The many friends of Mrs. Alex Stewart will be pleased to learn that she continues to improve, her condition being so much better that on Monday she was able to go down to the store.

A change has been made in the arrival of two of the local trains, the change going into effect last Sunday. The morning local going west, formerly arriving at 7:35, now comes at 7:25 ten minutes earlier; and the afternoon local going west arrives at 2:50 instead of 4:15. The latter change gives people from Mosier who wish to go to Hood River to shop nearly two hours more time to spend in that city, but is not so convenient for those wishing to transact business at The Dalles, and who go up on the 10:50 in the morning and desire to return on the afternoon train.

C. Nichols recently received word from Mrs. Nichols, who is at Cedarville, Cal., that she expected to start for home this week. Her friends will be pained to learn that her health is not improved and the change has not benefited her as it was hoped it would.

The weather the past two weeks has been almost continuous rain and many have been wishing for a little sunshine. But cheer up, for "behind the clouds is the sun still shining," and anyhow, "it ain't no use to grumble and complain, it's just as cheap an' easy to rejoice; When God sorts out the weather and sends rain, why, rain's my choice."

F. W. Garlick and R. E. Little, of Portland, were in town on Saturday last and were pleasant callers at The Bulletin office. School Entertains

The pupils in the three rooms of the Mosier public school gave a Thanksgiving entertainment Wednesday afternoon, which was attended by about two dozen visitors, mostly patrons of the school. The program consisted of songs, recitations, dialogues and the reading of the school bulletin, which created considerable merriment. At the conclusion of the exercises, light refreshments were served and speeches made by the teachers and a number of the visitors.

Much interest was manifested in the work of the different grades, which showed the satisfactory progress the pupils are making.

A Bazaar will be held early in December, the proceeds to be applied to the library and entertainment fund.

Miss Alice Mosier came down from The Dalles to spend Thanksgiviving at home.

The family of Mr. Mack, who owns property near town arrived from Montana on Tuesday. We understand that they will live in Mr. Wellberg's tent for a while.

The best way for a town to grow and prosper is not for every man in it to strive to tear down, but to build up. All the residents of a town should be partners, not opponents. In all probability the more business your rival does the more you will do, and every gentleman who treats his customers honestly and courteously is bound to get his share of business. Usually when a town ceases to grow it begins to die, and the more the people try to kill each other off in business and good name the sooner will ruin come to all. Stand together for the advancement of every citizen and the community at large. If one man shows the ability to prosper don't pull him back with jealously and indifference, but give him a word of encouragement. Boost, don't knock.

It is getting along nicely now, howevrer, and though causing him much inconvenience he can still attend to his customers at the store.
