OUR PORTLAND LETTER.

Portland, Or., Jan. 18. (Special) A big convention of the coming year for Portland is that of the Ancient Order of Hibernians. The annual gathering of the national body will be held here July 19-24 and it is thought the greatest meeting in the history of the order in America will occur at that time.

Wool growers of the country will gather in Portland in 1911, bringing to this city a convention representative of a great industry. Delegates to the recent convention of the wool men at Ogden from the Pacific Northwest were a unit for Portland as the next meeting place and they captured the gathering without much serious opposition.

Grocers of the state will gather at Eugene January 26 and 27 for the annual convention of the Oregon Retail Grocers' Association. There is a splendid program of deep interest to the dealers in foodstuffs and the attendance is expected to be the largest in the history of the state association.

Portland is entertaining today what is said to be the biggest excursion party ever organized in the Northwest and which includes 225 residents of Spokane, the Coeur d'Alene country, Walla Walla and the Palouse country and of the Canada provinces of Alberta and Saskatchewan.

An example of the big money in hog raising was given here during the past week when a single porker, weighing 680 pounds, brought \$61.20. This is the highest price that a single hog ever brought at the stockyards.

Cool Bay seems to be in line for some real railroad building and both the Hill and Harriman systems are reported to be showing interest in that section. It is said work is about to be resumed on the Southern Pacific line from Drain and the Northern Pacific is said to be negotiating for big coal holdings, which lie close to Marshfield.

BANK MONEY ORDERS.

One of the strongest and most effectual organizations in this country is the American Bankers' Association, the membership of which now comprises more than 11,000 banks in the United States.

Its relentless hunting down and prosecution of professional criminals during recent years makes a membership card in the Association one of the best safeguards a

bank can have.

Another important feature is the system of Bank Money Orders which has been perfected to answer the same purposes as Postal and Express Money Orders.

One of the first acts of the MOSIER VALLEY BANK was to become a member of this Association, thus securing for its customers the benefit of its protective features. We are now arranging to issue the Association form of Money Order and will be glad to explain its advantages over the Postal and Express Money orders for general use.

They are just as available in making remittances, cost less and afford better receipts for your money.

GRAND VIEW.

It has been suggested to have a coyote drive. All in favor of it report to the Bulletin office. Time and place to be decided later.

Ed Dunsmore, C. J. Littlepage and Arthur Kuhn are well supplied with gatlings, army guns and other new improved and deadly weapons and they think that a drive centering to the mouth of Hog Canyon would have some desired effects, and furthermore these gentlemen have good dogs and have had great experience in hunting coyotes.

The weather in Grand View the past few days has been very Springlike and C. J. Littlepage has started to dig his potatoes, the frost not having hurt them a particle.

Mr. Lee Evans, of Corbett, Ore., came up on Wednesday and is visiting his mother and invalid sister at Grand View.

Miss Irma Phillips left Tuesday for Portland, where she will visit friends and relatives for several weeks.

Mr. Stanley Eastman returned Saturday from a month's stay at Portland and Washington points.

Miss Agnes Phillips came up from the Metropolis last week and will make an extended stay with her father and mother.

Mr. Arthur Kuhn has had all kinds of experience in coaching his hens to lay and at last has succeeded in getting his reward when eggs are worth having.

Mrs. Arthur Kuhn will soon return from her three months' trip in Ohio, Iowa, Illinois and Wisconsin. In Champaign, Ill., Mr. Kuhn's birthplace, she visited their relatives.

Ed Dunsmore has trapped two wild cats and Frank Middle-swart has caught two.

Messrs. Norton and Vance Evans have returned to Corbett, Ore., their home, after a week's visit with their mother, Mrs. M. A. Evans.

Road District No. 10 voted a three mill tax for improving the state road. The real live property owners wanted a larger tax with the object in view of improving the road so that it would be possible to have a rural delivery; but as the fruit growers argued that it had been a bad year and they did not make any money, they could not stand any larger tax.

Grant Hinckle and Don Littlepage have been showing the Grand Viewites how to saw and split wood, handling 20 cords in three and a half days.

We were surprised to see what a good wielder of the lariat Mr. Arthur Kuhn is, deftly catching a 300 pound hog. When he learned who the owner was he sent it home with his dog.

An advertisement is to a business man very much what sowing seed is to the farmer. It may take a little time for the results to become apparent, but they are sure to come. The wise farmer is not niggardly with his seed nor the wise business man with his advertisement.
