How to Attain Old Age.

The chances of attaining old age are much greater if we live much of our life in fresh country air. Statistics go to show, according to Dr. Dezso of Budapest, that the fourth generation of the town-dweller is unknown; but enough is currently reported to make the conclusion inevitable that the sine qua non of longevity is a certain amount of time spent in the country.

The city child is subject to a number of disturbing conditions other than mere absence of creature comforts, which undermine the constitution by throwing too heavy a burden on the sense organs, through which exhaustion of the central nervous system follows; among these conditions are noises, a perpetual round of hurry, and unending sequences of incidents exhausting the attention, to which are superadded the physical discomforts of vitiated air and effluvia from human beings and waste organic products, besides offensive gases and infection-laden dust. To attain old age we have to relieve ourselves from worry, strains and anxieties, withdraw periodically from the whirl of effortful existence, modify our diet, omit the use of stimulants and narcotics, and spend reasonably long periods of time under pleasant conditions in practical retirement.

Above all, amusement should be simplified and accepted rather than sought after. Only vegetable and semi-animal foods should be eaten.—American Medical Association.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Three Cheers for Missouri's Mule!

We have two bears rampant in the great seal of this imperial state. They are still there, even though the late Colonel John Edwards demanded, after the death of Jesse James, that they be torn out of that visible emblem of our sovereignty. They persist, but not as a survival of the fittest. The Missouri mule has become insignia of the state's true greatness. His ears have been gonfalons on bloody fields of war. His bray, at Modder River, disheartened Boers mistaking it for the bagpipes of Gordon Highlanders. His feet kicked the Russians out of Manchuria. His fame encircles the world as one of militant prowess, and wherever his fame takes him the fame of Missouri rides upon his back.—St. Louis Globe-Democrat.

A story of the late poet laureate, Alfred Austin: He had been talking a good deal about himself after dinner, as was his wont, to the annoyance of the other guests, and at last he said: "Lady ——, is it time for the poet laureate to go to bed?" And everyone in the room said "Yes."

SOUR, ACID STOMACHS, GASES OR INDIGESTION

Each "Pape's Diapepsin" Digests 3000 grains food, ending all stomach misery in five minutes.

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach remedy in the whole world and besides it is harmless. Put an end to stomach trouble forever by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder. It's the quickest, surest and most harmless stomach doctor in the world.

The pulgat, a Burmese measure, is the only foreign measure exactly corresponding to our inch.

Limited.

As we grow older we get sense, but not to excess.—Pittsburg Post.

Except for quarters for the 2000 or more operatives who will be needed in connection with the canal and the Panama Railroad, the Canal Zone will be a sort of military reservation. This is an especially bad time to go to Panama looking for opportunities.

Wonderful Blood Remedy That Works in the Tissues

The Very Latest Theory About How and Why the Blood is Disordered.

S. S. S. Means Pure Blood Which Insures Long Life and Health.

The great experts in Chemistry and Physiology now declare what has all along been contended by the Swift Laboratory that the germs of blood disorders find lodgment in the interstices of the tissues.

And herein is where S. S. S. goes to work rapidly, effectively and with wonderfully noticeable results.

This famous blood purifier contains medicinal components just as vital and essential to healthy blood as the nutritive elements of wheat, roast beef, and fats and the sugars that make up our daily ration.

As a matter of fact there is one ingredient in S. S. S. which serves the active purpose of stimulating each cellular part of the body to the healthy and judicious selection of its own essential nutriment. That is why it regenerates the blood supply; why it has such a tremendous influence in overcoming eczema, rash, pimples, and all skin afflictions.

And in regenerating the tissues S. S. S. has a rapid and positive antidotal effect upon all those irritating influences that cause rheumatism, sore throat, weak eyes, loss of weight, thin pale cheeks, and that weariness of muscle and nerve that is generally experienced, by all sufferers with poisoned blood.

Get a bottle of S. S. S. at any drug store, and in a few days you will not only feel bright, and energetic, but you will be the picture of new life.

S. S. S. is prepared only in the laboratory of the Swift Specific Co., 201 Swift Bldg. Atlanta, Ga. Who maintain a very efficient Medical Department, where all who have any blood disorder of a stubborn nature may write freely for advice.

S. S. S. is sold everywhere by all drug stores.

Beware of all attempts to sell you something "Just as good." Insist upon S. S. S.

LIVESTOCK SHOW IS BIG SUCCESS

Oregon and Idaho Are Awarded Highest Honors.

University of Idaho Has Best Sheep and Steer—Oregon Wins in Dairy Cows and Hogs.

Portland, Or.—Oregon and Idaho divided honors at the Pacific International Livestock Show at the Portland stockyards.

It was an Oregon herd—that of J. B. Stump & Son, of Monmouth—that swept everything before it in the Jersey cattle division, and it was the University of Idaho exhibit that made almost a clean record in the fat sheep and the fat steer competitions.

The Stump family added further to its honors by winning four championships and two grand championships with their Berkshire hogs.

Competition among the hog classes was confined principally to Oregon entries. R. W. Hogg, of Salem, took high honors in the Poland China division and E. Schoel, of Albany, in the Chester White division.

In the Holstein division of dairy cows the famous herd of Monroe & Co., of Spokane, took a number of blue ribbons. "Corona Clothilde de Koi II Girl," a Monroe entry, was given first place among Holstein cows, 3 years old and over, in a field of 11 entries. Professor Grout, of Duluth, who judged Hosteins and Ayrshires, studied for more than an hour before making his decision on this lot.

It is probable that Kasper Jenny, of Brush Prairie, a heretofore inactive Holstein breeder, will take high honors with his aged Holstein bull, which already has won the blue ribbon in his class.

The Holstein herd of W. K. Newell, of Gaston, Or., also has made a good showing.

G. M. Harvey, of Salem, won honors in Duroc Jersey hogs, the University of Idaho in Oxford Dawn sheep, and J. L Chapman in carload lots of sheep.

Visitors at the Livestock Show crowded about the Jersey building, not so much to see the judging as to visit "Ula of Fairacres," the yearling heifer of the Stump herd that recently won the campionship of the world at the National Dairy Show in Chicago. In fact the whole Stump herd came in for much attention.

Tom Dempsey, of Westerville, O., who judged the Jerseys, says that the Stump herd is competent to compete against anything in America.

"I am surprised at the quality of stock I found out here," said Dempsey. "This is a strictly Western show. There is no Eastern stuff here, but the whole display is much better than many that I have seen in the East.

"While I say that the Stump herd has a right to show against the Eastern breeders, I am not saying that the other Jerseys are not competent to engage in the same competition. I speak of the Stump cattle principally because they made the best record."

New Election Is Called In Republic of Mexico

Mexico City—The Mexican congress has nullified the late presidential elections, and new elections are called for next July.

Congress, according to this action, expects General Huerta to remain in the presidency for at least seven months more and if the time necessary for the selection and installation of his successor is taken into consideration, it will be well toward the end of September next year before he yields his power to another.

In voting that the recent presidential election was null the deputies decided to fix the first Sunday in July, 1914, as the date for the new election.

They also confirmed the position of General Huerta as provisional president until then.

The action of the deputies was accompanied by no debate. The measure also provides for the election of a new congress, since the one elected to take the place of that dissolved by Huerta is to serve out an unexpired term, which would terminate on September 15.

The reason given for nullifying the election was the insufficiency of the number of votes cast.

Wilson Wears Monocle.

Washington, D. C.—President Wilson has the monocle habit. He doesn't go in for the tortoise shell or gold-rimmed kind, but uses just a plain round glass attached to one of those chains that snap up like window shades. The President "pulled" this new acquisition on a group of correspondents when they called on him Wednesday afternoon.

His attention was called to a message on his desk and he wanted to read it. He reached under his coat and produced the monocle.

Stylemakers Shun Films.

Paris—A trade defensive committee is being formed among Parisian dressmakers in support of their demand that photographs shall be henceforth banned from Paris race courses in order to prevent the creation of Paris fashions from being copied by foreign rivals. It is pointed out that if foreigners get frocks made from photographs of the latest Paris fashions, they will cease coming to Paris on shopping excursions. A strong protest already has been made to the police, but without much success.

Municipal Xmas Tree Is Built.

Chicago—Supported by a thick pole, 75 ordinary sized Christmas trees will be used in building Chicago's first municipal Christmas tree, which will be erected in the lake front in Grant Park. Work on the tree has already begun. A few days before Christmas the entire tree will be sprayed with water to add a decoration of ice and its branches wound with festoons of colored lights.

10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

Queer Stamps for Polar Expeditions.

Most Arctic and Antarctic explorers have taken a special supply of stamps with them for their use. When the Terra Nova left for New Zealand on November 29, 1910, for instance, she had on board $500 worth of New Zealand penny stamps overprinted with the words "Victoria Land."

Capt. Scott was specially made postmaster of the British Antarctic—an appointment first held by Sir Ernest Shackleton, in 1907.

The stamps used by the Shackleton expedition were the ordinary New Zealand stamps surcharged with the words "King Edward VII Land," says Answers. More than 23,000 of these stamps were issued, and, though only penny ones, they are now worth 26 shillings each unused and are getting more valuable every year.

The stamps used by Capt. Scott and his expedition will naturally become extremely valuable.

The Australian Antarctic expedition, under Mr. Mawson, which also has met with an unfortunate mishap, used the stamps of Tasmania, cancelled with a special postmark, showing in the center a figure of a penguin. The stamps used by the Terra Nova expedition were also cancelled by a design noticeable for the figure of a penguin.

The German South Polar expedition of 1911 had a special stamp of its own manufacture, showing a picture of it ship, the Deutschland.

Write Murine Eye Remedy Co., Chicago, for 48-page illustrated Eye Book Free. Write all about Your Eye Trouble and they will advise as to the Proper Application of the Murine Eye Remedies in Your Special Case. Your Druggist will tell you that Murine Relieves Sore Eyes, Strengthens Weak Eyes. Doesn't Smart, Soothes Eye Pain, and sells for 50c. Try It in Your Eyes and in Baby's Eyes for Scaly Eyelids and Granulation.

To Grind Wild Rice For Food.

F. L. Vance, "the wild rice king" of the Popple river country, of Michigan has commenced the manufacture o rice flour from the products of the shallow lakes of northern Minnesota.

Before being ground the rice must go through a roasting or drying process and this is done near where the grain is harvested. A machine devised and built for this purpose by Mr. Vance is capable of roasting 1200 pounds in six minutes. As far as known this is the first time an attempt has been made to manufacture flour from wild rice. The raw material is plentiful and practically the only cost will be the gathering and grinding, no seeding or soil preparation being necessary.

Dr. Pierce's Pleasant Pellets first put up 40 years ago. They regulate and invigorate stomach, liver and bowels. Sugar-coated tiny granules.

Sulzer Butt For Taft.

Former President Taft, in a two-hour address to the Electrical Manufacturers' club here last night, said that the political conflict in New York between Sulzer and Tammany reminded him of the two miners in a dispute who shot each other dead to save further argument. Mr. Taft said he was not surprised to hear that a new national ticket had been suggested—Sulzer for president and Harry Thaw for vice president, on the platform, "the sacredness of the oath and the sanctity of the home."

In commenting on the Thaw case he added: "Let us congratulate ourselves that Thaw did get in Canada and showed that we were not alone in our hysteria."

The address dwelt with the desirability of conservatism in government.—Hot Springs (Va.) Correspondence New York Tribune.

Another good thing about being a successful moving-picture actor is that one doesn't have to know how to read.

ADVANCE LIMIT OF PARCEL POST

50-Pound Packages Carried in First Two Zones.

Weight Limit in Outer Zones Increased to 20 Pounds—Books May Go at Parcel Rates.

Washington, D. C. — Postmaster General Burleson's policy to increase the weight limit of parcel post packages in first and second zones from 20 to 50 pounds, to admit books to the parcel post and to reduce rates in the third, fourth, fifth and sixth zones, was approved by the Interstate commerce commission.

The maximum weight of parcels to all zones beyond the second was increased from 11 to 20 pounds.

The commission's "consent" to the proposed change was transmitted in three letters from Chairman Clark to Postmaster General Burleson. The approved changes in rates and weights, to be in effect January 1, 1914, are as follows:

To reduce the rates in the third zone from 7 cents for the first pound and 5 cents for each additional pound, to 6 cents for the first pound and 2 cents for each additional pound.

To reduce rates for the fourth zone from 8 cents for the first pound and 6 cents for each additional pound, to 7 cents for the first pound and 4 cents for each additional pound.

To reduce the rates for the fifth zone from 9 cents for the first pound and 7 cents for each additional pound, to 8 cents for the first pound and 6 cents for each additional pound.

To reduce the rates for the sixth zone from 10 cents for the first pound and 9 cents for each additional pound, to 9 cents for the first pound and 8 cents for each additional pound.

"It seems obvious," says the commission, "that the service to the the public will be promoted by these changes, provided the revenue from the service is not less than the cost thereof. Your experiences and statistics seem to show clearly that the revenue will not be less than the cost of the service."

Santo Domingo Affairs Cause Battleship Trip

Washington, D. C.—Reports recently emanating from official sources have said that the United States steamship Dolphin, which sailed Monday for Santo Domingo, is being sent there in connection with the "observation" of elections to be held in December, ostensibly for the purpose of insuring fairness in the elections. It is said on reliable authority, however, that the State department is confronted with a grave situation in the conduct of its affairs in Santo Domingo.

It is learned that certain funds of the Dominican government, held temporarily in the custody of an official appointed by the President of the United States, have been transferred from the Bank of St. Mitchellens to the Banco National without authority from Washington.

The American minister of Santo Domingo, James Mark Sullivan, wrote to the receiver general of customs, Walter Vick, authorizing him to make this transfer of funds. The owner of the Banco Nacional, N. M. Jarvis, was a friend of Mr. Sullivan's before his appointment as minister.

The power to grant such authority lies solely with the officials of the bureau of insular affairs of the War Department. It was said at the bureau of insular affairs that the transfer was not made on orders.

SCIENTIST HAS NEW THEORY AS TO ORIGIN OF LIFE

Berlin—Professor Branca, the famous paleontologist, has advanced what he terms a new theory of the origin of life. He does not accept the theory of spontaneous generation as a scientific solution nor the Biblical explanation which pre-supposes a miracle and is therefore unacceptable. His theory is that life is as old as the lifeless matter of which the stars and planets are composed. Life, he holds, has been "vaccinated" into the earth by life germs from other planets through meteorites.

The scientist maintains that this hypothesis is strongly supported by indications of the existence of life in all the planets.

New Indian Tribes Found.

Philadelphia — Three tribes of Indians hitherto unknown, have been discovered by the University of Pennsylvania Amazon expedition in regions of Brazil never before penetrated by white men, according to a letter received at the university museum last Saturday from Dr. Farabee, head of the expedition. The Indians call themselves Porocotos, Ajamaras, and Zapacas. Dr. Farabee obtained vocabularies of their language. Archaeological specimens of rare interest also were found.

Maeterlinck Dons the Gloves.

Paris — Maurice Maeterlinck, the Belgian author, concluded an interview on the subject of boxing by donning the gloves for three rounds. Maeterlinck ridiculed the idea that boxing was degrading, saying: "It is the discipline of violence. It is violence civilized by conventions that are almost courteous. The boxer never is rowdy. On the contrary, his knowledge gives him self-confidence. Combative instincts are an intergral part of our natures; the man who lacks them lacks mental energy."

Napoleon House Falling.

Paris — Reports have been received that Longwood house in St. Helena, where Napoleon died, is falling to pieces for lack of funds to repair it adequately. In consequence, several prominent deputies have prepared a measure asking for an appropriation of $42,000 for the upkeep of the house.

ADDRESED TO WOMEN

IS YOURS A
Case of "Nerves?"

Hot flashes, dizziness, fainting spells, backache, headache, bearing-down pains, nervousness—all are symptoms of irregularity and female disturbances and are not beyond relief.

—Dr.— Pierce's **Favorite Prescription**

is that of a famous physician unusually experienced in the treating of women's peculiar ailments. For forty years it has been recommended to suffering womankind. Thousands of women can bear witness to its beneficial qualities. Perhaps its aid is all that is required to restore to you perfect health and strength. Now is the time to act, write Dr. R. V. Pierce's, Buffalo.

MRS. RODGERS

I AM NOW CURED

MRS. DENNIS RODGERS, of San Francisco, Calif., writes: "I take pleasure in recommending your wonderful remedies, and wish to say in behalf of your 'Favorite Prescription' and 'Golden Medical Discovery' that through their use I am now cured of the various troubles that a woman is heir to. These remedies cured me when others failed and I therefore resolve to take no other. I thank you for your advice."

YOUR DRUGGIST CAN SUPPLY YOU IN LIQUID OR TABLET FORM

COLT DISTEMPER

Can be handled very easily. The sick are cured, and all others in same stable, no matter how "exposed," kept from having the disease, by using LOHN'S LIQUID DISTEMPER CURE. Given on the tongue or in feed, Acts on the blood and expels germs of all forms of distemper. Best remedy ever known for mares in foal. One bottle guaranteed to cure one case. 50c and $1 a bottle; $5 and $10 dozen, of druggists and harnessdealers, or sent express paid by manufacturers. Cut shows how to poultice throats. Our Free Booklet gives everything. Local agents wanted. Largest selling horse remedy in existence—twelve years.

SPOHN MEDICAL CO. Chemists and Bacteriologists. GOSHEN, IND., U. S. A.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a 25-cent bottle of Knowlton's Danderine from any drug store and just try it.

Brought Weight to Bear.

Ollie James, senator from Kentucky, weighs somewhere near 400 pounds, and hates to ride in an upper berth. Once, traveling back to his home from the capital, he could not get a lower berth for love or money. The man who had bought the lower berth beneath the bunk on which Ollie was to sleep weighed about 101 pounds and was timid looking.

When the porter made up the sleeping car for the night James examined the upper berth carefully and shook it violently.

"I am scared of these uppers," he confided to the little man. "The last time I slept in one it tumbled down."

The 101-pounder did not say a word at that moment, but half an hour later, when James returned from the smoking compartment, the small man was fast asleep in the upper berth. A note pinned on the curtain read:

"Take the lower, I hate to sleep in them."—Judge.

Giving a Man no Chance.

The decision of the United States supreme court in the case of C. H. Summers of Juneau, setting aside the 280-year prison sentence imposed on the Alaska banker for misappropriation of funds, comes as a great relief. It not only was clearly unconstitutional, but absolutely against all the dictates of humanity.

It is always wise to temper justice with mercy. And especially when an offender is not beyond hope of redemption. A sentence of 280 years is the extreme of cruelty. To one of Mr. Summer's age it would mean that when he finally emerged from behind the prison walls he would be a very old man—too old to carve out a new career for himself.

The lower courts should realize that the days of prison sentences of more than 100 years or fines of more than $29,000,000 are gone by.—New York Globe.

Sprains, Bruises Stiff Muscles

are quickly relieved by Sloan's Liniment. Lay it on—no rubbing. Try it.

Ankle Sprain and Dislocated Hip.

"I sprained my ankle and dislocated my hip by falling out of a third story window. Went on crutches for four months. Then I started to use your Liniment, according to directions. I must say it is helping me wonderfully. We will never be without Sloan's Liniment anymore."—Chas. Johnson. Lawton Station, N. Y.

SLOAN'S LINIMENT
Kills Pain

Splendid for Sprains.

"I fell and sprained my arm a week ago and was in terrible pain. I could not use my hand or arm until I applied your Liniment. I shall never be without a bottle of Sloan's Liniment."—Mrs. H. B. Springer, Elizabeth, N. J.

Fine for Stiffness.

"Sloan's Liniment has done more good than anything I have ever tried for stiff joints. I got my hand hurt so badly that I had to stop work right in the busiest time of the year. I thought at first that I would have to have my hand taken off, but I got a bottle of Sloan's Liniment and cured my hand."—Wilton Wheeler, Morris, Ala.

The Merry Life.

Some young folks have odd ideas of the life theatrical.

"My, but I'd like to travel on the road with a company," said a young man the other day.

"What would you like most about such a life?" his companion asked.

"I think it would be just great," the ambitious one exclaimed, "to sit about the railroad stations playing a banjo and singing songs until the train arrived."—Youngstown (Ohio) Telegram.

YOU'RE THE ONE

who is going to suffer if you neglect the small ills of the Stomach, Liver and Bowels. They are only warnings of impending sickness which you can "sidetrack" by the use of

HOSTETTER'S Stomach Bitters

It restores the appetite, aids digestion and keeps you well.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

Lord Curzon began a friendly suit in Washington against Joseph Leiter to change the trustees for the $1,700,000 marriage settlement made upon his deceased wife, Mary Victoria Leiter. Seymour Morris of Chicago and the Earl of Suffolk are to be substituted for Robert T. Lincoln, former secretary of war, and Viscount Middleton. Joseph Leiter, executor of the Leiter estate, has agreed to the change.

Tests having shown that reconnaissance work can not be effectively done at greater heights than 2600 feet, the French army has decided that its war aeroplanes must be armored against rifle bullets.
