What's the matter with having "Teddy" visit Mosier when he comes West? It will only be necessary to ask him: "We note that the Commercial Club of Eugene has invited him over to tea", and we might rustle up a hand-out for him—hand out some Mosier apples. Good idea.

Miss Laura Metcalf, of Hood River, came up last Saturday and spent Sunday with the family of John Carroll. While here she took pictures of the homes of J. P. and J. M. Carroll, also a view of the Christian Church, with the members of the Loyal Berean society grouped in the foreground.

With a temperature of 88 in New York City, seven persons died this week. With Oregon's delightful climate, 86 is only "slightly warm", and when the mercury rose to 98 and 100 degrees, as it has on one or two occasions this summer, it was attended with very little discomfort. Come to Oregon.

It is wise to plan great things, to hope for great things; but it is far better to do little things as they come to you than to dream for the great things.—Ex.

A good deed is never lost. He who sows courtesy reaps friendship, and he who plants kindness gathers love. Pleasure bestowed upon a grateful mind was never sterile, but generally gratitude begets reward.—Ex.

Range war is likely at any time to break out in Montana, among the cattle and sheep men. The former claim that the sheep men are encroaching on their range. Several sheep herders, who had driven their flocks across the "dead line" were driven out and a number of sheep killed. Cattle men say the last warning has been given and the next offense will result in serious trouble.

Ladies Aid Meet
A most delightful day was spent by the members of the Ladies Aid Society last Wednesday, when Mrs. Dick Evans invited them to her beautiful country home for an all day session, several rigs from town going out filled with smiling faces, anticipating what a good time was in store for them.

Mr. and Mrs. Evans and daughter, Miss Maud, escorted them to a beautiful oak grove where rugs, chairs, swings, and everything possible had been prepared for the entertainment of their guests, and soon every one was deeply interested in trying to hear what every one else was saying, at the same time. When the sun had just passed the meridian Mrs. Evans invited the crowd to another shady bower, where a spread of such good things had been prepared for the satisfaction of the inner man, that the only remarkable thing to the writer is that the guests were able to get back to town the same day.

The only regret was that several members were unable to attend, some being away on their vacations, others whose home duties required their attention. After a most delightful day they departed for home declaring Mr. and Mrs. Evans and Miss Maud delightful entertainers and hoping some day they would repeat the "performance".
The following members and friends were present: Mrs. Nancy Hunter, Mrs. V. C. Young, Mrs. C. J. Littlepage, Mrs. Page, Mrs. W. E. Chown, Mrs. Geo. Young, Mrs. Harlan, Mrs. Wallace Husband, Mrs. Edna Evans, Mrs. Geo. Haacke, Mrs. Lelliot, Mr. and Mrs. Wm. N. Akers, Misses Arvilla Husband, Nedra Evans, Grace Young, Masters Ted Young, Ted Harvey, Roger Chown, Stark and Estel Akers.

Another Auto For Mosier
Mosier now boasts of four automobiles. The latest arrival was purchased this week by Lee Evans. It is an Auburn—40, and a dandy. Fred Evans is the "engineer" and with only two days' practice at the "throttle" runs it like an old timer.

"Uncle Lee" and wife and Fred and his family left yesterday for Alsea, where they will spend a few weeks visiting and fishing. They shipped the auto to Portland by boat from The Dalles.

Mrs. Stewart Slightly Improved
Mrs. A. Stewart, who has been seriously ill for the past week, is improving slowly. Drs. Hollister, of Portland, and Dumble, of Hood River, were called in consultation Wednesday evening and their report was most encouraging, and it is the earnest hope of Mrs. Stewart's many friends that she will soon be strong again.
