Emmanuel Church Services

Sunday School at 10 a. m. at 11:15 a. m. Mr. Hargreaves will preach. The evening praise service at 7:30 will be conducted by Dr. Robinson.

The school children are making use of the exhibit building by displaying various Mosier-grown fruits and vegetables. Some of the specimens are very good. It should be remembered that every one is invited to bring in samples of his best products, so that chance strangers and the public generally may see what Mosier can do.

Town will be lit

The citizens of Mosier and strangers coming into the town after nightfall will no longer be obliged to wander about in the dark, unlit streets. A popular subscription has been raised, sufficient to keep all street lights burning until 11 p. m., and they will be lit every night except on moonlight nights.

It was thru the efforts of the ladies of the Civic Improvement League that the town's lights were installed and kept burning for several months last year, but their funds gave out and the lights were discontinued. The only street light in use at present is the one at the head of Main St., which the citizens living at the head of the street put in last year. There should be at least a dozen lights in the town but if those we already have are kept burning this winter they will be a blessing to the traveler after dark.

Hallowe'en Party

The Mosier Commercial Club will give a Hallowe'en Ghost Party on Monday evening, Oct. 30th. A very interesting program will be rendered, which will be printed in next week's Bulletin. Watch for it. This social is confined strictly to the dues-paying members of the club and their families, but every citizen is earnestly requested to become a member in the meantime. Send in your application now and meet with us at the Ghost Party.

Mosier visitors in Hood River Monday were Mrs. R. W. Cummings, Miss Clement, Mr. and Mrs. K. H. Sickafosse, Mrs. Laura McDonald, Geo. Haacke, O. E. Wilson and Fred Forslund.

The regular dance, which was to be held tomorrow night has been postponed until Saturday night, October 28. These dances, given every two weeks by the Fortnight Dancing Club, are becoming quite popular with the younger element and are well patronized each night.

Catholic Chapel Car Coming to Mosier.

The Chapel Car St. Anthony will arrive in Mosier Tuesday Oct. 24, and will remain until Saturday morning. Lectures will be given each evening at 7:30, at which all denominations are welcome. Mass every morning in the car at 8 o'clock. Questions placed in the "Question Box" at the entrance of the car will be answered before the evening lectures.

A big scheme is being agitated by the citizens of Mosier to put in a power line on Mosier Creek and furnish electricity for the town and district. This can be done easily and cheaply. It appears that the electric light company that was coming in here from Hood River has fallen down on their proposition, claiming that the business in sight here would not justify the expense.

APPLES FOR THE ISLANDS

The apple season is now in full swing and growers are busy picking and packing. The first car of this season went forward Saturday to a buyer at Manila, Philippine Island, via Tacoma and steamer. The next ten cars will go to New York, some to be exported to England and Germany from there.

In spite of an extra large crop of apples in Eastern and Middle states, there is a strong demand for the Mosier apple in foreign countries as well as our own.

Nearly all of the apples to be handled by the Mosier Fruit Growers Ass'n this year have already been sold, and at prices equal to the highest prices paid for box apples this season.

Mosier has established a reputation for fruit of all kinds, and as long as we maintain the present high standard of quality, we will continue to lead all others in securing prices for our products.

John H. Wright, of Starbuck, Wash., a popular locomotive engineer for the O. W. R. & N. Co., met with a serious accident last week. Mark Mayer, Mr. and Mrs. Weller and children of "Mayerdale", drove to Ortle in Mr. Mayer's big car, Sunday.

Mr. and Mrs. Littlepage and their friends, Mr. and Mrs. Evans of Portland, came up to Ortle one day last week. They had their lunch out on the bluff, overlooking the Columbia.
