 4 o'clock the center of the hurricane had passed this point.

As soon as the wind had subsided plundering began. The city police force was unable to cope with the situation, and the mayor decided to take stringent measures to suppress looting. His proclamation of martial law resulting. Almost every nationality is represented, one-half of whom are employed in cigar manufacture, fisheries and salvage companies.

CUBAN FRUIT CROP SUFFERS.

Damage in Vicinity of Havana Estimated at \$1,000,000.

Havana, Oct. 12.—The most serious tornado since the big blow of October 17, 1906, struck Cuba early today, devastating the western portion of the island. In Havana many minor buildings were blown down or unroofed, five persons were killed and about 25 were injured.

The greatest damage done was in the harbor, where forty or fifty lighters, many launches and small tugs were either sunk or blown ashore.

At Sosa Blanca great anxiety was felt throughout the day for the safety of the Ward liner Morro Castle, from New York, and of the Plant line steamer Miami, from Key West.

Both of these vessels, however, arrived safely at 5:30 this afternoon.

The total damage in Havana and vicinity is estimated at \$1,000,000.

Communication with the interior has been interrupted, except with parts of Havana and Pinar del Rio provinces, in which orange and other fruit crops suffered severely.

There were heavy floods at Vuelta Abajo, the tobacco region, but the tobacco crop has not been seriously affected beyond the washing out of the seed beds, which at this season of the year may be renewed.

Japan American Jobs.

Schenectady, N. Y., Oct. 12.—At a dinner given by the General Electric company tonight, the honorary commercial commissioners of Japan, who had passed the day inspecting the largest electrical manufacturing plant in the world, were entertained by the Jest & Sons club with a minstrel show. The endmen, who were Japanese blackened and disguised, twisted several American jokes into Oriental settings and sprung them in their native tongue. Blank surprise on the faces of the guests gave way to hearty laughter. Even the white men joined in.

Colorado Picking Apples.

Canon City, Colo., Oct. 12.—Upon appeal to the Merchants' association, every available hand is working to save the \$1,000,000 apple crop, which is threatened with frost. Banks and offices are closed, together with all schools above the fourth grade, including two high schools. The postoffice has contributed part of its force, and section men are also working in the orchards. Trustees from the state penitentiary and from the prison farms are among the pickers. Tonight the mercury is at freezing, but clouds promise relief from serious danger.

Packers to Pay Big Fine.

Leavenworth, Kan., Oct. 12.—The case against the Cudahy Packing company for violation of the internal revenue laws by failing to place stamps of proper denomination on packages of oleomargarine came to an end here today by a compromise, when the packing company was fined \$5000 and agreed to pay back stamp tax of \$85,777.50 and special tax of \$10,000 for agencies, making the total of \$97,777.50 to be paid by the packing company to the government.

Fire Nips \$1,000,000 Home.

Narragansett Pier, R. I., Oct. 12.—"Conochet," the home of ex-Governor William Sprague, one of the most beautiful estates in Rhode Island, was destroyed by fire early today, with all its contents. The total loss is estimated at \$1,000,000, with no insurance.

CHINA BEGINS BOYCOTT.

Insulting Aggression of Japan is Given as Reason.

Tokio, Oct. 12.—Copies of circulars issued in North China by a body of Chinese calling itself the Popular Association of the Three Eastern Provinces have been received in Japan after having been spread broadcast among Chinese of the lower classes. The circulars contain inflammatory statements against the Japanese. They bear upon what is called the "weakness of poor China" and the "insulting aggression of Japan."

Assertions are made that Japan has devastated the arable lands of North China and has enslaved laborers along the line of the Antung-Mukden railroad, that Japanese officials have beaten the men, insulted the women and terrorized the people.

The circulars point out that the weakness of China in a military sense makes it impossible for her to resent this treatment, except by a boycott, and call upon the people of China generally to refuse all dealings with the Japanese. All students and persons who value freedom are called upon to propagate the doctrine and join in adopting the programme of the association. Failing in this, they are threatened with violence and even death.

The document concludes with the request that Chinese vehicles, vessels and railroads refuse to carry Japanese goods. An endless chain is sought on the request that patriotic citizens into whose hands the circulars may fall shall have them reprinted and scattered broadcast, until Japan is completely shut out from all commercial communication with China.

These circulars have created something of a sensation in Japan. Effort is being made to prevent the spreading of their contents among Japanese of the ignorant class because the danger of arousing feeling at this time is recognized.

Meanwhile there is reason to believe that Japan has called, or will immediately call the attention of the Chinese authorities to the boycott propaganda, demanding that the circulars be outlawed as illegal documents, and that the Popular Association of the Three Eastern Provinces be brought under discipline.

The exact method by which China is able to control her people in this way is not known, but it is believed here that the government of China can suppress promptly any boycott movement. All merchants of standing in China have official rank and can be disciplined.

BOTTEN WITH GRIFT.

Chicago, Ill., Oct. 12.—Appalling conditions brought to light today by the report of Inspector McGinn of vice conditions on the West Side, the immediate formation of Jewish crusaders to drive their people out of the pandering business, the organization of reformers, state, national and international, to check, if possible, the infamous "white slave" traffic, all expose the shameful fact that two men who have grown enormously rich in criminal business still hold important municipal positions here and continue to have a prominent voice in making the city laws.

The drastic order issued last night by Chief of Police Stewart to all members of the department to stamp out vice, exposed the frightful conditions in the first ward, the very heart of the city, where two politicians who hold office in the city council are collecting annually more than \$117,000, every penny of which is spotted with blood and crime. These two men and their army of "specialists" have the great red light district on the South Side absolutely under control.

From the dives, the shady hotels, the saloons and the gambling of the South Side territory, extending to and embracing the Twenty-second street "red light" levee, two powerful business men of the district are pocketing a golden stream of graft.

These two men and their army of corruption has obtained. It puts the West Side ring of tribute collectors that was routed by State's Attorney Wayman, through the conviction of Police Inspector McGinn to shame. An army of lieutenants has been marshaled together to see to it that no blood-stained penny ever escapes the coffers of the master-soldiers of the night. They are constantly on guard. No break in faith ever severs the masters from the victims. There are never any knife-in-the-back tactics that result in scandals.

Cholera Threatens Seoul.

Seoul, Oct. 12.—Cholera threatens to become a serious epidemic here. The authorities are taking every precaution, but Seoul is not a sanitary city, and the disease has spread rapidly. The palace of the ex-emperor has been invaded and the home of the resident-general has not been immune. The schools are closed regularly for fumigation. For a year the sanitary authorities appointed by the Japanese resident-general have been cleaning up the city, but only those who have gone into the alleys and byways of Seoul can know of the uncleanliness here.

Polar Bears to Draw Sledges.

Hamburg, Oct. 12.—Captain Roald Amundsen, the explorer, who is about to start on a polar expedition, has decided to try a remarkable innovation in the use of draught animals for polar travel. He will endeavor to make polar bears draw his sledges. Some time ago Captain Amundsen made a contract with Carl Hagenback, the famous animal trainer, for 20 ice bears, 3 years old. Hagenback's men have been industriously at work for a month training the bears, and the results obtained are said to promise success in polar work.

Bold Thug Gets Thousands.

Seattle, Wash., Oct. 12.—Binding and gagging both the chief night clerk and his assistant and carrying them to an obscure part of the building, a lone highwayman early today robbed the office of the Great Northern Express company, at the King street station, in the heart of the city, and carried off sacks of gold, silver and a large amount of paper money, which, it is believed, will amount to thousands of dollars.

Fifty Thousand Disciples Attend.

Pittsburg, Oct. 12.—What is asserted to be the largest religious celebration and convention ever held in this country will begin here tomorrow, when the international centennial celebration and convention of the Disciples of Christ (Christian denomination) convenes. It is estimated that fully 50,000 delegates and visitors from all parts of the world will be in attendance.

Had Time to Spare.

Joaquin Miller was once overtaken by a countryman who gave him a long ride. Tired, at length, of the conversation, the poet took a novel from his pocket. "What are you reading?" said the countryman. "A novel of Bret Harte's," said Mr. Miller. "Well, now, I don't see how an immortal being wants to be wasting his time with such stuff." "Are you quite sure," said the poet, "that I am an immortal being?" "Of course, you are." "If that is the case," responded Miller, "I don't see why I need to be so economical of my time."—Boston Herald.

FAMILY COUGH SYRUP

Cures Any Cough in Five Hours.

NEW PRESCRIPTION HERE.

Here is given the most effective cough prescription known to the medical world. It is a mild laxative, too, and this is what a body needs when suffering with cough and cold on the lungs. A cough or cold indicates poisons in the system, causing inflammation and congestion. Nearly all coughs arise here, but make the trouble worse by their constricting effects. This prescription not only relieves, but makes the trouble worse that is curable. Get one-half ounce fluid with cherry bark, one ounce compound essence cardiol and three ounces syrup white pine compound. Mix in a bottle. Take for acute cough or bronchitis twenty drops every half hour for four hours. Then one-half to one teaspoonful three or four times daily. Give children less according to age. A few hours' treatment will cure and heal the throat and lungs of all but consumptive. Cut this out and give it to some friend who may need it to be saved from an early death by consumption.

Merely Postponed.

Mrs. Hewlins (having freed her mind)—Why don't you answer me, if you can?

Mr. Hewlins (helping himself to more meat)—It's unwholesome to quarrel while eating dinner, madam. I'll have good and plenty to say to you after a while.
