Fire last Tuesday, which started in a mysterious manner, destroyed A. M. Roop's pasture, west of town, and threatened his farm buildings. The fire also burned over a portion of Mrs. H. E. Bailey's pasture land. Other fires near Mosier have done more or less damage this week. Extra care should be taken with fire at this time of the year.

**Important to Voters**

While the Attorney General decided that it was not necessary to register in order to vote at the incorporation election, held last Saturday, it is necessary to register in order to vote at the election of municipal officers, which will be held next month. Therefore, every voter who has not registered, and who wishes to have a voice in the matter of city government, should register **without delay**, as the registration books will close 15 before election. Attend to this duty NOW.

**INJURED BY WORK TRAIN**

Dudley Piercey, son of Mr. and Mrs. Jas. E. Piercey, was badly injured last Monday morning while at work on the construction train at the rock crusher. He was coupling cars and was caught between the end of a dump car and the ash pan on the hoisting engine, being badly "pinched" about the middle. But for the quick action of the engineer, the accident would have resulted fatally. Under Dr. Robinson's care "Dud" is progressing very satisfactorily on the road to recovery.

Ed L. Howe, owner of "Lehova Fruit Farm," has adopted a very neat and effective method of advertising Mosier fruit in general and his own in particular. In every box of his choice apples he inserts an artistically printed card, on which is the Lehova trademark, which tells the purchaser where and under what conditions the apples were grown, and inviting him, if he is pleased with the fruit, to insist on having more of the same kind. The presence of one of these cards in a box of Mr. Howe's apples guarantees the quality of the contents. Other Mosier fruitgrowers are adopting this method of letting the appreciating public know that no where on earth can they get better apples than are grown in the Mosier district.

**SCHOOL NOTES**

By the Editors.  
We wish to thank those who contributed so generously their money and time for the grading of the tennis and basketball court. With another day's work we expect to finish the grading and have the court ready for playing.

Rev. J. R. Hargreaves and Dr. Robinson gave short talks during the week which were greatly enjoyed by the students. Mr. Ulmer doesn't want to slight any one, therefore everybody will get a chance to make his little "spiel," so try and have it ready when you're called on.

"Hungry" Osburn escaped his keepers again and has broke,

Act III. Scene (at the church), **Made one.**

The student body held a meeting Tuesday evening and organized the M. H. S. Athletic Club. The officers are: R. J. Searce, chairman; O. E. Osburn, secretary, and G. S. Higley, "raw-raw" boy. (We're taking voice culture now.)

The chairman appointed a committee on finance and one on school colors. The colors committee have rotten notions as to color combinations (notice Jim Carroll's hat). Think I'll change 'em. (More anon.)

**NOTICE.**

**YOUNG LADIES HAVE NARROW ESCAPE**

The Misses Mildred and Frances Cooper, sister and cousin respectively of K. L. Cooper, of Mosier, had a very narrow escape from serious injury, if not death, one day last week. The young ladies had motored over from The Dalles to visit with Mr. and Mrs. Cooper and had reached a sharp turn in the road just beyond the bridge on the switchback road when Miss Mildred Cooper, who was driving, lost control of the machine and it went over the bank and turned over twice, landing right side up at the bottom of the gulch, with one of the young ladies directly underneath. The other was thrown clear of the auto as it turned over. Strange to relate, except for a general shaking up and a few scratches, both ladies escaped unhurt, nor did the machine sustain serious damage. The young ladies returned to The Dalles Monday by train.
