WOMAN SUFFERED TEN YEARS

From Nervousness Caused by Female Ills—Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Auburn, N. Y.—"I suffered from nervousness for ten years, and had such terrible organic pains that sometimes I would lie in bed four days at a time, could not eat or sleep and did not want anyone to talk to me or bother me at all. Sometimes I would suffer for seven hours at a time. Different doctors did the best they could for me until four months ago I began giving Lydia E. Pinkham's Vegetable Compound a trial and now I am in good health."—Mrs. WILLIAM H. GILL, 15 Pleasant Street, Auburn, N. Y.

"Doctor's Daughter Took It."
St. Cloud, Minn.—"I was so run down by overwork and worry that I could not stand it to have my children talk aloud or walk heavy on the floor. One of my friends said, 'Try Lydia E. Pinkham's Vegetable Compound for I know a doctor's daughter here in town who takes it and she would not take it if it were not good.'"

"I sent for the Compound at once and kept on taking it until I was all right."—Mrs. BERTHA M. QUICKSTADT, 727 5th Avenue, St. Cloud, Minn.

Lydia E. Pinkham's Vegetable Compound may be relied upon as the most efficient remedy for female ill. Why don't you try it?

MANAGER HINCHMAN
Bill Hinchman, the former Cleveland player, and now leader of the Columbus American association team, expects his club to be an important factor in the race for the pennant in that association this year. Among other players under his control Hinchman has "King" Cole, the former Chicago Cub pitcher, who asserts that he has regained his old-time form and will be the sensation in that league this year.

PUGILISM
Jim Coffey knocked out George Rodol, the Boer heavyweight, in the ninth round at New York. Tony Caponi outpointed Glenn Coakley, the Indiana middleweight, in a fast ten-round bout at Fort Wayne. Spike Kelly finished Jack Foreman of Calrod, Ill., in the second round of a scheduled eight-round fight at Memphis.

The bill passed by the legislature to legalize fifteen-round boxing exhibitions in Utah was vetoed by Gov. William Spry.

Pal Brown of Hibbing, Minn., was given a decision over Jerry Murphy of Indianapolis in a fifteen-round bout at St. Joseph, Mo.

Johnny Lore, the New York lightweight, added another victim to his belt by outslugging Grover Hayes in a six-round bout at Philadelphia.

At Brisbane, Australia, Sam McVey and Sam Langford fought a twenty-round draw. In their previous meeting Langford won by a knockout.

Patsy Drouillard, the Canadian lightweight champion, and Mickey Sheridan of Chicago fought each other to a standstill in an eight-round bout at Windsor.

Johnny Summers of England knocked out Frank Picato of Los Angeles in the nineteenth round of a scheduled twenty-round bout at Sydney, Australia.

Jack Shelton of St. Louis hit often and harder in an eight-round slugging match than Joe Sherman of Memphis, Tenn., thereby grabbing the decision at St. Louis.

Texas Dowd, trainer for Jess Willard, has taken the management of Jim Harper of California, Mo., whom he wants to see against some of the best heavyweights crop.

In a tame six-round bout at Philadelphia Johnny Krause easily defeated Al Ketchel of New York. John Lore of New York shaded Willie Houck of Philadelphia in a six-round bout.

Harry Lewis of Philadelphia knocked out Jack Harrison, England's champion middleweight pugilist, in the third round of their scheduled twenty-round bout at the National Sporting Club.

NEW YORK JAPANESE APPEAL

Meeting Adopts Resolutions Regarding California Case.
New York—Resolutions appealing to the authorities and "fair-minded citizens" of this country and Japan to solve fairly the question arising between the two nations through the pending legislation regarding alien land ownership in California were adopted at a meeting of several hundred Japanese residents of this city in Carnegie hall. Speeches denouncing the contemplated action of the California legislature were made and telegrams sent to President Wilson and Secretary of State Bryan thanking them for the friendly spirit they have shown toward the Japanese.

Washington, D. C.—Not the slightest change in the attitude of the Japanese towards the alien land bill has taken place here in the past few days. Reports that Ambassador Chinda has reiterated the displeasure of the Mikado over any alleged discrimination against citizens were denied at the White House and the State department.

The Japanese protest was made more than two weeks ago, and no other representations have been made by Ambassador Chinda since that time. Sensational reports that Japan had adopted a more aggressive attitude were denied by State department officials.

WIRELESS OPERATORS STRIKE

Western Men Will Be Supported by East if Necessary.
San Francisco—According to Sylvester J. Konekcamp, international president of the Commercial Telegraphers' union of America, who is here directing the strike against the Marconi Wireless company, general orders calling out all wireless operators employed by the corporation in the East will be issued as soon as it becomes evident that the battle of the strikers cannot be won on the Pacific Coast.

Konekcamp professed to be optimistic concerning the outcome of the strike, and is of the opinion that the affair will terminate where it began, in the West, and that the company will be forced to accede to the demand of the union for a higher wage schedule.

"We are asking \$60 a month for first operators and \$50 for second key men, now receiving from \$30 to 45 for their services," said he. "We did not order the strike until every effort to settle the matter by arbitration had failed. The San Francisco Labor Council then took up the matter with the Marconi people, and President Andrew J. Gallagher, after a conference with A. H. Gimman, the Marconi manager, advised us to 'go ahead, the quicker the better.'"

"There are 53 men now on strike in this city. The men at Astoria-are also out, and the operators at East San Pedro have left their keys. Many of the maritime unions have assured us of moral and financial support."

CARNIVAL IDEA ORGANIZED

Pacific Coast Cities to Co-operate in Civic Gamble.
Santa Barbara, Cal.—With the development of the carnival spirit and the making of the entire West into a gigantic playground as its object, the California Celebrations committee has been organized here.

The meeting was attended by prominent California officials of several railroads and representatives from civic bodies. A committee to formulate the general plans of the new organization and to invite representatives of other cities to attend another meeting to be held here as soon as possible was appointed.

The committee expressed the hope that Portland, Seattle, Honolulu and other cities would co-operate with the organization in a plan to have the festivals in the various cities arranged to follow one another, instead of being held simultaneously, and to have features typical of the cities as well as historical.

Krupps Deny Bribery.

Cologne—Director Hughenberg, chairman of the Krupp Arms company board, in an interview published by the Cologne Gazette says that if the Berlin agent of the company bribed officials of the German war office for the purpose of gaining information about armament contracts, it was with his own money and without the knowledge of the company. The secret reports sought were only such as any company should have in order to know what its competitors were doing.

Store Accused of Fraud.

Minneapolis—The first case under the advertising law recently passed by the Minnesota legislature making liable to prosecution individuals or firms who misrepresent the value of their goods in an advertisement was begun in District court here Monday morning. A store was accused of having advertised a certain line of shoes and the inducement held out to prospective purchasers is declared fraudulent. An association of advertisers furnished the evidence on which the prosecution is based.

Rebels Busy in North.

Mexico City—Further evidence of the aggressiveness of the northern rebels was given Saturday when several hundred of them, well armed and mounted, captured the town of Vanegas, on the National railway in the state of San Luis Potosi. They cut the railway to the north and then moved to Matequila, a mining and smelter center. The rebels continue to cover new territory and cripple transportation facilities.

Postcards Ordered Back.

Washington, D. C.—Postmaster General Burleson has ordered that unpaid, misdirected, unmailable and unclaimed postal cards, as well as post cards deposited for local delivery, be returned to the sender when they bear card address. Twelve million post cards annually, it is estimated, will be returned under the order to senders.

AUSTRIA MOVES AGAINST ENEMY

Reported to Have Entered Montenegro With Large Force.

Essad Pasha, Defender of Scutari, Proclaims Himself King of Albania—Coup Complete.

Cettinje—Essad Pasha, the defender of Scutari, who surrendered the town to the Montenegrins and was proclaimed himself king of Albania at Alessio.

London—According to a report published in Berlin, an Austrian naval division has left Trieste with 10,000 troops, with the intention of occupying Antivari Duleigno and San Giovanni di Medua, and advancing against Cettinje.

The Strassburger Post asserts that the German emperor has received a telegram saying the Austrians already have entered Montenegro. This probably is premature, but little doubt is felt that Austria is determined to move alone unless the ambassadorial conference at London resolves upon European action.

Essad Pasha, the hero of Scutari, who had a picturesque and adventurous career, made a dramatic move in proclaiming himself king of Albania and is said to be marching into the interior of Albania with 40,000 men. He was received with enthusiasm at Alessio and is proceeding to Tirana to be proclaimed and take possession.

Essad Pasha is an Albanian chieftain of the type which earned for the Albanians a reputation for barbaric simplicity approaching savagery. He was always opposed to the young Turks' repressive measures in Albania. In Vienna and Paris his surrender of Scutari is regarded as having been an arranged matter with King Nicholas, who approved his plan to proclaim himself independent prince of Albania.

The whole scheme of the alleged storming of Scutari and the marching out of Essad Pasha's army with their arms is now regarded as a move to deceive Europe. Essad is said to have joined Djavid Pasha's army of 9000 men, and if he has the support of Serbia and Montenegro it will be a severe blow for Austria.

WORLD RECORD HEN IS DEAD

At Age of 25 Years Had Laid Over 4500 Eggs.

Pasadena—Theodosia Roosevelt, so named because of her evident antagonism toward race suicide, said to have been the oldest hen in America is dead at the home of her owner, Mrs. Elizabeth Grinnell, of Pasadena. She was 25 years old.

Theodosia numbered among her friends many of the notables who have passed their winters in Pasadena in the last quarter of a century, among them Mrs. Russell Sage, who, on her last visit to this city, made three calls at the Grinnell home to pay Theodosia.

The aged hen laid approximately 4500 eggs in her long and useful life, besides mothering many broods of incubator-hatched chickens. Statisticians figure that the eggs laid by Theodosia, at the average price of 10 to 25 cents a dozen, were worth \$93.75.

The accepted cost of keeping a hen in these parts is \$1 a year, making Theodosia's net earnings \$88.75. At a capitalized value of \$1.25, she has made 300 per cent on her valuation for her owners.

Poultry experts admit their accepted theories of the extreme egg possibilities of a hen have been shattered by the exceptional Theodosia, who in her lifetime laid several times the number of eggs that naturalists and poultry college experts would have said any hen could attain to.

Hyde Park Again Bedlam.

London—Hyde Park again was turned into a bedlam by the suffragettes and their opponents last Sunday afternoon. The women, declining to recognize the police order that no suffrage meetings were to be held in the park, appeared in a wagon and addressed a small crowd. Immediately youths commenced to gather and an attempt was made to drag the wagon to the Serpentine for the purpose of ducking the women. Mounted and foot police intervened just in time to save the women from rough handling.

Upper Louisiana Is Flooded.

Natchez, Miss.—A long-threatened break in the main line Mississippi river levees along the west bank in Upper Louisiana came early Sunday morning, when the Lake St. John levee, 12 miles north of Ferriday, La., went out, turning the flood waters loose upon fine farming lands and villages of lower Tensas and Concordia parishes. Approximately 20,000 persons will be driven from their homes in a region of about 900 square miles. The property damage will total several hundred thousand dollars.

High Columbia Forecast.

Wenatchee, Wash.—High water records for 15 years will be broken by the Columbia river this spring, say old river men. B. W. Jones, official forecaster for the Columbia & Okanogan Steamboat company, who has accurately gauged the rise of the stream for two decades, says that the 45-foot record of 1909 will be exceeded by 10 feet at least. The river is rising at the rate of two feet a day and is already over 20 feet above low water.

Funeral Cargos Planned.

San Francisco—It is reported that arrangements are being made here by the great Chinese mercantile concern, the Six Companies, to send from California to China at a date yet to be fixed the mortal remains of between 5000 and 6000 Chinese, the skeletons of nearly all of the Chinese who have died in the state within the past 50 years. The transfer, it is said, will be made in a single shipload.

FOREST SERVICE ARRAIGNED

Expert Practical Lumberman Retires and Points Out Defects.
Washington, D. C.—A scathing indictment of the present-day management of the Forest service is contained in a memorandum filed with the secretary of agriculture by Daniel W. Adams, who, after five years as expert lumberman in the forestry bureau, voluntarily retires to engage in private business. Impracticability, bad business management, improvidence and an excess of bureaucratic methods are the general charges he makes. Mr. Adams gives names, cites instances and refers to records to substantiate his charges. Though less sensational than the charges often made by the late Senator Heyburn, of Idaho, the charges of Mr. Adams are convincing, because they are made by a competent man who spent five years in the service.

Dealing with the timber question, he says that the head of the timber division is one of the most experienced and best-informed lumbermen in the country, but his suggestions are largely disregarded by students in the service and acute disagreements ensue whenever the government undertakes to sell its timber to private lumbermen. He charges that the "personnel of the forest service is composed of so many theorists and highly-trained young men who have injected such senseless and impossible regulations that the sawmill men purchase timber only when their privately owned timber is exhausted." As these young men conduct the field work, Mr. Adams alleges, it often costs the government three times as much as the stumpage is worth to designate the trees which the purchaser may cut. In one instance the forest service got \$1 a thousand for a lot of timber, and it cost the government \$7 a thousand to mark the timber, prior to cutting.

There is a provision of law under which the government gives away timber for domestic use to persons living near the national forests. It is the Deer Lodge forest in 1912 Mr. Adams shows that it cost the government \$9 a thousand feet to give away timber, because of the impracticability of forest ranges.

AUSTRALIAN MEAT ADMITTED

San Francisco to Encourage Shipments to Lower Prices.

San Francisco—Following a conference between San Francisco meat dealers and Mayor James Rolph, Jr., it was announced Saturday that shipments of meat from Australia will be admitted at this port, and this, it is said, means there will be a cut in prices to consumers of from 1 to 2 cents a pound. Dealers interested in the shipments from the Antipodes say they have formulated plans to resist any fight in the shape of a meat war that may be thrust upon them.

Cut Wood With a Paper Saw.

Real novelty being so extreme a rarity one is not surprised to learn that the circular saw made of paper that can cut through wood does not represent an entirely new idea after all. Paper has for years been used in the construction of articles of great strength and durability are essential, as railway carriage wheels, for instance.

Stockholders Favor Rise.

New York—Owners of millions of dollars' worth of railroad securities and one whose wealth alone is estimated in the hundreds of millions, favored the wage increase awarded Saturday to the Eastern railroad men, and made personal appeals to the board of arbitration in their behalf. This fact was made known by Judge Chambers, chairman of the board, who declined, however, to disclose the names of those who had interceded.

Idaho Alien Law Repealed.

Boise, Idaho—All laws prohibiting the ownership by aliens of lands in Idaho were repealed at the recent session of the legislature, so Chinese and Japanese now can own and hold all the land they can purchase in the state. On recommendation of the governor all anti-alien legislation was wiped out because of its effect in deterring European capitalists from investing in the state. The law becomes effective May 1.

Altitude Record Broken.

Annapolis, Md.—The hydroaeroplane altitude record was broken twice here Saturday. Lieutenant P. M. L. Bellenger, of the marine corps, ascended 3710 feet in a Curtiss machine. Later in the day Ensign Victor Herberster climbed to 4450 feet in a Wright machine.

About as Far as He Could Go.
On the first of the month there was to be a shift in studies in some of the public school grades, and a young person was consulting his father. He had finished with ancient history, which was ancient arbitrarily up to the time of the Christian era. "How far did you get in it?" asked the sire. "Down to zero," responded the heir.
