

Hood's Sarsaparilla

Eradicates scrofula and all other humors, cures all their effects, makes the blood rich and abundant, strengthens all the vital organs. Take it. Get it today in usual liquid form or chocolate tablets called Sarsatabs.

Economy in Cooking.

Much gas may be saved with a little care. I bought a number of pans of various sizes, but all with tightly fitting covers. Whenever I bake bread or a roast or for any other reason have a hot oven, I plan to cook other things also, as many as the oven will hold. Stewed fruits and all vegetables will cook as well in an oven as on top of the stove if started boiling in plenty of water and then put in the oven in the covered vessels. Potatoes, however, are spoiled by this process.—Exchange.

Not the Other Extremity.

From Canon Beach comes the following story: "It was the morning after the banquet, and a solicitous friend who had set beside Bishop Stubbs, happening to meet him, asked if he got home all right. The bishop looked slightly surprised at the question, but at once added, with an apparent gleam of comprehension, 'Oh, yes, it was only my boots that were tight.'"

Windows in Umbrella.

An umbrella with windows is the latest in Paris. The reason given for the innovation is the difficulty of getting about on account of the danger caused by traffic, especially in wet weather.

The Only Way.

Hewitt—"I want him to stand back of what he says." Jewett—"Then you'd better get him to say it by telephone."

Queer Place for Wedding Ring.

A merchant at Aberdeen, N. S. W., while cutting a cheese the other day found that his knife was stopped by something hard. On investigating he saw that its progress was barred by a heavy gold wedding ring.

The Two Classes.

The man who is looking for trouble is a source of endless wonderment to the men who don't want away from it.

Interesting Relic of Old Days. The remains of the old Roman boat found embedded in Thames mud during the sinking of the foundations of the London county hall, at Westminster bridge, were transferred to the London museum. A coin which was found in the boat points to its date being probably about 293-296 A. D. Researches have led to the opinion that the old boat is probably a relic of the first fleet formed to protect the shores of Britain.

Shake Into Your Shoes Allen's Foot-Powder, a powder for the feet. It cures painful, swollen, smacking feet. Makes new shoes easy. Sold by all Druggists and Shoe Stores. Don't accept any substitute. Sample FREE. Address A. S. Olmsted, Le Roy, N. Y.

Too Bad That She's Gone. Somebody who has taken the trouble to investigate has found that Elizabeth Barrett Browning tried to make "eagle" rhyme with "vigil," "helena" with "terrace," "nature" with "squire," and "woman" with "gloom." It is a pity that Mrs. Browning is dead. She might, if she could return, make a wonderful success as a writer of lyrics for musical comedies. Undoubtedly she possessed the chief qualification.

BLUE! BLUE! BLUE! Blue that's all blue. **RED CROSS RALLI** BLUE delights the laundress. A wash day necessity. Once tried, always used. A standard bluing for 20 years. More satisfactory than liquid blue, and more economical because it is not 4-5 water. Easily handled and cannot spill. Price, 10 cents. **ASK THE GROCER.**

Remembered the Lesson. My little girl, who was about three years old, had always had it impressed upon her that after she was once dressed she should not get dirty again. One afternoon after being dressed she went out to play and fell down in the dirt. She then came running to me and cried, "O, mamma now I'm all undressed."—Exchange.

100 YEARS OLD **Pettit's Eye Salve** No Wedding Presents. Those who are opposed to the giving of wedding presents will hail with approval the step taken by a very wealthy Chicago society girl. When her wedding invitations were issued they contained this sentence: "It is a special request that no gifts shall be sent." Probably there are others who will follow her example.

70 Years with Coughs
We have had seventy years of experience with Ayer's Cherry Pectoral. This makes us have great confidence in it for coughs, colds, bronchitis, weak throats, and weak lungs. We want you to have confidence in it, as well. Ask your own doctor what experience he has had with it. He knows. Keep in close touch with him. One of Ayer's Pills at bedtime will cause an increased flow of bile and produce a gentle laxative effect the day following. Formula on each box. Show it to your doctor. He will understand at a glance. Dose, one pill at bedtime, just one. Made by the **J. C. AYER CO., Lowell, Mass.**

BREWERS WILL RAISE OWN HOPS

Acquire Many Acres in Oregon and California.

Planting Now Under Way—Aim to Avert Repetition of High Prices of 1911 Crop.

Salem, Or.—Large Eastern brewers, feeling the necessity of securing a foothold in Pacific Coast hopyards, have pooled interests to gain control of heavy acreage in Oregon and California for their own benefit. This announcement was made in a statement given out here by Theodore Eder, general superintendent for E. Clemens Horst company, who is now in this city. It is planned by the brewers to plant 1,300 acres of hops this year.

Half a million dollars has been appropriated for the purpose and from 200 to 250 acres will be set to hops in Oregon fields. Appraisals have been completed. "Owing to the high price of hops of the 1911 crop," said Mr. Eder, "about 25 large Eastern brewers, forming the nucleus of the United States Brewers' association, approached E. C. Horst, president of the E. Clemens Horst company, with the idea of taking over a considerable number of shares in their extensive hopgrowing interests on the Pacific Coast, with the special proviso that the money put up by the brewers be at once used to plant at least 1,300 acres of new hops in the spring of 1912.

"The American appraisal company, of Milwaukee, was selected to value the old properties, which consist of over 2,500 acres of hops located in practically every hopgrowing district in Oregon and California. "All of the \$500,000 subscribed by the brewers is being used to put in new yards this spring. The acreage to be planted is about as follows: "Seven hundred acres at Del Paso, 200 acres at Wheatland, 150 acres at Tehama, 100 acres at Consumme, making a total of 1,150 acres in California.

In addition, some 200 to 250 acres of virgin soil is to be planted in our Oregon yards where the Krebs brothers and H. D. Landon now have three large donkey engines and over 200 men at work clearing land for that purpose.

"The 1,150 acres to be planted in California will all be irrigated and will easily yield a ton an acre this coming year, because the ground has been fertilized and two-thirds of it is being planted with nursery roots. The 200 or more acres at Independence should yield fairly well, being all on virgin soil, leveled for irrigation. "Hop planting is already under way in California, over 350 acres having been set out and the entire 1,350 acres will be planted before March 1, so that maximum results will be realized in 1912. The E. Clemens Horst company will harvest over 3,000 bales of hops in Oregon and California in 1912.

RADICALS FORCE CRISIS. Spanish Government Again Threatened With Disruption.

Madrid.—The Spanish cabinet, of which Jose Canalejas was premier, has resigned. The cabinet resigned as the result of a divergence of views with King Alfonso as to the advisability of commuting the death sentence of one of the rioters who murdered a judge and who wounded several court officers in the town of Culera, province of Valencia, last September.

The strike at that time involved a plot to assassinate General Weyer, and the king was compelled to suspend the constitutional guarantees. The radicals seized upon the affair as a weapon to attack the government in the same way that they utilized the refusal to reprieve Ferrer to bring about the downfall of the Maur cabinet.

Textile Mills to Close. Lawrence, Mass.—Although there was no repetition of the violent outbreaks that marked the beginning of the strike of textile operatives who object to a decrease in their wages incident to the curtailment by two hours of the working time under the new 54-hour law, mill agents and owners are considering the idea of a general shut-down until conditions have become more nearly normal. Such a shut-down would affect upwards of 25,000 persons. The Everett mills have closed indefinitely.

Ships Are in Grip of Ice. Chicago—Fifty-five passengers are icebound on the Indiana and Kansas, two lake steamers, five miles out of Chicago harbor, 72 hours after they ran aground of floating ice which made further progress impossible. Neither immediate danger nor immediate escape from their position appears likely. Two other lake boats became locked in the same fog later, when they started on their regular trip up the lake, with instructions to run close to the ice-locked craft, to see if they could be aid.

Prison Reform Expounded. Globe, Arizona—As soon as he begins his term of office, about February 1, Governor Hunt will join the ranks of state executives who have been making unusual adventures into the realm of prison reform. At a banquet given by promoters of the Men's Forward Movement of the Presbyterian church, the governor said he would appoint as warden of the penitentiary a man who would give the convicts "Christian treatment."

Aeroplane Cuffles Wind. Pau, France—Jules Vedrine, the French aviator, beat the world's speed record by covering 142 kilometers, 150 meters (about 88 1-3 miles) in one hour, in his monoplane at the Aerodrome here.

CURRENT EVENTS OF THE WEEK

Doings of the World at Large Told in Brief.

General Resume of Important Events Presented in Condensed Form for Our Busy Readers.

The U. S. Supreme court upholds the national employers' liability law. Investigation of Bell Telephone affairs seems likely to disclose a big monopoly.

An official will be sent to investigate charges against Governor Frear, of Honolulu. The late Chief Justice Harlan left an estate of \$13,000, of which \$7,200 was life insurance.

President Taft is not averse to Hitchcock's proposal of government ownership of telegraph lines. Chico, Cal., felt a slight earthquake, which is believed to have been more severe in the mountains.

Representative Borland, of Missouri, would build a national road, 60 feet wide, from New York to San Francisco and Olympia.

The will of Richard T. Crane, Chicago millionaire, provides a fund of \$1,000,000 for the assistance of deserted wives and children.

The Rock Island railroad has sold \$20,000,000 worth of bonds, the cash to be used for improvement of terminals and the system generally.

San Francisco plans the highest-power wireless telegraph station in the world, as a permanent memorial of the Panama-Pacific exposition.

A bomb was thrown at Premier Yuan Shi Kai, of China, killing two soldiers and the horses attached to the carriage, but not injuring the premier.

High water in the Willamette river has closed the Oregon City pulp and paper mills, throwing over 1,500 employes out of work for a few days at least.

Madame Schuman-Heink, world-renowned singer, is suing her American husband for divorce, and her children by her first marriage are much elated, believing she will now be able to use her wealth to complete their musical training.

Intense cold still envelops the Middle West, the mercury is falling and no relief is in sight.

The Port of Portland has decided to publish maps and plats of the entire Columbia river basin.

John Day valley, Oregon, has more than two feet of snow, with a temperature of 14 degrees below zero.

The National Dressmakers' association voted to return to the natural waist line in women's garments.

W. Morgan Shuster, recently removed treasurer general of Persia, has left that country and is en route to Europe.

Taft and Roosevelt are practically the only candidates now left in the race for the Republican presidential nomination.

Walla Walla valley fruitgrowers will make a systematic effort to determine what variety of apple is best suited to that valley.

It is reported that Tacoma's mayor is about to resign, owing to the continual petty complaints of people who are not pleased with his administration.

A Seattle suffragette slapped the face of a man who refused to sign her petition for the recall of certain councilmen, and in turn received a sound box on the ear.

SAVING THE SUNSHINE.

Most true conservationists will agree with the secretary of the Interior in his condemnation of those loud talkers who spend their energies in discussing the wickedness of waste, without at the same time being willing to assist in any practicable plan to stop the evils they so greatly deplore. We suspect, however, that few, even of those good citizens who believe in the wisest use of natural resources and who are sincerely eager to safeguard the public good both now and hereafter, realize how easy it is to neglect opportunities for conservation which lie so out door. The coal and forests in Alaska are of vast importance, but the discharge of our duty with regard to them will not occupy much of our time. A nearer need is to see that we make the best use of natural resources in our own back yard. How about making "two blades of grass grow where one grew before?" Why isn't that just as important as keeping the coal or saving the streams or doing any of the thousand and one things that we individually can only talk about? Our truest conservationists are those gardeners and farmers who catch the sunshine and husband the rain and strive intelligently to keep pace in production with the increase of the non-agricultural population.

The need of conservation of food-supplying resources is obvious. There are more people in America every year, and every year the soil, if un-replenished, is impoverished. The area of rich land decreases and the cost of living rises. Conservation of the potential power of sun and soil is the only reasonable solution of the problem of nation-feeding and just here is our opportunity. What is for the nation's good is also for our individual profit. The wise use of the soil means money in our pockets. The very greatest product of land is derived from "intensive gardening." Through generations of intelligent selection and breeding thoroughbred seeds have been developed whose yield far surpasses in quality and quantity that of the ordinary strains. You can be a true conservationist if you have a successful garden. Be sure, however, to start right by planting thoroughbred seeds. These can be bought of seedsmen having sufficient capital and experience to know what they are about and a reputation to maintain.

Finesse. "How did you get old Bunkins' consent to marry his daughter?" "Finesse, my boy—just finesse. I told all over town that he had caught seventeen four-pound bass on that last fishing trip he took."

If you use Eye Salve use the best. **PETTIT'S EYE SALVE** is the standard, is reliable and costs no more than inferior goods that are unknown. Used by Physicians and Oculists, helps where all others fail. It is not the TUBE or BOX that cures, it is the SALVE that does the work. Guaranteed by Howard Bros. under the Government Food and Drugs Act. Don't be deceived or misled. The only really antiseptic Eye Salve that has been in the market for years. Sold by Druggists throughout the known world.

LIGHTNING'S PRANK. A strange freak of lightning is reported from France. During a recent thunderstorm the lightning struck three byres in a village in the department of the Loire, killing off the cows in each byre that were lying down—16 in all—while all those standing up escaped unhurt.

Why is it that so many people suffer with Lame Back? Hamlin Wizard Oil will cure it and for Aches, Sprains, Bruises, Cuts, Burns, etc., there is nothing better.

Tolstoy's Wise Counsel. Never say, "I can indulge in this little thing without fear; it does not amount to anything." Never say, "This particular virtue is so insignificant I might just as well do without it."—Tolstoy.

MAKE YOUR GARDEN YIELD ITS LIMIT
Plant thoroughbred seeds. Thoroughbred seeds do not happen. They result from long and intelligent breeding. They produce big crops of the best vegetables. Use **Ferry's**. For sale everywhere. Write for FREE CATALOGUE. **FERRY'S SEEDS**
