GILLESPIE SCHOOL OF EXPRESSION

A training in the "speech arts" is coming to be regarded as an essential preparation for many vocations in life, not only in social, educational and professional lines, but also in the industrial and commercial world.

The training offered by this school will be found suited to those preparing for teaching; to all who are fitting themselves for platform work, either as readers or speakers, and likewise to that large number of persons who do not intend to become professional, but who aspire to a wider field of general culture, and to a fuller development of their inherent powers.

The course of study includes vocal, physical and aesthetic culture; conversation and sight reading; literature, with analysis and interpretation; rhetoric; character sketching, rhetoric and oratory; life study, personality and dramatic art.

The school is regularly graded into classes that are in session four hours per day, from Tuesdays to Saturdays, inclusive. Individual work is done afternoons and evenings, either with the principal or with her assistants. A public lecture, to which all interested are welcome, meets in the studio every Wednesday evening.

The method of instruction discourages both "cramming" and copying, and is not hampered by adherence to any set system, but strives, by the use of old systems, or by means that are new and original, to promote a psychological way, a distinct individual growth and development.

Good library facilities, instructive and entertaining readings and lectures by the principal and ample opportunity for public appearance are provided for all regular students. There is also an organized club, the Eumolpog, for the practice of debate, extemporaneous speaking and parliamentary law.

In addition to the purely educational advantages of the school, its social and moral atmosphere is of a high grade, tending toward the refinement of manners and the building of character.

The school is located at 534 Morrison street, Portland, Or.

QUEER DISEASE IN CALIFORNIA

Many Here Afflicted With Odd Ailment, Says Munyon.

Grossome Creatures Very Common In This State, Finds Expert on Special Diseases.

Many California people are afflicted with a queer disease, according to a statement yesterday by Professor James M. Munyon. He made the following remarkable and rather gross statement: "Many persons who came to my headquarters at The Owl Drug company, San Francisco, think they are suffering from simple stomach trouble, when in reality they are the victims of an entirely different disease—that of tape worms. These tape worms are huge internal parasites, which locate in the upper bowel and consume a large percentage of the nutriment in undigested food. They sometimes grow to a length of forty to sixty feet. One may have a tape worm for years and never know the cause of his or her chronic ill health. "Persons who are suffering from one of these creatures become nervous, weak and irritable, and tire at the least exertion. The tape worms rob one of ambition and vitality and strength, but they are rarely fatal. "The victim of this disease is apt to believe that he is suffering from chronic stomach trouble, and doctors for years without relief. This is not the fault of the physicians he consults, for there is no absolute diagnosis that will tell positively that one is not a victim of tape worm. "The most common symptom of this trouble is an abnormal appetite. At times the person is ravenously hungry and cannot get enough to eat. At other times the very sight of food is loathsome. There is a gnawing, faint sensation at the pit of the stomach, and the victim has headaches, fits of dizziness and nausea. He cannot sleep at night and often thinks he is suffering from nervous prostration. "I have a treatment which has had wonderful success in eliminating these great creatures from the system. In the course of its regular action it aids digestion, and ridding the blood, kidneys and liver of impurities, it has proven fatal to these great worms. If one has a tape worm, this treatment will, in nine cases out of ten, stupify and pass it away; but if not, the treatment will rebuild the run-down person, who is probably suffering from stomach trouble and a general anemic condition. My doctors report marvelous success here with this treatment. Fully a dozen persons have passed these worms, but they are naturally reticent about discussing them, and of course we cannot violate their confidence by giving their names to the public."

Letters addressed to Professor J. M. Munyon, care Owl Drug Co., San Francisco, Cal., will receive as careful attention as though the patient called in person. Medical advice and consultation absolutely free. Not a penny to pay.

THE TRUTH ABOUT BLUING.

Talk No. 1.

Avoid liquid bluing. Every drop of water is adulteration. Half a cent's worth of blue in a large bottle filled with water is sold for 5 cents or 10 cents in many places.

Always use RED CROSS BALL BLUE, the blue that's all blue. A large two-oz. package, all blue, sells for 5 cents, or 4-oz. for 10 cents. Delights the laundress. AT ALL GOOD GROCERS.

Our Life's Work.

We are not sent into this world to do anything into which we cannot put our hearts. "We have certain work to do for our bread and that is to be done strenuously; other work to do for our delight and that is to be done heartily; neither is to be done by halves or shifts, but with a will; and what is not worth this effort is not to be done at all.—John Ruskin.

Y. M. C. A. EXPANDS.

New Booklet Just Out Can Be Had for the Asking.

The Portland Young Men's Christian Association is about to enter upon a new era in its work, in extending the advantage of its educational department to the entire state. While a great majority of the 1400 students enrolled in night and day classes are residents of Portland, yet a large and increasing number are now enrolling from towns and cities outside of Portland.

The different courses offered include a full Commercial course, comprising Short-hand, Bookkeeping and related subjects; a college preparatory course, a graded course in elementary subjects for boys and vocational courses such as plumbing, carpentry, sheet metal, bricklaying, electrical work, automobile repair and driving. Many students trained in these classes are now occupying important positions in the business houses of Portland.

An attractive booklet entitled "Activities" has just been issued by the association and contains a statement of all Educational courses. The Educational Director will mail this booklet to all persons who desire it.

Classes for day school open September 5th, night classes September 25th. From present indications an unusually large registration is anticipated.

Wealth Not Always Advantage.

Advantage, opportunity, chance, luck! They are all on the side of the boy born in obscurity, brought up in poverty. Provided he be endowed with the will that brooks no obstacle, with the mental ability to conceive great thoughts, to plan great undertakings, the boy is all the more blessed who is not handicapped by wealth.

AMMONIA DEATH TO FISHES.

Man Nearly Asphyxiated When Tank Bursts in Bottling Works.

Spokane, Wash.—A peculiar accident which resulted fatally to a man and killed thousands of fish, occurred at Pullman, Wash. A valve in one of the ammonia tanks in the Star Bottling Works ice factory burst, allowing the ammonia to escape. The fumes drove the workmen from the building, and one of them was overcome that he lost consciousness and was rescued by heroic efforts of his companions.

The ice plant was shut down and the town threatened with an ice famine. The ammonia, which flooded one of the floors, found its way to the waste water sewer and into the creek. People crossing the creek noticed a commotion in the water, and hundreds of fish were seen jumping and capering about. The river was soon covered with dead fish, while hundreds lay on the bottom.

PRISONER WEDS VISITOR.

Bride Will Work for Freedom of Man Who Has Won Sympathy.

Kansas City.—In order that she might better work for the freedom of the man with whom she had fallen in love while he was a prisoner in the county jail in Kansas City, Kan., Miss Nora Carpenter, of Norton, Va., was married to Edward Baker, who is serving a six months' sentence for a postoffice robbery. The wedding took place in the jail, the ceremony being performed by the Probate Judge.

Miss Carpenter met Baker when she went to the jail with a woman friend to visit the latter's husband, who is awaiting trial for highway robbery.

Varying Opinions of Man.

Man has been defined by Aristotle as "a reasoning animal," by Plato as "a political animal," by Dante as "a ridiculous animal," by Varchi and by John Plake as "an improvable animal," and Boerhave calls him "mud worked up by the hand of God."

Cause Enough.

Waken, Kan.—P. Mooney, who is walking from New York to San Francisco for a wager of \$10,000, spent Sunday night here, having walked from Walker, Kan., a distance of 44 miles. Mooney is a member of the New York fire department and is trying to beat Weston's record. He is now 42 days out of New York and seven days ahead of Weston's time, having made 1,900 miles, with 1,400 to cover in 47 days. He is averaging 45 to 50 miles a day. He is to make the 3,800 miles in less than 90 days.

Heat is Deadly in Paris.

Paris.—The heat wave became more intense and killing Sunday. A maximum temperature of 100 degrees was recorded. Great suffering, especially in the poor quarters, has resulted.

Berlin—There is no break in the heat wave. The weather bureau announces that the shade temperature throughout the interior Sunday averaged 95 degrees. There is no immediate prospect for relief. Many fatalities were reported.

Juvenile Court Assailed.

Chicago.—The constitutionality of the Juvenile Court act has been attacked in a suit for injunction filed by W. H. Dunn, a wealthy manufacturer, who recently filed charges against officers of the Juvenile Home. In his bill Mr. Dunn alleges that the law, which was enacted by the Illinois legislature April 21, 1898, is invalid, because it authorizes the seizure and depriving a child of liberty without due process of law.

28 Killed Climbing Alps.

Paris.—Although the climbing season in the Alps has only begun, 26 tourists have been killed and an unknown number injured. If this rate continues to the end of the season, September 15, the death rate will be the highest on record.

When You Think

By Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"I send you herewith the picture of my fifteen year old daughter Alice, who was restored to health by Lydia E. Pinkham's Vegetable Compound. She was pale, with dark circles under her eyes, weak and irritable. Two different doctors treated her and called it Green Sickness, but she grew worse all the time. Lydia E. Pinkham's Vegetable Compound was recommended, and after taking three bottles she has regained her health, thanks to your medicine. I can recommend it for all female troubles."—Mrs. L. A. When the Hair Falls

Stop it! And why not? Falling hair is a disease, a regular disease; and Ayer's Hair Vigor, as made from our new improved formula, quickly and completely destroys that disease. The hair stops falling out, grows more rapidly, and all dandruff disappears.

Does not change the color of the hair.

Formulate with each bottle. Show it to your doctor. Ask him about it. Then do as he says.

Ayer's

The little book in each package gives the formula of our new Hair Vigor, tells why each ingredient is used, and explains many other interesting things. After reading you will know why this new hair preparation does its work so well.
