Complication of Woman's Ills
Yields to Lydia E. Pinkham's Vegetable Compound.

Athens, Texas.—"I had a complication of diseases, some of them of long standing. I wrote to you for advice and took Lydia E. Pinkham's Vegetable Compound, and some other things that you suggested. I must confess that I am much better in every way and have been relieved of some of the worst troubles. My neighbors say I look younger now than I did fifteen years ago."—Mrs. SARAH R. WHITLEY, Athens, Texas, R. F. D. No. 3, Box 92.

We know of no other medicine which has been so successful in relieving the suffering of women, or received so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In nearly every community you will find women who have been restored to health by this famous medicine. Almost every woman you meet knows of the great good it has been doing among suffering women for the past 30 years.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound, many of them state that it has saved them from surgical operations.

If you want special advice write to Lydia E. Pinkham Medicine Co. (not a dental) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

URGE "SEE AMERICA FIRST"
Pacific Coast Festivals Association Takes Up Work.

Tacoma, Wash.—One of the most important gatherings in the history of the United States in the interests of the "See America First" movement, particularly as it affects the West, will be held at Tacoma early in July, when the annual meeting of the Festivals Association of the Pacific takes place. The movement now embraces many of the leading cities of the Pacific Slope, and, at the annual meeting, the applications of a number of other cities, Salt Lake, North Yakima, Boise, Ida., Everett, Wash., Oakland and Sacramento, will be considered.

A plan is on foot to petition congress and the President of the United States to create a National board, which shall have for its object the diversion of a large share of the nearly \$500,000,000 which Americans spend each year in travel and luxuries abroad.

The cities, carnivals and expositions now embraced in the association are: Tournament of Roses, Pasadena, Cal.; Mid-Pacific Carnival, Honolulu, T. H.; Rose Festival, Portland, Or.; Pow Wow, Spokane, Wash.; Montama Festa, Tacoma, Wash.; Golden Potlatch, Seattle, Wash.; Carnival Week, Victoria, B. C.; Mount Baker Marathon, Bellingham, Wash.; Round-Up, Pendleton, Or.; Portola Festival, San Francisco; Panama-Pacific International Exposition, San Francisco, and Panama-California Exposition, San Diego, Cal.

Gift of Books.
When I consider what some books have done for the world, and what they are doing, how they keep up our hope, awaken new courage and faith, soothe our pain, give an ideal life to those whose hours are cold and hard, bind together distant ages and foreign lands, create new worlds of beauty, bring down truth from heaven; I give eternal blessings for this gift, and thank God for books.—James Freeman Clark.

Moral Indifference.
If ignorance and passion are the foes of popular morality, it must be confessed that moral indifference is the malady of the cultivated classes. The modern separation of enlightenment and virtue, of thought and conscience, of the intellectual aristocracy from the honest and vulgar crowd, is the greatest danger that can threaten liberty.—Henri Frederic Amiel.

Shrinking Cotton.
As cotton materials shrink they must either be shrunk in the piece or made a size larger and luck trusted that the garment may not shrink beyond all wearing. In shrinking anything, use boiling water until it is thoroughly saturated and then wring out and dry; sprinkle and iron on the wrong side with a hot iron until the fabric is perfectly dry.

Made His Speech Too Long.
Little Herbert, aged five, was invited to a party, and before leaving home he was cautioned to be sure to say "Thank you" to the hostess and tell her he had a nice time. On leaving he said to the hostess: "Thank you very much. I had a nice time, and your supper was good enough."

Cleaning Velvet.
Nothing cleans a velvet hat or gown like another piece of velvet. A small piece held firmly in the hand and used like a brush will produce excellent results.

ARMIES MEET AT GETTYSBURG

Civil War Veterans by Thousands Attend Reunion.

Hot Sun Causes Many to Fall—First Death on Field Due to Heat—Arrangements Perfect.

Gettysburg, Pa.—Gettysburg stepped 50 years backward Sunday into history and looked again on an army of Blue and an army of Gray, meeting at her doorstep. From early morning until long after sundown the veterans in blue and gray trooped into the little town which has slept peacefully among its hills since Lee and Meade turned their legions southward long ago.

More than 30 special trains came into the village during the day and thousands of veterans who tramped up from the Shenandoah on their former visit route in comfort from Harrisburg, Baltimore and Washington. Instead of the roar of guns that greeted them in the other days they entered into the quiet Sunday calm of a country town.

Only the flags flying from every window, the city of tents in the distance, and the crowd that Gettysburg had come out of the usual into the extraordinary once more.

From the station of the two railroads that enter the village is a long mile to the camp of 5000 tents where the veterans are housed. Thousands shouldered suitcases and walked under a scorching, cloudless sky. Several succumbed before they found their tents.

Every possible arrangement for the comfort of the united armies had been made. The camp of brown army tents is under the direction of officers of the regular army. The streets of Gettysburg are under the scrutiny of the Pennsylvania constabulary, and for the care of the sick the Red Cross has made extensive preparations.

The camp itself lies on ground that has been baked as hard as a brick and dried into dust by winds that sweep the hills, but its sanitation, its water supply, and its plan for the feeding of thousands of men, have been made with the utmost care.

Augustus D. Brown of Livermore Falls, Maine, was the first veteran to die on the field. He was taken suddenly ill and died just as the army surgeon reached him. The heat probably caused his death.

THREE ARE GUILTY OF ARSON
Members of Chicago "Arson Trust" Promptly Convicted.

Chicago—Edward and Paul Covitz, former woolen merchants, and Joseph Clarke, a public fire insurance adjuster, were found guilty of arson by a jury which returned a verdict in the Criminal court Monday.

A motion for a new trial will be made by attorneys for the defense and a date for arguments will be set.

The agreement of the jury came as a surprise. Both counsel for the state and defense had expected a disagreement because the jurors had deliberated 20 hours and 25 minutes when the verdict was reached. Two jurors, it was said, held out from the beginning to acquit Clarke.

The defendants were in court when the verdict was read. The Covitz brothers almost collapsed, but Clarke appeared unconcerned. The former said their nationality was the cause of the conviction. The convicted men were not taken into custody.

The convicted men were the first of 46 alleged members of the "arson trust," recently indicted, to be tried.

Chicago Women Are "Citizens."
Shown Sunday that hereafter they are to be "citizens," and treated as such. The proof came when Superintendent Foster refused them the right to hold a mass meeting Tuesday afternoon in Grant Park, following the suffrage automobile parade.

The park commissioners declared that, since the mass meeting would be a "political" undertaking, and men were not allowed to make speeches in public parks, the women ought not to expect it. Many of the suffragists expressed their satisfaction at being treated like any other voters.

Three Generations Killed.
San Jose, Cal.—Three generations in Colonel Robert Powell's family were wiped out of existence in a collision between an electric car and an automobile on the Stevens Creek road, near Cupertino. The dead are: Colonel Robert Powell, aged 85; his wife, Mrs. Elizabeth Powell, aged 73; an adopted son, John Powell, aged 36; his wife, Mrs. Sally Powell, aged 32; Esther Powell, daughter of Mr. and Mrs. John Powell, aged 13; John Robert Powell, the infant son of the last named couple, aged 10 months.

"Lazy Husband" Arrested.
Walla Walla, Wash.—The first prosecution here under the new "lazy husband law" was started when David Mohr was arrested. Under the new law, if convicted, he can be imprisoned and a stipulated sum will be paid to his family out of county funds. Mohr was released on \$500 bonds and promised to pay his family \$5 a week and more if his wages exceed \$35 a month during the summer. Mohr's family charged that in the last year he had provided less than \$50 for their support.

Battery Gets Biplane.
Stockton, Cal.—Battery C, California Field Artillery, has received an army scout biplane, which has been turned over to the signal corps of the battery. George I. Moran has been ordered to instruct the aviators in flying. The biplane will be equipped with a wireless telephone and a torpedo tube and the troops will be taught to mount and arrange the apparatus for actual warfare purposes. The machine can be used as a hydroplane.

WOULD IMPRISON MINISTERS
Suffragists Make Savage Attack on British Cabinet.

London—Miss Sylvia Pankhurst, daughter of Mrs. Emmaline Pankhurst, the suffragette leader, led an attacking party to Downing street Saturday afternoon for the purpose of imprisoning the cabinet ministers. The expedition was unsuccessful, but the victory of the police was not won without a series of fierce scuffings, in which both policemen and women were injured.

Miss Pankhurst appeared at a demonstration in Trafalgar Square in favor of free speech. She denounced the Right Honorable Reginald McKenna, the home secretary "for killing my mother." Then she invited the crowd to go to Downing street and "imprison the ministers in their own houses."

The police, however, had been apprised of the intentions of the demonstrators and had thrown a strong cord around Downing street. Dock workers in the attacking party tried to break through and some of the women went to their aid, but were severely handled.

In the fighting the women were thrown to the ground and the dockers clubbed. Many were arrested. Finally mounted police dispersed the crowd.

OJEDA'S SLOWNESS IS OFFSET
Federals Make Up for General's Failure to Advance.

Mexico City.—The failure of General Ojeda to advance against the rebels in Sonora, and the acquisition of various towns, including Durango, capital of the state of Durango, during the past week, has been offset, according to the government, by the recovery of a few places by the Federals and by the work done towards re-opening the railroads in the North.

Troops are supporting the workmen and the National railway has been repaired within 70 miles of Saitillo and north of Monterrey to Villadamas, but the activity of the rebels a short distance on either side indicates that the road will be cut behind the troops before trains are operated.

The line from San Luis Potosi to Tampico was cut in four places Monday. Rails were loosened at other points and several trains were wrecked, one a military train. Half the railroads in the republic were out of commission. Torreon especially is suffering from a scarcity of provisions.

Successful Jelly Making.
Use good fruit which is a little under ripe. Use the best granulated sugar. Do not make large quantities of jelly at one cooking. Heat the sugar in the oven before adding it to the fruit juice. The jelly will be clearer and finer if the fruit is simmered gently and not stirred during cooking. Set the jelly in a sunny window for twenty-four hours, then cover with melted paraffin and set in a dry, cool place.—Woman's World.

For a Red Blotchy Skin
The Remarkable Action of a Famous Remedy and Some Facts About It.

The skin is but a net work of fine blood vessels. And it is a perfectly natural consequence that any influence in the blood that is a condition of ill health makes its first appearance in the skin. There are certain medicinal properties that follow the course of the blood stream and the influence of these properties is that of an antidote. This is why S. S. S., the best known blood purifier, has such a positive action in the skin. There is one ingredient in S. S. S. which peculiarly stimulates cellular or glandular activity to select from the blood or from this fine net work of blood vessels in the skin, those elements which it requires for regeneration.

Thus pimples, acne, eczema, lupus, or any other blood condition that attacks the skin or seeks an outlet through the skin is met with the antidotal effect of S. S. S. The action of S. S. S. is in the cellular tissues of the body serves the active purpose of stimulating each cellular part to the healthy and judicious selection of its own essential nutriment. Not only this, but if from the presence of some disturbing poison a condition of disease arises, S. S. S. so directs the local cells that this poison is rejected and eliminated from their presence.

This is why skin troubles vanish so readily and why they do not return. Under the influence of S. S. S. this fine net work of blood vessels in the skin is constantly taking from the blood the nutrition required for healthy tissue and the cause of disease is just as constantly being removed, scattered, and rendered harmless. These facts are more fully explained in a book on skin troubles sent by The Swift Specific Co., 143 Swift Bldg., Atlanta, Ga. You will find S. S. S. on sale at all drug stores. Get a bottle today and banish all skin afflictions.

LIBERTY BELL MAY COME WEST

Young Ladies Get Promise from Philadelphia Mayor.

Washington, D. C.—Lobbyists all are the nine young women from Oregon, Washington and Idaho who invaded the East under the leadership of Phil S. Bates, of Portland, to wrest temporarily from the City of Brotherly Love its most treasured relic, the Liberty Bell.

When Mr. Bates set out for the East with his party, mostly school teachers, he and the others had the idea that the Liberty Bell is a national relic, in which the people of the Pacific Coast have the same interest and control as the city of Philadelphia, where the bell resides. The Philadelphians, however, produced their proof to show that the Liberty Bell is in fact the property of the city of Philadelphia, having been purchased by the city away back in Revolutionary times.

This necessitated a change in the tactics of the young women, and instead of making a demand that the bell be sent West in 1915, they used their artful wiles on the heavy mayor and the hundred-odd members of the Philadelphia city council to convince them that Philadelphia, in the interest of patriotism, ought to allow its treasure to be carried across the continent. In the party headed by Mr. Bates are Marvel Rayner, Nez Perce, Lewis county, Idaho; Laura M. Dawson, Voltage, Harney county, Or.; Ethel M. Hutchcroft, Yamhill, Or.; Nettie Crawford Nelson, Vesper, Or.; Mabel Morrison, Colfax, Wash.; May Springer, Walla Walla, Wash.; Sara A. Mosely, Bickleton, Wash., and Mrs. G. L. Barkey, chaperon, county superintendent of public instruction, Kittitas county, Washington.

Mayor Blankenship extended a cordial greeting to the young women, who pointed out that by the taking of the bell on a journey to the Pacific Coast thousands of school children along the route would have an opportunity to gaze on the relic.

The mayor replied that his last doubt had been removed, and said that in so far as it lay within his power he would help along the project. He explained that the city council, rather than the mayor, had control of the bell.

However, as the matter must await the election of a new city council, no definite answer can be had until next winter. The members of the Bates party are satisfied they have paved the way for a favorable decision.

HEAT KILLS 51 IN ONE DAY
Sudden Torridity Causes Suffering East of Rockies.

Chicago—The following is the death toll throughout the East and Middle West:

Chicago, 10; Milwaukee, 5; Philadelphia, 9; St. Paul, 10; Boston, 1; Cleveland, 15; Minneapolis, 1.

From the Rocky Mountains to the Atlantic seaboard the sun Saturday beat down pitilessly, causing death and suffering over a wide area. Fifty-one deaths, directly attributable to heat, were reported from the larger centers of population, and 114 prostrations were reported, and the latter figure evidently being far short of the actual number of persons who suffered stroke, as from many places the number of deaths only was sent over the wires, with no mention made of the number of prostrations.

Golden Straps Restored.
Washington, D. C.—Naval officers want their golden shoulder marks back, and Secretary Daniels decided Saturday that they should have them. Rear Admiral Badger, commander-in-chief of the Atlantic fleet, and a majority of his officers recommended the reversal of several of ex-Secretary Meyer's orders for changes in the uniform. The order provides for a return to the type of shoes formerly worn and makes it optional with bureau chiefs whether they shall wear the rear admiral's uniform on special occasions.

Opening on July 22, a week will be devoted to Cape Cod, after which the "no more votes for women" speakers will move westward. The organization has a membership of 20,000 women.

"BLOOD IS THICKER THAN WATER"

Without good red blood a man has a weak heart and poor nerves. Thinness of the blood, or anemia, is common in young folks as well as old. Especially is it the case with those who work in ill-ventilated factories—or those who are shut up indoors in winter time with a coal stove burning up the oxygen or emitting carbonic (oxide) gas. This blood, or blood which lacks the red blood corpuscles, in anemic people may have been caused by lack of good fresh air breathed into lungs, or by poor digestion or dyspepsia. Sometimes people suffer intense pain over the heart which is not heart disease at all, but caused by indigestion. Whatever the cause, there's just one remedy that you can turn to—knowing that it has given satisfaction for over 40 years.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY

is a blood cleanser and alternative that starts the liver and stomach into vigorous action. It thus assists the body to manufacture rich red blood which feeds the heart—nerves—brain and organs of the body. The organs work smoothly like machinery running in oil.
