OUR PORTLAND LETTER

Portland, Ore., Oct. 25 (Special)
 —Oregon apples will be heard from at the different apple shows of the Northwest this fall. There is close rivalry between the apple states as to which shall take the chief prizes, and on this account the Oregon growers will be put upon their mettle.

Eugene has held its apple show and many specimens of perfect fruit were exhibited. Albany will have a fine apple show on November 9, 10, and 11. There is keen interest in the outcome and the many prizes will be sharply contested for. These shows will bring out the best apples in their localities and the prize fruit together with that of other sections, will be sent to the Oregon Apple Show at Portland Nov. 30, Dec. 1 and 2. The best apples, will, in turn, go to the National Apple Show at Spokane the Vancouver show and the Chicago Apple Show.

Some Oregon districts will make individual displays at these fruit expositions. Hood River expects to send the two finest cars of apples ever leaving that district to the Spokane show. One car each of Spitzenbergs and Yellow Newtown apples will be entered for the sweep stakes prize, and as the showing will be gathered from the large acreage given to growing these varieties, it will be of a very high quality.

Medford will make a strong showing at the Canadian National Apple Show at Vancouver, B. C. A car of fancy Yellow Newtown Pippins will be sent from one orchard. Medford people believe this will be as fine a carload of yellow apples as has ever been placed on exhibition. Medford will also send exhibits to Spokane and Chicago.

The Columbia river is being restocked with Sockeye salmon. The first of 1,500,000 eggs from the Yes Bay, Alaska, hatchery is on the way here and will be hatched at Bonneville and the young fish liberated in the Columbia River when they reach a suitable size. A similar number of eggs will be brought from Alaska and hatched here each season for four years in succession and it is thought that at the end of that time this variety of salmon will be much more plentiful in the Columbia and its tributaries.

Portland business men and others from this state who attended the recent southwestern Washington Development Association convention at Goldendale were struck by the spirit of good feeling and co-operation that prevailed. They found a great territory working together for common objects and succeeding in bringing about improved conditions in country and city life, in promoting industry and advancing the material interests of the people. Such a movement has a great future and all who attended the recent convention were benefited. The next convention will be held in Vancouver in February.

Wenatchee is in line for opening the Columbia River from beyond the Canadian boundary to the sea. The Wenatchee Commercial Club has written the Portland commercial bodies that it will co-operate heartily in the movement and in fact practically the whole Columbia River Valley is united in the work.

Oregon State Teachers' Association

The O. R. & N. Co. will make a special rate of one and one-third fare to La Grande, Ore., to those wishing to attend the Oregon Teachers' Association, which meets at La Grande Nov. 21-22-23, 1910. Sale dates, Nov. 20-21. Final return limit Nov. 25. No stop-overs allowed. Children of half fare age, one half of adult rate. N18

B.G. ENTERTAINMENT AND BASKET SOCIAL

Saturday Eve, Nov. 5th

Object to Raise Funds for Exhibit Booth at depot

An entertainment and Basket Social will be given at Stroup's Hall, on Saturday evening, November 5th, next, by the citizens of Mosier District, for the purpose of raising funds to erect a building to be used in exhibiting Mosier fruit and other products. The entertainment will consist of vocal and instrumental music, recitations, monologues, sketch and novelty work, etc., etc., and will be well worth attending. Admission, 25c for adults, 10c for children.

Every lady, old and young, is asked and expected to bring at least one box or basket filled with good things for two. These baskets and boxes will be auctioned off to the highest bidder. The bachelors in the district are also requested to bring baskets, filled with their own cooking and the ladies are expected to bid on them.

The proceeds of the sale will be used to erect the exhibit building which will be owned by the people of the district.

While subscription papers have been circulated pretty freely this fall to raise funds for publicity purposes, no money has been solicited for this purpose, and the idea was conceived in the minds of some of the public spirited citizens to give the entertainment and social as a popular means to obtain the necessary money. As this will be the first entertainment of the kind this season and as the program will no doubt be very interesting, and the object a laudable one, there will be a good attendance.

As it is possible that the program committee may inadvertently overlook good talent in making up the list of attractions we are requested to say that Mr. Geo. Hail, who has charge of the program, will consider it a special favor if any one not as yet approached on the subject, will notify him of his or her willingness to assist in any way. This project concerns all, directly or indirectly, and all should take an active interest in it by assisting in every way possible.

WHAT IS THE PROFIT

In earning \$100 a month and spending \$95? By an easy process we determine that the financial profit is \$5.00, or just the same as if we earned \$50.00 and spent \$45.00.

It is this tendency of wage earners to spend just about all they earn—no matter what the amount—that reduced the amount of money per capita in this country far below what it is in some other countries where lower wages prevail: And many feel that the amount saved is so small there is no use to put it away.

Get rid of this idea NOW and put your savings—no matter how small—in a good bank like the MOSIER VALLEY BANK and you will find it will become an incentive to save more next month and the next.

N. B. Another important matter is that meeting in Mosier on Nov. 5th, to raise funds to erect a building for a permanent exhibit of the products of this beautiful valley. DON'T FORGET IT.

DEMAND FOR TEACHERS GREATER THAN SUPPLY

The Teachers' Bureau of the University cannot begin to supply the demand for high school teachers in Oregon. Something like fifty requests for high school teachers during this last year could not even be considered. This was in spite of the fact that the largest class in the history of the University was graduated in June, ninety-six members, and that of these, thirty-four were immediately placed in the state high schools. The greatest demand made upon the bureau was for high school principals who had already had some experience in teaching. In fact, the demand always is for teachers with experience. Many requests were received for men teachers who could combine teaching with ability to coach athletic teams and take charge of physical training in the high schools.

Dan Snow was visiting in Portland this week.

Mrs. S. D. Fisher, D. W. Hudson and daughter, Miss Mattie, were visiting in Hood River on Saturday last.
