

For Cleansing the Blood

I have never found anything equal to Hood's Sarsaparilla. In our home it is regarded our general family medicine. We use it whenever we are bilious or run down, or have impure blood or that tired feeling. I regard it only simple justice to speak well of this medicine, that has proved its worth so many times. Certainly we would not know what to do were we deprived of Hood's Sarsaparilla." Mrs. L. H. Nusbaum, Goshen, Indiana.

It is because it combines the great curative virtues of more than 20 valuable ingredients—just those prescribed by the best physicians—that

Only Success Worth Winning.

There is nothing base in failure, but base failure; there is nothing good in success but that which is well won. The applause of triumph is a mockery to him who has not deserved his success; if anything of conscience remains to him such applause must be a positive torture. We always know in our hearts whether we have merited that which comes to us, and it is always sweetened a hundredfold when we know that we really have done something fair and true for it.

Too Often This Is the View Taken. "I think the school teachers in this town ought to get more money than they do." "What put that kind of an idea into your head?" "Why should we expect the people who are educating our children to work for \$70 or \$80 a month, when we pay our chauffeurs at least \$100 and furnish them with board and lodging besides?" "But what does school teachin' amount to, anyhow? Look at most of the teachers. They ain't got nothin' but education."—Chicago Tribune.

WILL COUNT NATION'S CASH.

Two to Four Months' Work for Many Employers. Washington.—The greatest count of money and securities in the history of the world will begin at the Treasury department on April 1, when John Burke, ex-governor of North Dakota, takes the oath of office as treasurer of the United States.

To safeguard the nation's wealth, Uncle Sam required that the retiring treasurer's record of the transfer of funds be verified by a count of the notes, coin and securities in the treasury. Secretary McAdoo will appoint a committee to take charge of the vaults and each vault and safe will be sealed on April 1 in preparation for the count. Only money enough to keep the wheels of the government revolving will be laid aside for daily use while counting is in progress.

It generally requires from two to four months to make the count. A government mathematician has figured out that it would take one person 300 years to verify the records. Ordinarily, every note, bond and other security is counted. Unless a shortage of error is discovered the gold and silver stored in bags containing \$1000 each, is usually weighed, a test bag being balanced against all others for verification. Armed guards stand over the counters and workmen to protect them from interference.

Losses seldom have been found in these counts. When the treasurer was changed some years ago, \$600 was stolen in the course of the official count. A laborer engaged to lift the heavy bags of coin substituted leaden discs for silver dollars in several bags, necessitating a five months' count of every dollar of the \$115,000,000 in the big silver vaults. The laborer was convicted of his crime and the retiring treasurer relieved by congress of the responsibility of the loss.

CITY AWAITING ATTACK.

Notice of Eighteen Hours Given Generals in Cananea. Cananea, Mex.—After falling to force a surrender from General Ojeda at Naco, on the Arizona border, state troops under General Obregon again threaten Cananea. The groups under Obregon and Colonel Cabral returned to Del Rio, between Cananea and Naco, and demand a surrender or surrender to Colonel Moreno here.

The message received by Colonel Moreno from the state troops' chief said that an attack would be made within 18 hours. Obregon also notified the United States consular agent here. Obregon suggested that all non-combatants be removed to places of safety, especially residents of the table land, where the 356 federal troops are entrenched.

If Obregon attacks from the east, the government troops will find themselves between two fires. The insurgents moved their trains to within four miles of Cananea, while cavalry moved to within a few miles of remaining American women and children have sought places of safety. The Mexican White Cross Society members are prepared for the expected battle.

ASK PRESIDENT TO AID.

Illinois Vice Commission Present Findings at Washington. WASHINGTON.—The whipping-post for white slave traffickers and seducers of women, more careful training of children and abolition of joy rides and ragtime dancing were advocated as remedies for the social evil at a hearing conducted by the Illinois Senatorial Vice Commission, which came to Washington primarily to interest President Wilson in a Nation-wide vice crusade.

The commission secured the promise of President Wilson to consider their request for him to call a conference of governors and representatives of vice commissions of various states to study the social problem, the conference to be held in Washington as soon as practicable. Representative Hill, of Illinois, agreed on request of the committee to introduce in Congress a bill creating a commission to look into vice conditions in the District of Columbia.

At the hearing, attended by many prominent women and men interested in social welfare work, the low wage question was discussed, several of the witnesses deprecating the idea, insisting that lack of education and resisting force had much more to do with the downfall of women. Men, too, were blamed as primarily responsible for the degradation of girls.

Bamboo Growing Advised.

Oroville, Cal.—According to Superintendent J. R. Beagles, of the United States Plant Introduction Garden, the adaptability of California conditions for the growth of bamboo on a commercial scale has been proved beyond peradventure of doubt. Actual official measurements of bamboo growing at the Plant Introduction Gardens show a timber growth among the bamboos of 17 inches in 24 hours. The bamboo could almost be seen growing. The officials at the garden in the growth of bamboo there is an opportunity for practical timber conservation by obtaining a new supply.

Trainload Escapes Death.

Lyndonville, Vt.—Facing what appeared to be imminent death, the engineer of a passenger train from Montreal for Boston brought the crowded coaches to an abrupt stop on the edge of a tottering bridge. An instant later the structure, weather-worn and by a flood, gave way under the weight of the locomotive, and the engine with its crew plunged into the ice-choked stream. The 125 passengers who scrambled out of the car to learn the cause of their sudden shaking up received a second shock when treatment reported that another bridge a mile back had been swept away.

Extra Session May Be Long.

Washington.—Democrats have expressed the view that the extra session of congress would be a prolonged affair. This was on the assumption that President Wilson would recommend to congress consideration of the currency question as well as other matters of pressing importance, insofar as their discussion would interfere with the right of way of tariff revision. The President has indicated within the past day or two that he will urge other needed legislation when the tariff is out of the way.

'Save the Babies,' Is Cry.

New York.—'Save the babies' will be the motto of the organizations affiliated in the Babies' Welfare association taking part in the coming campaign for a 'spring clean-up' of New York City. Societies conducting milk stations, day nurseries, baby hospitals and other institutions for infant welfare are to take part in the preliminary campaign of education now starting.

Nature's Balance of Power.

In view of facts, one is almost willing to accept the statement of a well-known French scientist, who has asserted that without birds to check the ravages of insects, human life would vanish from this planet in the space of nine years. But for the vegetation the insects would perish; but for the insects the birds would perish, and but for the birds the vegetation would be destroyed. Nature has, therefore, formed a delicate balance of power which cannot be disturbed without bringing great loss and unhappiness to the world.

Austrian Girls to Learn to Cook.

Cookery has never been taught in Austrian schools until last September, when the minister of education added it to the curriculum of girls' schools under his control, both elementary and advanced. He further stipulated that any girl taking up modern languages or other extra subjects shall be compelled to include cookery in her school course. In order to carry out the minister's plan, both elementary and advanced schools are run in connection with the larger schools in populous centers.

CONSTIPATION

Munyon's Paw-Paw Pills are unlike other laxatives or cathartics. They coax the liver into activity by gentle methods, they do not scour; they do not gripe; they do not weaken; but they do start all the secretions of the liver and stomach in a way that soon puts these organs in a healthy condition and corrects constipation. Munyon's Paw-Paw Pills are a tonic to the stomach, liver and nerves. They invigorate instead of weaken; they enrich the blood instead of impoverishing it; they enable the stomach to get all the nourishment from food that is put into it. Price 25 cents. All Druggists.

Woman Makes Air Voyage.

Los Angeles aviator, with Miss Margaret Stahl as a passenger, flew in a monoplane from Los Angeles to this city, a feat heretofore attempted, but not successfully. The distance is about 100 miles. Bonney and Miss Stahl left Los Angeles at 1:30 P. M., Sunday. The day was windy and chilly, but the aviators met with no mishap, except the breaking of a skid when landing. The flight was the first leg of a 500-mile tour of Southern California.

Bachelors Beg for Wives.

Klamath Falls, Or.—Having become wealthy growing alfalfa and grain on their homesteads, a large number of bachelors of Langell Valley, near here, have appealed to Rev. George H. Feese, of Klamath Falls, begging him to secure for them "careful lots" of marriageable women. Mr. Feese is making an effort to comply with their request and has addressed letters to Eastern cities, with the view of securing 200 women, as a starter, for the lonely bachelors.

STORM'S TOLL IS 152 IN OMAHA

Fiercest Cyclone in History Sweeps Corn Belt.

Suburb of Nebraska Metropolis Wiped Out; Farming Area Stricken.

Omaha, Neb.—With the death list probably aggregating 152 and the list of injured all of 400, Omaha and the surrounding territory in Nebraska and Iowa faced the problem of housing the thousands rendered homeless by Sunday night's tornado.

The number of buildings destroyed was placed in the neighborhood of 1200 and the property damage at several million dollars. Related reports coming to Omaha tended to increase the enormity of the havoc wrought and indicated that a much wider territory had been in the path of the storm than was at first shown.

The hospitals in Omaha are full of injured, many of whom have not been identified, apparently because their friends are either dead or among the injured.

Lincoln, Neb.—One hundred are dead, twice as many more were injured, some fatally, by death-dealing tornado which devastated Omaha and its environs early Sunday last. It demoralized telegraph and telephone service and cut Omaha off from communication with the outside world.

Forty blocks in the residence section are said to have been swept by the storm, killing scores of persons, injuring several hundred and leaving hundreds of wrecked residences in the path of the storm.

Trains which pulled into the city shortly before 6 o'clock were stopped at the edge of the city to take on dead bodies and the many injured. The villages of Benson, Dundee and Florence, suburbs of Omaha, virtually are wiped out. Only the fact that a heavy rain fell for a half hour after the tornado saved the mass of wreckage and many of the bodies of the dead from being buried.

The Webster street telephone station, containing a score or more of girls, was one of the buildings hit by the storm and in a moment was twisted and torn. Several of the girls were killed outright, and many others were injured.

A moving-picture show which was just putting on its final film was struck. The roof of the building fell in and in the mad rush which was made through the only exits open, many of those who were injured were trampled and crushed.

The rush continued, however, over the bodies of the dead and a few of the attendants escaped.

Mayor Dahlman, of Omaha, telegraphed Governor Morehead shortly after midnight for several militia companies to prevent the removal of the dead bodies from being looted. The Omaha companies were only partially available, according to the reports, and the Governor and Adjutant-General Hall immediately ordered two Lincoln companies and others from nearby towns.

NINETEEN KILLED IN TERRE HAUTE, IND., CYCLONE

Terre Haute, Ind.—Nineteen persons are known to have been killed, 250 are seriously injured, 275 homes are destroyed and other property damage, estimated at nearly \$1,000,000, was the toll of the tornado that devastated Terre Haute and vicinity Sunday night. The officials in charge of the rescue work say the list of dead will be increased as the searchers clear away the debris of wrecked buildings.

Hundreds of homeless are being cared for by charitable institutions and citizens, while the wrecked district is being patrolled by Company B, First Regiment, Indiana National Guard, and the local police force.

The militia was ordered out early in the day by Governor Ralston, who directed the relief measures from Indianapolis.

Poor Suitors Unwelcome.

Wellesley, Mass.—Forty Wellesley College girls have said good-bye to matrimony until at least three years after graduation and until men come along who have an income of at least \$5000. They are members of the new organization, the Wellesley Marriage Club, and of the 50 who have been invited to join only 10 refused. Membership is limited to 300 and a meeting will be held at which 20 more girls will take the pledge. When 100 have become members, officers will be elected. The object of the club, so it is said, is to decrease business in the divorce courts.

Postmaster Quit Jobs.

Washington.—Because of the extension of the classified civil service to include fourth-class postmasters and the announcement that postmasters of that class would be subjected to a competitive examination, the postoffice department is receiving three resignations a day. Officials declare that about 2000 fourth-class postmasters have resigned since the executive order carrying them into the civil service was issued.

Practically all of the resignations are in postoffices where the postmaster's salary is merely nominal.

HOW TO GROW HAIR ON A BALD HEAD

BY A SPECIALIST.

Thousands of people suffer from baldness and falling hair, not having tried nearly every advertised hair restorer and hair-grower without results, have resorted to themselves to find a remedy. Their attendant discomfort. Yet their case is not hopeless; the following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring gray hair to its original color, stopping hair from falling out, and destroying the dandruff germ. It will not make the hair brittle or brittle. Can be put up by any druggist: Bay Rum 2 ounces; Lavender Compound, 2 ounces; Menthol Crystals, one-half ounce; if you wish it perfumed, add half to one teaspoonful of Rose-Kaloni Perfume, which unites perfectly with the other ingredients. This preparation is highly recommended by physicians and specialists, and is absolutely harmless, as it contains none of the poisonous wood alcohol so frequently found in hair tonics. Do not apply to the face or where hair is not desired.
