Expects a Freshet in Talk.

In the "upper end" of Pike county, Pennsylvania, there is a man who is so noted for his conversational abilities, says a writer in the Boston Herald, that his acquaintances avoid giving him unnecessary opportunities to talk.

One cold morning this man rode up to a hotel in the neighborhood just as the guests were finishing breakfast. He dismounted, walked in, saluted the landlord in his usual loud tones, and declared that he was so cold that he could hardly talk.

Just then a nervous traveler who was present stepped up to the landlord and, taking him by the coat, said: "Mr. L., have my horse brought as soon as possible."

"What is the matter, my dear sir?" inquired the anxious landlord. "Has anything happened?"

"Nothing; nothing! Only I want to get away from here before that man thaws!"—Boston Herald.

The High Cost of Souls.

Rev. "Billy" Sunday, the former baseball player who has conducted evangelistic meetings in almost every part of the country, has succeeded, he thinks, in reducing the saving of souls to a businesslike basis. He has gone so far as to make an estimate of the cost of soul-saving in various cities. In Mr. Sunday's cost sheet, Indianapolis souls come highest, at \$620 each. New York City souls are quoted at \$545, while in Boston they can be obtained for \$545. Other quotations are Denver, \$425, Chicago, \$395, and New Orleans \$78.

So far as Mr. Sunday has made investigations, souls came cheapest in Atlanta, where they may be saved for \$75 a head—if souls have heads.

"Billy" Sunday's figures have aroused much mystification and considerable adverse criticism. Atlantans complain because souls are so cheap, and Indianapolis people because they are so dear. The general impression seems to be that "Billy" acquired the percentage habit in his baseball days and hasn't been able to shake it off—Success Magazine.

American Heiress and Earl.

Representative Henry, of Texas, at a luncheon in Washington, D. C., inveighed eloquently and wittily against the American heiress who marries the foreign nobleman for his title.

"But she gets the small end of it," said Representative Henry, grimly.

"Here's an example: 'There was a Texas girl with 20 millions who married an earl—we'll call him Lord Laclands. Well, this earl was notorious for speeding his motor cars. So they changed the law to fit his case. Afterward a man said to him: 'Well, Laclands, what are you going to do, now that in all speeding offenses the owner of the car and not the chauffeur is to be arrested?' 'Do?' said Lord Laclands, 'why I'm going to put every motor I own in my wife's name.'—Washington Star.

News of Reverse Withheld.

Pekin—It is apparent here that the imperial government knew the result of the battle at Hankow between its forces and the rebels more than 24 hours before it became public. Reports of the rebel victory gradually became generally known later, but the first positive account of the defeat of the imperial forces was delivered to the foreign legations by the Associated Press. It caused a profound impression.

The success of the revolution has been considered here to hinge largely upon the result of the first encounter, as its moral effect would be far-reaching.

When the fugitive imperialists reach the main army, now mobilizing near Sin Yang Chow, knowledge of the repulse, it is believed, will utterly demoralize the troops, while as the news travels long the Yangtze river it probably will cause important adhesions to the rebel cause.

The foreign legations here believe that the news from Hankow and Yunnan will mean that the provinces south of the Yangtze and also some on the north side of the river will secede sooner or later.

A Touch of Pity.

A tender-hearted youth was once present at an Oxford supper, where the fathers of those assembled were being roundly abused for their parsimony in supplying the demands of their sons. At last, after having long kept silence, he lifted up his voice in mild protest. "After all, gentlemen," he said, "let us remember that they are our fellow creatures."—Argonaut.

CHINESE REBELS WIN BIG FIGHT

Loyal Army Driven From Camp and Baggage Captured.

Gunboats Forced to Retire and One Deserted—All Huts Burned to Prevent Ambush.

Hankow, China—The rebel army has won a victory on sea and land, after two days' fighting. The imperialist army has been forced to retreat and wait for reinforcements and the loyal gunboats have been driven down the river. One of the vessels, it is reported, went over to the revolutionists. The government forces are now encamped at Seven Mile creek. The rebel army is well entrenched three miles from the city and it is believed here that the advantage already gained will be followed up without unnecessary delay.

When the fighting ceased the first night the revolutionists took up a strong position. Reinforcements for the rebels arrived during the night and early next morning a force of fully 5,000 strong began advance on the imperial encampment.

The advance was conducted cautiously. On the march the rebels burned hundreds of huts, fearing ambush. The loyalists' infantry made a faint show of resistance. When the rebel scouts reached the imperial camp they found it deserted, and the main body entered, waving banners and shouting.

News of Reverse Withheld.

Pekin—It is apparent here that the imperial government knew the result of the battle at Hankow between its forces and the rebels more than 24 hours before it became public. Reports of the rebel victory gradually became generally known later, but the first positive account of the defeat of the imperial forces was delivered to the foreign legations by the Associated Press. HOP MARKET LIVELY.

10,000 Bales Change Hands at 40 Cents or Better.

Portland—Friday was a record-breaking day for the Oregon hop market. The volume of business done on the Coast was the largest for a single day in the history of the world's hop trade. Purchases of more than 10,000 bales were made in the three states, and more than half of these were made in Oregon. The day's sales amounted to \$800,000.

Hopmen have no recollection of a time when the excitement was so intense, contrary to the usual course of things, they were as ready to meet the buyers as the latter were to secure the hops. This was probably because the market reached the figure at which so many of the farmers had decided to sell.

It was a 40-cent market from the opening of business to the close. For a few lots 40 cents was paid and one or two crops were taken at 41 cents, but the going price was 40 cents.

Money Stringency Serious.

Shanghai—Despite alarmist reports, trustworthy information received here is that all is quiet at Kiukiang, Wuhu, Nanking, Suchow, and Hangchow. There has been a large exodus to Shanghai from these places. The worst feature of the situation is the stringency in money, due to a demand for silver in exchange for even the best paper. Several banks in Shanghai have suspended payments. The loan of \$3,000,000 in new currency, sent to the official banks here, has partially relieved the situation.

Oregon on Trial Trip.

Seattle—The battleship Oregon, rebuilt and modernized, moved under her own steam for the first time in six years Saturday and made a trial spin across the Puget Sound navy yard across the Sound to Seattle, around the Seattle harbor and back to her anchorage at Bremerton. Since she was laid up at the navy yard six years ago the Oregon has undergone extensive alterations. New batteries and machinery were installed and the spin was made to test the engines preparatory to sailing for Los Angeles.

New States Welcomed.

El Paso, Tex.—A military parade and formal exercises of welcome to Arizona and New Mexico were features of El Paso's statehood jubilee, which is being attended by thousands from all parts of the Southwest. The formal ceremonies will be held at Fort Bliss, Governor Colquitt, of Texas, extended the welcome and Governor Mills, of New Mexico, responded and accepted the handsome silk flag, the gift of El Paso.

Hunting Called Larceny.

Helena, Mont.—Claiming as government property the animals in national parks, the United States government has brought charges of larceny against Thomas Shields and Archibald Patterson. The men were charged with killing an elk and a deer in the Glacier national park. This is said to be the first time the government has ever definitely asserted ownership of wild game.

CHANGE IN WOMAN'S LIFE

Made Safe by Lydia E. Pinkham's Vegetable Compound.

Grantville, Vt.—"I was passing through the Change of Life and suffered from nervousness and all the other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for I 'sake of other suffering women I am willing to make my trouble public so you may publish this letter."—Mrs. CHAS. BARCLAY, R.F.D., Grantville, Vt.

"No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing woman's ills such as inflammation, ulceration, fibroid tumors, irregularities, periodic pains and nervous prostration, and it is unequalled for carrying women safely through the period of change of life.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

"How about banana skins?"

"They make slippers out of them."—Smart Set.

One merit of this story is that it is true, says the Providence Journal. At least it is guaranteed by a well-known Providence society woman.

Marjorie Elizabeth, a niece from Michigan, was visiting her, and accompanied the elders to the Episcopal church, of which her aunt is a member. Various features of the interior interested Marjorie greatly and she asked about them in a stage whisper. The baptismal font, she was told, was where children were baptized and became Christians.

"Aren't you a Christian, Marjorie?" she was asked.

"Well," observed the diminutive worshipper, still in the stage whisper, "while I'm here, I suppose I might as well be a Christian, but when I get home I think I'll keep right on being a Presbyterian."

CANE IS AGES OLD.

Souvenir Presented to President Taft Has Ancient Origin.

President Taft has among the souvenirs of his Western trip a cane cut from a stump which scientists declare was a tree before the glacial period. The wood was found in the valley of the south fork of the Old Man river in the southern part of the province of Alberta by Professor W. S. Foster, a geologist and explorer, living in Spokane. The cane, which is valued at \$5,000, was presented by Elwin T. Coman, president of the chamber of commerce, on behalf of the people of Spokane.

"The stump, which stood in a peat bed, was found beneath 60 feet of glacial wash," said Professor Foster, "and preserved to the present day by one of the wonderful freaks of nature. The peat, from which the stump was taken, is on a sandstone formation and is about three feet in thickness. Sea-weeds and flag stalks found nearby are also well preserved.

"This peat bed was uncovered by the wearing away of the glacial wash by floods and the flow of the Old Man river. There is not the least question in my mind that the tree grew before the glacial period, more than 250,000 years ago, but so far I have not been able to ascertain the kind of wood it is.

"The discovery was made not long ago in the Frank district, which is 250 miles north of Spokane and fully 400 miles east of the Pacific ocean. The presence of well-preserved seaweed and flagstock in abundance, buried under 60 feet of glacial deposit, appears to be sufficient proof of its antiquity, though I have much other evidence of scientific character to bear out all my assertions.

"More than that, I am prepared to satisfy anyone as to such things by showing them the stump from which the wood was cut, also the formation in which the discovery was made."

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce and they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't tangle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.

Mrs. S. T. Rorer, the cooking expert, compared French and American cooking in a lecture to the girl graduates of Chicago.
