Rheumatism, Sprains Backache, Neuralgia

"Yes, daughter, that's good stuff. The pain in my back is all gone—I never saw anything work as quickly as Sloan's Liniment." Thousands of grateful people voice the same opinion. Here's the proof.

Relieved Pain in Back.

"I was troubled with a very bad pain in my back for some time. I went to a doctor but he did not do me any good, so I purchased a bottle of Sloan's Liniment, and now I am a well woman. I always keep a bottle of Sloan's Liniment in the house."—*Miss Matilda Cotton, 364 Myrtle Ave., Brooklyn, N. Y.*

Sciatic Rheumatism.

"We have used Sloan's Liniment for over six years and found it the best we ever used. When my wife had sciatic rheumatism the only thing that did her any good was Sloan's Liniment. We cannot praise it highly enough."—*Mr. Perigo, Des Moines, Iowa.*

Sprained Ankle Relieved.

"I was ill for a long time with a severely sprained ankle. I got a bottle of Sloan's Liniment and now I am able to be about and can walk a great deal. I write this because I think you deserve a lot of credit for putting such a fine Liniment on the market and I shall always take time to recommend Dr. Sloan's Liniment."—*Mrs. Chas. Rouse, Baltimore, Md.*

SLOAN'S LINIMENT

At all Dealers—25c., 50c. and $1.00. Sloan's instructive book on horses, cattle, hogs and poultry sent free.

NOT WANTED AS CO-LABORER

Minister Firmly Declined Clerical Assistance of Dog.

A wide-awake minister visited a neighborhood for the first time. When aroused his explosive tones were rather startling. A good brother who always occupied a side seat near the pulpit was accompanied by his dog, and the dog lay regularly just in front of the pulpit. All went well till an explosive sentence from the minister led the dog to raise his head and howl, much to the amusement of the people.

This occurred several times, and each time his dogship arose to the occasion and let off a chorus of howls. The audience was convulsed with laughter. The preacher, however, easily won the day when he turned to the dog's owner and said:

"Brother, it may be your dog has a call to preach; I do not know about that. But this is my appointment."

Wright's Indian Vegetable Pills are sold with and without soluble sugar coating. They regulate the bowels, invigorate the liver and purify the blood. Adv.

"Do you think you are able to support my daughter in the style to which she has been accustomed?"

"I don't know, sir, but I'll tell you what I can do."

"What's that?"

"I can save you about 50 per cent of her present cost to your."

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

A certain culprit upon release from jail met a friend. "What were you in for?" asked the friend.

"I found a horse," the man replied.

"Found a horse? Nonsense! They would never put you in jail for finding a horse."

"Well, but you see I found him before the owner lost him."

"Before I married my wife I could listen to her voice for hours and hours."

"And now?"

"Now I have to."—Houston Post.

DEMOCRATS WIN TWO GOVERNORS

Massachusetts and New Jersey Follow Nation's Lead.

New York Goes Republican—New Jersey Progressives Far Behind Roosevelt Vote.

RESULTS IN BRIEF.

New York City.

John Purroy Mitchell, Fusionist elected mayor by 75,000 plurality over McCall, Tammany Democrat.

Ex-Governor Sulzer elected to assembly by large plurality.

New York State.

Republican victory for assembly and state judiciary indicated.

Massachusetts.

David I. Walsh, Democrat, elected governor by probably 50,000.

Gardner, Republican, and Bird, Progressive, close for second place. Governor Foss, Independent, fourth.

New Jersey.

James F. Fielder, Democrat, elected governor by more than 20,000 plurality. Senate and assembly Democratic. Progressive candidate falls far behind.

Maryland.

Blair Lee, Democrat, elected to United States senate.

Virginia.

Henry C. Stuart, Democrat, elected governor; unopposed.

Congressional.

Third Massachusetts—Calvin D. Paige, Republican, succeeds a Republical, the late Wm. P. Wilder.

Thirteenth New York — George W. Loft, Democrat, succeeds a Democrat, the late "Big Tim" Sullivan.

Twentieth New York—Jacob A. Cantor, Democrat, succeeds a Democrat, Francis Burton Harrison, now governor general of Philippines.

Third Maryland — Charles R. Coady, Democrat, succeeds a Democrat, the late George Konig.

New York—Election returns show a complete triumph for the Democrats in Massachusetts, where a governor and state ticket were chosen in a fourcornered fight, the selection of a Democratic governor and state ticket in Virginia without contest, the ascendancy of fusion over Tammany in New York City, with indications of Republican victory for the New York assembly and the judicial ticket, and the election of James F. Fielder, Democrat, as governor of New Jersey.

A feature of the New Jersey election is that the vote cast for Everett Colby, the Progressive candidate, will not exceed 40,000, as compared with 145,410 received a year ago by Colonel Roosevelt for President. Fielder's indicated plurality is about 15,000.

Fielder's vote in the returns at hand is running slightly below that received by Woodrow Wilson a year ago, which was 178,289. Stokes' vote probably will exceed 150,000, as compared with 88,838 received by Taft last year. Fielder's plurality in the state is probably 20,000 and may exceed that amount.

Estimates from Hudson county, Fielder's home county, show that Fielder has carried it by 20,000. Stokes apparently has carried Essex county, the home of Colby and also the home of ex-Senator Smith and ex-Democratic State Chairman Nugent, whom Fielder, on the stump, accused of working against him.

MULTNOMAH VOTES FOR INTERSTATE BRIDGE BONDS

Portland—Returns virtually complete from Multnomah county show that the Columbia River interstate bridge bond issue of $1,250,000 has carried by an overwhelming vote and that all the state measures on which the referendum had been invoked, with the single exception of the sterilization act, have received large majorities.

These returns are from 179 complete and 14 incomplete out of the 193 precincts in the county.

Sentiment in the county for the two state university appropriation measures was especially strong. The first one, that appropriating $75,000 for repairs and additions to buildings, carried by approximately two to one. The majority in favor of the $100,000 appropriation for a new administration and classroom building, while not quite so large, was decisive.

The sterilization bill failed to carry in the county by a vote clearly indicating public sentiment in regard to it. The measure ran behind by a majority of about 4 to 3.

Lee Elected in Maryland.

Baltimore—Based on incomplete returns from this city, which are regarded as a sure indication of the final result, Blair Lee, Democrat, has been elected to the United States senate to fill the unexpired term of the late Isidor Rayner by an estimated plurality of from 30,000 to 35,000 over ex-Representative Parran, Republican, and ex-United States Senator Wellington, Progressive. Charles P. Coady, Democrat, was elected to congress from the Third district in place of the late Representative Konig.

Women Keep Town "Dry."

Jacksonville, Ill.—Votes by women prevented the return of saloons to Jacksonville Tuesday by a majority of 2404. The wet and dry fight overshadowed all other issues in the election. Women cast 3635 votes, of which 2327 were against the saloons. Only 3607 men voted. Other towns in which the votes of women had a similar effect were Petersburg, where 616 women voted dry and 170 voted wet; and Pinckneyville, Percy, Ullia, Virginia and Beardstown. The wets won their greatest victory at Duquoin.

PRESIDENT VISITS NORMAL

State School at Monmouth Praised By Former Leader.

On October 17, 1913, President P. L. Campbell, of the University of Oregon, visited the Oregon Normal school. Some years ago, Mr. Campbell was president of the Normal school, so that he takes a deep interest in its present growth.

In assembly, just previous to his address, while being introduced by President Ackerman, the faculty and students rose in a body and gave him the "Chautauqua Salute." Following this he gave a very capable talk on "The Oregon System." He commended the "Oregon System" as the greatest growth in the political, social and educational world. He urged insistently that we get a bigger "perspective." At the close of his address the students sang to him in an enthusiastic way, which pleased him greatly.

On the evening of the same day the faculty gave their annual reception to the students and townspeople. President Campbell, who was a guest of honor, in speaking commended the early founders of the school who had done so much to make the school what it is. He said that the value of the school was determined by its work, by its spirit, rather than by its number of students. The keynote which ran through his informal talk was the spirit of cheerfulness and helpfulness. The people of Monmouth felt highly honored in having had President Campbell with them at this time.

Worms expelled promptly from the human system with Dr. Peery's Vermifuge "Dead Shot." Adv.

Two Showers of Pearls.

The accident which recently befell the pearl necklace of the Queen Dowager of Italy, when the string broke and the priceless little spheres were scattered in every direction, recalls a similar mishap to the splendid fivefold rope which used to adorn the neck of Queen Alexandra on certain state occasions. On stepping into the gilded coach on her way to a state opening of parliament in the last reign her necklace caught in the ornate door handle and the pearls fell in a shower and rolled from the crimson carpet on the muddy ground.—Pall Mall Gazette.

For a Red Blotchy Skin

The Remarkable Action of a Famous Remedy and Some Facts About It.

The skin is but a net work of fine blood vessels. And it is a perfectly natural consequence that any influence in the blood that is a condition of ill health makes its first appearance in the skin. There are certain medicinal properties that follow the course of the blood stream and the influence of these properties is that of an antidote. This is why S. S. S., the best known blood purifier, has such a positive action in the skin. There is one ingredient in S. S. S. which peculiarly stimulates cellular or glandular activity to select from the blood or from this fine net work of blood vessels in the skin, those elements which it requires for regeneration.

Thus pimples, acne, eczema, lupus, or any other blood condition that attacks the skin or seeks an outlet through the skin is met with the antidotal effect of S. S. S.

The action of S. S. S. in the cellular tissues of the body serves the active purpose of stimulating each cellular part to the healthy and judicious selection of its own essential nutriment. Not only this, but if from the presence of some disturbing poison a condition of disease arises, S. S. S. so directs the local cells that this poison is rejected and eliminated from their presence.

This is why skin troubles vanish so readily and why they do not return.

Under the influence of S. S. S. this fine net work of blood vessels in the skin is constantly taking from the blood the nutrition required for healthy tissue and the cause of disease is just as constantly being removed, scattered and rendered harmless. These facts are more fully explained in a book on skin troubles sent by The Swift Specific Co., 160 Swift Bldg., Atlanta, Ga. You will find S. S. S. on sale at all drug stores. Get a bottle to-day and banish all skin afflictions.

A Mercenary Lass.

Willard D. Straight, the brilliant young financier of Morgan & Co., was discussing the American bankers' withdrawal from the Chinese loan.

"I like China," Mr. Straight said. "My regard for China will not let me consider her from a purely selfish and commercial viewpoint. I cannot, in this matter, put myself in the position of the young lady who was asked by her chum:

" 'Do you think, dear, that it is better to have loved and lost than never to have loved at all?'

" 'Why, of course it is,' the young lady replied, 'provided he lets you keep all his presents.' "

Constipation causes many serious diseases. It is thoroughly cured by Doctor Pierce's Pleasant Pellets. One a laxative, three for cathartic.

Work Ahead.

Don't give the lazy hen houseroom; she will never pay for her feed.

An easily prepared remedy for sore head or chicken pox is sent by B. F. Howell, of North Carolina. He says to dissolve enough epsom salts in water to cleanse the entire flock, using the solution to moisten a mash feed, and feeding it two or three times in the course of a week. Mix fine table salt with lard and cover the sores on the heads. One or two applications, he says, will cure.

When the pullets have about reached maturity, enough old hens should be disposed of to make plenty of room for the youngsters. Crowding brings on many diseases.—Farm and Home.

HAND POWER STUMP PULLER

Opinion of Farm Manager for Western Fuel Co., Nanaimo, B. C.

By Thos. Cunningham.

The most economical, powerful, safe and satisfactory stumping device I have yet seen is a hand power stumping machine, known in the United States as the "K" hand stump puller, sold by Mr. W. J. Fitzpatrick, in Seattle, Wash. This machine weighs 190 pounds and can be wheeled around like a barn truck. I venture to say that it will come off with flying colors in a contest with any of the various makes of horse-power stumping machines. It is built on the double action pawl and ratchet principle. I heard about this machine last fall and traveled twenty miles to see it, very skeptical as to the stories I had heard about it. The agent attached it to a standing tree (fir), about 36 inches in diameter, placing the cable about 12 feet up the tree. I took hold of the lever, and pulled the tree down myself, in eight minutes. I bought the machine on the spot, and have pulled the stumps from 30 acres of land with it since, the machine costing not one cent for repairs. Very recently I gave a demonstration on stump pulling to the members of the Royal Commission on Agriculture, appointed by the government of British Columbia. In this demonstration I first attached a large sized, horse-power stump puller of the capstan variety to a fir stump of about 20 inches diameter. This stump was on an open gravelly soil and the roots penetrated quite deep.

I hitched a 1600 pound horse to the stump puller and it failed to move the stump. I then attached the Trewhella machine to the same stump and pulled it out quite easily in seven and onehalf minutes, the rocts being pulled out clean and clear. While pulling the stump (as is my usual custom) I kept a man with a mattock knocking the dirt from the roots as the stump was raised and allowing it to fall back into the hole made by the lifting of the stump. By doing this the ground is left nearly level and requires very litte grading afterwards. Naturally the members of the Commission were greatly delighted with the machine and in order to personally test it, Mr. Hayward, M. P. P., chairman of the commission, and Mr. Shannon, one of the members, took hold of the lever and pulled out a stump themselves.

You Can Get Allen's Foot-Ease FREE.

Write Allen S. Olmsted, Le Roy, N. Y., for a free sample of Allen's Foot-Ease. It cures sweating, hot swollen, aching feet. It makes new or tight shoes easy. A certain cure for corns, ingrowing nails and bunions. All druggists sell it. 25c. Don't accept any substitute

Social Calls in China.

It is difficult for a Chinaman to master the English pronounciation, and this accounts in great measure for the prevalence of pidgin English. The letter r is almost always sounded like l, so we have ki-lin or kleen for green, and lain for rain. "Too muchee lain just now" is often heard; "just now" being a favorite expression to denote the immediate present. In calling upon a lady, one says to the boy—house servant of any age from 16 to 60 — "Missee have got?" and the answer comes, "Have got" or "No have got," according to whether she is in or out. This recalls the time-honored, true story of the lady who called and the boy reported to his mistress of the house: "One piecee man down side, b'long missus." Scarcely complimentary to the "one piecee man!"—National Magazine.

Murine Eye Salve in Aseptic Tubes, 25c and 50c.
Murine Eye Remedy Co., Chicago

Moles in Ginseng Beds.

Moles are sometimes very troublesome and cannot always be caught with traps. A very effective means of keeping them out has been followed by T. S. Curtis, a Tennessee ginseng grower. He dug a narrow trench 10 inches deep all around his beds outside of the row of posts that support the shade. Galvanized roofing in strips 26 inches wide was purchased and cut in two, lengthwise, making the sheets 12 inches wide. They were given a coat of heavy black roofing paint on each side, then set in the trench and tacked to the posts so as to form a perfect barrier all around the beds. The earth was then filled in and tamped hard. The roofing projects three inches above the ground and 10 inches below the surface and the moles will neither go over nor under it. — Farm and Home.

Use Roman Eye Balsam for scalding sensation in eyes and inflammation of eyes or eyelids. Adv.

Road Interest Still High.

There is no abatement in the interest in good roads. Following the two days of road building set apart by the governor of Missouri, the governor of Arkansas issued a similar proclamation and a vast amount of work was accomplished on the highways of that state. At one point in Iowa liberal prizes were offered by the merchants to every farmer who came to town on Saturday on a road drag, the men coming the greatest distance receiving the highest prizes. The result was that the town was full of road drags and hundreds of miles of highways were leveled up in excellent condition. —Farm and Home.

"We could have settled our difficulties by tossing a coin. Instead, we spent a lot of money by going to law."

"Well?"

"I understand the jury settled matters by tossing a coin."

"Your husband says he has to sit at desk all day."

"Yes," replied the energtic woman; "but most of the time he keeps his feet on the desk."

"Whatever became of that woman who was married on a bet?"

"She is probably now giving her time to a crusade against gambling."

An Australian wood called yate is said to be the strongest known and is imported for automobile construction.

A modern Chinese trade union has been formed in Shanghai by 3000 goldsmiths and silversmiths.

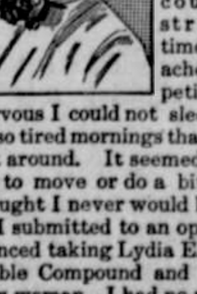
Willie—What did the cat want to know, ma?

WOMAN ESCAPES OPERATION

By Timely Use of Lydia E. Pinkham's Vegetable Compound.

Here is her own statement.



Cary, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Cary, Maine.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.
