Pigeon Descended Chimney.
When a resident in the London road, Reading, England, came downstairs recently, he found perched on the top bar of the grate in the drawing-room a pigeon which had come down the chimney. It had brought with it a considerable quantity of soot. When the occupier opened the windows the pigeon made its escape.

Food Kept Warm.
A fattion stand will be found useful on the range to keep the contents of a saucepan warm without danger of burning, says the Indianapolis News. It is also useful when one desires food to simmer; there is then no fear of sticking or burning on a hot stove.

His Change in Belief.
"Do you believe that all men are created equal?" "I used to before I was married." "And now?" "Now I find that I can't begin to compare with other women's husbands."—Detroit Free Press.

One More Item.
Not that we cannot think of other ways of frittering away money, but some day we hope to be rich enough to afford a "going away coat" for our dog.—Houston Post.

Pity.
A girl who has a steady beau feels the same kind of pity for the girl who sits alone night after night that the boy who can dive has for the one who is afraid to wade in "above his knees."

Cough, Cold Sore Throat

Sloan's Liniment gives quick relief for cough, cold, hoarseness, sore throat, croup, asthma, hay fever and bronchitis.
HERE'S PROOF.
Mr. ALBERT W. PRINCE, of Fredonia, Kan., writes: "We use Sloan's Liniment in the family and find it an excellent relief for colds and hay fever attacks. It stops coughing and sneezing almost instantly."
SLOAN'S LINIMENT
RELIEVED SORE THROAT.
Mrs. L. BROWN, of Modesto, Pa., writes: "I bought one bottle of your Liniment and it did me all the good in the world. My throat was very sore, and it cured me of my trouble."
GOOD FOR COLD AND CROUP.
Mr. W. H. STRANGE, 271 Elmwood Avenue, Chicago, Ill., writes: "A little boy next door had croup. I gave the mother Sloan's Liniment to try. She gave him three drops on sugar before going to bed, and he got up without the croup in the morning."

Make Little of Life's Ills.
To be poor is not always pleasant but worse things than that happen at sea. Small shoes are apt to pinch but not if you have a small foot; if we have little means it will be well to have little desires. Poverty is no shame, but being discontented with it is.—Charles H. Spurgeon.
Unfortunate English.
The general impression that the Englishman's life is rather prosy is supported by the statement of a Londoner who visited at Clay Court. He said he never had tasted fried chicken or strawberry shortcake, the two being unknown to the culinary art in his country.—Kansas City Star.
Red Cross Ball Blue gives double value for your money, goes twice as far as any other. Ask your grocer.
Apology.
Conjuror—"Now, sir, you admit that the card you have just taken out of the handkerchief is the queen of clubs, yet the card you chose and securely tied there—namely, the ace of spades—I now produce from this hat." "Tiptid Volunteer—"So sorry—my mistake!"—Punch.
The Current Craze.
"A great many old plays are being fitted out with alleged melodies and sent out as operettas." "That's right. But they're going too far. I know of one actress who is going to star in a musical version of the multiplication table."
Somewhat Contradictory.
In America, says the Louisville Courier-Journal, a school teacher works, upon the average, for about half as much as a bricklayer, and has to tell the boys that education is a necessity if they would get on in life.
From His Point of View.
"Stop that! Hands off! How do you know I'm the passenger that stepped on your foot?" "I don't know it absolutely, but (biff) I'm giving you (biff) the benefit of the (biff bang!) doubt!"
The Average Man.
The average man will hurry to a veterinarian when his pet dog gets sick, but he is willing to rely on almost any kind of "dope" when he isn't feeling well himself.
All Have a Duty.
Every man or woman is one of mankind's dear possessions; to his or her just brain, and kind heart and active hands, mankind intrusts some of its hopes for the future.—Robert Louis Stevenson.
Where She Went.
Mater (at the Alpine resort)—"We're back again, count; we've had a splendid day; we've been up the mountain, you know. Count—Ah, your English mothers, you are always as young as your daughters. Mater—You flatter me, count; it was only my girls who climbed. I went up in the vernacular."—Punch.

PORTLAND ELECTION SURPRISE
Voters Knock Out Proposed Bonds Aggregating \$3,650,000.
Portland, Or.—Complete returns of the special election held in this city show no changes in the general result as compiled from the incomplete returns. Every measure carrying an appropriation of money was defeated. Majorities against such measures ran as high as 14,947, by which the Ross Island purchase was defeated. Only such charter amendments as are comparatively unimportant or affect small property-owners were carried, and in these cases the majorities were generally decisive.

Bond Issues Defeated.
\$300,000 to buy Ross Island by 14,947.
\$850,000 for South Portland bridge, by 9285.
\$100,000 for incinerating plant, by 1860.
\$2,000,000 for parks and boulevards, by 5727.
\$200,000 for auditorium site, by 6001.
\$200,000 for public market, by 493.
Aggregate bond issues defeated, \$3,650,000.

Charter Amendments Carried
Relating to waterfront street vacations, by 8049.
Extending time for filing applications for bonding street and sewer assessments, by 16,270.
Authorizing city to transfer ferries to county control, by 9483.

Ordinances Carried.
Recognition of Greater Portland plans, by 8050.
Granting franchise to Northwestern Electric company, by 21,867.

Charter Amendments Defeated.
Authorizing council to fix salary of city attorney, by 7382. Authorizing council to fix salary of city treasurer, by 8227.
Authorizing council to fix salary of city engineer, by 6900.
Creating office of city prosecutor, by 11,735.
Removing police department from civil service, by 13,558.

American Balloon Lost.
Berlin—The balloons in the race for the Gordon Bennett cup, which was started from Stuttgart Saturday, have all been accounted for except the Ile de France, of which Alfred Le Blanc, of France, is the pilot, and Dusseldorf II, piloted by the American, John Wattle. According to present figures, the French balloon, piloted by Maurice Bienaimis, wins first place, having covered about 1354 miles. The English balloon, Zuerich, apparently comes second; Zurich, Swiss, third, Richflugverein, Germany, fourth.

Jaw Joints Made for Boy.
Baltimore—A remarkable operation that has resulted successfully was performed recently in a local hospital on a 14-year-old boy, who since birth has been unable to move his jaws. It had always been necessary to feed the child through a tube, as the jaw bones were stiff, having no normal "hinges." The surgeon cut through the solid bone where the joint should have been and modeled upon the sections actual joints. The child has the hospital and has the normal use of the jaws.

Banks Resources Gain.
Washington, D. C.—Lawrence O. Murray, controller of the currency, has issued a statement indicating that the resources of the banks in the United States, national, state and private, are the highest in history. According to reports of their conditions on June 14, the controller announced that 25,000 of the 29,000 banks in the country show aggregate resources of \$24,956,000,000, an increase of \$1,324,000,000 over those of 24,000 banks in 1911.

Coal Famine Imminent.
Chicago—Another coal famine, greater than the shortage that handicapped this city last winter, is imminent, according to local dealers. Prices of all kinds of coal to the small consumer have raised from 25 to 75 cents a ton. The railroads are blamed for the present situation, coal dealers averring that car shortages prevent the removal of the coal from the mines.

Are you so fortunate as to be well satisfied with your hair? Is it long enough, thick enough, rich enough? And your hair does not fall out? Well, well, that is good. But you may know of some not so fortunate. Then just tell them about Ayer's Hair Vigor. They will surely thank you after using it, if not before. Remember, it does not color the hair. Show the list of ingredients to your doctor. Let him decide their value. He knows.

Ayer's Hair Vigor is a preparation of the most valuable ingredients for the hair. It is a perfect hair restorer and will cure itching humors of the scalp, dandruff, and all other diseases of the hair. PANIC SEIZES CONSTANTINOPLE

Turkish Army Is Driven Back to Gates of City.

Porte Asks Mediation of Powers—Moslem Fanatics May Begin Massacres of Christians.

Constantinople—The Turkish army is retreating to the last line of fortifications outside the capital. The porte has applied to the powers for mediation with a view to the cessation of hostilities, and for the negotiation of peace. Application has been made to the embassies here and by circular to the Ottoman representatives in the European capitals.

Constantinople—This city is in a fever of excitement over the alarming reports from the field of battle.

Foreigners and natives are suffering from tension caused by the series of military disasters, and, although the city is in a state of siege, crime in some quarters is unchecked.

Many families are leaving the city. The people fear first an outbreak of Moslem fanaticism by the turbulent elements of the lower classes, and secondly, a rising in hordes of maddened soldiers who are being driven by the Bulgarians to make their last stand a few miles outside of Constantinople and then perhaps to fall back on the capital.

The battle still continues on the plains of Thrace and if the Turkish soldiers fall back within the gates of the city it is feared they may turn their guns and bayonets on those who are awaiting here the outcome of the conflict.

In a large family, where there are many children, much loss of time and annoyance is saved if, before putting stockings into the wash each week, each person will tack the two stockings of each pair at the heels, says Suburban Life. There is no trouble in trying to mate them afterward, as each person may use a different colored thread.

Real Test.
There is something finer than to do right against inclination, and that is to have an inclination to do right. There is something nobler than reluctant obedience, and that is joyful obedience. The rank of virtue is not measured by its disagreeableness, but by its sweetness to the heart that loves it. The real test of character is joy. For what you rejoice in, that you love. And what you love, that you are like.—Henry van Dyke.
