High Grade Pianos. Cash or easy terms. Paul Hubbard's Music House. Hood River.

J. M. Elliott is "rusticating" in Portland this week.

Mrs. W. A. Stark came home last Tuesday from a visit with her sons at Hood River.

Price Hunter came up from from Alsea last Monday night on a business trip, returning home on Wednesday.

Water pipes in various parts of town have been frozen this week, causing considerable annoyance.

Rev. Mr. Husbands, of McMinnville, held services in the Christian Church last Thursday and Friday evenings.

A. P. Bateham returned yesterday from Portland, where he attended to business matters for several days.

C. A. McCargar and family returned home on Tuesday from Portland, where they spent several weeks visiting friends.

The Grange will hold an all day session of their body on the first Saturday in February, at which subjects of interest will be discussed. A full attendance of the members is desired.

Most of the band instruments have arrived and the boys are hard at work, practicing together once a week and in the meantime "tooting their horns" in season and out. It's astonishing how many "blow-hards" there are in this town. However, they will soon be able to restore order out of chaos, and Mosier will then be proud of her musical talent.

Board of Directors Chosen

The following board of directors of the Mosier Valley Telephone Co. was chosen at the annual meeting and election, held last Tuesday: David Robinson, C. T. Bennett, Geo. Chamberlain, Elmer Root, J. N. Mosier. This board will hold a meeting soon to elect its officers for the ensuing year.

Broken Arm Improving.

E. E. Fraedricks was a pleasant caller at our office this week. He recently moved his family into town from the ranch and they are occupying Wm. Johnson's newly completed residence.

It will be remembered that Mr. Fraedricks was injured several weeks ago by a blast of rock, which broke his arm above the elbow. The accident occurred while Mr. Fraedricks was working on the Hill road in the Deschutes canyon. The blast was let off by workmen on the Harman line across the river who, it is claimed, did not give proper warning that the explosion was due.

The operation which was necessary to fasten the bones so they would knit properly, was a difficult one, but the arm is progressing nicely toward recovery. Mr. Fraedricks will remain at home until his arm is well enough for him to report for duty.

Joint Installations.

The local lodges of Modern Woodmen and Royal Neighbors held a joint installation in Lamb's Hall, last Monday night. The Woodmen officers installed were: Counsel, E. Evans; Advisor, Elmer Root; Banker, J. N. Mosier; Clerk, John Wellberg; Escort, Lee Evans; Watchman, Leslie Root; Sentry, Ira Evans; Manager for three years, Orié Hodge. Officers installed for Royal Neighbors: Oracle, Mrs. A. Root; Vice-Oracle, Mrs. Rachel Stewart; Chancellor, Mrs. Myra Wellberg; Recorder, Mrs. Edna Ev-

The Redmond Commercial Club, just organized at Redmond, Ore., is one of the latest members of the Oregon Development League, it having applied for and been admitted to fellowship in the big family of Oregon's most progressive communities. There are now 102 duly accredited members of the Oregon Development League.

Oregon ranks seventh among all the states in railroad building during 1909. These figures are compiled by the leading railroad publications of the country and show that the Beaver State added 134 miles to its railroads during the year just closed. The Pacific Northwest is declared to be the great goal of competitive railroad building in the United States. The struggle of the railroads to enter Central Oregon is detailed and development in the Willamette Valley and in the Oregon Coast country is recorded. This is a far better showing for the past year than was made in 1908, when 79 miles of new railway was built in this state.

A general revision of rates on the North Bank road that is favorable to the shippers of the Northwest has been announced and will go into effect February 1. The new rates will apply between points on the road in Washington and between all stations and Portland. New and more favorable rates will be made on packing house products and fresh meats in carloads. These concessions by the Hill line will add to the business of Portland livestock packing plants and increase the prestige of Portland as a packing house center.

Confidence in Oregon's future is shown by Eastern investors every little while and an instance has just been recorded in the negotiations preliminary to the taking over of the Portland Gas Company by the Electric Share & Bond Company, of New York, at a cost of about \$4,000,000.
