School Closed.

Miss Theo Eullia Snyder, of Portland, closed her school at the Greenwood Schoolhouse, District No. 76, on Wednesday, January 26th, and the occasion will long be a bright spot on the pages of Greenwood school history.

The ladies of the district, to show their appreciation of the careful instruction the teacher so diligently and faithfully gave their children, provided a surprise for her by filling their bas-

kets to overflowing with delicious cakes and pies (not cakes smeared with the top of a jelly glass or pies filled with the apparition of fruit of last year, but real home like ones), and brought them to the school to feast with the teacher and pupils. All enjoyed the occasion to their fullest capacity.

After a reasonable time spent at games school was called and the pupils began preparing their lessons for recitation. As each learner recited his or her part the skillful work of the teacher became apparent, each pupil, from the primer to the eighth grade, showing the result of scholarly training. After the closing work of the classes followed speaking, which all present enjoyed. Then came the parting of teacher, friends and pupils, each giving the other their best wishes, sealing them with a fond good-bye, and school was closed. But each little girl and boy will silently commune with themselves, often repeating the last kind words of praise and encouragement their teacher gave them. Her precepts will, as they grow older, become their fondest joys, cheering them in times of sorrow and guiding them through the path of life; and just one maxim, please, let the writer add: Remember, live your lives in such a way as never to bring reproach upon the one who so patiently, so tenderly and so carefully guided you along the path of life you knew so little of, and may you all become useful men and women, of which your teacher, your state and your nation may feel proud.
