**K. H. SICKAFOOSE, Minister.**

**Ben Sellinger and his mother returned last Monday evening from a two month's visit at their old home in Pennsylvania. Ben says he had all kinds of a good time and was not ready to come home. Mrs. Sellinger stopped off at Lyle to visit her daughter, Mrs. John Lantry.**

**R. F. Robinson, who has recently come here with his family and purchased a home among us, has a card in this week's issue which will interest the people of Mosier. Mr. Robinson is an expert electrician and is prepared to wire residence and business houses and guarantees satisfaction as to work and prices.**

**Fred Evans has our thanks for a big chunk of salmon he caught at the Devil's Punch Bowl on Hood River, last Saturday. The next best thing to catching a big fish is eating one. Fred and his father have caught some whoppers out of Hood River this spring and George Chamberlin landed one last Monday that measured 34 inches. We didn't measure it but George said so.**

**MOSIER WINS AGAIN.**

One of the fastest ball games of the season was played on local diamond last Sunday between the Mosier ball twisters and the Lyle aggregation, Mosier winning by the score of seven to five. For four innings both sides went out in one two three order. In the fifth inning Lyle, due to unavoidable errors by our catcher, and a hard chance thru the short field, passed three runs over the rubber to our one. Things looked rather dubious until the locals got busy with the stick, and when the smoke cleared away in the seventh inning the score was 5 to 5. In this inning the ginger was taken out of the visitors by the locals pulling off a fast tripple play. Conley who pitched swell ball for the locals, was relieved by Harvey who shut down on the visitors and they was unable to score during the rest of the game. In our half of the eighth Mosier came thru with two more due to errors of Lyle's second baseman, who seemed to have an off day all the way around. The visiting Umpire was a joke and decidedly off in his sights on balls and strikes, which were capped off by some raw decisions on the bases as well. However, we won and we'll let it go at that. The features of the game were the pitching of Conley for the locals who struck out ten during the seven innings that he worked, also Harvey who relieved him, shut down all the prospects of future scoring by the visitors.

The brand of ball put up by the Mosier team was second to none and the boys are deserving of the patronage of every baseball fan in Mosier and surrounding country, as they have undoubtedly made every effort to get the best material possible to represent our city. As a means of advertising, a ball team is a great asset to any town, and why not in the future come to every game if possible; also come thru with a few extra shekels if you feel so inclined, as the boys need the money to help defray their necessary expenses of management. And last but not least, don't be a cornfed right, be a booster for the team and we won't lose another game this season.

Following is the official score:  
R. H. E. R. H. E.  
Lyle 5 4 7 Mosier 7 9 5  
Batteries: Lyle, Robbins and Borsche; Mosier, Conley, Harvey and Arthur.

**Unique Children's Day Exercises**

The Children's Day exercises last Sunday morning at the Union Sunday School were decidedly different from the exercises usually given on Children's Day. Although there was considerable singing, some recitations, etc., the principal part of the program consisted of a presentation by each department of some part of the New Graded Lessons which have been in use the past six months. The exercises proved beyond doubt that the work was bringing results and that the lessons were staying with the scholars.

The Beginners' Department had a very attractive display of pictures which have been used in the lesson work. The display of maps, composition work, etc., of the Intermediate Department attracted a great deal of attention. It was the real work, too, which had been done from week to week. The maps and compositions covered quite a large space on the wall and the scholars of this department were very proud of their exhibit. Great credit is due the teachers of these departments who have given the

work such careful attention and labored so patiently and faithfully to make it a success. There was a large attendance and a fine collection, which will be used to improve and equip more classrooms.

**New Good Roads Clubs Organize**

From present activity manifest by members of the Oregon State Automobile association the prospects for greater road improvement throughout the state are exceptionally bright. The policy of the association

for the ensuing year is to operate through the road supervisor in the different counties throughout the state, getting their cooperation in locating unpassable roads, repairing same and making them passable for the motoring public in particular and the traveling public in general, using section 25317 Lord's Law as their platform.

It is contemplated that an open road from Hood River to Portland and also to the coast will soon be built. A second main road is contemplated, running from Van-

cover to Ashland and eventually through the Crater Lake district making a splendid 900 mile tour for the Oregon tourist on his two weeks' vacation.—Hood River News.

**CHURCHES FORM FEDERATION.**

Last Sunday morning the Methodist and Baptist church organizations and members of other denominations formed a federation for the purpose of having regular church services twice every Sunday. One pastor will be employed who will live at Mosier and have charge of the work of the organization. The arrangement is such that the denominations do not lose their identity with their own church organizations. The name of the federated churches will hereafter be Immanuel church.

The Rev. J. R. Hargraves, of Hood River, gave an address on Saturday evening and again on Sunday morning. He endeavored to show the people the great need of unity and harmony and the living life as taught by the Master. At the Sunday morning service the constitution was adopted and officers elected. Complete harmony prevailed thruout all the planning and work of organizing. The vote for federation was unanimous. Much credit is due Rev. J. R. Hargraves for his earnest and untiring efforts to make the federation possible.

This federation certainly means much to Mosier and surrounding community, as it make it possible to have a good man in the field who can do pastoral work as well as preach. It will also bring the people closer together in bonds of fellowship and social relations. Services will be held next Sunday and all people interested are invited to come and affiliate with the Immanuel Church of Mosier.
