The prospect is excellent this season for a bumper cherry crop and growers who have signed up with F. A. Seufert for their Royal Anns at 4 cents a pound, boxes furnished, are congratulating themselves.

Disasters never come singly. Following the terrible tragedy of the sinking of the Titanic, reports come of tornados in Indiana, Illinois, Georgia and Alabama, with many lives lost and millions of dollars of property destroyed. The floods of the Mississippi have also caused loss of life and enormous destruction to property and growing crops.

Mr. McTarnahan, of the post office department, was in town this week giving our postmistress instructions and the necessary books and papers in regard to the postal savings bank, which will be opened in Mosier the first of May.

Mr. and Mrs. Seth Morgan drove over from The Dalles on Monday to visit friends, returning home Wednesday. They were much pleased with the many new homes and improvements they saw in Mosier and vicinity.

Two "elders" of the Church of Latter Day Saints of Jesus Christ—Mormons for short, blew into town last Wednesday and endeavored to secure one of the churches in which to hold "missionary" meetings. Failing in this, they made a house to house canvass of the town, seeking to interest the ladies and leaving "tracks" (literally) at each door. They struck it rich at one place where one lady was entertaining a whole "passel" of her female friends. One of the "elders" knocked at the front door while the other scooted around to the back door to head off any who might try to make a get-away. So far as we can learn the disciples of Brigham Young, Joseph Smith, et al, failed to convince the ladies that Mormonism had anything on monogamy. The

young men were intelligent, respectable and gentlemanly appearing fellows and no doubt were sincere in doing the work they were sent out to do; but they are wasting their time in this community and the sooner they realize it the better, for the people don't "cotton" to their doctrines a little bit.

Messrs. Veatch and Root are erecting the frame work for their mill.

Ed F. Reeves and wife of Portland, are spending a few days here on their ranch, near town.

F. S. GUNNING

Republican nominee for County Judge.

A PIECE OF ADVICE
We offer in your interest is "Buy good hardware or none at all." That's what we do and it certainly pays us, as it will pay you. Buying only the worthy, we have only that kind to sell. So the next time you want hardware of any description you'll do well to come here.

Mrs. H. S. Waite came up from Portland last Saturday evening and visited over Sunday with relatives and friends here. She left Monday forenoon for Waña Waña where she will spend a few days with relatives.

PINES HOTEL UNDER NEW MANAGEMENT

The Pines Hotel, which was recently sold by Mr. John Weilberg to the local lodge of Odd Fellows, has been leased by them to Mr. J. A. Phillips, of The Dalles. Mr. Phillips, who has had considerable experience as a hotel man in Washington, will take possession the first of May. A number of much needed improvements will be made, the building is to be lighted by electricity and a general renovation will be in order. It will be Mr. Phillips' endeavor to make The Pines Hotel one of the most popular hostleries along the Columbia River.

BRADLEY'S MILL A PRODUCER

Perhaps not many people in Mosier realize that we have an industry here that is filling a long felt want, more especially for the people in the hills south of town, who have a long uphill haul from Mosier.

The people in town and for a radius of several miles around, who are in need of lumber, are well served by the Tum-A-Lum Lumber Company, for it has been proven time and again that they can save money by buying their lumber at home. But the people living in the vicinity of the Bradley mill, which is located in the hills about seven miles southeast of Mosier, can obtain an excellent grade of lumber right at home.

Mr. Samuel Bradley, the present owner of the mill, came to this section less than a year ago from Oklahoma. He saw possibilities in the lumber business here and bought the mill, taking with it a number of debts, how many he did not know until later, when they were presented for payment. He realized that he had been "stung," but kept right on sawing wood until now he has paid off all the indebtedness and has a large amount of lumber on hand to supply his increasing trade. He estimates that there are now 200,000 feet of good dry rough lumber in the yard, 25,000 feet of it being clear stuff. He also has 75,000

Alex. Stewart,

Mosier, Oregon.

feet in the log yard ready for the saw. As an indication of the volume of business which Mr. Bradley expects to do this season, we are informed that one man will soon place an order with him for 150,000 feet of lumber, to be used in the erection of a residence and other buildings on his property recently acquired from the Sundborg tract. It is Mr. Bradley's intention soon to install a planer, when he will be able to supply his customers with the finished article.

That was a just rebuke administered recently to a Socialist of the "Red" stripe, who showed his vindictive attitude toward capital by gloating over the deaths, in the Titanic disaster, of such men as Astor, Strauss, Butts, and others. A good American, hearing the insulting remarks of the Socialist, resented them and a mix-up followed, which resulted in the Socialist being properly chastised. He entered a complaint of assault and battery against the G. A., but the policeman who interfered refused to arrest the man, instead, shaking his hand and saying, "I am proud of you." Such rabid theories as this crank uttered will never get the Socialist party anywhere. It can hardly be believed, however, that real Socialism would countenance such anarchistic expressions, or the violent deeds which are the offspring of such thought.

According to the Dispatch, Dufur will send a large delegation to the Wasco County Sunday School Convention, which meets here next Thursday and Friday.

Alfred R. Lee, of the Bureau of Animal Industry, United States Department of Agriculture, while on a recent visit to the Oregon Agricultural College at Corvallis, gave it as his opinion that within a short time the Pacific Northwest would be shipping out larger quantities of poultry products than are now being imported. He also stated that few states have natural advantages for successful poultry raising equal to those of Western Oregon.
