Dr. Robinson visited in Hood River a few hours on Tuesday. Gilbert Emilio and family left on Wednesday for their ranch at Dee.

H. F. Bothfur was a business visitor at The Dalles on Tuesday last.

W. H. Kerslake was a business visitor at the county seat Wednesday.

Geo. Haacke was a business visitor in Portland on Tuesday and Wednesday.

C. A. Frey went to Hood River last Tuesday night and took another butt at the K. P. Goat.

Ira Rowland was a visitor in town the first of the week, from his home on the Washington side.

A. P. Bateham and J. K. McGregor were business visitors in Portland the first of the week.

Mrs. Floyd Allington and her mother, Mrs. Rusher, are visiting at their old home in Kelso, Wash.

F. W. Wilson was down from The Dalles last Sunday and spent the day at his fruit ranch, south of town.

Ed Evans and son, Paul, left last Tuesday for their old home in Iowa, where they will spend the Summer.

Mrs. T. W. DeBussey, of Hood River, came up Tuesday and went out to the ranch, where Mr. DeBussey is having a residence built.

Mrs. W. A. Stark returned home last Sunday from Hood River, where she has been spending a few weeks with her son Charles.

Messrs. Burggraf and Vogt, J. M. Elliott and N. P. Sturgess went up to The Dalles Tuesday night to take in the minstrel show, returning on Wednesday.

Ed. Wood and family arrived from Portland Sunday evening to visit the former's parents, Mr. and Mrs. Geo. Wood. Ed. returned home on Tuesday. Mrs. Wood and children will spend the week here.

Visitors at the county seat last Wednesday from Mosier were W. H. Kerslake, Ed. F. Reeves and R. P. Boyce. The latter gentleman, while in The Dalles, filed on a timber claim a few miles south of town.

At the Baptist church in Mosier next Sunday, the morning subject of the Methodist Episcopal pastor will be, "Purity." The evening subject, "The Interdenominational Laymen's Missionary Movement."

The Mosier Lumber Co. is putting in a line of lumber, lath, shingles, moldings, sash and doors, also lime, plaster, cement and brick. Call and have a talk with me for anything in the building line.

There is great activity in the building line in Mosier this Spring. Guy Wilson has a contract to build eight or ten houses in town, and is now engaged on a nine room residence for J. E. Cole. Other buildings will go up as soon as lumber and workmen can be engaged.

Two brothers, named Dwight, one from Indiana and the other from Tennessee, were in town this week, looking over our Mosier apple land. They appeared to be highly pleased with the country. They left for Portland yesterday and stated they would be back in a few days, and would probably invest here.

M. H. Craft and wife arrived in Mosier last Tuesday for a visit with relatives. Mr. Craft sold his ranch near town last Fall and moved out to his place at Mount Hood. Mr. and Mrs. Craft have recently returned from an extended visit to their old home in Iowa, which they had not seen for 26 years. They think there is no place like Oregon. They will remain here a few days.

Burggraf & Vogt, the wide-awake real estate men, last week received their new Jackson-40 auto, which they will use in connection with their business. This is an innovation among the real estate men in Mosier, and will no doubt lead to others installing them, as by their use prospective customers can be "shown" the country with greater ease and less time than in any other way.

CHURCH OF CHRIST.—Services on March 13 were good. At the evening service two confessed Christ. Next Lord's Day morning the subject will be, "Be Ye Kindly Affectioned;" evening, "What Do You Think?" We want your presence at all of our services. That young people's class is alive and growing. So is our whole Bible school. Come and join us in the work. We have five teachers and classes graded for all.—H. Campbell Clark, Minister.

Two young married couples arrived from New York state this week and are working for the East Hood River Fruit Co.

Landlord John Wellberg has a force of carpenters busily at work on a twelve room addition to his hotel. When completed there will be nine additional bedrooms. The interior of the present building downstairs will be entirely changed, the dining room enlarged, a commodious office and smoking room provided, and the parlor will also be enlarged. The increase in transient custom has made this move necessary, and Mr. Wellberg will be better able to accommodate the traveling public.

It is about time Mosier was having another clearing up day. The one that was celebrated last summer by a general turning out of the citizens, accomplished great results, but it should be repeated oftener. Good weather is coming when many strangers will be here looking for locations, and we of Mosier should take a pride in the appearance of the town. The ladies of the Civic Improvement Club inaugurated the movement last year, and it is up to them, or the Commercial Club, or the citizens in general to get busy again and "put our house in order" for the coming of the stranger, as well as for our own good and benefit.

Will Lecture on Temperance.
Tomorrow night Rev. Mr. Warren, of The Dalles, will lecture in the Baptist church on the subject of "Temperance." Mr. Warren is an able speaker and his audience will be well entertained, as his subject is one which is creating more than usual interest this year.

Now Nichol & Reeves.
C. G. Nichol this week sold a half interest in his grocery store to Herman Reeves, of Portland. Mr. Reeves has had about seven years' experience in general merchandise and comes into the new firm with a thorough knowledge of the business. Messrs. Nichol & Reeves, with the assistance of J. E. Carpenter, have been busy this week taking invoice.

Sprayer Proves a Success.
The Hardie power sprayer, which was exhibited in the streets of Mosier last Saturday, gave complete satisfaction to the many orchardists who witnessed the demonstration, and two have already been purchased, one by the Carroll brothers and the other by Mr. Shogren. It is probable that two or three more will be installed in the district. These power sprayers will greatly decrease the cost of spraying orchards, paying for themselves in a very few seasons.

REAL ESTATE TRANSFERS.
