OUR PORTLAND LETTER

Portland, Ore., Dec. 27, (Special) That Oregon will have a population of 1,200,000 when the next census rolls round is the prediction of R. B. Miller, traffic manager of the Harriman lines in the Northwest. He bases his figures on the constant western trend of population as disclosed by former census statistics.

He estimates that the United States will have a population of 113,000,000. This additional population, he believes, will pour westward to find an outlet in the vacant agricultural lands of the Coast states. Nowhere is there a greater area of unclaimed land than in Oregon and the migration will cover this area as it seeks new territory to occupy.

The Siuslaw River is due for further improvement and army engineers are preparing plans for a north jetty at the mouth of that stream. Bids will soon be asked for its construction. The south jetty at the mouth of the Siuslaw is already under construction and the breakwater at the north side of the river's mouth will be built by government appropriations, together with funds raised by the port.

Baker is the first city in Oregon to adopt the commission plan of government. It is working successfully and it is likely other communities in this state will follow the lead of the Eastern Oregon capital in revising the present methods of administering affairs.

Eugene celebrated the conclusion recently of a whirlwind campaign for new members of the Commercial Club that brought 150 additional persons into the fold. A banquet marked the close of the contest and the club will enter upon the new year with a good deal of enthusiasm. Among the big plans now being considered is the erection of a Commercial Club building for permanent headquarters.

The Oregon National Guard Association will meet at Albany January 4 and 5 in the new armory recently completed there. Business coming before the state organization will be transacted and a large attendance of O. N. G. officers is expected. Albany people will provide the visitors with special features and entertainment.

Klamath Falls will have the first Postal Savings Bank in Oregon. The government is preparing to establish such an institution there and if this sort of a bank is popular, other Oregon cities will have them.

The Mazamas, the mountain climbing club of Portland, will probably make the ascent of Glacier Peak in the Chelan Lake region next summer. The club has about fixed upon Glacier Peak as the objective point of the next climb, it being the custom to scale a different mountain each year. Glacier Peak lies in the midst of magnificent mountain scenery and is about 10,000 feet high.

The Baptist Church was crowded last Saturday night by the friends and patrons of the Baptist and Methodist Sunday Schools, who combined in giving a Christmas tree and entertainment for the children. A unique feature of the entertainment was the "Christmas Home Coming Party" representing the sons and daughters and grandchildren coming to the old home to celebrate Christmas with the old folks. Dr. Robinson and Mrs. R. L. Porter played the part of old folks to the queen's taste. The program was given by the big family, after which the presents were given out. The occasion was one of great joy to the little ones and pleasure to the older ones who made it possible for the children to enjoy themselves.

WOMEN

Who are able to handle all business transactions and to make financial investments safely are not very plentiful. The reason for this is obvious if you consider the fact that but few girls receive any training along these lines.

You naturally entertain the hope that your daughter will never be thrown on her own resources but such things have happened many times and may happen to her. We have advised you to open an account in the MOSIER VALLEY BANK for your boy. Now do the same for the girl and let her handle some real money. This will be a start toward giving her a training which will be of service in many ways and a protection in case of emergency.

Successful Bear Hunt

Last week two of Mosier's sportsmen, who are known when they are following their humble occupations of farmers as Ed. Dunsmore and Fred Templeire, hid themselves to the wilds of Upper Mosier creek to hunt the noble bear. Many Mosierites have had the pleasure of enjoying the results of the hunt in the juicy bear steaks which were passed out from the meat market.

The bear was treed after a chase of about a mile by the dogs. Templeire did the brave act of bringing down Mr. Bear with his 25-20 Winchester. It was a cinnamon or brown bear and dressed 170 lbs. Mr. Templeire has the hide as a trophy of the hunt.

I wish to list a few good desirable pieces of property in the Mosier Fruit District at reasonable prices and terms. Give complete description, location, price, terms, etc in first letter. Address L. A. MATHEWS, Mosier, Ore., P. O. Box 21
