HOW TO PREPARE ASPARAGUS

Three Ways in Which to Serve This Delicious and Healthful Vegetable.

Asparagus in Ambush.—Scrape out the inside of eight or nine rolls or plate biscuits; cut off tops to serve as covers. Set open in the oven to crisp. Heat two cups of milk, pour over four beaten eggs. Stir over the fire until it thickens. Add spoonful of butter rolled in flour. Put in the tops of two bunches of asparagus, boiled tender, chopped fine and seasoned. Fill the rolls with this mixture. Put on the tops and serve hot.

Baked Asparagus.—Lay two bunches of cooked asparagus on a buttered baking dish and spread Bechamel sauce thickly over the upper half of the stalks only. Sprinkle with grated cheese and bread crumbs and dot with bits of butter. Lay an inverted pan over the baking dish so that only the part of the asparagus covered with the sauce will be exposed to the heat and bake a light brown.

Asparagus and Eggs.—Cut about two dozen stalks of asparagus (tearing out hard parts) into inch lengths and boil tender. Drain, pour on a cup of drawn butter; stir until hot, turn into a bake dish. Break about six eggs on top, put a bit of butter on each; salt, pepper and put in quick oven until the eggs are "set."

HOW TO MAKE AN EGG LOAF

Very Dainty Dish for Summer Days and Can Be Served Either Hot or Cold.

For egg loaf use six hard-boiled eggs, 1½ cups grated bread crumbs, one cup finely chopped meat, any kind; one cup soup stock, one cup sweet cream, two raw eggs, one rounding teaspoon salt, one-fourth teaspoon pepper, one minced onion and one heaping teaspoon powdered sage if liked. Directions: Remove the shells from the hard boiled eggs, grate them, both yolks and whites; add the raw eggs, beaten; now the chopped meat and seasoning, next add the stock and cream and last of all add the bread crumbs. The other ingredients should be thoroughly mixed before the crumbs are added. The mixture must be stiff enough to form into a loaf. Use more bread crumbs if needed. Mold into a loaf, place in a pan and bake in a moderate oven twenty-five minutes. Cut into slices and serve either hot or cold with tomato sauce if liked.

USES FOR THE PAINT BRUSH

Comes In Mighty Handy About the House if One Knows How to Use It.

Some uses for a paint brush are to clean out the corners of windows and corners of furniture and carved work, also to brush out dust and dirt around buttons of leather furniture. Keep one in the pantry for brushing milk over the top of pie crust before baking, also to grease your bread pans and cake tins, so all the corners are sure to be greased well. Use one to spread your stove polish to get in places a cloth cannot be used without getting the hands all mussed up. To take out ink from white goods, soak in fresh milk about 15 or 20 minutes, then rub till stains take a grayish look, rinse in milk once more, then place in cold water in wash boiler and shave some more soap and boil 10 or 15 minutes, and the stains will disappear.

To Clean a Lace Yoke.

A lace yoke is easy to clean without removing it from the dress. Make a thick paste of starch and water and with a tooth brush apply to every part of lace, allowing it to remain three days, and brush off carefully.

When pulling threads on fine material rub on a little soap to make work easier.

Always hang a broom or stand on handle if you want it to do good work.

When making aprons it is good to make the fronts double, so when they wear through it is easy to cut out the worn part. Turn in the edge and stitch.

Strawberry Shortcake.

While the crust is baking carefully pick and wash the strawberries, drain on a cloth, put in a bowl and sprinkle powdered sugar over them. When the crusts are done butter richly, cover the lower one on the buttered side with berries and lay on the upper crust, butter side down. If three layers, butter both sides of the second. Other berries may be used in the same way. A tablespoonful of whipped or ice cream placed on top not only gives the shortcake a relish, but serves as a tempting ornament for the dainty.

Chicken Gallosch.

Cut into dice two medium sized raw potatoes. Put into a frying pan two tablespons of olive oil and when hot add the potato dice. Stir to keep from burning and cook for five minutes. Then add half a teaspoon of paprika, a cup of boiling water, a crushed clove of garlic, a cup of cold cooked chicken cut fine and salt to taste. Cover and cook till the potatoes are done, stirring frequently.

Borax for Laundering Lace.

In laundering lace bows and so forth, try rinsing them in a solution of borax, which will give them just the required stiffness. Two heaping tablespoons to five quarts of water is the proportion. This is also good for thin white waists. Better than starch. —National Magazine.

Tea or Coffee Stains.

Butter rubbed on fruit, tea or coffee stains, whether on linen or cotton then washed in quite hot water and bland soap, is a good detersive. In fact, it will remove almost any stain but ink. Sprinkle salt on a wine stain and pour boiling water through it until it is gone.

Cooking the Cereal.

While washing the dishes from the evening meals put the cereal on and cook it. All that need be done to it on the following morning is to add a little water to it and heat.

PINEAPPLE SHERBET IS NICE

Instructions for Making It in a Way That Is Not Only Easy But Cheap.

Pineapple sherbet is easy to make, cheap and very delicious: Three cups granulated sugar, two cups water. Stir until sugar is dissolved, then boil five minutes. Add the juice of one good-sized lemon and one large pineapple. If one has a vegetable press it will not be necessary to be particular about peeling the pineapple Put it through the food chopper first, then press the juice out in this vegetable press. In this way every bit of the juice is extracted. The juice from one can of pineapple might be used as well. Keep the mixture all together in a large bowl standing in a vessel of cold water until cool, then pour into freezer. When partly frozen add the stiffly beaten white of one egg and continue freezing. Let stand an hour or so to ripen. Any other fruit may be used instead of pineapple if preferred. Strawberry is very nice—also orange.

DENVER HIT BY RAGING FLOOD

Two Known Dead and Property Loss In Millions.

Notorious Cherry Creek Goes On Rampage, Flooding City and Stopping All Trains.

Denver, Colo.—A wall of water 25 feet high, carrying death and destruction with it, swept down Cherry creek here Sunday night, ripped open the concrete walls and in a twinkling had marooned hundreds of persons. Two persons are known to have been drowned.

Mayor Arnold stated that the property damage would reach at least $2,000,000.

"Anything like an accurate estimate of the damage would be out of the question for several days," said Mayor Arnold. "Thus far we have learned of only two deaths from drowning, but there may be several more."

An infant boy was drowned when his mother, terror-stricken and up to her waist in water, dropped the babe and the little boy was swept down the stream.

The second known death was that of 8-year-old Christopher Jensen. The boy was standing on the bank watching the rushing water when the bank caved in and he was carried to his death. At Longmont, south of Denver, and at Cripple creek and Victor, northwest of here, the rain fell heavily, blocking traffic.

Word of the Cherry creek flood was conveyed to the city hall by telephone shortly before the crest reached Denver, and not a moment was lost in warning those within reach. The fact that the message was received early was the means of saving perhaps hundreds of lives.

Near the banks of Cherry creek dwellings crumbled like paper, and many hair-breadth escapes occurred. A number were rescued from the tops of houses.

The South Platte was at flood stage from the rains and when the crest of the Cherry creek overflow reached the river the Platte overflowed its banks to the northeast of the city.

Castlewood dam, near the headwaters of Cherry creek, about 15 miles from Denver, has been weakened almost to the bursting point, and should the dam go out it would be difficult to predict what the extent of damage would be.

The torrential rain began about 3 o'clock in the afternoon, and soon afterward the water was above the curbing in the business district, flooding stores and hotels. In the lower sections of the city families were driven from their homes.

The crest of the flood in Cherry creek did not reach here until nearly 10 o'clock, coming as a climax to the floods of the afternoon.

Not a train left Denver Sunday night and none from any direction arrived. Trains from the south were stopped three miles southwest of the city.

FAST MAIL WRECKS EXPRESS TRAIN, KILLING 13

Chicago — Thirteen persons were killed, eight of them women, and more than 40 were injured in a wreck on the Chicago, Burlington & Quincy railroad at Western Springs, a suburb of Chicago, at 6:30 a. m. Sunday.

Coming through a fog with supposedly a clear track, train No. 8, a fast mail, ran full speed into the rear of train No. 2, known as the Overland Express, from Denver, which was standing still on the track, telescoping two of the Overland's Pullman cars.

Railroad officials refused to fix the blame until after the wreck has been investigated thoroughly. Mrs. F. A. Wilcox, who was in charge of the tower from which the block signals were controlled, said she was certain the block was thrown against both trains.

Archbald Case to Wait.

Washington, D. C.—It is practically determined that the Archbald impeachment case will not be tried by the senate this summer. This indicates an earlier adjournment of congress than seemed possible a few days ago. The delay is said to be in accordance with the wishes of Judge Archbald. It was arranged that the senate should be notified of the house resolution of impeachment and that the managers should formally appear next week to demand trial. The approaching political campaign fa ored a postponement.

Taft Avoids Long Trips.

Washington, D. C.—President Taft has indicated that he would not make any extensive campaign trip this fall, when he declined an invitation to attend the Minnesota State fair in September. While he will not take any long trips, it is believed the president will make several long speeches setting forth his views of the issues that confront the country. No engagements for such speeches have been made and probably will not be made until after the oragnization of the Republican committee is completed.

Gamblers Overlook T. R.

Chicago — Theodore Roosevelt has not even "showed" on "Jim" O'Leary's book yet. The stockyards bet-taker has the Oyster Bay candidate still in the "field." Wilson is the favorite, with Taft second. O'Leary's odds are as follows: Wilson, 4 to 5; Taft, 6 to 5; Chafin, 2000 to 1; the field, 5 to 1. The book is doing a good business in small wagers, according to O'Leary. Wilson money is abundant, but little "T. R." coin.

Allen Jurors Disagree.

Wytheville, Va. — The jury in the case of Claude Allen, one of the members of the Allen gang, charged with the assassination of court officers at Hillsville, Va., report that an agreement was impossible. The jury was discharged, and another venire was ordered summoned for a new trial.

REBELS DEFEATED.

Portuguese Regulars Twice Whip Returning Royalists.

Lisbon — Royalist rebels captured Caldeciras de Basto and the Portuguese government troops immediately prepared to bombard the town. The Monarchists, commanded by Homom Christo, penetrated Portugal from Ciudad Rodrigo, Spain.

The Royalists had played a ruse on the Republican troops, but in the end it cost them dearly. While being pursued to Montalegre, in Province Traz-as-Montes, they returned to Chaves, and arriving unsuspected by the Republicans, bombarded the city with their newly-acquired artillery bombs. The Republican troops later discovering that the Royalists had doubled on their course, hastened back to defend the town.

The attacking rebel force consisted of two united bands. After a battle which lasted three hours the Royalists retreated slowly and finally disappeared into the mountains. The Republican loss included two officers.

The news of the victory was received with cheers in the chamber of deputies, and a law was passed at once authorizing the government to suspend the constitutional guarantees wherever necessary to extend the state of siege to the district of Cilla Real.

Other bills adopted to provide for the passing of summary judgment on persons accused of sedition or rebellion by military tribunals, and for pensions to families of soldiers "dying for the republic."

Many of the inhabitants in disturbed districts display open sympathy with the Royalists, but the army and navy remain loyal. The belief is general that unless there are defections among the military the monarchist incursions cannot be successful.

RACING AUTO WRECKED.

Rock on Track Throws Machine—Driver May Live.

Portland — A small stone, tossed with criminal carelessness upon the Country Club track, or dislodged from an abutting hillock by the foot of a spectator, resulted in the marring of the Portland Automobile Club's race meet with an accident which may bring death to Chris Dundee, a Portland automobile driver.

Rounding the east turn of the mile track at the daring clip of nearly a mile a minute, determined to take second place in the first lap of the five-mile free-for-all race, Dundee's nerve and the power of his racing car, "Whistling Billy," fell victim to the stone, the car careened sharply, failed to right itself, and then crashed through the board fence, casting its driver 25 feet into the air and upon a mass of grass-hidden rock at the foot of a 40-foot grade.

A fracture of the skull over the right eye, a badly injured left leg, broken nose, broken middle finger on left hand and contusions of the face, with an automobile shattered beyond repair, were the results of the hazardous effort of the Portland man successfully to pit his skill against that of the best racing drivers in the world.

Dr. S. C. Slocum, who, with Dr. William Killingsworth, was the first physician at the side of the injured man, reported that his patient has an even chance for life.

PLAGUE UNDER CONTROL.

Work of Killing Rats Progressed on Eastern Seaboard.

Washington, D. C.—No new cases of bubonic plague are reported from Cuba or Porto Rico to the public health and marine hospital service.

Three steerage passengers who had come from the plague zone in Havana were taken off the steamer Chalmette at the New Orleans quarantine station. They will be detained until there is absolute assurance that they are not infected.

Surgeon Stoner, chief medical officer at Ellis Island, telegraphed here that the work of destroying rats along the New York waterfront was well under way. Similar word came from Galveston, Tex., and other ports.

Patent Bill prepared.

Washington, D. C.—Senator Borah had another conference with Representative Mann regarding his bill directing the issuance of patents to homesteaders on government irrigation projects, when they comply with the homestead law. Final agreement was reached on everything except the question of cultivation. The present law requires the cultivation of half the irrigable area before patent issues. Borah is urging the substitution of one-quarter. Mann thinks the bill cannot pass in that form.

Thaw Expert on Stand.

White Plains, N. Y.—Dr. Adolph Myer, one of Thaw's alienists, on the stand in the Thaw insanity proceedings, denied that the manner in which Thaw killed White was a "typical paranoiac murder." Under cross examination by Mr. Jerome, Dr. Myer admitted he owed his present position in the faculty of Johns Hopkins university to relatives of Thaw. Dr. John W. Russell, head of Matteawan asylum, said that Thaw could safely be released, in the care of special attendants.

Steamer's Injury Slight.

San Francisco — The Pacific Mail steamer City of Panama, which sent wireless signals for assistance when one of its engines broke down 250 miles southwest of San Pedro Sunday, was towed into port here by the steamer Rose City, of San Pedro. The City of Panama was en route to Panama from this port. The injury to the machinery was found to be slight and the City of Panama will sail for Mexican ports and Panama July 15.

French Victors at Fez.

Fez — A crushing defeat was inflicted by the French general, Gouraud, with 3000 men, on one of the most persistent enemies of France in Morocco, who is known as the Rogui of Sichtalla. The French surprised him near Moulay Bouchta. After a severe fight the Rogui fled, leaving 60 dead and abandoning his camp. The French lost three killed, 18 wounded.

AMERICANS WIN MOST HONORS

Athletes at Stockholm Lead World With 72 Points.

Britain Second With 65—Foreigners Seem to Have Greatest Endurance—Americans Quickest

America's Score Largest

Stockholm, July 11.—The scores in the Olympic games as announced tonight are: United States, 72 points; Great Britain, including colonies, 65; Sweden, 57; Germany, 24; France, 18; Russia, including Finland, 20; Denmark, 7; Norway, 7; Italy, 5; Hungary, 4; Belgium, Greece and Austria, 3 each; Holland, 2.

Stockholm, July 11.—The finals in six events were completed at the Olympic today and of the 36 points the United States scored 13, England 6, Germany 6, Canada 3, Australia, 3, Finland 3 and France 2.

The United States and Germany had the honor of making a clean sweep in the weight-putting and 200 meters swimming, back stroke, respectively. England won the greatest race of the Olympic so far—the 1500-meter run, in which the Oxonian, Jackson, broke the record by more than six seconds. Finland won the 5000 meters in a splendid struggle against France, while the Canadian, Hodgson brought glory to the Dominion by his victory in the 1500-meter swimming contest in which he hung up three records.

Perhaps never before have there been two such contests as the 5000-meter and 1500-meter runs on the same day.

In the latter it was a gruelling contest from start to finish. Abel R. Kiviat and Norman S. Taber, the American representatives, came into the stretch together. Jackson all the way round the last lap went at a terrific pace, passing the four men in order to get up with the leaders. With Kiviat slightly in advance ten yards from the tape, Jackson fairly leaped ahead and fell exhausted in to the arms of his friends. So close was the race for second place between Kiviat and Taber the judges reserved their decision until a photograph of the finish was developed before announcing second and third man.

This Olympic is proving that Great Britain and the United States must waive their traditional monopoly of field sports since other nationalities have set themselves seriously to demonstrate that they are possessed of as much muscle and endurance as the pioneers in field athletics.

ROOSEVELT PLANS FUSION.

War Map Prepared Showing Party Strength in Each State.

Oyster Bay, N. Y.—Plans were outlined whereby Colonel Roosevelt hopes to capture local or state tickets from both the Democratic parties in furtherance of his purpose to put the new third party on its feet. It is proposed to execute the move within the party organizations where Roosevelt sentiment is strong enough to make such an attempt feasible.

"In certain districts," said Colonel Roosevelt, "the Republican nominations will be captured for progressives who will support our candidates for electors. In other districts this will be done through the Democratic organization."

As the first step in the plan there is under preparation what may be the most elaborate political chart of the country ever made. When completed, Colonel Roosevelt's organizers will have data from every congressional district in the country regarding the strength of the Roosevelt following, conditions on the Democratic and Republican organizations, tabulations showing the vote in past national elections and lists of the best available timber for the new party among political workers and leading business and professional men.

Heat Fatal to Scores.

New York, July 11. — Scores of deaths by heat prostration were reported from the larger cities of the country today. All up and down the Atlantic seaboard the heat was intense and suffering great. Prostrations by the hundred were reported. In New York there were seven deaths, two were driven insane and the thermometer reached 93 degrees. There were two deaths and scores of prostrations at Montreal, one fatality at Cincinnati, six deaths at Philadelphia and nine deaths at Chicago.

Explosions Kill 65 Miners.

Conisbrough, England. — A double explosion in the Cadeby colliery in this district caused the death of 65 miners. Many others are missing and officials think the total death roll will reach 80. Among the victims are three government mine inspectors. Many of the men met death while attempting to rescue their comrades, who were cut off in the galleries by the first explosion. During their search a second and more terrible explosion occurred which killed most of the rescuing party.

Salmon Run Increases.

Astoria, Or. —There has been an increase in the catch of salmon during the last two or three days and all classes of gear have done fairly well. The fish are of excellent quality and average large and those interested in the industry believe the catch from now on will be good. While the pack thus far is considerably short of the corresponding period of last season, only a few weeks will be required to bring the output up to normal.

Memorial is Planned.

Denver — Denver women have launched informally a plan to erect a memorial to the late Mrs. Sarah Platt Decker, who died in San Francisco during the meeting of the Federation of Women's clubs.

Hair Falling?

You certainly cannot lose your hair and keep it, too. Which shall it be? Lose? Then do nothing. Keep? Then use Ayer's Hair Vigor. That is about all there is to it. Ayer's Hair Vigor is also a splendid hair-dressing and hair-tonic. It keeps the hair soft and smooth and greatly promotes its growth. It does not color the hair. Consult your doctor freely. Doctors are studying these hair questions much more than in former days.

Life of the Soil.

The soil may be said to be alive. It is a matrix supporting various groups of definite micro-organisms, and the investigations of the past few years indicate the possibility of determining by bacteriological diagnoses the crop producing capacities of different soils. It has been shown that the action of the nitrifying bacteria, especially in samples of soil, correlates fairly well with the productiveness of the same soils under field conditions. —Harper's Weekly.

No Cause to Fear.

A fisherman succeeded in stealing a goose from a farmhouse by training his fish-line along the ground in sight of the goose. The goose, seeing the worm, bit at it and got caught by the hook. When caught, the man ran, pulling the bird after him. The bird, by flapping her wings, alarmed the farmer's wife, who came out to the gate, and, seeing the man running and the goose following, she exclaimed:

"Don't be afraid, my good man; she won't touch you."

Oil From Grape Stones.

Grape stones yield an oil similar to those of the olive. They are used in Italy in the manufacture of soap and for lubricating and lighting. France alone, it is estimated, could yield from 8,000,000 to 10,000,000 gallons of this oil per annum.

Reedville, Ore.—"I can truly recommend Lydia E. Pinkham's Vegetable Compound to all women who are passing through the Change of Life, as it made me a well woman after suffering three years." —Mrs. MARY BOGART, Reedville, Oregon.

New Orleans, La. — "When passing through the Change of Life I was troubled with hot flashes, weak and dizzy spells and backache. I was not fit for anything until I took Lydia E. Pinkham's Vegetable Compound which proved worth its weight in gold to me."—Mrs. GASTON BLONDEAU, 1541 Polymnia St., New Orleans.

Mishawaka, Ind.—"Women passing through the Change of Life can take nothing better than Lydia E. Pinkham's Vegetable Compound. I am recommending it to all my friends because of what it has done for me."—Mrs. CHAS. BAUER, 523 E. Marion St., Mishawaka, Ind.

Alton Station, Ky.—"For months I suffered from troubles in consequence of my age and thought I could not live. Lydia E. Pinkham's Vegetable Compound made me well and I want other suffering women to know about it." Mrs. EMMA BAILEY, Alton Station, Ky.

Deisem, No. Dak. — "I was passing through Change of Life and felt very bad. I could not sleep and was very nervous. Lydia E. Pinkham's Vegetable Compound restored me to perfect health and I would not be without it."—Mrs. F. M. THORN, Deisem, No. Dak.
