Test without risk, in your own home. The Audiotone, with latest instantaneous adjustment. It is almost humanly sensitive to sound, and reproduces the exact quality of sound as it is heard. The Audiotone is a hearing aid for those who are almost totally deaf. We will let you take an Audiotone home for a month. Rent, ask a dealer, or write for a proposition that ought to be investigated.  
**STORZ ELECTRONIC CO.**  
230 Lombard St., San Francisco, Cal.

**Choir Couldn't See It**  
The choir of a village church had sung an anthem in the fine style, with all its might and strength, but the very roof of the old church seemed to vibrate with tremendous uproar. At the close of the anthem the lesson for the day was begun. "And after the uproar was ceased," the parson read out in a clear and sonorous voice. The whole congregation immediately uttered audibly, but the choir could not understand the joke.

**This Poet's Wife Was Practical.**  
"If I can do anything to cheer and brighten the lives of my fellow men I shall be perfectly satisfied," remarked the long-haired poet. "Then," replied his weary wife, "why don't you quit writing poetry and get up a comic series in which the humor is furnished by some one who hits another with the head with a club?"

**Water in Bluing is Adulteration.** Glass and wax make liquid blue costly. Buy Red Cross Ball Blue, makes clothes whiter than snow.

**Something New on Hen.**  
A young Boston college woman was following the suburbanite about his place and doing her best to show her full appreciation of the sentimental beauty of the establishment. On visiting the hen-yard she became enraptured. One hen was unusually well marked. "Oh!" the young woman exclaimed enthusiastically, "What beautiful foliage that hen has!"

**Art as Amusement.**  
Post Impressionist—Of course I paint purely for my own amusement, you know. Visitor to Studio—Nonsense, my dear fellow. They simply tickle us to death, too!—London Opinion.

**Habits of Men.**  
Some men carry a pint of small change and others never break a dollar bill until the fragments of the previous dollar have been totally expended.

**Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.**

**Jackdaw Refused to Go.**  
A jackdaw followed some children to a school at Warravone-on-Thames, the other day, and when lessons began tried to go inside. When a teacher attempted to catch it the jackdaw defiantly exclaimed, "Get out! Get out! It remained in the playground until the children were let out."

**Game Always in Order.**  
Ruth—Love is a nice game to play at. Fred—Besides, it's the only game I know of that's never postponed on account of darkness.—Boston Herald.

**"BELIEVE ME"**

**Hostetter's STOMACH BITTERS**  
It will help you overcome all Stomach, Liver and Bowel ills  
**GET A BOTTLE AT ONCE**

**The New Womanhood.**  
The new education must meet the needs of womanhood as well as of manhood. How strange that only within a generation have we really begun to provide natural education for girls. This is not so surprising, however, in view of woman's position of relative inferiority down even to the present hour. Many a man, though born of woman, still unconsciously holds his own inferior, just as contempt as to class her, in the eyes of the law, with infants, imbeciles and convicts, and therefore incompetent to participate in the government of the race she bears!

To keep woman in that position is not only unjust and illogical, but it is against nature, and therefore must and shall be reformed. And you men, my readers, will yet be the leaders in this reform, writes the editor of Farm and Home.

Nor will you, who abolished black slavery 50 years ago, wait another half century before abolishing white slavery.

**Banish All Skin Troubles**

**Remarkable Remedy That Works Wonders Against Eczema and All Rash**

If you have been fighting some blood trouble, some skin disease, call it eczema, lupus, psoriasis, malaria, or what you will, there is but one sure, safe way to get rid of it. Ask at any drug store for a 50-cent bottle of S. S. and you are then on the road to health. The action of this remarkable remedy is just as direct, just as positive, just as certain in its influence as that of the sun rises in the East. It is one of those rare medical forces which act in the blood with the same degree of certainty that is found in all natural tendencies. The manner in which it dominates and controls the mysterious transference of rich, red, pure arterial blood to the diseased venous blood is marvelous.

Out through every skin pore acids, germs and other blood impurities are forced in the form of invisible vapor. Beneath the skin is a fine net work of nerves, a myriad of them in which S. S. works its undying energy to prevent the further destructive work of the acids and blood impurities. These are scattered into the veins to be driven from the system. The lungs breathe it out, the liver is stimulated to consume a great proportion of impurities, the stomach and intestines cease to convey into the blood anything that would create it, the bowels, kidneys, bladder and all excretories of the body are marshaled into fighting force to expel every vestige of eruptive disease.

There is scarcely a community anywhere but what has its living example of the wonderful curative effects of S. S. Get a bottle of this famous remedy to-day, and if your case is stubborn or peculiar write to The Swift Specific Co., 1000 Broadway, Atlanta, Ga. Their medical laboratory is famous and is conducted by renowned experts in blood and skin diseases.

**History of the Key.**  
The key was one of the first things invented by man. The primitive key was probably a thorn or splinter. Afterward fish bones seem to have come into use. Wooden pegs followed these. In modern times the process of manufacturing keys is very highly developed. Fifty years ago there were only some hundred varieties of keys, each having its special name and distinctive use. Today they are legion.—Harper's Weekly.

**Thorny Pathway of Genius.**  
An advertisement taken from a Chicago morning paper shows to what a pass a genius may come in a great city: "Wanted—A collaborator, by a young playwright. The play is already written; collaborator to furnish board and bed until play is produced."

**Must Be a Joke.**  
A correspondent informs us that he read on a down-town menu: "Prices subject to advance during interval of giving order and being served."

**When Your Eyes Need Care**  
Try Murine Eye Remedy. No Stinging—Painless—Acts Quickly. Try it for Red, Weak, Watery Eyes and Granulated Eyelids. Illuminates and Refreshes. Murine is compounded by our chemists—patent medicine for many years. Now dedicated to the public by the Murine Eye Remedy Co., Chicago.

**Unwelcome Prescription.**  
An English doctor, recommending exercise to prevent nervous breakdowns, says: "If you are feeling stale and unprofitable and longing for some active life, you may obtain it by walking briskly up and down the stairs." Most of us, however, will continue to prefer to press the elevator button.

**Martyr's Rewards.**  
In Algiers there is a beautiful mosque used entirely by women. And in Algiers, too, if a woman dies in childbirth she has ascribed to her all the high rewards accorded to martyrs who died in warfare for their religion, and the graves of such women are marked in a special way.

**Didn't Quite Understand.**  
Mrs. Ponsonby visiting Paris, is receiving her friends at a "little evening" and thinking to have a pleasant change after talk, suggests to a guest: "And now, M. Dubois, shall we have a rubber?" "Ah, madame," said M. Dubois, with perfect politeness, but pitiously, "a thousand thanks, mais—je—je—je n'aime pas le massage!"

**Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take.**

**Chivalry Interpreted.**  
The phenomena of courtesy and chivalry are simply additional proofs that women have no souls, and that when a man is being "polite" to a woman, he is simply ascribing to her the minimum sense of personal importance is attached precisely in the measure that it is understood.—Wells-Jefferies.

**Brevity.**  
Barber (beginning the haircut)—"Have you heard the story about the guy that (resuming business)—want it short, sir?" Customer (a tired editor)—"Yes; a mere synopsis will do!"—Judge.

**Daily Thought.**  
Never does a man portray his own character more vividly than in his manner of portraying another.—Richard.

**Complimented.**  
Stella—"Was Mrs. Newrich called a parasite?" Bella—"Yes, but she thought it had something to do with Paris."

**BALKAN PEACE TREATY SIGNED**

**Montenegro Feels Deprived of Just Fruits of Victory.**

**Actual Ceremony Very Brief—Delegates Signing Treaty Without Final Reading.**

London—The eight months' war between Turkey and the allied Balkan states is ended. The "peace of London" was signed May 30 in the picture gallery of St. James palace. Sir Edward Grey, the British foreign secretary, presided over the formalities. The following peace delegates signed the preliminary treaty: Osman Nizami Pasha, for Turkey; Dr. Danoff, for Bulgaria; Stefan Novakovich, for Serbia; Stephanos Skoulodis, for Greece, and M. Popovitch, for Montenegro.

The only dramatic feature of the historic occasion was M. Popovitch's expression of keen disappointment that Montenegro had "been deprived of her just share of the spoils of a triumph war," and of the hope that "England, which took the lead in the spoilation," would take every step to compensate Montenegro for her sacrifice.

The actual ceremony was brief. The delegates signed the treaty without reading it, evidently in full confidence that all the seven articles were in such wording as the powers chose to have them.

The Bulgarian delegate proposed that peace become immediately effective without ratification of the treaty. This proposal was rejected, and the delegates then left after having agreed to meet early in June to consider the advisability of an eventual annexed protocol.

After informing the ambassadorial conference of the signing of the peace draft, Sir Edward Grey suggested that the conference limit its discussions to three questions—a constitution for Albania, the delimitation of the southern frontier of Albania, and the status of the Aegean islands.

**NICARAGUAN CANAL FOR U. S. Treaty Negotiated by Taft Administration To Be Ratified.**

Washington, D. C.—The United States will secure perpetual and exclusive franchise for the building of an interoceanic canal through Nicaragua and also a naval station, together with several small islands, on the Pacific coast of that country. This is insured through a decision just reached by the Wilson administration to support a treaty negotiated in the closing days of the Taft administration between this country and Nicaragua. It was learned Saturday that Secretary Bryan has asked the senate committee on foreign relations to ratify the treaty now pending before it, with only one or two minor changes.

Through the ratification of this treaty, the Nicaraguan route will be forever closed to every nation except the United States.

Now that Secretary Bryan, with the weight of the Wilson administration, has decided to stand behind the treaty, there is no doubt that it will be ratified by the senate. It will have the support of most of the Republicans, and Bryan's request will undoubtedly swing the Democrats into line.

**Aviator Mocks Ship's Guns.**  
Nogales, Ariz.—Ariator Didier Mason Saturday sailed his big biplane over the gunboat Guerrero in Guaymas Bay. The ship's gunners attempted to shell the aeroplane, which remained at a height of 5000 feet. None of the shells took effect, nor did Mason attempt to drop any bombs.

In the meantime the state troops were driving the federal back toward Guaymas. The fighting occurred at Batametal, south of Santa Rosa.

**Body of Heroine Moved.**  
Frederick, Md.—The body of Barbara Freitche, heroine of Whittier's poem, and that of her husband, John C. Freitche, which recently were disinterred from the old Reformed Congregational cemetery here, were formally deposited in the new mausoleum in Mount Olivet cemetery Friday.

The mausoleum is adjacent to the grave of Francis Scott Key, author of "The Star Spangled Banner." The burial was the occasion for interesting ceremonies by the Grand Army of the Republic and other patriotic organizations.

**Tacoma Plants Damaged.**  
Tacoma, Wash.—Three serious accidents that will necessitate an expenditure of \$15,000 to remedy have occurred on Tacoma's two big light and water projects within the past few days. Either dynamite or lightning destroyed the lower half of a 45-inch wooden waste pipe, splintering it to slivers, and a half dozen plates on the floor of the reservoir at La Grange were cracked. Practically the same thing happened at the big reservoir at McMillan, on the Green River gravity system.

**Mud Saves Falling Man.**  
New York—Falling 400 feet from an aeroplane Arthur Lampham, a youthful parachute jumper, landed feet first in a Staten Island marsh and was buried to his neck in the mud. With ropes and boards he was extricated. At a hospital he was found to be suffering from shock. Lampham was taken up by Harry B. Brown, an aviator, and was to have made a 500-foot drop. His parachute failed to work when he made his leap.

**Postoffice Job Refused.**  
Galesburg, Ill.—Political precedent got a jolt in Vermont, Ill., when George Kirkbride, recently appointed postmaster by President Wilson, declined. The postmaster's salary at Vermont is \$1400. Kirkbride says he prefers to run his bakery shop.

**OSLER THEORY IS REVERSED**

**Watchman Under 45 Years Old Discharged From Service.**

Washington, D. C.—The Osler theory is being reversed by the quartermasters' bureau of the War department, through an order, now rigidly enforced, which provides that no man shall be appointed a watchman in the War department service unless he has passed the age of 45 years. This fact came to light recently when the War department ordered the discharge of Benjamin Shaffer, watchman at Fort Lawton, because he was not yet 45 years old. Shaffer had served in the regular army and lost a leg in the service. This brought about his discharge from the service, but as soon as he was able to leave the hospital he was appointed to the watchman's job. Shaffer had not long been on the payroll as watchman before it was discovered that he was under 45 and immediately this was reported to Washington, his discharge was ordered. His previous military service and the fact that he had lost a leg while serving in the army counted for naught in his favor.

It remained for Representative Humphrey, of the Seattle district, to appeal personally to Secretary Garrison, in order to have Shaffer retained.

The secretary was readily convinced that this was a case where the rule might properly be waived, and thanks to the intervention, Shaffer will continue as watchman at Fort Lawton.

**BOY DOES KNOTTY PROBLEM**

**Mathematical Prodigy Startles Professors With Solution.**

Philadelphia—This city harbors a mathematical prodigy and perhaps a rival of Sidos, of Harvard fame, if his solution of the trisection of an angle, a mathematical problem which has puzzled the ages, meets with the approval of several mathematical societies, including the Universities of Pennsylvania and Columbia, as well as a number of mathematicians of national reputation. The boy in question has been admitted. The boy is Sydney H. Gross, and he is a student at the Central High school.

The boy mathematician started the faculty of this high school the other day when he told one of the instructors that he had evolved a solution for the trisection of an angle. The faculty was so impressed with the solution that they immediately submitted a model of the experiment to Professor M. J. Bobb, president of the Philadelphia section of the Middle States and Maryland Mathematical association. The learned professor lectured on the model to his classes at the University of Pennsylvania.

A search through mathematical literature has failed to reveal a solution similar to the one submitted by the youth.

**CLUBS GUARD SUFFRAGETTES**

**Disciplined Defenders With Cudjels Awe London Mobs.**

London—Defying the police order closing Hyde Park to their meetings, the Women's Social and Political Union sent speakers Sunday, who held forth there for a long time under the protection of male sympathizers armed with clubs.

When the comparatively peaceful non-militant organizations which are still permitted to use the park finished their customary small demonstrations, flags of the Women's Social and Political Union were raised at 12 different points and as many speakers harangued the crowd.

Mobs of men and boys started to rush the speakers, but much to their amazement found themselves menaced by disciplined body guards wielding stout clubs. The crowds had to content themselves with hooting and singing, while the police looked on without attempting to check the speakers.

**Wilson's Cousin Locates.**  
Wahkiacus, Wash.—James C. Wilson and family have located at this place. Mr. Wilson, who says he is a cousin of the President of the United States, expects to engage in business at Wahkiacus. He is firm in the belief that his cousin Woodrow will go down in history as one of the greatest Presidents of the United States. Mr. Wilson is a native son of Oregon and for 40 years lived at North Yamhill. He is the owner of an extensive wheat farm on High Prairie, near Hartland, which he has leased.

**Aviators Driven to Sea.**  
San Francisco—Caught in a choppy sea and gusty wind off the United States transport docks and his hydro-aeroplane completely wrecked, Roy Francis, one of the best-known young San Francisco aviators, and Charles H. Craig, of the Western Pacific railroad, a passenger, were swept by a strong ebb tide for more than a mile out in the open sea before being rescued by the crew of the United States steamer Hartley. Both men were badly numbed by the chill waters of the bay.

**"Canned" Talk Demanded.**  
Greenville, Cal.—The "canned" message of the great white father at Washington is much in demand among the redskins of the Greenville Indian reservation. Since the information has been received that President Wilson has spoken his message to the aborigine in talking machines, local music stores have been bothered by Indians who want to buy the records, and they are much disappointed to find they are not made for sale.

**Ex-Senator Palmer Dies.**  
Detroit—Ex-United States Senator Thomas Palmer, of Detroit, died Monday after a long illness. He was elected to the United States senate in 1883, and after serving one term was appointed United States minister to Spain. On his return from Spain he was appointed president of the World's Columbian Exposition, held in Chicago in 1893.

**Representative Koenig Dies.**  
Baltimore—Representative Koenig, Democrat, of the third Maryland district, died of pneumonia at his home here Saturday afternoon. He was 57 years old.

**HOOD RIVER JOINS COMBINE**

**Four States to Market Fruit Under One Agency.**

**After All-Night Session Pleas for Harmony Compel Association to Yield.**

Hood River, Or.—The Hood River Apple Growers' association has decided to join the North Pacific Fruit Distributors. This action was taken after a session of the board of directors of the North Pacific Distributors that lasted all Saturday night and until after 6 o'clock Sunday.

Hood River growers yielded on their demand that a clearing office be established here, which issue deadlocked the session, but as a compromise H. F. Davidson, of Hood River, a member of the executive committee of the distributors since its organization last fall, was given the presidency of the association in the place of W. T. Clark, of Wenatchee, who resigned because his district voted against joining the North Pacific association.

Hood River also retains its present markets, and William Sieg, sales manager of the Hood River association, will be retained by the distributors and made a member of its selling force.

This action really placed the North Pacific Fruit Distributors on its feet, because other districts in the Pacific Northwest have been awaiting Hood River's decision. The new association proposes to market the apple crops of Oregon, Washington, Idaho and Montana.

**BIG FIRE LOSS AT BAKER, OR.**

**Mill and Lumber Worth \$200,000 Burn in Few Minutes.**

Baker, Or.—In 35 minutes Saturday afternoon fire consumed over \$200,000 when the Baker White Pine Lumber company's plant at South Baker was burned to the ground. The blaze started at 5:55 o'clock from sparks from the engine room, carried to the shavings pile.

H. J. King, engineer of the company, saw the fire and tried to fight it with a hose. The flames burst upon him, badly burning his hands and face. He escaped just before the building was a mass of flames. The fire spread rapidly and the fire department was powerless because of low water pressure.

Soon the mill, the box factory and the huge pile of lumber were burning and by 6:30 o'clock there was nothing but a good-sized bonfire.

The planing mill and box factory were valued at \$150,000 and the lumber at \$50,000. Nearly 100 men are thrown out of work. The plants were covered fully by insurance.

**Lepor Colony Is Temporary.**

Washington, D. C.—Some consternation and uneasiness has been occasioned by the presence of lepers at Diamond Point, Wash., and the fear that the Public Health and Marine Hospital service was to make this not only a permanent establishment but to send lepers there from other states. The feeling became so intense that Senator Jones and the other members of the Washington delegation were appealed to to have the matter investigated.

The Washington members were informed by Dr. Blue that the Marine Hospital service was endeavoring to find a place off the coast of California, and as soon as this was located and fitted up as an abiding place for these unfortunate they would be sent to this permanent colony.

**Roosevelt Wins Libel Suit.**

Marquette, Mich.—Colonel Theodore Roosevelt won his libel suit against George A. Newett, who charged the Colonel with drunkenness. The Colonel received damages after the defendant had uttered a retraction and the jury awarded the nominal damages of 6 cents provided in such cases by the law of Michigan. Each party to the suit will have to pay his own expenses.

Judge Flannigan instructed the jurors to bring in a verdict for the plaintiff, which they did without leaving their seats.

**Hier Goes On Ploving.**

Birmingham, Ala.—Louis F. Downs, a farmer at Rogersville, Ala., has established a reputation as the calmest stoic in the business. He was plowing for his modest crop when he received notice that he was one-third heir to an estate in Virginia valued at \$30,000,000, left by a great uncle, but he clucked to his mule without betraying the least excitement and finished the row before he would discuss the subject. Downs says he is too busy with his crop to stop now, but will take up the matter when planting is finished.

**Tariff Bill Is Delayed.**

Washington, D. C.—Another week's delay in getting the tariff bill reported back to the senate now seems certain. It will probably be June 21 or 23 before the bill is reported back. This is a week later than the calculations a few days ago and two weeks later than the calculations ten days ago. These successive delays tend to make the date for final passage of tariff legislation more remote. September 1, it is now generally admitted, will be close at hand before the President signs the bill.

**Race Dissension Arises.**

Washington, D. C.—One of the first problems that Alexander H. Stevens, of San Francisco, recently appointed general superintendent of the railway mail service, will have to solve when he reaches Washington, will be the big row now on in the service because of race dissensions. The white mail clerks are demanding that the white clerks be separated from the negro clerks on all railway mail cars.

**W. L. DOUGLAS SHOES**  
\$3.00 \$3.50 \$4.00  
\$4.50 AND \$5.00  
FOR MEN AND WOMEN  
The largest makers of Men's \$3.50 and \$4.00 shoes in the world.  
Ask your dealer to show you W. L. Douglas \$3.50, \$4.00 and \$4.50 shoes. Just as good in style, fit and wear as other makes costing \$5.00 to \$7.00—the only difference is the price. Shoes in all leathers, styles and shapes to suit everybody. If you could visit W. L. Douglas's large factory at Brockton, Mass., and see for yourself how carefully W. L. Douglas shoes are made, you would then understand why they are warranted to fit better, look better, hold their shape and wear longer than any other make for the price.  
If W. L. Douglas shoes are not for sale in your vicinity, order direct from the factory and have the mail order price. Shoes for every member of the family, at all prices, by mail. Factory, 271 Broadway, New York, N. Y. Write for free catalogue. It will show you how to order by mail, and why you can save money on your footwear.  
W. L. DOUGLAS - Brockton, Mass.

**Simply Couldn't Come.**  
The Judge—"Unless you have a most satisfactory excuse I shall have to fine you for contempt of court for failing to respond to the jury summons." The Taleswoman—"I meant no disrespect, Judge, but I hadn't a thing suitable to wear, and I couldn't find a ready-made jury costume any place."—Woman's Cause.

**No man is Stronger Than his Stomach**  
Let the greatest athlete have dyspepsia and his strength will soon fail. One's stamina—forcefulness and strength of mind or muscle—depends upon the blood, and the blood in turn requires a healthy stomach. For the stomach is the laboratory where the food is digested and such elements are taken up—or assimilated—which make blood. In consequence all the organs of the body, such as heart, lungs, liver and kidney, as well as the nervous system, feel the bad effect if the stomach is deranged.

**Dr. Pierce's Golden Medical Discovery**  
Helps the stomach to digest food properly, starts the liver into new activity, removing the poisons from the blood, and the various organs get rich, red blood, instead of being lily nourished. The refreshing influence of this extract of native medicinal plants has been favorably known for over 40 years. Everywhere some neighbor can tell you of the good it has done.  
Sold by all medicine dealers in liquid or tablet form, or send 60-cent stamps to Dr. Pierce, Javaldia Hotel, Buffalo, and a kit box will be mailed you.

**"Rings" From Smoking Volcanoes.**  
A smoking volcano very often blows rings just like a man who is meditatively puffing a cigar. Sometimes these rings are five or six hundred feet across. In both cases the "smoke" consists of a cloud of fine particles which show the existence of a vortex ring, the ring itself being a rotating mass of gas or air.  
To Breathe in New Shoes.  
Always shake in Allen's Foot-power, it cures hot, sweating, itching, swollen feet, corns, ingrowing nails, and bunions. All drug stores and shoe stores, etc. Don't accept any substitute. Sample mailed FREE. Address Allen S. Ormsted, Ltd., Roy, N. Y.

**Sure Enough.**  
Frank and Fred, aged 6 and 4, respectively, were discussing a little sister who had died before the latter was born, and Fred said: "When I go to heaven I'll go right up to her and say, 'Hello! this is Freddy.'" "Why," said Frank, "she won't know you, because when she was, you wasn't."  
Modern Drama.  
The plays we think we ought to see, they send us fast asleep; the plays that we would like to see—to them we don't creep; the plays that people talk about strike us as rather small; and the plays that people take us to—oh, they're the worst of all.

**St. Helens Hall**  
PORTLAND, OREGON  
Resident and Day School for Girls  
In charge of Sisters of St. John Baptist (Episcopal) Order, and Sisters of the Holy Family (Catholic).  
THE SISTERS SUPERIOR, Office 50 St. Helens Hall

**HOW THIS WOMAN FOUND HEALTH**  
Would not give Lydia E. Pinkham's Vegetable Compound for All Rest of Medicine in the World.  
Utica, Ohio—"I suffered everything from a female weakness after baby came. I had numb spells and was dizzy, had black spots before my eyes, my back ached and I was so weak I could hardly stand up. My face was yellow, even my fingernails were colorless and I had displacement. I took Lydia E. Pinkham's Vegetable Compound and now I am stout, well and healthy. I can do all my own work and can walk to town and back and not get tired. I would not give my Vegetable Compound for all the rest of the medicines in the world. I tried doctor's medicines and they did me no good."—Mrs. MARY EARLEWINE, R.F.D. No. 3, Utica, Ohio.

**Wise Dental Co.**  
OFFICE HOURS: 9 A. M. to 8 P. M. Sundays 9 to 1 P. M.  
Phone: A 209; Main 299.  
Falling Bldg., Third and Washington, Portland

**OUT OF TOWN PEOPLE**  
can receive prompt treatment of New-Painless, Health-Building Remedies.  
**C. GEE WO**  
The Chinese doctor.  
Try once more if you have been doctoring with this one and that one and have not obtained permanent relief. I can do all my own work and can walk to town and back and not get tired. I would not give my Vegetable Compound for all the rest of the medicines in the world. I tried doctor's medicines and they did me no good."—Mrs. MARY EARLEWINE, R.F.D. No. 3, Utica, Ohio.  
CONSULTATION FREE.  
If you live out of town and cannot call, write for symptoms blank and circular, enclosing 4 cents in postage.
