As another instance of the size and perfection of Mosier fruit, we cite a bunch of twenty-six immense Hungarian prunes which G. H. Leonard brought in to town the other day from his ranch south of town. The prunes grew on a branch not over ten inches long. Again, Virit Brooks brought in a box of nectarines that old fruit growers say are the largest they ever saw anywhere.

The addition to the Mosier school house is nearing completion. The outside work is about done, including the painting. The plasterers arrived yesterday and the inside work will be pushed rapidly in order that the work will be finished before school opens. The building is being erected in a very substantial and satisfactory manner and when completed will be a credit to the town as well as to the builders, Hardwick & Wright.

Earl Bailey considers himself very fortunate. Last Spring he was tipped off the hurricane deck of a pitching bronc and his collar bone was broken. Now he figures as the victim of an accident at the Mayerdale ranch. Friday, while assisting in cementing a wall, the brake on the windlass slipped off, and the handle, revolving rapidly as the bucket of cement dropped to the bottom of the well, struck him on the forehead, causing a severe contusion. Dr. Robinson was immediately called and attended to the wound. Earl says he was quite fortunate in both accidents as each might have been much more serious. He is recovering nicely now and getting ready for the next mishap.

Visit To Memaloose

Last Sunday one of Mosier's prominent young men took a party of people for a sail up to Memaloose Island.

Having secured Mr. Couver's large sail boat and Mr. Couver to guide it, we started about three o'clock. The sail up was very pleasant as we did not have to tack, but sailed up the river, which gave us a chance to view the beautiful scenery along the banks of the Columbia. We reached Memaloose about four and after exploring the Island and having several pictures taken, we made ready for our return. As the wind was blowing we all prepared for a ducking on our return trip and we certainly got it as we had to tack back and across the river several times before we reached home. It was about 6:30 when we landed and we all looked as though we had been in a shipwreck.

Those present were Mrs. R. M. Ross, Mr. and Mrs. J. N. Mosier, Misses Johnson, Nada Clark, Alice Mosier, Grace Higley and Messrs. W. R. Fessenden, W. L. Dresbach, Paul Higley, D. D. Hail and Master Shelley Hudson.

Church of Christ Notes:

Next Lordsday morning our subject will be "The Household of 1000 Men, Women and Young People". Will try to make it interesting.

The evening meeting will be a union service, and Bro. Stark is to preach, in our Church. Let all come and see our smiling Superintendent, et al.

H. CAMPBELL CLARK, Minister.

The Fall Term of School

The Fall term of the Mosier Public School will open a week from next Monday, Sept. 8. As this is Labor Day, the pupils will be enrolled only, and will be dismissed until Tuesday morning, when the regular session will begin. Mrs. Amy L. Gove, Principal; Miss Lucilla Brackett, Intermediate; and Miss Bertha Booth, Primary. Mrs. Gove and Miss Booth are well known to be good instructors. Miss Brackett, though a stranger, comes well recommended and the patrons of the school may feel assured that their children will receive the best of instruction. All pupils who will be of school age before Jan. 1st next, may enter now, as no mid-winter beginning class will be entered. All primary pupils should enter the first day to get the benefit of foundation work in phonics.

Pleasant Beach Party

Bathing parties have been very popular this summer and many pleasant evenings were spent at the river side, but the latest fancy is the beach party. On Tuesday a large party of men, women and children, knives, forks and spoons, repaired to the beach opposite town and spent the afternoon and evening until nine o'clock. They took with them everything good to eat,—roasting ears, potatoes, "weiners", etc., which were cooked before an open fire on the sand. About 35, old and young, partook of the feast. The weather was ideal. After supper games were played, in which all joined with the abandon of youth. Then the crowd surrounded a big bonfire and cracked jokes, spun yarns, sang songs and had a jolly time. A good time like this should be repeated.

Prune Season Closed

The prune season closed this week and the growers are well satisfied with the crop and price, which was the highest ever received for prunes. Eleven carloads were shipped besides a large number sent by express. The Mosier prune is a good thing to tie to and we surmise that those who have considered digging up their prune trees will change their minds now.
