Ed's many friends will be pleased to learn of his deserved advancement.

The roller for breaking snow paths has been found one of the great devices to smooth and give open traffic on country thoroughfares. When farmers unite in breaking out roads, two good results are achieved: The roads are made good in short order and, better still, the roads between hearts are improved and made pleasant. Union and cooperation are great factors in bringing of a broader, freer, more neighborly life in a community. It leads to do things for the other fellow, and this never hurts the human heart. We are all prone to narrow into ourselves too much. If your community life is at low ebb, call the neighbors together and form a union for some purpose. — From February Farm Journal.

A small but appreciative audience gathered at Stroup's Hall Tuesday night to see and hear Jas. R. Barkley, the "talker in chalk and clay." The lack of attendance was due to the very inclement weather and the suddenness of Mr. Barkley's appearance, which was unexpected. The "sermons in chalk" were excellent and those present felt well repaid for the effort made in getting out in the storm.

MOSIER LOSES TO DALLES.

The game of basket ball, played last Saturday night between the teams of Mosier school and and Rev. Poling's Congregational Boy's Club, was a good one, esspecially in the first half when for a time Mosier was in the lead. In the last half, however, our boys evidently got rattled and went to pieces and the final score was 17 to 40 in favor of The Dalles. It was a good game just the same and our boys did well considering that this was the first game they had played. Rev. Mr. Poling praised the boys warmly and predicted that with steady practice they would make a record for themselves. A return game will be played at The Dalles in the near future.
