Business locals will be charged at 5 cents per line for each insertion. Legal advertisements will in all cases be charged to the party ordering them, at legal rates, and paid for before affidavits are furnished.

New Commercial Club Being Organized.

Manager Ashley tearing down old organization and in its stead will build up an effective, efficient and successful organization which will be a credit to Mosier.

Keynote of the new Club will be Co-operation and Harmony.

That Mosier is to have an efficient, effective and successful commercial club is practically assured, for a number of the most influential residents of the city and valley have shown their confidence in the movement by joining the club.

The work of reorganizing the club is by no means an easy or pleasant task, requiring a great deal of patience on the part of the organizer and for this reason we bespeak for Mr. Ashley your kindly consideration in this work.

The Board of Directors of the club, at a recent meeting concluded that it would be wise to resign and thereby give Mr. Ashley a clear field for action. It was decided to abolish the office of president and the business of the club hereafter will be conducted by the manager and a board of directors consisting of seven, four to be selected from the valley and the other three from town.

The work of tearing down the old club and rebuilding it along more practical lines has been left entirely to Mr. A. S. Ashley, the well known commercial secretary, who comes highly endorsed by the Portland Commercial Club and the Oregon Development League and also by the high officials of the O. W. R. & N. Co. Mr. Ashley has gained for himself an enviable reputation as a publicity man in the state of Oregon and if he decides to remain in Mosier, his work here will no doubt be of great value to this district.

There is no reason whatever, why Mosier should not have an effective, efficient and successful development organization. There are few towns which need a development organization as badly as Mosier, because there are few communities with so many opportunities for growth and development.

The trouble in Mosier is that everybody in Mosier is getting along so well that every fellow thinks he can take care of himself and therefore thinks little about developing the community. Everybody in Mosier is doing well or a little better and for that reason a selfish forgetfulness of the larger opportunities seems to exist. In fact, generally speaking, everybody is too busy with his own affairs to sit down and find himself and analyze his relations to the community and the community's to himself. The business men of Mosier do not know each other well enough in a friendly business way, and they never talk over town affairs and town industrial development. They just wonder about it. A little thought on the part of some of our most influential citizens will assist greatly in bringing about a successful development organization in our fine little town and make every taxpayer and business man think and act.

In this great age of commercial progress, a town without a live development club is considered of little importance. Practically every town in Oregon has a development organization of some kind which is doing much towards the building up of its particular district. We cannot allow the impression to go out that Mosier is a dead town because it has no commercial club. We have one of the finest fruit districts in this great state of Oregon and our apples command the highest

market prices where they are known, but it is up to us to let the outside world know that we are on the map. Just consider for a moment what wonderful progress is going on in Hood River and The Dalles and White Salmon, on the other side of the river. Can we afford to sit back and allow these towns, which are no more favorably situated than Mosier, reap all the rewards of persistent boasting? Don't we owe it to ourselves to "wake up" and get busy?

In order that the club may be a success it is necessary that an enthusiastic spirit and hearty co-operation should exist in the whole citizenship. There is entirely too much bickering and petty jealousies. Tom Jones won't join the club unless Bill Smith does, and so on. It is always the live progressive citizen who takes the lead, regardless of what Bill Smith does. Just because Bill Smith is a tightwad is no sign Tom Jones should be. The monthly dues of the club have been fixed at \$1.00, which makes it within reach of every loyal citizen of Mosier to do something to make the town better and bigger. The work of the club will increase the value of your holdings and will add to the volume of your business.

The policy as outlined by Mr. Ashley is to work for the interests of the whole district. It is not an organization for the benefit of the real estate men or the merchants but an organization the object of which is to encourage high grade farmers to locate here, thereby increasing the value of orchard land; the encouragement of all enterprises and the location of meritorious new ones, where needed; encouraging the patronizing of home industries and in fact everything which is for the interest of Mosier and Mosier district.

OUR PORTLAND LETTER

Portland, Or., July 18 (special)—Willamette Valley counties will combine to make splendid exhibits at the State Fair at Salem and later the fruits, vegetables, grains and grasses grown on Oregon Soil will be sent East to exhibits at five of the largest land shows in the country next fall. At a meeting at Albany during the past week, representatives from Linn, Benton, Marion, Polk and Lane counties agreed to the program and Yamhill county will join in the plan also. The Willamette Valley exhibits will be shown at New York, Omaha, Chicago, Knoxville and St. Paul.

The Hill interests will spend \$25,000,000 in extensions and betterment to the properties in this state, according to advices received from the East. The sum will be made available for more mileage, adding in the Development of the whole state. The United Railway and The Oregon Electric will be extended and other feebler lines of the North Bank road, the backbone of the hill system in the Northwest, will be pushed.

The State Land Board has finished a trip through the Lake-view region, inspecting lands there under state control, and upon their return members of the Board expressed themselves as enthusiastic over the future prospects of that section of the state. In fact they were surprised that any public land remains in that part of Oregon. Mining men, capitalists and bankers of the southern part of the state have formed the Southern Oregon Mining Bureau, which shall gather and disseminate authentic information on Oregon mines. Men who have

Bridge at Maupin's Ferry

The County Court, at its last session, granted the petition of 300 citizens of the Deschutes valley for a bridge across the Deschutes River at Maupin's Ferry and construction of same will begin as soon as arrangements can be made.

This will be a boon to the public having occasion to cross the river many times during the year, as it will eliminate the toll across Sherar's Bridge, which has for years been considered unsafe.

Public Spirit

The following, taken from The Dalles Chronicle contains much truth, and is applicable in Mosier as well as in every other town: "The character of any town is determined by its permanent not its transient citizens. Most of the people living in this town either have lived or will live here a good part of their lives. These people are therefore largely answerable for the town's past and its future. If they are enterprising and broad minded the town as a political unit will adopt an enterprising and broad-gaged policy. Making one's home is not wholly comprised in the building of a house on a lot with a fence around it and a walk in front. Of necessity the influences within the home are of paramount interest to the head of the family. But the influences outside of the home—the atmosphere of the community—is almost as important to the individual home-maker as is the atmosphere of the fireside.

"No citizen can safely live for himself alone. He is one of the component parts of this community and—whether he be active or passive—he exerts a potent influence in determining its character. Knowing as everybody does know, that early environment leaves a permanent impress upon the child it is difficult to explain the indifference of citizens with respect to their part in making the environment in which they, their children and their neighbors' children spend the formative period of their lives."

The Shaniko Stars says: During the big "get-together" meeting of Crook county towns at Prineville last week, the newspaper men present took occasion to organize the "Interior Oregon Press Association." When completed it is expected to have all newspapers in Grant, Wheeler, Lake, Harney and Crook counties included in the membership. The object is to have all the newspapers in the association co-operate for the advancement of all sections, instead of limiting their endeavors to each newspaper's own particular community. Acting in conjunction with the Central Oregon Development League the combination will prove to be the most effective one that could be devised for exploiting the resources of the counties named.

Nebendahl and Miss Bishop. Music and games were greatly enjoyed by all, after which refreshments were served.

J. H. Reeves and family have moved to Portland. H. S. Reeves this week moved his family to Hood River, where they will reside. Mrs. W. A. Stark, of Hood River, is spending the week end here with her daughter, Mrs. Wm. Akers.

No Dust, No Light. Diffusion of light through the atmosphere is due to thousands of millions of dust-atoms floating in it. The finest dust floats highest, and imparts the tint of the blue heavens. Were it not for the dust the sky by day would appear black, and the moon and stars would be visible. All shadows would then be inky black. Everything would appear differently. It is not "the light" we see, but simply reflections caused by notes of dust, as when a ray of sunlight enters a dark room through a hole in the shutters. Millions of dust particles catch the light, reflecting it back and forth from one another, so making the atmosphere luminous.—Ex.

NOTICE OF CONTEST. (For Publication.) Department of the Interior, United States Land Office, The Dalles, Oregon, June 22nd, 1911. To Oren C. Hogg, of Mosier, Oregon, Contestant: You are hereby notified that John Burchett, who gives Mosier, Oregon, as his post-office address, did on March 24, 1911, file in this office his duly corroborated application to contest and secure the cancellation of your homestead, Serial No. 01368, made October 29, 1908, for N1SW1 Section 3, Township 2 N., Range 12 E., Willamette Meridian, and as grounds for his contest he alleges that said entryman has wholly abandoned said land and been absent therefrom for over one year last past; that said land is in its natural condition, fenced on one side only, open to the public range and has never been cultivated.

You are, therefore, further notified that the said allegations will be taken by this office as having been confessed by you, and your said entry will be canceled thereunder without your further right to be heard therein, either before this office or on appeal, if you fail to file in this office within twenty days after the FOURTH publication of this notice, as shown below, your answer, under oath, specifically meeting and responding to these allegations of contest, or if you fail within that time to file in this office due proof that you sever a copy of your answer on said contestant either in person or by registered mail. If this service is made by the delivery of a copy of your answer to the contestant in person, proof of such service must be either the said contestant's written acknowledgment of his receipt of the copy, showing the date of its receipt, or the affidavit of the person to whom the delivery was made stating when and where the copy was delivered; if made by registered mail, proof of such service must consist of the affidavit of the person by whom the copy was mailed stating when and the post office to which it was mailed, and this affidavit must be accompanied by the postmaster's receipt for the letter.

You should state in your answer the name of the post office to which you desire future notices to be sent to you. C. W. MOORE, Register. Date of first publication June 30, 1911. Date of second publication July 1, 1911. Date of third publication July 14, 1911. Date of fourth publication July 21, 1911.
