OUR PORTLAND LETTER

Portland, Ore., Nov. 1, (Special) — Arrangements are now being made by the State Good Roads Association upon the expected passage of Amendment No. 354 to the Constitution, giving the privilege to counties to bond themselves, to call a convention of good roads enthusiasts to be held in Portland immediately after the election on Nov. 8. This convention will be made up of delegates to be appointed from the State Thresher's Association by Secretary Phil S. Bates from the County Good Roads Association organized by Chairman L. R. Webster, and will also include all county judges as well as members of the State Automobile Association. At this convention the proper methods of handling the expenditure of the bonding issues will be discussed as well as the appointment of a state highway engineer and the utilization of the state convicts and county prisoners in the work in view.

The result of this convention will be the basis for an appeal to the next session of the legislature at which time it is expected that Oregon will place the most advanced good roads laws on her statute books of any state in the Union. Oregon is now leading nationally in good roads work and this meeting will be the largest of its character ever held in the United States.

Dates for the Hood River Apple Fair have been set for November 23-26 inclusive. The aristocracy of appleland will be on exhibition at Hood River on those dates, and all who admire fine apples, and who do not, should plan to attend if possible. Pendleton will have a big poultry show lasting one full week commencing December 13. The poultry exhibition is now a permanent feature for Pendleton, it having recently been incorporated under the Umatilla-Morrow County Poultry Association. Last year's exhibit was declared to be the most successful "first show" ever held in the Northwest and hereafter there promises to be a splendid collection of poultry on view at each annual exhibition. Pens have been arranged so that over 1,000 fowls can be properly housed at the approaching show.

The 1911 national convention of the Christian Church will be held in Portland, it having been secured for this city through Portland churches, the Commercial club, and the co-operation of the whole Coast. A temporary structure, housing 10,000 people, will be built to care for the gathering and thousands of delegates from all parts of the country will attend. The convention bureau of the Commercial Club has under consideration plans for the entertainment of the visitors.

The Harvest Festival that proved such a success this year will be perpetuated as an annual event. This was decided at a meeting held during the past week by the Portland Fair & Livestock Association, at which the success of the Festival was recounted and considerable enthusiasm aroused. The double tracking of the street car line to the fair grounds is considered requisite to the success of future shows and assurances have been given that this will be done by the trolley company as soon as property owners make arrangements to have portions of the route traversed. It is planned to make next year's show the biggest ever.

Fireman Badly Burned

Chas. H. Hudson, a fireman on freight engine No. 2-56, was badly burned about the face, neck and hands, last Monday morning, by the explosion of oil, caused by the fire in the engine getting low. Dr. Robinson was called and made local applications for relief. Hudson was then taken to Hood River and left in charge of Dr. Watt physician for the O. R. & N. Co. Dr. Robinson, on returning from Hood River, stated that fortunately the man's eyesight was not seriously injured, and that he would speedily recover.

BURDENS AND RESPONSIBILITIES

Come to all of us. They are necessary to make strong men and women of us. The better we are prepared the better we carry them and the stronger we become in consequence. Preparation is INSURANCE of one kind or another, no matter how it may be styled.

You have perhaps insured your property against fire and your life against death or accident—if you have not you ought to for it is a duty you owe to those dependent on you. But are you providing any insurance against dependence in your declining and unproductive years? This can only be accomplished through continuous care and watchfulness to spend less than you earn—and to SAVE THE DIFFERENCE.

The MOSIER VALLEY BANK is ready to help you save it and to find profitable investment for it.

A Pleasant Surprise

The Royal Neighbors of America gave a surprise party at the home of Mr. and Mrs. Amos Root, for Ernest Evans, on Wednesday evening, Nov. 2, it being his 24th birthday.

Having returned home from lodge Ernest was very much surprised when the door opened and in walked the neighbors. He never realized the surprise was on him till the boys grabbed him and went to giving him an old fashioned spanking. Then it was he remembered it was his birthday.

The evening was spent in playing games and eating candy and nuts, which every one enjoyed. Light refreshments which the neighbors brought were served by the Mmes. Husbands and Evans. Every one departed at a late hour wishing Ernest many happy birthdays.

Mr. Samuel Wood, of Ohio,

visited over-Sunday with his cousin, G. R. Wood. He is making a tour of the Pacific Northwest, leaving on Monday for San Francisco.

On account of Mr. Hail, the manager of the social and entertainment, having so much on his hands, he wishes to say that if any one has been overlooked on the program in any way it has not been intentional.
