Not only does this bring a higher price than the product of the Bulgarian rose fields, but its superiority is recognized by a separate classification in the trade. Where does the \$50,000 worth of this oily perfume go? Some of it as "base" for other perfumes, and some of it where few suspectto the manufacturers of smoking and chewing tobacco.

Weak Heart

Many people suffer from weak hearts. They may experience shortness of breath on exertion, pain over the heart, or dizzy feelings, oppressed breathing after meals or their eyes become blurred, their heart is not sufficiently strong to pump blood to the extremities, and they have cold hands and feet, or poor appetite because of weakened blood supply to the stomach. A heart tonic and alterative should be taken which has no bad after-effect. Such is Dr. Pierce's Golden Medical Discovery, which contains no dangerous narcotics nor alcohol.

The ingredients, as attested under oath, are Stone root (Collinsonia Canasis), Bloodroot (Sanguinaria Canadensis), Golden Seal root (Hydrautis Canasis), Queen's root (Stillingia Sylvatica), Black Cherrybark (Prunus Virginia Mandrake root (Podophyllum Politatum), with triple refined glycerine, prepin a scientific laboratory in a way that no druggist could imitate.
