Selecting Next Year's Breeders.

Two-year-old hens make the best breeders. In disposing of the old stock, retain the very best, most vigorous old birds for next year's breeding pens.

The birds intended for breeders should not be forced for heavy egg production, since heavy laying weakens the hens and results in infertile eggs and weak chicks. Feed a maintenance ration until February, when it may be well to change to a laying ration and get them laying as soon as possible.—T. Z. Richey, in Farm and Home.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

When Admiration Weakens.

"We naturally strive to imitate those whom we admire."

"Not always. Every small boy admires Santa Claus, but none of them wants to grow up to have the kind of whiskers he is represented as wearing."

During the first four months of 1913 there were slaughtered in La Frigorifico, Uruguaya, and the Frigorifico Montevideo 48,121 cattle and 212,655 sheep, a monthly average of 12,000 cattle and 53,000 sheep.

DOCTORS DID NOT HELP HER

But Lydia E. Pinkham's Vegetable Compound Restored Mrs. LeClear's Health—Her Own Statement.

Detroit, Mich. — "I am glad to discover a remedy that relieves me from my suffering and pains. For two years I suffered bearing down pains and got all run down. I was under a nervous strain and could not sleep at night. I went to doctors here in the city but they did not do me any good.

"Seeing Lydia E. Pinkham's Vegetable Compound advertised, I tried it. My health improved wonderfully and I am now quite well again. No woman suffering from female ills will regret it if she takes this medicine."—Mrs. JAMES G. LECLEAR, 836 Hunt St., Detroit, Mich.

Another Case.

Philadelphia, Pa. — "Lydia E. Pinkham's Vegetable Compound is all you claim it to be. About two or three days before my periods I would get bad backaches, then pains in right and left sides, and my head would ache. I called the doctor and he said I had organic inflammation. I went to him for a while but did not get well so I took Lydia E. Pinkham's Vegetable Compound. After taking two bottles I was relieved and finally my troubles left me. I married and have two little girls. I have had no return of the old troubles."—Mrs. CHAS. BOELL, 2650 S. Chadwick St., Phila., Pa.

Good Guess.

The class was discussing animals—how they walked, got up, etc. After she explained the cow's method of rising to her feet, the teacher said:

"Do you know any other animal that gets up like a cow." Silence reigned for a moment, then one little girl timidly raised her hand.

"What is it?" asked the teacher.

"A calf," was the reply.

Portland. BUSINESS COLLEGE Oregon.

ADMITTED DEBTS TO WIVES

Statesmen Acknowledge Benefits of Better Halves.

Compliments have frequently been paid by famous statesmen to their wives. It will be remembered how Disraeli dedicated "Sybil" "to the most severe of critics, but a perfect wife," and when a certain wit, who never allowed good taste to wait on his humor, was rallying Disraeli on his marrage he received the cutting reply:

"I married from a motive which I do not expect you to understand—gratitude."

Mr. Gladstone, in old age, said to a friend: "My wife has known every political secret I have ever had, and has never betrayed my confidence," and others have borne tribute to "the tender viligance which sustained and prolonged his years."

Lady Salisbury, with no aptitude or inclination for public life, was the stay, confidante and social helpmeet of her husband.

At a dinner to Mrs. Lloyd George in London, at which she was presented with a replica of a portrait of her husband, a letter was read from Mr. Lloyd George expressing deep appreciation of the "great kindness which prompts my friends to present to the brave little woman who is my wife a portrait of the troublesome person whom she has stood by through good and evil report."

It All Depends.

"How are we fixed for war?"

"Well, in the newspapers we look pretty good, but in the magazines we look rather bad." — Washington, D. C., Herald.

Needless Apprehension.

She—Will you love me when I'm old?

He—Why worry about that? We'll probably be divorced long before.—Boston Transcript.

Rah! Rah! Rah!

Three cheers for a keen appetite, perfect digestion, liver activity and bowel regularity. If you do not possess these you should take

HOSTETTER'S Stomach Bitters

before meals. It helps Nature overcome all Stomach, Liver and Bowel ills.

All-Night Theaters.

Many Indian theaters keep their performances going until four or five in the morning. These dramatic orgies are not, says the Times, of India, however, due to the length of the plays, as in Chinese theaters, but to the fact that the tramcars do not begin running till five o'clock. As the spectators gather from distant villages and have strong objections to paying gharry hire, they expect to be entertained until the trams start. One can scarcely wonder that theaters in which the actors and actresses are on the stage from eight in the evening till five in the morning do not display much histrionic excellence. Of course, the system would be impossible if the theaters were open every night of the week, but the strain on the players must be cruel, though it is confined to Saturday, Sunday and Wednesday nights. One has often been struck in an Indian theater by the leisurely manner in which everything is done. Now we have the explanation.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take.

Health of Married Men.

A bulletin issued by the New York board of health shows that the death rate among married men is much lower than that among single men. From 20 to 30 the death rate among the married is 4.2, while among the bachelors it is 6.6. From 30 to 40 the rate is, the married, about 6; the single, nearly 13. From 40 to 50 the rate among the married is 9.5; among the single, 19.5.—Kansas City Star.

Avoid Embarrassment.

"Would you arrest a woman in a slashed skirt?"

"Certainly not," replied the policeman. "I am a gentleman. I should turn my face away and never see her."

Tobacco Habit Easily Conquered

A well-known New Yorker of wide experience has written a book telling how the tobacco or snuff habit may be easily and completely banished in three days with delightful benefit.

The health improves wonderfully after the nicotine poison is out of the system. Calmness, tranquil sleep, clear eyes, normal appetite, good digestion, manly vigor, strong memory and a general gain in efficiency are among the many benefits reported. No more of that nervous feeling; no more need of pipe, cigar, cigarette or chewing tobacco to pacify the morbid desire. The author, Edw. J. Woods, 534 Sixth Ave., 159 B, New York City, will send his book free on application, to anyone who writes to him.

MEXICO ELECTS NO PRESIDENT

Day Is Orderly, But Few Citizens Vote.

Catholic Party Claims Lead—Huerta Issues Decree Increasing Army to 150,000.

Facts About Election In Mexico.

In Mexico there are 10,000,000 uneducated Indians, whose males of voting age never have cast a ballot, have not the slightest idea of suffrage and would not vote if they could.

There are no restrictions on manhood suffrage. That means not fewer than 4,000,000 legally qualified voters in Mexico.

It is doubtful if 100,000 votes were cast in the only national election ever held, the one which seated Madero.

It is doubtful if one-half of the qualified voters of Mexico know or ever will know that Madero was elected or foully assassinated.

There are millions of Indians, none of whom speak a word of Spanish, and none of whom are Mexicans save in name. They are absolutely unconcerned with the fate of Madero.

There are about 1,000,000 male Mexicans of voting and fighting age, fitted by education and position to participate in self-government. This is the responsible Mexican million and it constitutes the class which must be induced or forced to exercise its responsibilities or surrender them.

Not 10 per cent of the "responsible million" take any part in the constant outbreaks.

Mexico City—At the close of the Mexican election Sunday indications were that not sufficient votes had been cast to constitute a legal choice for the presidency to succeed General Victoriano Huerta.

No official announcement was made, but it was estimated, judging from the results in the capital, where it was expected the vote would be up to the average, that fewer than 10,000 of the 80,000 eligible voters in the federal district went to the polls. There are about 3,000,000 eligible voters in the entire republic. It would be no surprise if congress, the members of which also were voted for, declared the election void when the body is organized and revises the returns.

The leaders of the Catholic party claimed a long lead, although they were unable to estimate the number of votes polled for their candidates, Frederico Gamboa and General Rascon. If this claim is correct, it is generally thought that General Felix Diaz and Senor Requena ran second. The Liberal candidates, Manuel Calero and Flores Magon, had no printed ticket at the polling places, their constituents being obliged to write their names in blank spaces.

President Huerta spent the day at his Popotla suburban home. A decree will be issued by General Huerta increasing the army from 85,000 men, its reported present number, to 150,000. General Huerta, proposed such an increase some time ago, but the congress which he dissolved later limited him to 80,000.

WIRELESS EXPLODES MINE AT DISTANCE OF 8 MILES

London — An experiment conducted secretly into the possibility of exploding mines by means of electric waves without direct contact is said to have been highly successful. The method employed is variously reported to have been Ulivi's invention and other inventions of a similar nature.

The old cruiser Tepsichore, with the watertight compartments closed, was placed over a mine and when the explosion was effected it tore the bottom out of the ship and she had to be towed hurriedly to Portsmouth to prevent her from sinking. It is said that the work was accomplished from a battleship eight miles distant.

Horses Have "Apple Day."

Chicago—Working horses of Chicago will have an "apple day" next Friday under the auspices of the Anti-Cruelty society. Ten barrels of juicy apples will be distributed to the horses when they approach the various drinking fountains. Accompanying each apple will be a copy of "The Horse's Prayer," which will be handed to the driver by society women who have volunteered their services. "Apple day" for horses will be an annual event, according to the officers of the society.

Valve Breaks, City Dark.

Ogden, Utah—Breaking of a huge valve controlling the water flow of the Utah Light & Railway company power plant, on the outskirts of this city, wrecked the equipment and nearly demolished the building of that corporation, threw two-thirds of Ogden into darkness for nearly six hours, stopped all streetcar traffic, prevented meetings, generally demoralized business and caused the flooding of many blocks surrounding the plant. The total damage is variously estimated at from $50,000 to $100,000.

Sailors at "Dry" Meeting.

New York—Enthusiasm was aroused at a mass meeting held at the Brooklyn Academy of Music Sunday when eight sailors from the U. S. S. Washington made their appearance at the convention of the World's Women's Christian Temperance Union. Many in the audience rose and cheered. Representative Hobson, who was to have addressed the meeting, was unable to be present, as he is making a prohibition fight in his state of Alabama.

HIDDEN WEALTH RECORDED

New Regulations of Income Tax Law Being Studied.

Chicago— Names of thousands of bondholders who have always succeeded in hiding their wealth will become a matter of public record after the National government begins collecting the new income tax.

Bankers and their legal representatives who spent considerable time studying the first regulations promulgated by the Treasury department, say that the holders of bonds which specify no deductions now must reveal themselves or lose money through their secrecy.

The bankers say that the regulations satisfactorily explain most of the immediate problems—those relating to collecting of interest coupons—in the new law. A meeting of the bankers' sub-committee, of which James C. Hutchins, general counsel of the Illinois Trust & Savings bank, is chairman, will be held to consider the regulations.

Collections will date from November 1.

Every citizen of the United States, whether residing at home or abroad, and every person residing in the United States, though not a citizen thereof, with an income of more than $3000, must pay the tax.

Even foreigners and foreign corporations doing business here, though residents abroad, will be made to pay on their earnings.

The corporation, or its paying agent, if a foreign concern, in the United States, is classed as the debtor and is responsible for the payment of the government levy.

If any person, for the purpose of obtaining any allowance or reduction by virtue of a claim of exemption, either for himself or for any other, knowingly makes a false statement or false or fraudulent representation, he is liable under the act to severe penalties.

SEVEN FIREMEN ARE KILLED

Goodyear Rubber Company's Plant Suffers $500,000 Loss.

Milwaukee, Wis.—Seven dead firemen and 24 injured were taken from the ruins of the Goodyear Rubber company plant here Monday night, where fire caused a damage of $500,000. It is believed that there are several more bodies in the ruins.

The flames broke out on the second floor, and while the firemen were fighting the blazing front and rear, an explosion sent the walls crashing down on 50 firemen. Windows for blocks around were smashed and the flames spread to adjoining buildings.

Rescue gangs were sent into the blazing ruins and many bodies of the dead and injured were taken out.

Several nearby business houses suffered heavy loss.

The crushed head of a man was taken from the ruins, but the body could not be found and the head was not identified up to a late hour.

The other two known dead were so badly mangled that their identity will not be known until all the firemen are checked up at the respective firehouses. Four firemen have not been accounted for and are thought to be in the ruins. Relatives of missing firemen rushed by the police on the fire lines and three women whose sons were firemen reached the ruins before they could be dragged away. Charles C. Newton, of the fire insurance patrol, who was at first listed among the dead, was taken from the ruins three hours after the explosion.

He was buried beneath the wreckage and when found was sitting crouched beneath a heavy timber, which had prevented the bricks from falling on him. He was removed to a hospital and doctors say he will recover.

Clark to Be On Bridge.

Washington, D. C. — Rear Admiral Charles E. Clark, retired, commander of the battleship Oregon when she made her famous trip around Cape Horn at the opening of the Spanish war, has accepted the invitation of Secretary Daniels to be on the bridge of his old ship to lead the international fleet through the Panama canal early in 1915. The admiral, at Secretary Daniels' request, called at the Navy department. When the Oregon made her voyage around the Horn in 1898 she covered 13,800 miles.

Enginemen Demand Rise.

Chicago—Forty thousand locomotive engineers and firemen employed by the 90 railroads running west of Chicago have notified officials of the lines that they will terminate their present labor agreements November 10 and demand a wage increase aggregating $50,000,000 a year, according to statements in railroad offices here. The railroads in turn notified Warren S. Stone, chief of the Brotherhood of Locomotive Engineers and W. S. Carter, chief of the Firemen, that they would welcome a readjustment of wage schedules.

Fugitive Honor Man Robs.

San Jose, Cal.—Gaetano Girrotti, who fled from Oregon while an "honor man" in the Oregon state penitentiary, confessed here, the police say, that he and Antonio Parte held up Dr. N. H. Bullock in St. James Park in this city and took from him $45 in money and a valuable watch.

Spanish Cabinet Resigns.

Madrid — At the opening of the Spanish parliament a vote of confidence in the government was rejected, 106 to 100. A number of deputies abstained from voting. As a result of the vote, the premier tendered to King Alfonso the resignation of himself and members of his cabinet.

Huerta Wins in Lower California.

Calexico, Cal.—In the Lower California elections Sunday General Victoriano Huerta received a majority of the few votes cast. Huerta and Blanquet were the only candidates, although one arbitrary vote was cast for Felix Diaz and one for Gamboa.

200 ENTOMBED IN COLORADO MINE

Explosion Blocks Shaft Below Second Level.

Entire Day Shift at Work—General Superintendent Among Imprisoned—5 Rescued.

Denver—Between 230 and 280 miners were entombed by an explosion in mine No. 2 of the Stag Canyon Fuel company at Dawson, N. M., at 3 o'clock Thursday afternoon The entombed men include General Superintendent McDermott, of the mine, and several other American miners. Meager advices are that only five miners have been taken from the upper levels alive. These reports said that most of the day shift were employed below the second level, where the shaft was blocked with debris resulting from the explosion.

It is hoped most of the entombed men will be rescued.

Immediate relief work was undertaken by men from the night shift and neighoring mines. Appeals for aid started scores of experienced miners from Trinidad and the surrounding coal camps shortly after 6 o'clock.

Fire has not broken out, though smoke is seen issuing from the second level of the shaft. It is believed by rescuers that this smoke is from the explosion and not from fire.

Immediately after the explosions all shafts were called to the work of rescue and those miners who were employed in other shafts were put to work drilling through the tons of debris, which are said to have blocked the mine below the second level. Calls for assistance were issued at once to miners in Trinidad and other mine camps.

Dawson, N. M.—Fourteen bodies have been removed and seven men were found alive by rescuers working in shaft No. 2 of the Stag Canyon coal mine, where an explosion entombed the day shift.

COLONEL HAS BIG GALA DAY

Official Brazil Unites in Honors to ex-President.

Rio Janeiro—Colonel Roosevelt devoted the morning hours Thursday to a visit to the Supreme court and a breakfast at the Cattete palace given in his honor by President Marshal Hermes Fonseca.

Colonel Roosevelt sat at the right of the president and the American ambassador, Edwin V. Morgan, at his left. The breakfast was attended by the cabinet ministers, the presidents of the senate and the chamber of deputies, the judges of the Supreme court, the mayor of Rio Janeiro and members of the municipal council and other public officials.

Mrs. Roosevelt and Miss Margaret Roosevelt, accompanied by several members of their party, paid a visit to Pao Delasucar, the ascent of the mountain being made by the aerial railroad.

FARM TEACHING IS PLANNED

Experiment Stations May Be Put on Irrigated Land.

Washington, D. C.—Plans are under way for the establishment of practical demonstration farms on each government reclamation project.

Secretary Lane had a conference with Secretary Houston and Assistant Secretary Halloway, of the Agricultural department, and counseled them to enlist the services of experienced irrigation farmers and place them on the several government projects with a view to having them instruct settlers as to the use of irrigation water, the kinds of crops to put out and how to cultivate the soil.

Secretary Lane's idea is to obtain the highest possible efficiency from the irrigated lands.

Civil Service Cut Down.

Washington, D. C.—President Wilson Thursday signed the bill excluding deputy United States marshals and deputy collectors of internal revenue from the operation of the civil service law. In doing so he denied that the spirit of the law was in danger of being violated. He concluded:

"My warm support both of the principles and of the bona fide practice of civil service reform is known to the whole country, and there is no danger that the spoils principle will creep in with my approval or connivance."

Crowds Out for Sulzer.

New York—William Sulzer entered Thursday night on the campaign which he hopes will result in his return to public office as an assemblyman in the state legislature. In a series of speeches in the Sixth assembly district, where he is the candidate on the Progressive ticket, he attacked Charles F. Murphy and the court of impeachment which removed him from the office of governor.

The meeting hall did not hold all who wished to hear him, and he made open air addresses in the street.

Never-Wed Contract Signed.

Los Angeles—Signing an agreement not to marry, Miss Rose Magolis, for the past five years cashier of the Hotel Hayward, has accepted a contract calling for her services as cashier of the hotel the rest of her life. During her five years as cashier, Miss Magolis has made herself so valuable that the management decided to make the unique offer, and it was quickly accepted.

Filipinos Attack Scouts.

Manila—Serious fighting has occurred and continues at Talipao, in Mindanao, between the tribesmen and the Philippine scouts. So far as reported, five scouts have been killed and eight wounded. Captain Harry McElderley, of the 13th company of scouts, is among the wounded. The companies engaged in the fighting are the 13th, 16th, 21st, 24th and 30th.

WINCHESTER

REPEATING SHOTGUNS.

Winchester Repeating Shotguns are not only *safe* to shoot, but *sure* to shoot. They are easy to load or unload, easy to take down or put together, and strong and reliable in every way. That's why the U. S. Ordnance Board endorsed them as being safe, sure, strong and simple. Over 450,000 satisfied sportsmen are using them.

Stick to a Winchester and You Won't Get Stuck

Winchester Guns and Winchester Ammunition—the Red Brand—are Made for Each Other and Sold Everywhere W

Has Assurance of Success.

To know one line of business and to know it thoroughly holds far greater assurance of success than to know a number of lines and to know those only indifferently well.

No Small Attentions Now.

"Marriage seems to have made a different man of Tom."

"His wife says it has made an indifferent man of him." — Pittsburg Dispatch.

That Wonderful Event

IF THERE is a time above all times when a woman should be in perfect physical condition it is the time previous to the coming of her babe.

During this period many women suffer from headache, sleeplessness, pains of various description, poor appetite, and a host of other ailments which should be eliminated in justice to the new life about to be ushered into this world.

DR. PIERCE'S FAVORITE PRESCRIPTION

is a scientific medicine carefully compounded by an experienced and skillful physician, and adapted to the needs and requirements of woman's delicate system. It has been recommended for over forty years as a remedy for those peculiar ailments which make their appearance during "the expectant" period. Motherhood is made easier by its use. Thousands of women have been benefited by this great medicine.

Your druggist can supply you in liquid or tablet form, or you can send 50 one-cent stamps for a trial box of Dr. Pierce's Favorite Prescription Tablets, to Dr. Pierce, at Invalids' Hotel and Surgical Institute, Buffalo.

It is your priviledge to write to Dr. Pierce for advice, and it will be gladly given free of charge. Of course all communications are confidential.

RAISES the DOUGH

Better than other powders—producing light, dainty, wholesome cakes and pastries—

CRESCENT BAKING POWDER

is high grade and moderate in price—25c lb. tin at grocers. Crescent Mfg. Co., Seattle.

Grandchild Her Bridesmaid.

A romance begun in childhood and apparently shattered when each married another, finally reached a happy climax at Christ M. P. Church, when Enoch Ireland, 75 years old, wedded Mrs. Addie Tilton, 70. The ceremony was performed by Rev. C. D. Sinkinson, and after a brief honeymoon spent on Mr. Ireland's yacht the happy couple will reside at Longport.

Mrs. John Risley, granddaughter of the bride, was bridesmaid at the unusual ceremony. Ireland is a retired bayman.—Atlantic City Correspondent Philadelphia Record.

When Your Eyes Need Care

Try Murine Eye Remedy. No Smarting—Feels Fine—Acts Quickly. Try it for Red, Weak, Watery Eyes and Granulated Eyelids. Illustrated Book in each Package. Murine is compounded by our Oculists—not a "Patent Medicine"—but used in successful Physicians' Practice for many years. Now dedicated to the Public and sold by Druggists at 25c and 50c per Bottle. Murine Eye Salve in Aseptic Tubes, 25c and 50c. Murine Eye Remedy Co., Chicago

Lower Class.

Bingo—In your class?

Bobby—I guess not! I licked him with one hand.—Puck.

His Only Opportunity.

"Does your wife talk in her sleep, major?"

"No; I talk in her sleep. It's the only chance I get."—London Life.

Impure Blood Gets Good Bath

Wonderful How Quickly Your Entire System Awakens When the Blood is Cleansed.

If you are down with rheumatism; if you sneeze, feel chilled, are choked with catarrh, have a cough, or your skin is pimpled and irritated with rash, eczema, or any other blood disorder, just remember that almost all the ills of life come from impure blood. And you can easily give your blood a good, thorough cleansing, a bath, by using S. S. S. There is no need for anyone to be despondent over the illness of blood impurities. No matter how badly they attack the system, or how unsightly becomes the skin, just remember there is one ingredient in S. S. S. that so stimulates the cellular tissues throughout the body that each part selects its own essential nutriment from the blood.

This means that all decay, all breaking down of the tissues, is checked and repair work begins. S. S. S. has such a specific influence on all local cells as to preserve their mutual welfare and afford a proper relative assistance to each other. More attention is being given to constructive medicine than ever before and S. S. S. is the highest achievement in this line. For many years people relied upon mercury, iodide of potash, arsenic, physics, cathartics and "dope" as remedies for blood sickness, but now the pure botanical S. S. S. is their safeguard.

You can get S. S. S. in any drug store, but insist upon having it. The great Swift Laboratory in Atlanta, Ga., prepares this famous blood purifier, and you should take no chance by permitting any one to recommend a substitute.

And if your blood condition is such that you would like to consult a specialist freely and confidentially, address the Medical Department, The Swift Specific Company, 160 Swift Bldg., Atlanta, Ga.

Housing School Teachers.

The cities of Ulm and Frankfort, in Germany, are trying a novel plan for housing their teachers. They are selling to their teachers good municipal land at a low price and accepting a mortgage on it at low interest. In Frankfort this mortgage may amount to 90 per cent of the value, so that the applicant has to provide but 10 per cent from his own funds. The tax and mortgage payments together, it is said, do not amount to any more than reasonable rent, and with his regular "house money," which is always allowed him besides his salary, the teacher is soon the owner of his own home.—London Standard.

The Life of Business.

Development of new trade in business is to the life and growth of that business of even greater import than the mere accumulation of dollar profits from channels already established.
