Write it 1910 tomorrow.

Got that long list of New Year Resolutions made up yet?

How nice it will be to walk on bare ground again.

A happy and prosperous New Year to each and every one of our readers.

J. K. McGregor and wife have been spending the past fortnight in Portland.

Geo. Sturgess came up from Portland last Friday and spent Christmas with his parents.

Miss Nellie Hill, of Portland, is spending the week with her friend, Miss Maude Bateham.

Verl Masten returned Tuesday from a week's visit with relatives in Portland.

W. E. Chown moved this week into D. W. Hudson's house on the Heights, which has just been completed.

Resolved—that we've had all the snow and ice we want for awhile, thank you.

H. P. Stephenson, of Condon, was in Mosier this week looking after his property interests.

Attorney S. Stark and family, of Hood River, spent Christmas here with Mr. Stark's parents.

We will venture a guess that the various committees are thankful that next Christmas comes the last of next year!

G. N. Mosier returned the first of the week from Portland, where he spent Christmas with his family.

Miss Jennie Booth is spending the week at home with her mother. She will return Sunday to Celilo, where she is teaching school.

Miss Anna Godbersen, who is teaching school at Monmouth, came home last week to spend the holidays with relatives.

Mr. and Mrs. C. J. Smith, of Portland, spent Christmas with their daughter, Mrs. E. Cole, returning home on Sunday.

It is reported that the Mosier estate, lying east of and adjoining town, was sold this week to W. H. Wilson, an attorney at The Dalles.

Mrs. Anna H. McLane arrived in town on Monday from Portland. She has accepted a position as night operator at the station.

C. R. Greisen, assistant editor of Better Fruit, was up from Hood River on Monday attending the fruit growers' meeting. Before leaving he made the Bulletin office a very pleasant call.

Mr. Collis, representing the Hardie Manufacturing Co., of Portland, was in Mosier last Monday and, in company with B. E. Duncan and Clarence Gilbert of Hood River, attended the fruit growers' meeting.

The Baptist Church was crowded to the doors on Christmas Eve by residents of Mosier and the country round about who flocked in to the Christmas tree. An interesting program was rendered, after which the presents were distributed. The evening was most enjoyably spent by young and old.

WANTED:

From 50 to 300 acres of raw or partly improved fruit land within 6 miles of Mosier. Owners only. Address, L. C. C., Bulletin office.

OUR EXPERIENCE — Is worth — MONEY TO YOU

B. E. DUNCAN & CO.
ORCHARD LANDS

Davidson Building, : : Hood River, Ore.

B. E. Fraedrick came in from the construction camps on the DesChutes River and spent two or three days with his family, leaving Monday for The Dalles, where he will receive treatment for his right arm, which was broken several weeks ago by a rock from a blast. We understand the injury is causing Mr. Fraedrick trouble and that an operation will be necessary to relieve him.

Death of Miss Jones.

Mary E. Jones, who for over a year was a resident of Mosier, died at the home of her cousin, Mrs. John D. Richards, at Jackson, Ohio, on December 13, 1909.

Deceased came to Oregon for her health and she seemed for a little time to recuperate; but later on she gradually grew worse and finally, before winter came on, decided to go back to her old home in Ohio. She lived only five weeks after returning home. While here she made many friends by her gentle manner and kind disposition, who will regret to learn of her death.

Owing to a combination of circumstances, a discouragingly small audience greeted Eugene Knox, the well-known impersonator, at Stroup's Hall, last Tuesday night. Those present, however, were treated to an exhibition of "high art" in elocution and Mr. Knox's impersonations were remarkably true to life. His great versatility, ranging from grave to gay, from the sublime to the ridiculous, swayed his audience from the verge of tears to almost hysteria. Mr. Knox is an entertainer of a high order and those who failed to hear him missed a great treat.

Vote a 3 Mill Tax.

At a meeting of the taxpayers of Road District No. 9, held last Monday afternoon in Lamb's Hall, it was voted to levy a special three-mill tax for road purposes. This will give, approximately, \$900 to apply to the roads in the district which, while insufficient, even in conjunction with the general road fund, to keep all the roads in first class condition, will go a long way in repairing the worst places in them. Of course much more money could be spent on the highways in the district and still we might not have good roads; but with the apportionment from the state and county and the money which the special three mill tax will raise, if expended judiciously, will be of great benefit.

Good Creed for New Year.

Here is a good creed, in the form of a few resolutions, which every Mosierite should carry in mind or his hat, or stick up in his office, store or home; study well and then try to live up to during the coming year:

RESOLVED:—That we will boost for our town and district. That we will cease to knock each other or anything that may be attempted for the good of the community.

That we will help, as far as possible, all public enterprises. That we will support and patronize home industry—which includes subscribing for and advertising in, our home paper.

And last, but not least, that we will strive to be better citizens, better friends and better neighbors this coming year than we have been during the year that is dead.

The O. R. & N. Co. has notified the Mosier Commercial Club that it is getting out 10,000 three card folders containing brief but

interesting facts about Mosier. One of the cards is to be used as a return postal card, directed to the secretary of the commercial club and asking for further information, which will be sent upon the inquirer sending to the secretary the names of two of his friends who are, or might become, interested in this locality. By this means an endless chain of inquiries about Mosier will soon be pouring in. These cards are furnished gratis by the company, being a special feature of their own devising, and in thus sending them out they are proving their willingness to help along the interests of those who try to help themselves.

The 10,000 will probably reach here next week and it is expected that every one, young and old, will get a supply of them and send one in every letter that is written and sent away—north, south, east or west. The Mosier Booklet will follow these cards closely and will be ready to send out in answer to inquiries made on the return cards.

CHURCH DIRECTORY.

METHODIST EPISCOPAL.
Services first Sunday in each month, 11:30 a. m. and 8 p. m.

LADIES' AID SOCIETY
Second and fourth Wednesdays of each month.

OUR PORTLAND LETTER.

Portland, Or., Dec. 28. (Special)—Much work on the rivers and harbors of the Pacific Northwest will be accomplished during the coming year, provided the recommendations of Major McIndoe, corps of United States Engineers, in charge of this district, are followed. Major McIndoe has just made his annual report to the Secretary of War and urges the expenditure of \$3,042,500 in river and harbor improvements in this district for the fiscal year ending June 30, 1911.

The largest appropriation recommended is \$1,560,000 for continuing the improvement at

the mouth of the Columbia river. The sum of \$1,000,000 is urged for work in the same stream between The Dalles rapids and Celilo Falls. The remainder of the desired appropriation is divided between the different coast harbors and work on the Columbia, Willamette, Snake and other rivers, including the Cowlitz, Grays and Lewis rivers in Washington.

According to the report, operations during the past year consisted largely in dredging shoal places between Portland and Astoria in the Willamette and Columbia rivers and in extending the Columbia jetty, besides some work at Coquille and Tillamook and dredging in the Upper Willamette and Upper Columbia. If Major McIndoe's recommendations are carried out, they will mean much permanent work of great value to the whole Pacific Northwest.

Portland takes fourth place among cities of the United States in wheat exports for the eleven months of the current year ending with November. This is according to the report of the Secretary on breadstuffs exported from this country. Puget Sound comes next after Portland. New York is first, Philadelphia second and Duluth third. Last year Portland ranked second in the country in wheat shipments. The figures just compiled of wheat exports do not include large shipments of wheat from Portland to California. This tonnage is very heavy each year.

The fine new steamship, Bear, for the run between Portland and San Francisco, will start west from Newport News, Virginia, January 9 and her sister ship, the Beaver, will come soon after. Both will go into commission at once upon arrival. These boats are the new Harriman liners, built for the Coast route and are the finest ever in commission between here and the south.

There are temperance laws that are effective. Norway, for example, has in a few years been changed from a nation of drunkards to a nation of sober people by a single law. Under it a drunken man is imprisoned until sober. He is then cleaned up. If his clothing is torn it is mended or he is furnished with new clothing. He is then required to tell where he got his last drink and is kept in prison until he does tell. The person who sold that drink is then required to pay all expenses of incarceration together with all damages done by the drunken man. The saloon is primarily liable, but the claim is also a lien upon the building in which the saloon is located. It cannot be evaded. Consequently no one will sell liquor to a drunken man; or one who is approaching intoxication.—EX.

Notice for Publication
[Publisher.]
Department of the Interior.
U. S. Land Office at The Dalles, Oregon December 10th, 1909.

Notice is hereby given that Charles E. Hawver, whose post office address is Salt Lake City, Utah, did, on the 5th day of March, 1909, file in this office Sworn Statement and Application, No. 04597, to purchase the SW 1/4NE 1-4, NW 1/4SE 1-4, E 1/2SW 1-4, Sec. 12, Tp. 1 N., R. 11 E. W. M., and the timber thereon, under the provisions of the act of June 3, 1878, and acts amendatory, known as the "Timber and Stone Law," at such value as might be fixed by appraisal, and that, pursuant to such application, the land and timber thereon have been appraised, the timber estimated 259,000 board feet at 75 cts per M, and the land \$205.75; that said applicant will offer final proof in support of his application, and sworn statement on the 2nd day of March, 1910, before the Register and Receiver of the United States Land Office, at The Dalles, Oregon.

Any person is at liberty to protest this purchase before entry, or initiate a contest at any time before patent issues, by filing a corroborated affidavit in this office, alleging facts which would defeat the entry.
