

Always Making Friends

Is the fortunate experience of Hood's Sarsaparilla. Whole neighborhoods love and praise it for the cures it has made. "I know by experience that Hood's Sarsaparilla is a grand, good medicine. I am more glad in taking it than its proprietors are in selling it. In malaria and loss of appetite it drove out the chills, gave me a good appetite and digestion. For twenty years I have known and used it, so I call it a good old reliable family medicine. We recommend it to all our friends." James Johnson, 551 E. Indiana Avenue, Philadelphia, Pa.

Hood's Sarsaparilla

Is used as a Spring Medicine and blood purifier. It should be in yours.

POULTRY AND GAME

Can get you fancy prices for Wild Ducks and other game in season. Write us for cash offer on all kinds of poultry, pork, etc.

On Each Automobile. Our co-operative sales plan enables you to buy a brand new automobile only \$400 down—balance easy terms. For full particulars address:

GERLINGER MOTOR CAR CO.

609 Washington Street, PORTLAND, OREGON.

Be Honest.

Being honest is the greater part of achievement. When you know that you're doing the best within you, you can't be downed. Self-respect, an eternal life preserver—no matter how often circumstance wrecks you, you're bound to float back to solid ground again. When men strive for posts of trust, they must be somewhat post-like themselves and stand steady.—Herbert Kaufman.

Feminine Ambition Rebuked.

The instinctive masculine attitude toward feminine ambition is sometimes manifest in early years. Three-year-old Richard was observed in the barnyard one day, following with solicitous attention the movements of a hen who was trying to crow. Finally he inquired kindly, though with evident disapproval: "is anyfing the matter wif you?"

Three Babes Walked Fifteen Miles.

Three children—Ida Farrow, eight years old, Willie Farrow, five, and Linda Benton, six, of Petersburg—walked 15 1/2 miles to Whapelo Drive one recent Sunday to see their grandmother. The children, who undertook the journey unknown to their parents, arrived exhausted, and after being fed and rested were driven home again.—London Mail.

Keeping Mind in Condition.

No mind is first class that is not continually reading books and conversing with men that require an effort to be understood. The novel-soaked intellect, gormandizing upon easy reading, grows flabby.

GOOD DIGESTION

IS THE BEST SAFEGUARD AGAINST ALL BODILY DISORDERS. THE BEST SAFEGUARD FOR A GOOD DIGESTION IS

WRIGHT'S INDIAN VEGETABLE PILLS A REAL VEGETABLE PURGATIVE COMPOUND OF PURELY NATURAL INGREDIENTS. THE LATE DR. WM. WRIGHT.

Exempted from Taxation. For reasons of public policy the law exempts from taxation churches and church property, cemeteries, school and college property, buildings used for educational, literary, scientific or charitable purposes and property owned by a city, county, state or the United States.

The Fly

with spongy feet collects the invisible germs of disease—spreads them over our food and poisons us with typhoid.

The Mosquito

with its bill injects into our veins MALARIA.

Dr. Pierce's Golden Medical Discovery

This famous medicine has been sold by medicine dealers in its liquid form for over forty years, giving great satisfaction. If you prefer you can now obtain Dr. Pierce's Golden Medical Discovery tablets of your druggist at \$1.00, also in 50c size or by mail—send 50 one-cent stamps. R.V. Pierce, M. D., Buffalo, N.Y., for trial box.

Questions of Life view by H. V. Pierce, M.D. All the knowledge of a young man or woman, wife or daughter should have, is contained in this big Home Doctor Book containing 1000 pages with engravings bound in cloth, sent free to anyone sending 21 one-cent stamps to prepay cost of wrapping and postage.

OBSERVATORIES IN COMBINE

World-Wide Work Mapped Out and Each Has Fixed Share.

Wellington, N. Z.—The mission of linking together solar observation throughout the world, undertaken by Miss Mary Proctor, of New York, a daughter of the great English astronomer, Richard A. Proctor, who died in New York in 1888, has been brought to a successful conclusion after five years' work.

The establishment of a solar physics observatory in New Zealand was assured by the donation of \$60,000 by Thomas Cawthorn, of Nelson, New Zealand.

New York—"Carrying American trust methods into the heavens," was the definition given by a well known writer on scientific subjects to universal solar observation. The method is every way admirable and desirable, he added, as much duplication by observatories will thereby be avoided.

There are, perhaps, a dozen great solar observatories scattered over the world. Each of these has been making independent observations of every phase of solar activity. Universal solar observation will restrict each observatory to a specific phase of observation. Thus, one observatory will be allotted the work of observing phenomena attendant upon sun spots, another will study such observations from the rim of the sun, and so on. Each will adhere exclusively to its own phase and all will work as separate departments of a monopoly, for sun observations.

The idea is about ten years old, and was first credited to Professor Pickering of Harvard. Miss Proctor lives in New York.

VESSEL TAKES AMMUNITION

Guncotton and Cartridges to Philippines on Rush Orders.

San Francisco—Telegraphic orders from Washington early Wednesday postponed the sailing of the United States army transport Sherman, due to clear San Francisco for Hawaii and the Philippines at noon, to many hours later, while an unusual shipment of ammunition, both for small arms and coast artillery guns, was loaded aboard the big vessel as she lay in the stream off the transport docks.

While it was said at the Presidio that the ammunition was intended for "target practice for the troops in Hawaii," the utmost secrecy was maintained in the loading, which included 5,000,000 rounds of rifle and revolver cartridges, 10,000 pounds of guncotton and many tons of ammunition for 10 and 12-inch cannon.

The major portion of the unusual cargo was loaded from ordnance stores at the Presidio and Fort Winfield Scott. Work began at 10 o'clock in the morning and continued until darkness set in, every available wagon at the post being pressed into service.

The ammunition was part of a shipment recently received from the East by the Western department of the army.

HIGHER RATES ARE FORECAST

Railroad President Says Freight Tariffs Must Be Increased.

Pittsburg—Speaking at a luncheon tendered him by the Pittsburg chamber of commerce, President Samuel Rea, of the Pennsylvania railroad, forecast a general increase in freight rates. Mr. Rea said:

"We find it most difficult for the railroads to raise money for improvements, and there is little light ahead. We are asking no favors. All we want is fair play. The Eastern divisions of the Pennsylvania railroad are making less than 5 per cent on their investment. Considering the amount of money involved, and the small return of 4.85 per cent, if the company had not been properly managed it would not be paying even this small return. We are, therefore, obliged to look forward to a general and moderate increase in rates. The recent floods have cost us \$3,600,000, which amount has been a cash outlay. We must rely on the support of the public to secure the increase in rates, which it is clear we need."

Wright Talks of Islands.

Washington, D. C.—General Luke Wright, of Tennessee, formerly secretary of war and governor-general of the Philippines, called at the War department by invitation of Secretary Garrison to talk about the Philippines. Secretary Garrison just now is confronted with the task of finding a new governor-general to succeed Governor Forbes, resigned, and of making other changes in the personnel of the Philippine commission. He also is considering the question of when they will be ready for independence.

Riot Halts Socialists.

Huntington, W. Va.—One man was shot and fatally wounded and several others slightly injured in a riot here when an alleged attempt was made to break up a mass meeting of Socialists which had been called to protest against martial law in the coal strike district of Kanawha county and the imprisonment of labor leaders. William Taylor, an aged man, was shot through the head. Missiles were hurled on all sides. Speakers were hooted down and the confusion made it impossible to ascertain who used firearms.

Foster Parents Liable.

Kansas City—Foster parents may administer corporal punishment to children, but if that punishment is excessively brutal the child may recover damages. That was the tenor of a decision by the Kansas City Court of Appeals. Lucile Dix, 11 years old, was suing Elizabeth Martin, a farmer's wife. The case came to the court here on appeal. Lucile lived with her grandparents, but went to the Martins to pass the summer.

Amundsen Gets Life Annuity.

Christiana—The storthing has voted to Captain Roald Amundsen, discoverer of the South Pole, a life annuity of 6000 kroner (\$1620).

WHITE PLAGUE IS NOT CURED

Friedmann's New York Patients Worse Than Before.

Health Department Makes Strong Criticisms and Public Warned to Be Careful.

New York—The Friedmann patients in New York are not doing well. In fact, some of them are decidedly ill. This fact, combined with a knowledge of the nature of the sale Friedmann has recently accomplished, has made all physicians connected with the Friedmann tests anxious not only for their own patients, but for the welfare of the public in general.

Before the week is out it is most probable that three, and perhaps four, public statements will be made from public institutions, none of which will be favorable to Dr. Friedmann or his treatment.

The information has been placed in the hands of the New York health department, telling of the poor showing which the Friedmann patients, all of whom have been watched for the department, have made.

The statements made are strong. One of them is supposed to be that some of the cases treated would have been better off if they had not had the Friedmann injection and that the presence of the culture in their systems seems to have given the bacilli a chance to work in places which they might not otherwise have attacked.

It was learned Monday from the best of sources that the Friedmann pulmonary patients at Bellevue have not only failed to show any improvement, but that with many of them the disease was having its course uninterrupted. Many of the pulmonary sufferers treated by Dr. Friedmann at first showed gains, such as increased weight, but have since fallen back. Actual conditions of the lungs have either remained the same or become worse. Only one case was mentioned in which the lungs had improved, and that in an incipient stage.

It was also said that at Mount Sinai hospital the patients have not made progress and that the disease is running its own course. The same is understood to apply to the Montefiore Hospital, where Dr. Friedmann also treated a great number of tubercular sick.

FARMS WILL NEED 40,000 MEN

Prospective Wheat Crop in Kansas Largest Ever Known.

Topeka, Kansas—Facing the prospect of a record crop of wheat, more than 120,000,000 bushels, the lowest estimate based on Secretary Coburn's report of acreage and condition, the State Employment bureau already has begun plans for bringing into Kansas an army of nearly 40,000 harvest hands. Secretary Coburn's report of conditions of 90 per cent in the greatly increased acreage of wheat was based upon reports sent previous to the recent soaking rains which fell all through the wheat belt.

Basing their estimates on his report, grain dealers, farmers and millers estimated that the wheat yield, if conditions remain the same, will be 124,000,000 bushels of wheat. The soaking rains so improved conditions that men whose opinions carry weight, declared that only a continuing drought from now until harvest time could pull the crop under 120,000,000 bushels. There is no doubt but that competition will be so keen as to make wages unusually high.

Anarchist Attacks Duke.

Manheim, Germany—A workman armed with a knife attacked Grand Duke Friedrich of Baden as he was leaving the railroad station. The Grand Duke threw off his assailant and was not harmed. The Duke was about to drive to the races when the man jumped on the carriage steps and apparently tried to grasp the lapel of his coat, but the Duke knocked him to the ground with the hilt of his sword and proceeded. A crowd gathered and attacked the man, intending to lynch him, but the police arrested him.

Huerta Is Recognized.

Mexico City—President Huerta has been formally notified of the recognition of his government by Great Britain. The British minister, Francis W. Strange, with due ceremony, presented the King's autograph letter, replying to that of President Huerta. The minister expressed in the name of his government good wishes for the welfare of the Mexican government. In reply the president expressed his appreciation of Great Britain's attitude. It is announced that recognition from Spain will be presented soon.

Ironworkers Leave Prison.

Leavenworth, Kan.—Only 15 of the 33 men convicted of complicity in the dynamite plots at Indianapolis last winter are now left in the Federal prison, the others having been released on bond. These 15 men nearly all are engaged on the steel work of the new cellhouses at the prison, and now work in that line has been done in the last four months by these men than was done in the year before by the unskilled convicts.

835-Pound Fish Caught.

Centralia, Wash.—A sturgeon 1 1/2 feet long and weighing 835 pounds was caught here by C. H. Catlin, a Kelso fisherman, and was sold to the Deto fish company at Kalama. It was one of the largest sturgeons to be caught in the Columbia in recent years. The fish was worth \$150.

Yuan Shi Kai Threatens.

Pekin—President Yuan Shi Kai has issued a manifesto warning the people that, although he has refrained, up to the present, from employing military force against plotters, in the hope that conspiracies would cease, he would not permit conspirators in the future to stir up trouble.

PROPER CARE OF CUT GLASS

Elaborate Precautions Necessary to Preserve the Beautiful But Extremely Delicate Article.

Cut glass is very fashionable now, and is used upon the dinner table and in the drawing room with great success. But, alas! How easily it can be chipped and spoiled. What precautions can be taken with the precious pieces?

Cut glass must be handled very carefully when it is washed, so that no risk is run of chipping it. A wooden bowl will help.

Place in a wooden bowl some shavings of mild white soap and pour over these boiling water.

When the water has become lukewarm wash the glass in the suds, using a soft nail brush. Then dip the glass in a second wooden bowl, this time filled with clear lukewarm water, until all traces of soap is removed.

Now dip the glass into a third bowl of lukewarm water to which bluing has been added. The bluing will give a brilliancy to the glass and then dry it with a very soft cloth. Polish it with soft tissue paper.

Gilded and patterned china may well be washed in the same careful way, but the bluing should be omitted.

When Your Eyes Need Care

Try Murine Eye Remedy. No Smarting—Feels Fine—Acts Quickly. Try it for Red, Weak, Watery Eyes and Granulated Eyelids. Murine is composed of pure cod-liver-oil "patent medicine"—but used in successful Physicians' Prescriptions for eye diseases. It is sold in Murine Eye Remedy Co., Chicago

Banana Pie. Mix one-third cupful of sugar, two and one-third cupful of flour, and one-eighth teaspoonful of salt; then add yolks of two eggs, slightly beaten. Pour on one cupful of hot scalded milk gradually, while stirring constantly, return to double boiler and cook five minutes, stirring constantly until mixture thickens, and afterward occasionally. Cool and add one-fourth cupful of thin cream or rich milk, three-fourths teaspoonful of lemon juice and one large banana cut in one-eighth inch slices crosswise. Chill thoroughly and turn into a pastry case. Just before serving beat the whites of two eggs until stiff, and add gradually, while beating constantly, two tablespoonfuls of powdered sugar and one-fourth teaspoonful of lemon extract. Spread evenly over pie and brown under gas flame.—Woman's Home Companion.

Compressed Sponges.

A compressed sponge is a bit of toilette daintiness intended specially for travelers, though it appeals as well to the stay-at-home who is an ultrahygienist. The sponge is of compressed absorbent cotton, about the size of a twenty-five-cent piece, and half an inch in thickness. Dropped into water it becomes saturated and expands to the size of a small face cloth, large enough to wipe the face free from dust and grime.

In the Telephone Book.

Dear Old Lady (using call-office telephone for the first time, to operator at the exchange)—"And as you're being so attentive, my dear, I'm putting an extra penny in the box for yourself."—Punch.

Lucky in Love.

The optimist smiled heavily. "Oh, well!" he remarked, "as he rose from the gaming table, 'unlucky at cards, lucky at love.' 'Is that true in your case?' sneered the pessimist. 'Sure,' replied the optimist. 'At any rate, I have never been married.'—Philadelphia Record.

HUSBAND NAILED RUBBER ON GATES

Wife so Weak and Nervous Could Not Stand Least Noise—How Cured.

Munford, Ala.—"I was so weak and nervous while passing through the Change of Life that I could hardly live. My husband had to nail rubber on all the gates for I could not stand it to have a gate slam."

"I also had backache and a fullness in my stomach. I noticed that Lydia E. Pinkham's Vegetable Compound was advertised for such cases and I sent and got a bottle. It did me so much good that I kept on taking it and found it to be all you claim. I recommend your Compound to all women afflicted as I was."—Mrs. F. P. MULLENBORN, Munford, Alabama.

An Honest Dependable Medicine is Lydia E. Pinkham's Vegetable Compound. A Root and Herb medicine originated nearly forty years ago by Lydia E. Pinkham of Lynn, Mass., for controlling female ills.

Its wonderful success in this line has made it the safest and most dependable medicine of the age for women and no woman suffering from female ills does herself justice who does not give it a trial.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

BEEF BRAISED A LA BRISSE

Change From the Familiar Roast is Something That Will Be Appreciated by the Family.

Take a rump piece of beef, weighing at least eight pounds, and lard it with half a pound of salt pork, cut in long, half-inch square pieces. Season well with salt, pepper, parsley, and a little garlic. Tie up firmly and place in the stew pan, with four ounces of melted beef suet; fry briskly until a crisp brown all over. Drain off the fat, add a quart of broth made from bones and trimming, two cups tomato sauce; a bunch of parsley; two onions, and about a quart and pint of quartered turnips. Let boil up, then cover and let simmer gently for nearly three hours. Take out the beef and place on a platter, and rub the vegetables through a sieve into the sauce pan, skin off all fat from the gravy and reduce to the consistency of your sauce, then press the turnips, etc., through a fine sieve to make a puree. Turn onto the platter and place the meat on the puree. Pour some of the gravy over the meat and serve.

TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROV'S signature is on each box. 25c.

Good Dumplings.

Many cooks fail with dumplings from letting the mixture stand after it is blended or from letting the water under them get below the boiling point, says the Commoner. Mix and sift two cupfuls of flour and four teaspoonfuls of baking powder and one-half teaspoonful of salt. Work into this three teaspoonfuls of butter, using the tips of the fingers, then add gradually three-fourths of a cupful of sweet milk; put out onto a floured board and without working, roll out to half an inch thick; cut in any shape desired or in strips, dip in flour and lay the pieces close together in a well-greased steamer; set this over a kettle of boiling water, cover closely and steam for fourteen minutes, keeping the water below rapidly boiling. Serve as soon as possible with portions of meat.

Mother's Will Find Mrs. Winslow's Soothing Syrup the Best Remedy to Use for Their Children During the Teething Period.

Baked Peas. Now that it is between times of old and new vegetables, try this recipe: Baked peas: One-half pound dried green peas, one onion, one carrot, one teaspoonful sugar, pinch of soda, a generous tablespoonful of butter, water. Soak peas over night, put in a crock in the morning with the other ingredients and cover with water. Bake six hours or all day in slow oven, adding water when it evaporates. When ready to serve, mix with onion and carrot. This dish will be found very nutritious and appetizing.

Laziness and Logic.

Why are we still indolent and negligent and sluggish, and why do we seek pretenses for not laboring, and do not being watchful in cultivating our reason?—Epictetus.

Water in bluing is adulterated. Glass and Ball Blue makes clothes whiter than snow.

Guy de Maupassant as a Clerk.

Guy de Maupassant's manner of life as a junior clerk in the French education office is the subject of an interesting article by one of his old colleagues. We gather that he absented himself from his duties on the ground of illness on an average about three days a week, and that was how he obtained leisure for literary composition. Now the less he was very anxious to retain his clerkship until his literary prospects were secure.—Westminster Gazette.

Three Cheers.

A town meeting has been called to devise ways and means to provide for the poor of the community. After many speeches had been made and many resolutions offered and much time wasted and nothing done, a benevolent German arose in the back part of the hall and said: "Mister Chairman, I move, before we adjourn, we all stand up and give three cheers for de poor!"

Water and Ore Mixed.

Nearly fifty tons of water were lifted from the mines of South Staffordshire, England, last year for every ton of mineral.

FILES CURED IN 4 TO 11 DAYS

Your druggist will refund money if PAIN-OZINMENT fails to cure any case of Itching, Blistering, or Pruritic Files in 5 to 14 days. 50c.

Roses From Italy.

The rose, so long considered the floral emblem of England, was not known in that country until the early part of the fifteenth century. Rose trees were then brought from Italy and planted in the royal gardens. They were sent as presents from the holy father and highly esteemed by royalty. It became the custom to cut them over the doors of the confessional as holy flowers, hence the term rose (under the rose) used to mean "with secrecy."—Ave Maria.

Dr. Pierce's Pleasant Pellets first put up 40 years ago. They regulate and invigorate stomach, liver and bowels. Sugar-coated tiny granules.

Er-Yes, He Had.

"Pardon me, Mr. Peever," said the chance acquaintance as the two parted hold up the café bar, "but have you ever had a serious accident?" "Well," replied Mr. Peever, "I met my wife by accident!"

Mix together one cupful of finely chopped beef suet, three cupfuls of sifted flour, one teaspoonful and a half of salt, one teaspoonful of cinnamon, a half teaspoonful each of mace, allspice and cloves, and one pound of seeded raisins. Add one cupful of molasses, one cupful of soda dissolved in a little hot water and stirred into one cupful of molasses. Turn into a buttered mold and steam steadily for four hours. Serve with a hard sauce.

Flowers on Wrong Grave.

After periodical pilgrimages extending over 15 years to the cemetery at Beeston, J. Daniels of Nottingham was informed by the local urban council, under whose control it is, that during all this time he has been visiting and placing flowers on the wrong grave. The blunder, they said, was due to a former sexton getting the numbers of the graves mixed in entering them in his book.—London Chronicle.

"FIGURE IT OUT"

How can you expect to possess good health if you are careless with your Stomach, Liver and Bowels. These organs are the "controlling power" and must be guarded against weakness. To this end you really should try a bottle of

HOSTETTER'S STOMACH BITTERS

Mrs. A. H. POWELL, Manufacturing Chemist, Spokane, Wash.

Dear Sir: Having suffered with stomach trouble for a number of years, and tried a great many doctors and a great many proprietary preparations but obtained no permanent relief until I took your stomach remedy, and am pleased to say that I have no further stomach trouble and can eat anything I desire and after so long results. I am a professional nurse, have nursed for 30 years, some of the time for Dr. H. H. of New York City, the greatest specialist in "stomach diseases" also had a long experience as a nurse in the Hospital at Worcester, Mass., for two years. Since learning by my own case that your great benefit from the use of Powell's Stomach Bitters, I have recommended it to a great many for children and adults, and in each case it has been successful. I have never known of medicine so compare with Powell's Stomach Bitters for all kinds of stomach trouble. Yours truly, ELISE STEINER, 222 Jones Ave.

"DIDN'T HURT A BIT"

is what they all say

Painless Methods of Extracting Teeth.

Out-of-town people can have their plate and bridge-work finished in one day if necessary. An absolute guarantee, backed by 25 years in Portland.

Wise Dental Co.

OFFICE Hours: Saturdays 9 to 1 P. M. Phone 2029; Main 2029. Failing Bldg., Third and Washington, Portland.

OUT OF TOWN PEOPLE

can receive prompt treatment for their ailments without leaving home.

C. GEE WO

The Chinese doctor.

Try once more if you have been doctoring with this one and that one and have not obtained permanent relief. Let this great cure remedy diagnose your case and prescribe some remedy whose action is quick, sure and safe. His prescriptions are compounded from Roots, Herbs, Buds and Bark and are not mixed from any kind of medicine. The secrets of these medicines have been handed down from father to son in the physician's family in China.

CONSULTATION FREE.

If you live out of town and cannot call, write for program blank and circular, enclosing a cent stamp.
