PRINT WITHOUT INK

Englishman Makes Remarkable Discovery by Accident.

By Means of Electricity Inventor Can Print a Newspaper in All Hues of the Rainbow With One Contact.

London .- About two years ago a fugitive paragraph drifting in the English press had for its subject a possi-

Just now a semi-technical London er can be removed by wiping the fur- publication has succeeded in running niture with luke-warm water in which down the author of the discovery and there is a tablespoonful of ammonia from him it has the story of the exto a gallon of water. Dry the furni- periment up to date. The man is Ceture thoroughly and heat the room, if | cil Bembridge, London address not

room is what causes it and plainly in- It was an accidental lead which Mr. dicates that the room must be dried Bembridge picked up in his discovery of inkless printing. It was about 12 years ago that, working in his laboratory with an electric battery, he had two hardened dinosaur tracks for a col-lege course. Thus, it appears that moist paper. The bare ends of the copper wires from his battery trailed over this sheet of wet paper which suggested to his wife that they should

had stuck fast to the plate of tin. cover a certain electro-metallurgical would help them to gain a fuller inaction in connection with gold and for sight into each other's nature, thus the purpose of the experiment he making for increased happiness. The reached into his pocket for a gold coin. first question happened to be, "Can a As he brought a handful of miscellane. woman dress on \$75 a year?" He ous coins from his pocket, a gold took the affirmative, and when last piece slipped through his fingers, roll- seen he had climbed into a hay loft ed upon the table and in catching and was pulling the ladder up after at the coin, he clamped the sovereign him. upon one of the connecting battery wires and in firm contact with the moist paper. In the effort at stopping the coin, too, the other wire was pushed over until it lay in contact with the sheet of tin. Then came the accidental discovery.

He reached for the coin and in picking it up was surprised to find upon

A Gold Piece Slipped Through

paper by careful pressure. Following his questionings he pro-Following his questionings he pro-cured a few linotype lines of print, who suffer from displacements, inflamassembled them, and placed the type, face down, on a like sheet of moist paper resting upon a like sheet of tin.

When the battery wires were connect. ed with the type metal and with the tin sheet and current applied, every letter showed from the type lines with-

out blur or blemish. Taking a sheet of zinc in lieu of the tin, again the electrical influences brought the same general effect, though the crudest of hand methods it not cure you? were used in applying the type to the paper. Dry paper was not affected; moisture was required for the proper conductivity

After proving to his satisfaction that, regardless of the pressure upon the paper in contact, the clearness of the lettering was satisfactory, Mr. Brembridge sought to discover a chemical moistener for the paper

the paper. The great trouble was to secure permanency in the electrical imprint.

For ten years Mr. Bembridge wrestled with the solution of his problem. Today he announces that everything PACIFIC COLLEGE is accomplished and proved, not only in the matter of a jet black print without ink, but asserts that he is able to print a newspaper in all hues of the rainbow and with the one contact.

Prospective students write for information. As explained by Mr. Bembridge, his Open and private Clinic, morning, afternoon and long searchings into chemical comevening. Invalids and others desiring skilled attendance should write for rooms to the College or binations for producing jet black prints led him on into electro-pigmen-Greiner's Chiropractic Health Home tary combinations producible by oxidizing processes. More than all of that in treating the white paper some of the cheapest of chemical elements serve the purpose admirably and at a cost far below that of the costly print-

TAFT SCORCHES **GIANT TRUSTS**

Lumber and Paper Men Foes the night had played havoc among the of Reciprocity.

Prove Beneficial-Thinks People Approve Measure.

Chicago - President Taft, in a pal opposition to the Canadian reciprocity agreement came not from the knees began to quiver. Then he burst from American manufacturers of no good, gur!" he sobbed. "I t-took print paper.

In one of the most conspicuous addresses that he has ever made on o' my corduroy trousers."—Answers this subject, the president outlined some of the methods employed by the advocates of the reciprocity agree ment; he practically told others that they were being "buncoed" by special interests, and said that the result depended not so much upon the United States senate as upon the people.

States senate as upon the people.

"If the farmer and the people at large," he said, "could be brought BLUE. The best blue anywhere at to understand this question they would no longer fear to vote.'

words. He told the reasons for the opposition to the treaty by the lumber trust and by the paper manufacturers and, without using names, scored any firm any of whose members recently appeared before the senate finance committee in Washington ostensibly on behalf of the national grange.

In spite of the forces that are ar raigned against it, the president ex-pressed the belief that the bill will be

men patients, he found that 420 of "The bill," he said, "will be passed, if it is passed at all, because

FLY IS DEATH TO BEETLE.

Parasite that Will Kill Douglas Fir Enemy Is Discovered.

Seattle, Wash .- The bark bettle, which destroys Douglas fir throughout the timbered districts of the United pepsia and female on one of the extent of almost \$100,pepsia and female one of the extent of almost \$100,pepsia and \$100,pepsia lieved by expert entomologists to be without a parasite, has been found to

have a deadly enemy.

Professor Trevor Kincaid, head of the department of zoology at the Unibut failed to get any versity of Washington, is the discovrelief. After using Lydia E. Pinkham's Vegetable Compound and Blood Purifier I can say I am a well woman.

The parasite is a small red fly with smoky wings and a long stinger-like organ behind. The parasite instinctively discovers the beetle and lays its eggs in the bettle's tunnel.

Professor Kincaid says the newly

the moist paper an absolutely clear imprint of the coin in a brownish black. He describes the print as even clearer than if he had inked the coin and applied the inked surface to the Professor Kincaid says the newly Vegetable Compound, made from roots and herbs, is unparalleled. It may be the woods with one of his classes.

Professor Kincaid attained prom-

SWEDEN WELCOMES FLEET.

American Warships Escorted Stockholm By Pleasure Craft.

Stockholm, June 5.-The second division of the United States Atlantic fleet, composed of the battleships Kansas, Louisiana, New Hampshire and South Carolina, arrived here today for a week's visit. The battleships, which left Copenhagen June 1, were met off the Aland archipelago by a large fleet of gaily-decorated excursion steamers, which escorted them

into the harbor. Immediately after the flagship Louisiana came to anchor the com mander of the fortress sent an officer to greet and welcome Rear Admiral Badger, commanding the division. Visits were then exchanged between Admiral Badger and the commander termined to be, the want of them will in chief of the Swedish squadron in ing phrase among Jewish colonists as the harbor.

Woman Has Saving Mania. Worcester, Mass-Relatives of Miss Margaret Hudon, who died here recently after working as a shop clerk for 17 years at \$1 a day, have found bank deposits in her name aggregating \$5,200. Her total earnings been about \$9,304 and from this she had paid her living expenses for the whole 17 years and the cost of the funeral of her brother, who died three this, however, the assertion is made stayed awake, but when I fell asleep have lived on 30 cents' worth of food each week. Her house rent was very

small. She had a mania for saving. Girls Astride Under Ban. Nashville, Tenn.-Because several girls were mounted astride in the recent parade at the Little Rock reunion, the local bivouac of Confederate veterans adopted this resolution:

"That no woman shall appear in the parades of the camps, the state divisions, or the general associations astraddle, and should any so appear, the officers in charge of said parade shall politely request that they The resolution requested retire." generals not to appoint young women as staff officers. Civil War Battle Remembered.

Phillipi, W. Va.-Fifty years ago the first land battle of the Civil war was fought at Philippi and this was the semi-annual centennial anniversary of the event. Union and Confederate veterans went over the line of retreat of the Southern troops when they were driven out of Philippi. Addresses were made by Governor Glasscock, United States Senator Taylor, of Tennessee, ex-Senator Henry G. Davis and Colonel John T. McGraw.

Quake Shakes Charleroi, Belgium Charleroi, Belgium-An earthquake was felt at Gosselies, four miles north of this city, at 2:40 o'clock Monday

FINGER PRINT WAS ENOUGH

Guilty Peach Thief Thought It Was Ploture of His Corduroy Trousere, and Confessed.

All his ripe peaches had departed, forbidden fruit, and Professor Pumperdinck could find no clue but a finger print left on an unripe specimen. Nevertheless, it was something, Confident Agreement Will Pass and and he had his suspicions. Forthwith the professor made an enlargement and shortly after met the suspect. "Ah, Jake," he said, "did you know some one robbed my garden the other night?" "Did 'em, sur?" returned Jake innocently. "Yes," nodded Prospeech before the Western Economic fessor Pumperdinck; "but the thief society, here, declared that the princi- left his mark behind, so I'll easily farmer, but from the lumber trust and into floods of anguish. The Wealth of Life. There is no wealth but life-life, in cluding all its powers of love, of joy. and of admiration. That country is the richest which nourishes the greatest number of noble and happy human beings; that man is richest who, having perfected the functions of his own life to the utmost, has also the widest helpful influence, both personal and by means of his possessions, over the lives of others .- John Ruskin.

renement House. Although there are many tenements under one roof, it is correct to speak of the house in the singular, as "tenement house," and it is equally right to mention the several "tenements" in the house. Broadly a tenement house is one divided into a number of separate habitations, so that many famllies may have their different homes in

Woman's Power

Over Man Woman's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loses it and still loves on, no one in the wide world can know the heart agony she endures. The woman who suffers from weak-ness and derangement of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses

her good looks, her attractiveness, her amiability and her power and prestige as a woman. Dr. R.V. Pierce, of Buffalo, N.Y., with and her power and prestige as a woman. Dr. R.V. Pierce, of Buffalo, N.Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a successful remedy for woman's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No honest dealer will advise you to accept a substitute in order to make a little larger profit.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL. Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels
