An Oregon lad beat the best record made in England in raising the greatest number of potatoes from a single tuber. An English boy raised 220 pounds from eleven potatoes and the English papers saw something in that to crow about. An Albany boy winning the state contest among school children last year grew 660 pounds from one potato by transplanting sprouts from the original, which had 13 eyes.

There seems to be a difference of opinion in regard to the question of high water in the Columbia this year. Many have predicted that the river would reach a higher stage this spring than for many years, while others, who claim to have accurate knowledge of the conditions operating to make high or low water, say that all signs point to a stage below the average flow this season. If you listen to us, we'll tell you more about it later.

Interesting Sunday School Items

[Contributed.]

The attendance of town and country people at the Union Sunday School last Sunday was about as near even as possible, 28 town people and 27 country people.

This Sunday School has advanced wonderfully in the past two years. The officers and teachers have been loyal and true. The record systems are modern and up-to-date. All supplies are the best that can be procured.

But loyal teachers, fine record systems, etc. do not make the Sunday School of full value to the children or grown person.

They are of course essential features, but there are other important things. One of these is good order during opening and closing exercises, and also study period. If the thought of reverence and devotion is not inculcated in the lives of children when young, the chances are they never will be.

The first requirement in maintaining order is to have the officers and teachers of the school reverent and orderly themselves.

The churches should be used in any way that will be to the glory and honor of God, but not for play houses and romping grounds on Sunday morning. The responsibility for good order lies with the leader and teachers.

The Superintendent announced that the Annual County S. S. Convention will be held at The Dalles, Friday and Saturday, May 23rd and 24th.

Church of Christ Notes

Next Lordsday morning, our subject will be this: "Plan and Supremacy of the Bible," and the evening will be this: "How and Why the Christian Church People are Catholics, Baptists, Advents and Congregationalists." This latter subject may surprise you but come and hear the how and why, and we think you will be satisfied.

We had new scholars and visitors in our Bible School last Sunday. Won't you be one next Sunday? Children's Day exercises will be held the first Sunday in June.

Yours for nothing but truth, H. CAMPBELL CLARK, Minister.

SCHOOL CLOSES

The Mosier school will close next Friday. An interesting program, rendered by the pupils, will be given at the school house in the afternoon, and patrons of the school are cordially invited to be present.

The term just closing has been very successful and generally satisfactory, and the teachers, Mr. and Mrs. Johnson and Miss Huntington, will leave with the good will of the pupils and patrons and with the consciousness of work well done.

F. W. Chipman, representing the Bankers' Reserve Life Insurance Company, of Nebraska, was in town yesterday. Mr. Chipman was here to pay over to Mrs. Gardinia Godbersen an insurance policy of \$3,030, which her son Thomas, recently deceased, carried. Mr. Godbersen had paid two premiums on his policy. The short time elapsing between the proof of death and the payment of the policy is gratifying to Mrs. Godbersen, and shows the promptitude with which this company meets its obligations.

Mrs. S. D. Fisher and Miss Dolly Fisher, were visitors at The Dalles on Monday last.
