MODERN DINNER ALL RIGHT

Physician Declares That Appurtenances and Menu All Tend to Promote the Digestion.

Dinner as a social institution has been so sedulously attacked by gastronomic experts in recent years that the banquet has been held responsible for many untimely deaths of public men. One of the most conspicuous statesmen in America was said to have been killed by dining out. The consumption of course after course upon a menu is held by various authorities to be inconsistent with long life and even with continued health.

Now, all these notions, according to Dr. R. S. Levenson, are based more or less upon delusion. Discoveries in the physiology of digestion during the past dozen years do not discredit the modern dinner, he says. They vindicate it. Man has unconsciously established a routine of courses in the dinner that takes thorough cognizance of the physiological principles upon which digestion is founded. Take, for instance, the elaborate gowns worn by the women and the evening suits by the men, the floral decorations and the music. There is no doubt that each of these items serves the purpose of composing a generally favorable stage setting for digestion. It has been shown in recent years that the moods created by these details have a directly favorable bearing upon the performance of the digestive function. —Current Opinion.

When Your Eyes Need Care

Try Murine Eye Remedy. No Smarting—Feels Fine—Acts Quickly. Try it for Red, Weak, Watery Eyes and Granulated Eyelids. Illustrated Book in each Package. Murine is compounded by our Oculists—not a "Patent Medicine"—but used in successful Physicians' Practice for many years. Now dedicated to the Public and sold by Druggists at 25c and 50c per Bottle. Murine Eye Salve in Aseptic Tubes, 25c and 50c.

Murine Eye Remedy Co., Chicago

Proud of Them.

We can no longer think, with Pericles, that good report for a woman means a minimum of any kind of report about her, whether for good or evil, nor with Dr. Johnson that when she speaks in public she is "like a pig standing on its hind legs; it is not that she does it well, but you are surprised she can do it at all." We are as proud of our famous women as we are of our famous men, and some of the very best speakers in the world today are women.—University Magazine.

Still Demand for Flints.

Millions of flints are produced annually in England by "knappers," who use much the same tools and work in much the same manner as did the men of the Neolithic age. The flints go to Africa, South America and China. Flintlock muskets are still used by many negroes in the depths of Africa, and shipments of the bits of stone find ready market in the benighted regions.

Be thrifty on little things like bluing. Don't accept water for bluing. Ask for Red Cross Ball Blue, the extra good value blue.

Rich Country Drifting Backward.

Honduras, with vast deposits of minerals of all kinds, with untold thousands of acres of the richest tropical fruit and vegetable lands in the world, and untold possibilities as a coffee producer, has a smaller population than it had 50 years ago. While other countries less favorably situated have forged ahead, Honduras has slowly but steadily drifted backward.

Warning to Bores.

When the man upon whom you are calling begins to drum on his desk with his fingers, he is not drumming "the devil's tattoo" at random. He is ticking out a clear, emphatic telegram, hot from the wire—"Will this fellow never go?" Its meaning never changes, and you ought to understand it at the first flam.

Out of His Class.

The young man with a perpendicular measurement of six feet and breadth in proportion had asked the demure little maiden of four feet, six inches, to marry him. "Harold," she said, flashing a resentful glance up at him, "that isn't fair! It isn't sportsmanlike! Take one of your own size!"

Shake Into Your Shoes

Allen's Foot-Ease, a powder for the feet. It cures painful, swollen, smarting, sweating feet. Makes new shoes easy. Sold by all Druggists and Shoe Stores. Don't accept any substitute. Sample FREE. Address A. S. Olmsted, Le Roy, N. Y.

Oh, Squash!

"Now, between you and me, darling," he began as he sat with his arm enfolding her waist. "George," she interrupted, "I wish that you would be a little more precise in your words. How can there be anything between you and me? There isn't room." And immediately she disproved her own statement by snuggling up still closer.

New Weapon.

Binks had an idea. Taking the phonograph horn he attached it to the vacuum cleaner. "Now," he said, "let your flies come on!"

Will Be Costly Undertaking.

To bore the deepest hole in the world ,an opening in Silesia 7,350 feet deep, cost more than $10 a foot.

Take Long Time to Hatch.

Eggs laid by a New Zealand lizard require fourteen months to hatch.

CHILDREN EXEMPT FROM TAX

Committee Would Allow $500 for Each Youth.

Washington, D. C.—An additional exemption of $500 for each child of a family in the income tax section of the tariff revision bill was determined on by the senate finance subcommittee and the change will be recommended to the majority members of the committee.

The subcommittee is also seriously considering recommending changing the $4000 exemption in the Underwood bill to $3000. This, it is argued, would greatly increase the revenue and with the additional exemptions proposed for children would not impose hardship upon the heads of families. Senator Simmons, chairman of the finance committee, said that the Democratic caucus of the senate would be called for Thursday, whether the finance committee majority had concluded with the schedules or not.

Senator James, of Kentucky, who made the sugar tariff speech in the senate defending the stand of President Wilson, has taken a vigorous position in the finance committee against the imposition of a countervailing duty on meat and cattle, and announced that he would carry the fight to the Democratic senatorial caucus if he failed to swing the committee into line.

When the majority members of the finance committee resumed consideration of the proposed countervailing duties on agricultural products, Senator James emphatically declared that the public was entitled to unrestricted free cattle and meat. He did not oppose the action of the Democrats in placing wheat and flour on the free list with the countervailing duty added, but he opposed such a duty on cattle and meat so strenuously that final action was deferred.

BELIEVES WAR IS INEVITABLE

Gen. Wood Says Individuals Cannot Prevent Coflict.

Pittsburg—Asserting that war must come at some time and declaring that every young man should have a year's military training, Major General Leonard Wood, chief of staff of the United States Army, discussed "our military policy to preserve peace," at the annual commencement exercises of the Carnegie Institute of Technology here. "I do not wish to introduce a spirit of criticism against the peace policies which are being instituted by your founder, Mr. Carnegie," said General Wood, "but I want to impress on you that as much as we want to avoid war, we can't do it. Knowing that it is among us, we of the army are training men to handle it as skillfully as possible.

"We know that war is coming. We know that it is arrant nonsense to say that the day of war is over. Wars are not made by individuals, but by the pressure of public events.

"If war were forced on us tomorrow it would be necessary for this government to call 600,000 men immediateiy. For this army we would need between 16,000 and 17,000 officers. Yet we have only 4000 officers prepared to command. We would be obliged to send our troops to the front in a state of unpreparedness. The inevitable result would be that disease would cause more havoc than would actual warfare."

MONTANA TO FIGHT WEEVIL

Extends Quarantine to Forage, Fruit and Truck.

Helena, Mont. — To guard against the introduction of the alfalfa weevil into Montana, Governor Stewart has issued a proclamation declaring a quarantine against all of the state of Utah, Bear Lake, Idaho and Bannock counties in Idaho, and Uintah and Lincoln counties in Wyoming, prohibiting the importation of alfalfa and forage crops of all kinds, whether loose or baled, alfalfa seed and nursery stock unless accompanied by a certificate of fumigation; fresh fruits of all kinds at the time of harvest, and potatoes and garden truck until October 1. The quarantine becomes effective July 1.

Arson "Trust" Cases Up.

Chicago — Charges that Assistant State's Attorney Edwin J. Raber had solicited a bribe of $1000 from Joseph Clarke, an insurance adjuster, were made in the opening of the trial of Edward and Paul Cobitz and Clarke, charged with arson. Attorney P. H. O'Donnell, for the defense in his opening statement declared that Raber repeatedly had solicited a bribe from Clarke, and that it was when Clarke finally was handing him this money he was arrested, charged with attempted bribery.

Six Policemen in Jail.

San Francisco—Upon the imprisonment of the sixth of the eight members of the San Francisco police force accused of complicity in the operations of the "Forty Thieves" bunco ring, District Attorney Fickert announced that he had not yet begun the campaign he expected to make against "higher-ups" of the gang. At the county jail, with the five men who peaded guilty to charges of conspiracy, is Frank Esola, convicted of grand larceny in connection with the buncoing of a farmer out of $900.

Alaska Road Agreed On.

Washington, D. C.—The senate territories committee agreed on a bill for government construction of railroads in Alaska. It probably will be reported to the senate by Senator Chamberlain, will provide for $40,000,000 in bonds to finance the undertaking and leave the entire control to the President. The committee decided against the plan of Senator Jones for a commission of five members to supervise the construction.

Beef Prices Are Higher.

Chicago—The price of cattle Wednesday reached a new high mark for a normal year, selling at $9.20. Receipts were 18,000 against average receipts of 25,000. The market recalled attention to the recent bulletin of the department of Agriculture on the beef shortage.

Raises the Dough Better!

25c Pound Can All Grocers

Where She Was Wobbly.

Edith is very timid, but she tries to do her duty, and not long since recited a "piece" before some school visitors with great credit and apparent calmness. Her mother later complimented and praised her, especially for not seeming at all nervous. "Oh, but I was scared, really, mamma," she child explained ingenuously. "I held my hands still, but you should have seen my knees."

St. Helens Hall

PORTLAND, OREGON
Resident and Day School for Girls
In charge of Sisters of St. John Baptist (Episcopal) Collegiate, Academic and Elementary Departments. Music, Art, Elocution, Domestic Art, Domestic Science, Gymnasium. For catalog address—
THE SISTER SUPERIOR, Office 30 St. Helens Hall

Three High Mountains.

Mount Mitchell is the most lofty mountain in the eastern part of the United States. It is located in Yancey county, N. C., and according to the United States Geological Survey is 6,711 feet above sea level. There are two other mountains in the Appalachian system above 6,000 feet—Mount Guyot in Tennessee, 6,636 feet, and Mount Washington, in New Hampshire, 6,293 feet.

DAISY FLY KILLER placed anywhere, attracts and kills all flies. Neat, clean, ornamental, convenient, cheap. Lasts all season. Made of metal, can't spill or tip over; will not soil or injure anything. Guaranteed effective. Sold by dealers, or 6 sent by express prepaid for $1.

HAROLD SOMERS, 150 DeKalb Ave., Brooklyn, N. Y.

Indignantly Denied.

I see by your paper that you have published in the Duncan news department what you called a dance at my house and the statements made are entirely false. True, we had a few of our neighbors to spend the evening and some pups from Duncan came entirely without any invitation whatever, and when they came they were given to understand that they were not wanted.—Thornbury (Ont.) Herald Reflector.

Ambitious Age.

We are ambitious, be it said, although the cost of living's high. We want to earn, besides our bread, our daily pickles and our pie.

Red Cross Ball Blue gives double value for your money, goes twice as far as any other. Ask your grocer.

Couldn't Do Two Things at Oonce.

Carol had often heard her mother say, "I can't possibly do two things at the same time," and was evidently impressed by the phrase. One evening her father came in and said: "Carol, please bring me the evening paper and tell your mother that I am here." "But, daddy," replied the young lady, "I can't possibly do two things at both times."

When It Is Better.

The way some people when there's anything to be gained remind one of Sterne's "Tant pis" and "Tant mieux" is amusing.

Quite So.

In reporting another motor bus accident in which a workman was the victim a daily paper says: "The wheels passed over his dinner-can and for a few minutes he was stunned." We only wonder that he was not killed outright from injuries to so vital a part.—Tatler.

Covers for Books.

Old brocades and tapestries make beautiful covers for books—temporary covers, and are suited to the annoying telephone book, the dictionary and the like. These bits of interesting stuffs also make fittings for the work table, cushions and needle books and vie with the beautiful leather equipments.

Simple Test of Tea.

A tea test is to reduce a few leaves to a powder on a sheet of white paper, and if there is artificial coloring it will be noticeable on the paper.

Pass the Plate.

A good-for-nothing—The churchgoer who doesn't contribute.—Judge.

Fine Remedy For Eczema

Also for Salt Rheum, Tetter, Psoriasis, Lupus, and All Skin Afflictions.

All skin troubles should be attacked from within by giving the blood circulation a good daily bath. This is accomplished with S. S. S., the best known and most highly recommended blood purifier ever discovered. Its action is very rapid. Its vegetable nature is such that it naturally goes right into the blood, saturates the entire circulation, bathes the tissues with an influence that enables the skin to heal quickly. The action of S. S. S. is that of an antidote, and this fact has been demonstrated time and time again in the most severe forms of weeping eczema.

Its influence in the tissues where the tiny arteries transfer the red blood for the worn out blood to the veins is quite remarkable and goes on constantly with every tick of the clock—the beat of the heart.

And new skin is thus caused to form while the germs of irritating influences that cause eczema are scattered and their harmful nature entirely suspended.

S. S. S. has a wonderful tonic influence in the blood because it contains no "dope," is not a physic, is entirely free of any mineral drugs or any other drugs except the remarkable medicinal effect of the pure vegetable products of which it is made.

Few people realize how harmful are many of the strong, crude ointments that used to be in favor before they learned that S. S. S. is safe, speedy and sure. Ask at any drug store for a bottle of S. S. S. Give it a good trial and you will soon see a decided improvement in any form of skin trouble. Write to The Swift Specific Co., 160 Swift Bldg., Atlanta, Ga., for special free advice on eczema and any other form of skin or blood trouble.

Do not allow anyone to palm off a cheap substitute for S. S. S. You will be grievously disappointed if you do. There is nothing else "just as good" as S. S. S.

FARMERS WILL RAISE CATTLE

Nebraskans Promise Aid to Reduce Cost of Living.

Organized Efforts Will be Directed by State Authorties—Big Profits Are Expected.

Lincoln, Neb.—To do their part in reducing the high cost of living, 200 Nebraska farmers have pledged themselves to devote their time, talents and energies to increasing the production of beef cattle in this state, and to follow the instructions of the university experiment station, which for several years has made a special study of raising cattle for beef by the best methods.

"The fact that the population of the country is increasing, while beef cattle are decreasing, has aroused the nation to a realization that the high cost of living can never be lowered until this state of affairs is mended, and that the farmers are responsible for the work is just as apparent as that present conditions exist," said Dean Burnett, addressing the farmers' convention at a beef-feeders' meeting held at the State University farm.

Dean Burnett produced figures to show that Nebraska can raise beef at a profit equaled by no other state in the Union, with the possible exception of Kansas.

"The small farmer is especially adapted to the raising of beef," he said.

"The market has changed in late years, so that now the demand is for higher beef. These days the farmer may get almost as high prices for cattle 12 and 15 months old as in former years for four-year-olds. This is in favor of the farmer, as the cattle can be sold sooner and raised much more cheaply."

EXTINCT VOLCANO FORTRESS

Americans Store Supplies and Prepare for Long Siege.

Boston — American troops in the Hawaiian Islands have taken possession of the crater of a large extinct volcano situated on the coast, and are working night and day to convert it into a fortress capable of withstanding a long siege. Ammunition and food supplies are being stored within it, guns are being mounted, a water supply has been arranged for and gardens have been planted on the slopes of the crater to provide food and thus render the place self-sustaining in case it is besieged for any great length of time.

This information reached Boston from an authentic source in Honolulu, and the communication further said that Americans residing in the Hawaiian Islands, including troops, are much exercised over the Japanese situation.

The communication says that Americans have moved into the crater, bag and baggage; that living quarters are being prepared within, and that guns are being mounted all around the rim, so that a fortress capable of resisting an attack either from land or sea will confront any forces that may try to attack the place.

Cooking to Cut Living Cost.

Topeka, Kan.—Through the teaching of domestic science and economy in the home, Kansas gained $1,000,000 last year, and the amount will be increased at the rate of $500,000 a year until practically there will be no waste food in the entire Sunflower State. That is the aim of the Agricultural College, and the state is spending $40,000 a year to help in cheating the garbage can.

Seven hundred girls completed the domestic science course at the Agricultural College last week, and the college has just closed its movable cooking schools, which were attended by 11,000 women during the ten weeks which they were operated.

Soldiers on Long Hike.

Newport, R. I. — To give a better idea of the advantages of the army of the United States, Louis A. Mohr, late sergeant of the One Hundred and Ninth company, Coast Artillery, stationed at Fort Grablo, and Sergeant Karl Rittmar, of the Eighth company, Rhode Island guard of Pawtucket, left Monday afternoon on a 3500-mile hike to San Francisco.

Mayor William MacLeod presented them with letters to the mayor of Newport, Ky., and Mayor Rolph, of San Francisco.

Prince Made "Prisoner."

London—The Prince of Wales, who is serving as a private in the officers' training corps, which is out for annual practice near Aldershot, was taken prisoner in the maneuvers on Saturday. His pockets also were searched. The Prince was sent on scouting maneuvers near the camp on Friday. He was ambushed and captured by the "enemy" and had his rifle and cartridges taken from him. He was also searched for dispatches. The prince was jollied by his captors, who did not recognize him.

Bulgaria Again Shaken.

Sofia—The earthquakes of Sunday were renewed again in many parts of Bulgaria. Two violent shocks occurred at Crabovia, where much damage was done. The seismic disturbances at Tirnova continued throughout the night and the rumbling of the earth had not ceased next morning. At that place many people were killed and churches and private buildings were damaged. Thousands are homeless and destitute.

Women to Study Politics.

Chicago—Special classes in politics for women are to be opened in some of the churches as soon as Governor Dunne signs the woman suffrage bill passed by the legislature last week. The first of these classes was announced by the People's Liberal church.

Keeping the Body in Repair

Nature intended that the body should do its own repairing—and it would do so were it not for the fact that most of us live other than a natural life.

Nature didn't intend that we should wear corsets, tight collars or shoes, nor live in badly ventilated and draughty houses, nor eat and drink some of the things that we do, nor ride in street cars when we should walk.

The consequence is that the body when it gets out of order must look for outside help to make the necessary repairs.

For weak stomachs and the indigestion or dyspepsia resulting, and the multitude of diseases following therefrom, no medicine can be more adaptable as a curative agent than DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.

This famous Doctor's prescription has been recommended for over 40 years, and is today just as big a success. Restores a healthy appetite. Cleanses the blood. Strengthens the nerves. Regulates stomach and liver. Demand the original.

COURT CALLED IT CRUELTY

Method of Negro Lion Tamer Met With the Decided Disapproval of English Judge.

Lady Helmsley was a witness in an interesting case heard at York, in which a negro lion tamer named Albert Maccomo was summoned for cruelly terrifying a lioness, and Albert Manders, menagerie proprietor, of Oldham, was summoned for permitting the animal to be terrified, says the London Pall Mall Gazette.

Manders was at the York Martinmas fair, in November, and Lady Helmsley was told by one of the attendants that the lioness had already caused the death of one man and attacked two others, and that Maccomo would at the peril of his life enter the cage.

Lady Helmsley described how the animal was frightened by noises and by the insertion into the cage of red-hot bars. She was so disgusted with the performance that she left and reported the matter to the police.

Further evidence was called to show that the man entered the cage for a few moments, firing blank cartridges while he was inside.

Manders was fined 20 shillings and costs, and Maccomo 10 shillings and costs.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Gave Away Formula.

About forty years ago there was advertised on London billboards a drink called Robur, said to be good for every ailment and, incidentally, the long sought after elixir of life. One was invited to send for free samples, and its marvelous properties were the subject of everybody's conversation. Robur might have been sold to this day had not some one, without the fear of a libel action before his eyes, divulged its secret formula—cold tea enlivened by rum. From that moment it fell as rapidly as it had risen, for people could make their own Robur if they wanted it.

War.

War is a hangover from the days when men ate their flesh hot from the kill and not from the fire.—Will Levington Comfort.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels and cure constipation.

Here We Have Not The Time.

The hotels of Europe come in for commendation from an observer, who points his moral with this incident: "The European hotel manager who, at our departure, came to our cab door, bowing his thanks for our patronage and presenting Mrs. B. with a bouquet of roses, left us with a sense of pleasure and a desire to return which I have never experienced on leaving any hotel in this country."

Simply Do One's Best.

Everything that happens to us leaves some trace behind it, everything contributes imperceptibly to form us. Yet often it is dangerous to take a strict account of that. For, either we grow proud and negligent or downcast and dispirited; and both are equally injurious in their consequences. The safe plan is, always simply do the task that lies nearest us.—Goethe.

Sometimes True.

A friend's three-year-old little girl, upon being asked if she would like some vegetable soup, replied: "I would like some more soup, but I don't want any more of the garbage."

THIS WOMAN HAD MUCH PAIN WHEN STANDING

Tells How Lydia E. Pinkham's Vegetable Compound made Her a Well Woman.

Chippewa Falls, Wis.—"I have always had great confidence in Lydia E. Pinkham's Vegetable Compound as I found it very good for organic troubles and recommend it highly. I had displacement, backache and pains when standing on my feet for any length of time, when I began to take the medicine, but I am in fine health now. If I ever have those troubles again I will take Lydia E. Pinkham's Vegetable Compound." — Mrs. ED. FERRON, 816 High St., Chippewa Falls, Wisconsin.

Providence, R. I.—"I cannot speak too highly of Lydia E. Pinkham's Vegetable Compound as it has done wonders for me and I would not be without it. I had organic displacement and bearing down pains and backache and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends." — MRS. ABRIL LAWSON, 126 Lippitt St., Providence, R. I.

Who First Used Shorthand?

The Greeks are said to have had some system of shorthand as far back as the fourth century B. C. Old inscriptions have been found describing a sort of plan by which the vowels and consonants were to be expressed by certain lines curiously and variously placed. Wax tablets showing these curious markings have been discovered from time to time.

Modern Student.

"How about your geometry? I want you to do something in that." "Well, it's this way, father. Unless I make a certain percentage in football, they won't let me take the geometry at all."

Nothing Getting Away.

"That man who just registered says he is a light sleeper," remarked the hotel clerk. "Good," exclaimed the manager. "Charge him extra for light."—Judge.

Tora—"What's the difference between betting and bluffing?" Jack—"A good deal."—Yale Record.

MR. A. H. POWELL,
Manufacturing Chemist,
Spokane, Wash.

Dear Sir: Having suffered with stomach trouble for a number of years, and tried a great many doctors and a great many proprietary preparations but obtained no permanent relief until I took your stomach remedy, and am pleased to say that I have no further stomach trouble and can eat anything I desire and suffer no bad results. I am a professional nurse, having nursed for 30 years, some of the time for Dr. Holb of New York City, the greatest specialist on children's diseases; also had charge of Wardner Hospital at Wardner, Idaho, for two years. Since learning by my own experience the great benefit from the use of Powell's Stomach Remedy, I have recommended it to a great many for children and adults, and in each case it has been remarkable for the good it has done. I cheerfully recommend it to anyone suffering with any kind of stomach trouble, as I am anxious to aid anyone suffering from sickness of any kind, and I have never known of medicine to compare with Powell's Stomach Remedy for all kinds of stomach trouble. Yours truly,

ELSIE STEINER.
