C. J. Littlepage has started the construction of his new residence on his Grand View place and when completed it will be an ornament to the country, commanding a magnificent view of surrounding hills and valleys and the Columbia river.

Mr. Tom Hendrickson, of Louisville, Ky., spent a part of Tuesday in Mosier looking over our fruit lands. He was very favorably impressed with the country and after a visit to Portland and other places in the valley, he will return here and possibly invest.

D. B. Stokely was up from Hood River yesterday looking over Mosier fruit lands. Mr. Stokely came out from Georgia about a month ago with the intention of locating in Oregon, having heard about this wonderful country. He expressed himself as much pleased with it.

The mass meeting of citizens, which was set for Tuesday last, was postponed until tomorrow afternoon at 3 o'clock. At this meeting, in which every voter, no matter what his party, should attend, steps will be taken to advance the interests of Mosier's candidate for County Commissioner. The people of Mosier precinct feel that they deserve representation in the county court and are justified in asking the voters of the county for their support of Mosier's candidate.

Five hundred families wanted at once.

C. J. Littlepage is a business visitor in Portland this week.

Candidate For County Commissioner

I hereby announce to the voters of Wasco county that I am a candidate for the nomination for county commissioner on the Republican ticket at the primaries Sept. 24th. If nominated and elected I will serve all the people of the county to the best of my ability, and will favor all needed improvements.

D. P. HARVEY.

School Opens

On Tuesday morning, at the ringing of the bell, the pupils assembled at the school house to resume their studies after a three months' vacation. They all gathered in the Principal's room, where each of the three teachers gave interesting talks to them. The pupils seemed eager to take up their studies again and, enthused by the new, large, light and airy rooms, and the fact that they have the same teachers they had last year, in the upper and lower rooms, and an instructor for the intermediate department who comes so well recommended, there is no doubt that the entire school will make excellent progress this term.

Contrary to the wishes of some teachers, the instructors in the Mosier school desire, and cordially invite, the attendance of all patrons of the school, and visitors generally. They are always welcome. It is evident, however, that the Mosier public has entire confidence that the school will be conducted in a perfectly satisfactory manner, for not a soul—member of the school board or patron of the school, was present Tuesday morning at the opening exercises. A patron did stay in during the forenoon to visit the primary room and to make welcome. He was much impressed with the manner in which the teacher, Miss Booth, governed and instructed her pupils, and her success with them last year is a matter of no wonder to him now. Mosier is to be congratulated in securing these teachers.

MILLINERY

Mrs. Gordon Graham will have her Fall opening of Millinery next Thursday and Friday, Sept. 15 and 16. All the latest styles in Fall and Winter Hats for Ladies, Misses and Children. Will be on display at Mrs. E. L. Graham's, Main St.

TRAIN DERAILED

Passenger train No. 6, east bound, ran into an open switch at Wyeth last night, and the engine and three coaches were derailed. Details are meagre, but it is reported that a "brakebeam" passenger was killed. It was not learned here this morning if any of the passengers on the train were killed or injured, but they could scarcely escape a severe shaking up.

Mrs. W. A. Stark, of Hood River, visited her daughter, Mrs. Wm. Akers, this week.

Work Highly Satisfactory

The work performed by Messrs. Hardwick & Wright, the contractors who have just finished the addition to the school house, is highly satisfactory to the school board. They executed the contract to the letter under trying circumstances in the matter of delay in securing their material, and getting workmen at the proper time. The school building as it stands now, is vastly improved and a credit to any town. The material and work are first class in every respect, and the board received the building with much satisfaction from the builders.
