Inane Asylums.
The great Greek physicians had devoted much attention to insanity, and some of their precepts anticipated modern discoveries, but no lunatic asylum appears to have existed in antiquity. In the first period of the monastic life a refuge is said to have been opened for the insane at Jerusalem, but this appears to have been a solitary instance, arising from exigencies of a single class, and it may be said that no lunatic asylum existed in Christian Europe until about the time of the fifteenth century.

Daniel in Second Place.
Little Willie's grandmother had been telling him Bible stories, his favorite being that of Daniel in the lions' den. At the age of four he was taken to a circus for the first time. When the lion-tamer put his head into the lion's mouth little Willie's excitement knew no bounds. Jumping up and down, he gleefully screamed: "Oh, my! That knocks the spots off Daniel!"

WAY TO PREPARE CUCUMBERS
Many Methods of Cooking Succulent and Popular Vegetable Are Well Recommended.

Few persons realize in what a variety of ways the succulent cucumber may be used and what a valuable vegetable it is. Many persons who do not dare eat it in the raw state find it as safe as it is palatable when cooked.

Cut in dice-shaped pieces and boiled with carrots and onions it is very good. The onions should be put on to boil first, small ones being used, then the carrots and last the cucumber. Drain off the water and season with salt, pepper and butter or a cream sauce.

Cooked cucumber is excellent for salad. Boil until tender, drain, cut in thick slices and put in the refrigerator until ready to use. Serve with tender lettuce and thinly sliced green peppers and French or mayonnaise dressing. Other vegetables may be added to this salad if one happens to have some left over in the refrigerator, cauliflower being particularly good for the purpose.

"Left-over" vegetables may be utilized for cream soups in all sorts of delicious combinations. For instance, fry an onion in a little butter, add cooked lima beans, cauliflower, carrots, peppers, peas or whatever you happen to have on hand, and bring to a boil with sufficient milk thickened to the consistency of heavy cream and flavored to taste. The vegetables should be cut in small pieces or they may be mashed if a smooth soup is desired.

REAL OLD BUCKWHEAT CAKES
Boston Woman Explains Her Method of Making This Favorite Winter Breakfast Dish.

Some one asked for directions for making old-fashioned buckwheat cakes. I had a bag of this kind of buckwheat sent to me from the country and we are just reveling in buckwheat cake and sausage and maple syrup. I don't know as I can tell you just how much I use, but to start them I take part of a yeast cake, about a teaspoon of salt, a pint of lukewarm water. Stir in enough buckwheat to make thick enough so it can be stirred easily. Let rise all day and a night. In the morning, take out about half, or what you need, and one-fourth teaspoon soda with two or three tablespoonfuls of sweet milk. This makes them brown nicely. Add enough lukewarm water to make them spread on the pancake griddle nicely. When through with batter put in a little warm water, stir in more buckwheat and leave in warm place through the day. Can be put in cooler place at night. If in a few days it doesn't seem very light, add a small piece of yeast cake, but the older the batter is the better it is. You will need to add more soda the older it is, for it grows sour, but that makes them more tender.—Boston Globe.

Fried Apple Sauce.
This dish is often called fat apple sauce. A spicy, smooth and medium sized apple is best. Do not pare, as the skin is the best part of real fried apples. Quarter and core, after first washing very clean. Fry out sufficient clear fat pork to leave plenty of fat in the frying pan for cooking the apples without danger of burning. Lay the apples in skin side down and when soft, turn and brown quickly without burning.

Baldwin apples are the best of the common varieties, although on the old farm we had one tree which we called "spice apples" for lack of any known name. They were almost a cinnamon or spice flavor and were even better than Baldwins for frying.

Casserole of Lamb.
Two pounds of lamb from back, two tablespoonfuls of drippings, two and one-half cups of well-seasoned stock, one-half teaspoonful of onion juice, five tablespoonfuls well-washed rice, one cup canned or stewed tomatoes will be needed for this recipe.

Cut the lamb from bones in pieces suitable for serving and dust with pepper and salt. Fry in drippings, add rice and onion juice, then the tomato and stock. Let come to a boiling point, pour into casserole and bake in slow oven till tender—about two hours.

DAIRY SHOW ATTRACTS MANY

Business Men Show Deep Interest in Exhibits.

Wisconsin Men Take First Honors in Butter and Cheese—Oregon Scores High.

Portland—Attendance boomed at the Dairy Show. Every streetcar to the stockyards was crowded, and hundreds came in automobiles. Members of the Ad club, wearing badges telling their names and lines of business, put in much time admiring the aristocratic milk-producers, and with a large delegation of the Progressive Business Men's club, and representatives of the Commercial club and Chamber of commerce, learned a few of the fine points of the game of breeding superlatives in dairy stock.

Fully 5000 in all saw the show, including the milk, butter and cheese displays. Hundreds were given an insight into the business of preparing meat for market by a tour of the Union Meat company's mammoth plant, conducted by uniformed guides, who explained each step in the animal's progress from the hoof to cold storage. Many a "day of it" by visiting the Land Show in the morning and the Dairy Show in the afternoon.

Interest centered in the judging of the Jerseys and the agricultural college students' general stock judging contest. Competition was keen in the Jersey class, but in the Guernsey class the splendid herd of D. H. Looey, of Independence, Or., was opposed by no other entries.

Washington Agricultural college took first in the students' judging contest, with 1750 out of a possible 2500 points. The first team of the Oregon Agricultural college was second, with 1714, and the second team of the same school third, with 1600. Utah was fourth with 1530. For a time it was thought that Oregon had won, but final averages gave first place to Washington by 36 points.

Many of the blue and red ribbons for Jerseys were hung on the stalls of the Utah cattle, hence entered under such well-known names as Smoot, Smith and Cannon furnished prize-winners. However, John B. Stump & Son's Deercombe herd, of Monmouth, Or., were the leaders, taking seven firsts and four seconds. W. O. Morrow, of Independence, Or., was a strong contender in this class, his fine herd taking several firsts and seconds.

In the butter and cheese competitions Wisconsin appears to have carried off first honors, with Oregon a close second in both cases. L. W. Turner, of Montfort, Wis., took first for butter, with A. A. Oswald and Peter Beier, both of Portland, second and third, the scores being 97, 96 1/2 and 96 1/2. It is possible that when the judges complete their grand averages Oregon will be found leading although the highest single score goes to the Badger state.

F. A. Geirguts, of Appleton, Wis., led the cheesemakers, with a score of 97. Hugh Barber, of Mohler, Or., was second with 96, and A. A. Kirby, of Tillamook, third, with 95 1/2. Again the general average may result in an Oregon victory, although Wisconsin has the highest individual score.

LAND SHOW BIG SUCCESS.
Exhibit of Products at Portland Interesting and Instructive.

Portland—Diversified farming is receiving a whole lot of substantial encouragement at the land show.

Many Portland people, who heretofore thought the Northwest could not produce much other than wheat and fruit, have acquired some beneficial education in the last few days. They have learned particularly that Oregon is a corn state and that all varieties of vegetables can be grown here with almost unvarying success.

Thus the land show is fulfilling its mission—bringing the people of the city into contact with the land, showing them what the land is capable of producing.

The exhibit of the Oregon Agricultural college was one of the most interesting of the whole show. It consists entirely of a demonstration of the various experimental methods practiced at the big school in Corvallis.

"Idle Women" Are Blamed.
St. Louis—Delegates to the first annual convention of the National Federation of Retail Merchants were warned against making false statements in advertisements and against cutting retail prices until profits were absorbed, by H. D. Robbins, of New York, chairman of the vigilance committee of National Ad clubs.

"Too many idle women in the world" was the cause assigned for the high cost of living by Mrs. Nellie Hencke, proprietor of a dry goods store in St. Louis.

Stone Leads Coon Hunt.
Moberly, Mo.—Coon hunters, 150 strong, mounted, booted, and equipped like days of old, with United States Senator Stone heading the procession, paraded down main street amid the howling of horns and barking of dogs. They were on their way to Milton, where a three days' hunt will be held. Many were mounted on mules and carried old-fashioned powder and ball muzzles. Visitors are arriving on every train to take part, among them many leading Democrats of the state.

Carnegie Gives \$2,000,000.
New York—An addition of \$2,000,000 to the endowment fund of the Carnegie foundation for the advancement of teaching was announced by Andrew Carnegie at a meeting of the trustees of his foundation. The endowment now stands at \$14,000,000 with a million dollar surplus. The gift was part of a grant of \$5,000,000 made in 1901 on which another \$2,000,000 is yet to come. The money was in Steel corporation bonds.

Problem is National One.
Washington, D. C.—"There should be no such thing as a state line in the commercial interests of the United States," declared Chairman Prouty, of the Interstate Commerce commission, in his address of welcome here Thursday before the annual convention of the Association of Railway Commissioners. Judge Prouty expressed a desire for harmonious relations between Federal and state commissions.

Anti-War Riots Fatal.
Berlin—According to messages to the Berlin morning papers from Budapest, serious disturbances occurred there Sunday on the occasion of Socialist anti-war meetings. A great procession marched through the streets and sanguinary encounters occurred between the police and demonstrators. Many were wounded by revolver shots and sword thrusts, 14 mortally. Thirty arrests were made.

London—The House of commons, by a vote of 218 to 207, adopted the new fiscal resolution of the home rule bill. This replaces the resolution defeated on November 18.

WOMEN TO JOIN PARADE.
Thousands of Suffragists to March at Wilson's Inaugural.

Washington, D. C.—For the first time in the history of the United States marching women will form a large section of the inaugural parade next March. Woodrow Wilson, on his way to take oath of office, will be accompanied by a guard of suffragists.

The State Suffrage association of the District of Columbia has voted to request the inaugural committee to give the suffragettes a place in the parade, and the women have received private assurances from several sources that their request will be granted.

Ten thousand women, they estimate, will answer the appeal, and the capital city will be the objective point of a veritable army of suffragists. Many of them will be women who actually cast a vote for Woodrow Wilson for president in the states which have granted suffrage. A general call for volunteer marchers will be put before the national convention of suffragists, which will begin in Philadelphia Thursday. Responses from women who have been broached on the subject indicate that the project is being received with much enthusiasm.

Women have not yet voted to adopt a distinctive costume for the occasion, but many of them are advocating special headgear at least.

MUCH ENERGY BEING WASTED
Railroad President Says Cities Hold Men Needed on Farms.

Minneapolis—The needs of the Northwest with regard to proper agricultural development, and the financial problems of the United States as they relate to agriculture of the Northwest, were the principal themes of discussion at the opening of the second annual Minnesota Conservation and Agricultural Development congress, held in connection with the Northwestern Products exposition here.

James J. Hill was the principal speaker, delivering an address on agricultural development in Minnesota. Intelligent agriculture alone will increase yields, keep the soil unimpaired, reduce loan rates and keep men on the farms, in the opinion of Mr. Hill.

"Seasons like the present are only breathing spaces for rectifying the errors of the past," he said. "The lean years will come again. They will be leaner than ever, unless the lessons of experience are accepted. Men are being wasted in the city who are needed in the country. We must recognize the farm as the cornerstone of national prosperity and national character."

WILSON FORGETS POLITICS.
President-Elect Will Walk, Cycle and Contemplate Legislation.

Hamilton, Bermuda—President-Elect Wilson declared that he was bringing to forget politics. Mrs. Wilson and the other members of the family have been busily engaged in unpacking.

The injury received by Mr. Wilson in an automobile accident before the election does not trouble him any more. The plaster covering the wound on his head came off, showing that the abrasion had healed.

President-Elect Wilson paid an official visit to the governor general, General Sir George M. Balfour. Later he had tea with the army officers. Mr. Wilson contemplates occupying much of his time in walking and bicycling and preparing for future legislation.

BOSTON MAN WEDS TITLE.
Reversal of International Marriage Rule Interests London.

London—Great interest was taken in the marriage here of Charles Wilkins Short, Jr., whose family comes from Cincinnati, and the Countess Camilla Hoyos, at Holy Trinity church, Sloane street, as it was one of the few instances in which an American man has married a titled foreign woman.

A gathering at the church comprised many prominent in society, and included the Austro-Hungarian ambassador, Count Albert Mensdorff-Pouilly-Dietrichstein. Mr. Short resides in Boston.

Larger Navy is Desired.
Kansas City—Neither congress nor the ordinary citizen is sufficiently conversant with the needs of the United States navy, declared Rear Admiral Wainwright in an address at the annual banquet of the Kansas City Commercial club in commemoration of the signing of the John Jay treaty. His address was in the interest of the Navy League of the United States. The speaker urged that the people seek information and use their personal influence toward the improvement of the nation's defenses.

Road Asks City's Aid.
Denver—"If the city of Denver will pay two-thirds of the cost of driving a six-mile tunnel through the Continental divide, the men behind the Denver, Northwestern & Pacific railway will meet the remainder of the obligation and extend the road to Salt Lake City, giving a 168-mile shorter route."

This was the proposition submitted by Newman Erb, representing the controlling interests of the railroad, to 400 business men of Denver, including representatives of the city government. It would cost \$3,000,000.

30,000 March for Peace.
Basel, Switzerland—The opening session of the Socialist International congress, which is being held here in opposition to war, was attended by 500 delegates, representing all nations. Thirty thousand persons joined in a parade through decorated streets to the cathedral, where addresses were delivered in various tongues. Four platforms were erected outside and speakers harangued great crowds unable to find room within.

Anti-War Riots Fatal.
Berlin—According to messages to the Berlin morning papers from Budapest, serious disturbances occurred there Sunday on the occasion of Socialist anti-war meetings. A great procession marched through the streets and sanguinary encounters occurred between the police and demonstrators. Many were wounded by revolver shots and sword thrusts, 14 mortally. TROOPS DESTROY REBEL VILLAGES

Mexicans Push War of Extermination Against Zapata.

But Little Real Headway is Made—Insurrectos Demand Heavy Tribute from Landowners.

Mexico City—No fewer than 25 villages have been destroyed in the state of Oaxaca in the last ten days by government troops. The administration believes the revolutionists in that vicinity have been cowed by the terrible warfare that has been waged, and sanctioned orders for the retirement of the greater part of the federals from that state.

Five hundred Indians have surrendered, but a large part of these were without arms, affording some basis for the unofficial declarations that little of real value had been accomplished towards the subjugation of the rebels, who it is feared by the residents of the City of Oaxaca will redouble their efforts with the added motive of revenge.

In spite of the fact that the federals in all districts containing Zapatistas have been using the right conferred by the suspension of the guarantees to execute summarily, there is little, if any, improvement in the general situation. In no fewer than 40 engagements reported last week the federals claim victories, but these for the most part have been insignificant, since the rebels ordinarily retire as soon as possible, doubtless to save ammunition.

Two circulars have been issued, signed by Zapata. One demands that the owners of the haciendas unite to contribute 3000 pesos a week to the rebels' cause in certain fixed areas, the other urges planters to hurry the work of the peons on their plantations as much as possible, because Zapata soon will require all able-bodied men. Destruction of their properties is the alternative offered.

Plans for withdrawing a large number of federals from the north to join the campaign against rebels in the south are maturing. Many volunteers who enlisted to fight Orozco are being mustered out, having served the stipulated six months. Efforts are being made to maintain the strength of the army, however, and as a result many prisoners are being drafted, and rebels taken in battle are being forced into the government ranks.

The government is not inclined to regard seriously the movements in Northern Mexico. It insists that the situation throughout the republic is much improved.

DEBS IS INDICTED.
Socialist Leader Charged With "Obstruction of Justice."

Fort Scott, Kan.—On a Federal indictment returned here against Eugene Y. Debs, Socialist candidate for president; Fred D. Warren, editor of the Appeal to Reason, a Socialist newspaper published at Girard, Kan.; and J. I. Shepard, Warren's attorney, Warren and Shepard were arrested here by a deputy United States marshal.

The indictment charged "obstruction of justice by inducing witnesses to leave the country."

Warren and Shepard were released on \$1000 bond each.

The officers charged in the indictment is alleged to have been committed in connection with the case of J. A. Wayland, owner of the Appeal to Reason, City Editor Piffner, of that paper, and Fred Warren, charged in a Federal indictment issued last May with misuse of the mails in posting obscene matter concerning the Federal prison in Leavenworth, Kan.

Wayland committed suicide recently.

Speeder Runs into Lake.
Chicago—Two Chicago motorcycle policemen pursued a speeder on a machine through Lincoln Park at the rate of 40 miles an hour and were astonished to see the man turn his motorcycle into the lagoon, in which he vanished in a cloud of spray. The officers arrived in time to drag the man from the water. Instead of saying he was going only eight miles an hour he thanked them for saving his life, as it was his maiden ride on a motorcycle and he had forgotten how to stop it.

Wilson Attends Church.
Hamilton, Bermuda—The President-elect, accompanied by Mrs. Wilson and family, attended the oldest Presbyterian church in Hamilton. The pastor, the Rev. Archibald Cameron, offered a prayer for the king and then for the success of the close of President Taft's administration, and that the "new president of the United States be imbued with thy spirit, and fearing thee, have no other fear; that he be honored as the leader of a nation and that his administration be one of peace, honor and prosperity."

"What do I want with a wife?" snorted Bachelor Bockwedder, on reading an old maid's reasons for not wanting a husband. "I have a game rooster that is vain about his fine feathers, a goat, that chews the rag, an aeroplane that gets me up in the air, and an automobile that keeps me all the time broke!"—Judge.
